

Commission of Inquiry

Demographic and societal challenges

Economy

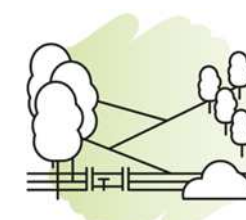

Work, skills and lifestyle

Environment and quality of place

Mobility, connectivity and energy

Rural Hampshire

HAMPSHIRE 2050

VISION FOR THE FUTURE

The Challenge

Hampshire in 2018 has a relatively prosperous economy, good quality of life and a superb environment.

The challenge is to understand how future changes, for example in technology, the natural environment, life styles or the economy will affect the county.

The Commission will explore what action is needed to ensure that Hampshire in 2050 maintains or improves economic prosperity, quality of life, and a diverse, rich and attractive environment.

Key Questions for Hampshire

1. What might happen in the future?
2. How will that effect/impact on what we do?
3. What does Hampshire need to do in light of this?

HAMPSHIRE 2050

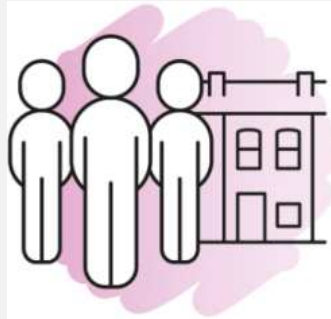

VISION FOR THE FUTURE

Purpose

To make recommendations on a **Vision for Hampshire 2050** which will contribute to the future prosperity, quality of life, and protection and enhancement of the character and environment of Hampshire.

How

- Open call for evidence – all residents
- Targeted research
- Expert evidence
- Workshops with key stakeholder groups

What is Hampshire 2050?

Hampshire 2050 is the name given to The Commission of Inquiry that is considering evidence and key issues to inform a Vision for Hampshire 2050.

The commission will guide and contribute to the future prosperity, quality of life, and protection and enhancement of the character and environment of Hampshire. It will also provide the framework for which future plans, strategies and ways of working will be packaged.
