# **Equality Impact Assessment**

Name of T19 - E5 Highways Winter Maintenance

project/proposal

Originator Poyntz-Wright, Patrick

Email address Patrick.Poyntz-Wright@hants.gov.uk
Department Economy, Transport and Environment

Date of Assessment 05 Sep 2017

## Description of Service / Policy

Hampshire County Council has a duty under the 1980 Highways Act to act as the local highways authority responsible for maintenance and accessibility of 5,300 miles of road network. Providing access to the network is a universal service for the travelling public in Hampshire. The County Council aims to maintain main road surfaces free of ice and snow, and to ensure safe passage at all times where reasonably practical and within the resources available to the Council. The new Highways Contract is due to start in August 2017, which provides the opportunity for winter service review.

Geographical impact\* All Hampshire

### Description of proposed change

To review and rationalise the Council's salting network and associated operational activities with the aim of optimising the use of available assets and technology to reduce the cost of providing the service.

### Engagement and consultation

Has engagement or Yes consultation been carried out?

No specific consultation has been carried out on this proposal, however, the County Council carried out a major public consultation exercise over the Summer 2017 on a range of options for finding further budget savings including increasing council tax, using reserves and making changes to the way in which services are delivered, which may mean reducing or withdrawing certain services. The outcome of this consultation will be presented to Cabinet in October 2017.

When decisions are made to pursue the options, further specific consultation will be carried out with stakeholders on the detailed options where required.

#### Impacts of the proposed change

This impact assessment covers Service users

Statutory considerations	Impact
Age	Medium
Impact	Potential reduction in salting network may impact upon the accessibility for older residents of Hampshire, who may be less confident driving or walking along the highway in winter conditions. Equally, the changes may impact upon younger people, particularly pupils and students accessing schools and colleges.
Mitigation	Wide range of outward facing communication on salting provision, including the dates, times and routes covered.

Disability Medium

Impact Potential reduction in salting network may impact upon the

accessibility for residents of Hampshire with a disability, who may be less confident driving or walking along the highway in

winter conditions.

Mitigation Wide range of outward facing communication on salting

provision, including the dates, times and routes covered.

Sexual Orientation Neutral

Race Neutral

Religion and Belief Neutral

Gender Reassignment Neutral

Gender Neutral

Marriage and civil

partnership

Neutral

Pregnancy and

Maternity

Neutral

## Other policy considerations

Poverty Neutral

Rurality Medium

Impact If the salted and/or ploughed network has to be reduced, it is

more likely to affect the less used and populated areas.
