NOTICE OF MEETING

Meeting	Hampshire Pension Fund Panel and Board
Date and Time	Tuesday, 12th December, 2023 at 10.00 am
Place	Chute Room - HCC
Enquiries to	members.services@hants.gov.uk

Carolyn Williamson FCPFA
Chief Executive
The Castle, Winchester SO23 8UJ

FILMING AND BROADCAST NOTIFICATION

This meeting may be recorded and broadcast live on the County Council's website and available for repeat viewing, it may also be recorded and filmed by the press and public. Filming or recording is only permitted in the meeting room whilst the meeting is taking place so must stop when the meeting is either adjourned or closed. Filming is not permitted elsewhere in the building at any time. Please see the Filming Protocol available on the County Council's website.

AGENDA

1. APOLOGIES FOR ABSENCE

To receive any apologies for absence.

2. DECLARATIONS OF INTEREST

All Members who believe they have a Disclosable Pecuniary Interest in any matter to be considered at the meeting must declare that interest and, having regard to Part 3 Paragraph 1.5 of the County Council's Members' Code of Conduct, leave the meeting while the matter is discussed, save for exercising any right to speak in accordance with Paragraph 1.6 of the Code. Furthermore all Members with a Personal Interest in a matter being considered at the meeting should consider, having regard to Part 5, Paragraph 4 of the Code, whether such interest should be declared, and having regard to Part 5, Paragraph 5 of the Code, consider whether it is appropriate to leave the meeting while the matter is discussed, save for exercising any right to speak in accordance with the Code.

3. CONFIRMATION OF MINUTES OF THE PREVIOUS MEETING (PUBLIC) (Pages 5 - 10)

To confirm the public minutes of the previous meeting, held on 29 September 2023.

4. DEPUTATIONS

To receive any deputations notified under Standing Order 12.

5. CHAIRMAN'S ANNOUNCEMENTS

To receive any announcements the Chairman may wish to make

6. ACCESS JOINT COMMITTEE MINUTES 4 SEPTEMBER 2023 (PUBLIC) (Pages 11 - 20)

To receive the public minutes of the ACCESS Joint Committee held on 4 September 2023.

7. GOVERNANCE: INTERNAL AUDIT UPDATE (Pages 21 - 30)

To receive a report of the Director of Corporate Operations providing the Pension Fund Panel and Board with an overview of the internal audit work completed in accordance with the approved plan.

8. GOVERNANCE: BUSINESS PLAN AND OTHER STATUTORY STATEMENTS (Pages 31 - 142)

To receive a report from the Director of Corporate Operations providing the Pension Fund's Business Plan for 2023/24 to 2026/27 and other statutory statements for the Panel and Board's approval.

9. INVESTMENTS: PENSION FUND CASH MONITORING REPORT AND ANNUAL CASH INVESTMENT STRATEGY 2024/25 (Pages 143 - 156)

To receive a report from the Director of Corporate Operations outlining the investment performance of the cash balances held by the Pension Fund in 2023/24 to 31 October 2023 and proposals for the Annual Cash Investment Strategy for 2024/25.

10. GOVERNANCE: ADMINISTRATION PERFORMANCE UPDATE (Pages 157 - 266)

To receive an update from the Director of Corporate Operations on administration performance in the first six months of 2023/24.

11. EXCLUSION OF THE PRESS AND PUBLIC

That in relation to the following items the press and public be excluded from the meeting, as it is likely, in view of the nature of the business to be transacted or the nature of proceedings, that if a member of the public were present during the items there would be disclosure to them of exempt information within Paragraph 3 of Part 1 of Schedule 12A of the Local Government Act 1972, and further that in all circumstances of the case, the public interest in maintaining the exempt information outweighs the public interest in disclosing the information, for the reasons set out in the report.

12. EXEMPT APPENDIX TO THE ADMINISTRATION PERFORMANCE UPDATE (Pages 267 - 268)

To receive an exempt appendix to Item 8, Administration performance update.

13. CONFIRMATION OF THE MINUTES OF THE PREVIOUS MEETING (EXEMPT) (Pages 269 - 274)

To confirm the exempt minutes of the meeting held on 29 September 2023.

14. ACCESS JOINT COMMITTEE MINUTES 4 SEPTEMBER 2023 (EXEMPT) (Pages 275 - 284)

To receive the exempt minutes of the ACCESS Joint Committee held on 4 September 2023.

15. GOVERNANCE: CYBER REPORT (Pages 285 - 314)

To receive a report from the Director of Corporate Operations updating the Panel and Board on the work which has taken place since the last update in July 2023 to improve the cyber controls in place for the pension systems.

16. INVESTMENT: INVESTMENT UPDATE (Pages 315 - 334)

To consider an exempt report of the Director of Corporate Operations updating the Panel and Board on the Pension Fund's investments since the last meeting.

ABOUT THIS AGENDA:

On request, this agenda can be provided in alternative versions (such as large print, Braille or audio) and in alternative languages.

ABOUT THIS MEETING:

The press and public are welcome to attend the public sessions of the meeting. If you have any particular requirements, for example if you require wheelchair access, please contact members.services@hants.gov.uk for assistance.

County Councillors attending as appointed members of this Committee or by virtue of Standing Order 18.5; or with the concurrence of the Chairman in connection with their duties as members of the Council or as a local County Councillor qualify for travelling expenses.

Agenda Item 3

AT A MEETING of the Hampshire Pension Fund Panel and Board of
HAMPSHIRE COUNTY COUNCIL held at the castle, Winchester on Friday, 29th
September, 2023

Chairman:
Councillor M. Kemp-Gee

Vice-Chairman:
* Councillor T. Thacker

Elected members of the Administering Authority (Councillors):

* A. Crawford	* T. Davies
J. Glen	D. Harrison
* D. Hiscock	* A. Joy
* R. Mocatta	* D. Mellor

Employer Representatives (Co-opted members):

- * Councillor S. Letts (Southampton City Council)
- Councillor P. Taylor (District Councils - Rushmoor Borough Council)
- * Ms F. Hnatow (University of Portsmouth)
- Councillor J. Smyth (Portsmouth City Council)

Scheme Member Representatives (Co-opted members):

- * Mr P. Reynolds (pensioners' representative)
- * Mr N. Wood (scheme members representative)
- * Ms L. Gowland (deferred members' representative)

Independent Adviser:

- * C. Dobson

*present

149. **APOLOGIES FOR ABSENCE**

Cllrs Glen, Harrison and Kemp-Gee sent their apologies.

150. **DECLARATIONS OF INTEREST**

Members were mindful that where they believed they had a Disclosable Pecuniary Interest in any matter considered at the meeting they must declare that interest at the time of the relevant debate and, having regard to the circumstances described in Part 3 Paragraph 1.5 of the County Council's Members' Code of Conduct, leave the meeting while the matter was discussed, save for exercising any right to speak in accordance with Paragraph 1.6 of the Code. Furthermore Members were mindful that where they believed they had a Personal interest in a matter being considered at the meeting they considered whether such interest should be declared, and having regard to Part 5, Paragraph 4 of the Code, considered whether it was appropriate to leave the meeting whilst the matter was discussed, save for exercising any right to speak in accordance with the Code.

151. CONFIRMATION OF MINUTES OF THE PREVIOUS MEETING (PUBLIC)

The minutes of the Pension Fund Panel and Board held on 28 July 2023 were confirmed.

152. DEPUTATIONS

The Chairman welcomed two deputations from Christine Holloway and David Lee, and Jude Wilkinson who spoke on item 14 of the agenda.

153. CHAIRMAN'S ANNOUNCEMENTS

The Chairman congratulated Mr Phillip Reynolds on being appointed as the Pensioner Representative on the Panel and Board and informed the committee that Mr Paul Barber, who unfortunately couldn't attend the meeting, had been appointed as the new deputy.

The Chairman informed the committee that Cllr Cooper had been replaced on the committee by Cllr Harrison. And the Chairman welcomed back Cllr Letts as the new representative of Southampton City Council.

154. GOVERNANCE: RESPONSIBLE INVESTMENT SUB-COMMITTEE APPOINTMENTS

The Panel and Board considered a report of the Director of Corporate Operations (item 6 in the Minute Book) for appointments to be made to the Pension Fund's Responsible Investment Sub-Committee. The terms of reference for a Responsible Investment (RI) sub-committee specify that the Sub-Committee's membership will be reviewed annually by the Panel and Board 'following the principle that appointments will rotate annually where practical and taking proportionality requirements into account'.

RESOLVED:

That Ms Hnatow was appointed to the Responsible Investment Sub-Committee and Mr Reynolds, Cllr Letts, Cllr Harrison and Cllr Mocatta were appointed as deputies.

155. DRAFT MINUTES OF THE RESPONSIBLE INVESTMENT SUB-COMMITTEE - 12 SEPTEMBER 2023

The Panel and Board received the (non-exempt) minutes of the RI Sub-committee on 12 September 2023.

156. MINUTES OF THE ACCESS JOINT COMMITTEE (PUBLIC) – 5 JUNE 2023

The Panel and Board received the (non-exempt) minutes of the ACCESS Joint Committee on 5 June 2023.

157. **GOVERNANCE: PENSION FUND PANEL AND BOARD TRAINING PLAN 2023/24**

The Panel and Board considered a report of the Director of Corporate Operations (item 9 in the Minute Book) setting out the proposed training arrangements for Members of the Pension Fund Panel and Board in 2023/24. The Director underlined the importance of training for Panel and Board members in their role in the governance of the Pension Fund and their regulatory responsibilities as Pension Committee and Board members.

The Director clarified that the training policy now included a minimum training requirement for Panel and Board consisting of:

- For new Members; the LGA Fundamentals course which provides background on LGPS legislation and governance, and for all Members;
- The Hymans Aspire modules – to be completed in the next 12 months; and
- Internal briefing sessions designed to cover areas highlighted from Members TNAs and matters arising from the Pension Fund's Business Plan.

The Director recommended that the Panel and Board complete Hymans Robertson's LGPS Knowledge Assessment, an online independent assessment that would provide an additional layer of assurance to evidence the Panel and Board's sound approach to training. The Director stressed that the requirement for training as a Panel and Board is strong and only increasing through the SAB's Good Governance agenda, and the Knowledge Assessment would be an appropriate further step for the governance of the Pension Fund.

Members had completed a training needs analysis which had been used by the Pension Fund's officers to identify relevant previous training that can be recirculated to Members, as well as proposing a new programme of internal training for 2023/24. Following the positive feedback on the recent LGC conference, Members expressed their support that the training budget continues to fund three places at the 2023 conference.

RESOLVED:

The Panel and Board:

- a) Noted its obligation in regulation for knowledge and understanding as an LGPS Panel Board and the increasing scrutiny of this area.
- b) Agreed to commit to completing the Minimum Training Requirements set out in the report including completing the Hymans Aspire modules in the next 12 months.
- c) Agreed to sign up to the Hymans Robertson LGPS National Knowledge Assessment.
- d) Approved the remainder of the Training Policy and Plan for 2023/24.

158. INVESTMENTS: SUSTAINABLE INVESTMENT

The Panel and Board considered a report of the Director of Corporate Operations (item 10 in the Minute Book) reporting on the Pension Fund's sustainable investments in its alternative investment portfolios (private equity, private debt and infrastructure). To date it had been difficult to quantify the Pension Fund's alternative investments contribution to managing climate change because the availability of carbon data for these types of investments was lagging listed investments, although this was slowly improving. However due to their ability to invest in early stage and smaller enterprises, as well as real assets, alternative investments are ideally suited to make sustainable investments.

The Pension Fund's officers had asked the Fund's alternative investment managers to identify the investments in their current portfolios that would meet sustainability objectives. The investment managers were then asked what proportion of sustainable investments they could get to in their portfolios by 2025/26 without compromising their ability to meet Hampshire investment targets. Of the Pension Fund's combined 22.5% allocation to alternative investments 3.5% of the total Pension Fund is currently invested in sustainable investments (£313m as at 31 March 2023).

The Director reported that the Fund's sustainable investments include 0.6% (£52m as at 31 March 2023) of investments in the UK, which would count as investment in the Levelling-Up agenda, plus a further £40m in the Fund's UK property portfolio. The Pension Fund's alternative investment managers confirmed that they could grow the sustainable investments in their portfolios to a combined 7% of the total Pension Fund by 2026. This was considered an initial step for the Fund for the first time establishing a target for sustainable alternative investments. Beyond 2026 the target could be revisited with the investment managers in the expectation of further increases.

RESOLVED:

- a) That the Panel and Board notes that:
 - Of the Pension Fund's combined 22.5% allocation to alternative investments, 16.9% is currently invested in sustainable investments (3.5% of the whole Fund or nearly £313m as at 31 March 2023).
 - Of this 2.8% (0.6% of the whole Fund or £52m as at 31 March 2023) are investments in the UK, which would count as investment in the Levelling-Up agenda.
 - The Pension Fund's alternative investment managers have confirmed that they could grow the sustainable investments in their portfolios to a combined 31.1% (7.0% of the total Pension Fund) by 2026.

- b) That the Panel and Board agrees the aims set out in this report for the Fund's three alternative investment portfolio to increase their allocations to sustainable investments as follows by 2026:
 - Private Equity - 20%
 - Infrastructure – 50%
 - Private Debt – 10%.

- c) That having agreed initial aims for sustainable investments the Panel and Board agreed to join the group Pensions for Purpose.

159. EXCLUSION OF THE PRESS AND PUBLIC

RESOLVED:

That the public be excluded from the meeting during the following items of business, as it is likely, in view of the nature of the business to be transacted or the nature of the proceedings, that if members of the public were present during these items there would be disclosure to them of exempt information within Paragraphs 3 and 5 of Part 1 of Schedule 12A to the Local Government Act 1972, and further that in all the circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing the information, for the reasons set out in the reports.

160. CONFIRMATION OF THE MINUTES OF THE PREVIOUS MEETING (EXEMPT)

The exempt minutes of the Pension Fund Panel and Board held on 28 July 2023 were confirmed.

161. MINUTES OF THE ACCESS JOINT COMMITTEE 5 JUNE 2023 (EXEMPT)

The Panel and Board received the exempt minutes of the ACCESS Joint Committee on 5 June 2023.

162. GOVERNANCE: POOLING CONSULTATION

The Panel and Board received a report from the Director of Corporate Operations (Item 14 in the Minute Book) to share a draft response to the Government consultation: Next steps on investments. [SUMMARY OF AN EXEMPT MINUTE]

163. INVESTMENTS - INVESTMENT UPDATE

The Panel and Board received a report from the Director of Corporate Operations (Item 15 in the Minute Book) updating the Panel and Board on the Fund's investments. [SUMMARY OF AN EXEMPT MINUTE]

164. INVESTMENTS - ALTERNATIVE INVESTMENTS PORTFOLIO UPDATE

The Panel and Board received a report from the Director of Corporate Operations (Item 16 in the Minute Book) updating the Panel and Board on the Fund's alternative investments. [SUMMARY OF AN EXEMPT MINUTE]

HAMPSHIRE COUNTY COUNCIL

Report

Committee/Panel:	Hampshire Pension Fund Panel and Board
Date:	14 December 2023
Title:	Minutes of the ACCESS Joint Committee (Public) – 4 September 2023
Report From:	Director of Corporate Operations

Contact name: Andrew Boutflower

Email: andrew.boutflower@hants.gov.uk

Purpose of this Report

1. The purpose of this report is to present the public minutes from the meeting of the ACCESS Joint Committee which took place on 4 September 2023.

Recommendation

2. That the Pension Fund Panel and Board receives and notes the minutes as attached to this report.

REQUIRED CORPORATE AND LEGAL INFORMATION:

Links to the Strategic Plan

Hampshire maintains strong and sustainable economic growth and prosperity:	yes
People in Hampshire live safe, healthy and independent lives:	no
People in Hampshire enjoy a rich and diverse environment:	no
People in Hampshire enjoy being part of strong, inclusive communities:	no

Section 100 D - Local Government Act 1972 - background documents

The following documents discuss facts or matters on which this report, or an important part of it, is based and have been relied upon to a material extent in the preparation of this report. (NB: the list excludes published works and any documents which disclose exempt or confidential information as defined in the Act.)

Document

Location

None

EQUALITIES IMPACT ASSESSMENT:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

This report requests that the Audit Committee receive and note the minutes of the Hampshire Pension Fund Panel and therefore the recommended action will not impact on groups with protected characteristics in any way.

ACCESS JOINT COMMITTEE

MINUTES of a meeting of the ACCESS Joint Committee held at Bevan Hall, 18 Smith Square, London on Monday, 4th September, 2023.

PRESENT: Chair: Cllr Mark Kemp-Gee (Hampshire CC), Vice-Chair: Cllr Susan Barker (Essex CC), Cllr Nick Chard (Kent CC), Cllr Vanessa Churchman (Isle of Wight), Cllr Jeremy Hunt (West Sussex CC), Cllr Graham Lawman (West Northamptonshire), Cllr Judy Oliver (Norfolk CC), Cllr Paul Redstone (East Sussex CC), Cllr Karen Soons (Suffolk CC) and Cllr Alison Whelan (Cambridgeshire CC).

ALSO PRESENT: Kevin McDonald (ASU), Mark Paget (ASU), Dawn Butler (ASU), Paul Tysoe (ASU), Alistair Coyle (ASU), Sallie Wilson (ASU), Clifford Sims (Squire Patton Boggs), Chris Harper (Squire Patton Boggs) and John Wright (Hymans Robertson).

LOCAL PENSION BOARD OBSERVERS: Ray Martin (East Sussex), Neil Simpson (East Sussex), Nicola Mark (Essex), Andrew Coburn (Essex), Neil Wood (Hampshire) and Cllr Alex Crawford (Hampshire).

OFFICERS: Andrew Bouflower (Hampshire), Nick Buckland (Kent), Glenn Cossey (Norfolk), Jody Evans (Essex), Paul Finbow (Suffolk), Alex Younger (Norfolk), Rachel Wood (West Sussex), Sharon Tan (Suffolk), Patrick Towey (Hertfordshire), Mark Whitby (Cambridgeshire), Ben Barlow (Northamptonshire), Sian Kunert (East Sussex), Amanda Crawford (Essex), Matt Dentten (Kent) and Joel Cook (Kent - Clerk).

VIRTUAL: Jo Thistlewood (Isle of Wight)

UNRESTRICTED ITEMS

111. Apologies/Substitutes.
(Item. 1)

Apologies were received from Cllr Williams, Cllr Fox who was substituted by Cllr Redstone, Cllr Longley who was substituted by Cllr Lawman and Cllr Simkins who was substituted by Cllr Chard.

RESOLVED that the apologies be noted.

112. Declaration of interests in items on the agenda.
(Item. 2)

No declarations were made.

113. Minutes of the meeting held on 5 June 2023.
(Item. 3)

RESOLVED that the minutes from the meeting held on 5 June 2023 be signed as a true and accurate record.

114. Chair's remarks.
(Item. 4)

1. The Chair announced that Cllr Fox and Cllr Oliver would continue in their roles as spokespeople for responsible investment and governance respectively. He confirmed that Cllr Soons had stepped down from her role as spokesperson for communications, with the responsibility being taken on by the Chair and Vice Chair.
2. The Chair formally welcomed Local Pension Board observers from East Sussex, Essex and Hampshire.

RESOLVED that the Chair's remarks be noted.

115. Business plan, Budget & Risk.
(Item. 5)

1. Kevin McDonald (ASU) provided an overview of the 2023/24 Business Plan, 2023/24 budget update and risk summary. He highlighted the third-party review carried out by Barnett Waddingham, whose report had been considered by Section 151 Officers and the Officer Working Group (OWG) and would be circulated to the Joint Committee in due course. It was noted that formal publication of the communications support partner procurement had occurred on 23 August, which would be reported to the Joint Committee's next meeting. He confirmed that the Annual Report would be circulated to Joint Committee Members the week commencing 11 September.
2. Following a request from Cllr Hunt, Mr McDonald agreed to circulate a breakdown of the legal costs between BAU evaluation and non-listed related costs.

RESOLVED to note the:

- a) 2023/24 Business Plan update;
- b) 2023/24 budget update; and
- c) risk summary.

Motion to Exclude the press and public

RESOLVED that under Section 100A of the Local Government Act 1972 the press and public be excluded from the meeting for the following business on the grounds that it involves the likely disclosure of exempt information as defined in paragraphs 3 & 5 of part 1 of Schedule 12A of the Act.

116. Exempt Minutes of the meeting held on 5 June 2023.

(Item. 6)

RESOLVED that the exempt minutes from the meeting held on 5 June 2023 be signed as a true and accurate record.

117. Pooling consultation.

(Item. 7)

1. Mr McDonald provided an overview of the draft ACCESS response to the DLUHC LGPS Next Steps on Investments consultation.
2. Members discussed the contents of the draft response and elements to be emphasised.
3. The Chair moved an amendment to the motion, to add: “agree that the arrangements for the finalisation of the ACCESS response be delegated to the ASU Director, in consultation with the Chair and Vice Chair.”
4. The amendment was agreed without a vote.

RESOLVED to:

- a) note the report;
- b) provide feedback on the Pool’s draft response to the pooling consultation;
and
- c) agree that the arrangements for the finalisation of the ACCESS response be delegated to the ASU Director, in consultation with the Chair and Vice Chair.

118. Implementation Advisor.

(Item. 8)

1. Mr McDonald provided an overview of the report which updated the Joint Committee on Implementation Adviser developments. He noted that it was recommended that MJH / Apex continue to provide Implementation Adviser support to ACCESS for future alternative asset classes, following their fulfilment of the criteria agreed at the June 2023 Joint Committee meeting.
2. East Sussex abstained from the vote to agree the recommendations.

RESOLVED to:

- a) note the report; and
- b) agree that MJH/Apex continue to provide Implementation Adviser support to ACCESS for future alternative asset classes.

119. Alternative Investments.

(Item. 9)

1. Andrew Bouflower (Hampshire) provided an update on pool aligned alternative investments, including the focuses of UK Alternatives Building Blocks. He confirmed that Mercer had been commissioned to provide assurance that the JP Morgan and IFM Infrastructure Funds were appropriate Building Blocks, which would be reported to the Joint Committee's next meeting.

RESOLVED to note:

- a) the changes to CBRE's mandates that are being proposed to the investing Authorities and on this basis agree to change the ACCESS model for pooling UK Core Real; and
- b) the remainder of the report including progress on UK Alternatives Real Estate Building Blocks and consideration of the IFM and JP Morgan infrastructure funds being reported as pool-aligned investments.

120. BAU Evaluation.

(Item. 10)

1. Mr McDonald provided an update on the business-as-usual evaluation, highlighting the approvals process and recent correspondence.
2. Following a question from a Member, Mr McDonald confirmed that the item would be reported to the Joint Committee's next meeting.

RESOLVED to:

- a) note the report; and
- b) maintain plans for the original BAU procurement timetable.

121. RI Phase II procurement.

(Item. 11)

1. Alistair Coyle (ASU) introduced the report which explained the outcome of the Phase II Responsible Investment (RI) procurement, addressed implementation of the RI Guidelines and delivery of the reporting requirements.
2. Mr McDonald agreed to clarify the arrangements regarding the process for evaluating the submissions in relation to Joint Committee Member involvement following the meeting.

RESOLVED to:

- a) note the outcome of the procurement process; and

- b) note the appointment of PIRC Ltd to provide external advice and support in respect of the implementation of the RI Guidelines and, in particular, delivery of the reporting requirements.

122. Performance Update.

(Item. 12)

1. Sharon Tan (Suffolk) provided an overview of current ACCESS performance, which showed that pooled assets of all ACCESS Authorities amounted to £35.43bn at the end of June 2023 (an increase of £1.02bn from the March 2023 quarter). The total Pool Assets increased by £293m and Pool Aligned Assets increased by £723m.

RESOLVED that the report be noted.

123. Stock Lending.

(Item. 13)

1. Ms Tan gave an overview of the Stock Lending report. She highlighted collateral arrangements, stock recalling and ownership.
2. Ms Tan explained, following a question from the Chair, that cash collateral was not accepted due to the cost to invest and added risk. It was noted that during the 2007-2008 financial crisis there had been many issues with stock lending involving cash collateral.
3. Following a question from a Member, it was explained that stock lending was used to provide the market with liquidity and to prevent settlement failure which was often more costly than the stock lending costs.

RESOLVED to note the stock lending programme.

124. Sub-fund Implementation.

(Item. 14)

1. Mr Coyle introduced the report which updated the Joint Committee on the establishment of sub-funds in the Authorised Contractual Scheme.
2. The recommendations for items 14 and 15 were considered and agreed concurrently.

RESOLVED to:

- a) note the report; and
- b) approve the creation of a new sustainable global equity sub-fund be submitted to Link for consideration.

125. Contract Management.

(Item. 15)

1. Mark Paget (ASU) provided an update on Contract and Supplier Relationship Management activity.

RESOLVED to:

- a) note the matters highlighted within the report, the activity that has taken place and forthcoming plans;
- b) in respect of sub-fund 36, approve the application of an additional 2cbps in the payable Operator fee for all sub funds within the ACS; and
- c) approve the content of CCF005.

126. Risk detail.

(Item. 16)

1. Mr Paget provided an update on the risk register, highlighting those risks which had been hardened and softened.

RESOLVED to note the matters highlighted within the report.

HAMPSHIRE COUNTY COUNCIL

Decision Report

Decision Maker	Pension Fund Panel and Board
Date:	12 December 2023
Title:	Governance - Internal Audit Progress Report – November 2023
Report From:	Director of Corporate Operations

Contact name: Neil Pitman; Chief Internal Auditor

Email: Neil.pitman@hants.gov.uk

Purpose of this Report

1. The purpose of this report is to provide the Pension Fund Panel and Board with an overview of the internal audit work completed in accordance with the approved plan.

Recommendation

2. That the Pension Fund Panel and Board note the progress of internal audit work for the period ending 30 November 2023.

Contextual Information

3. At the request of the Pension Fund Panel and Board, the Chief Internal Auditor has provided a progress report against internal activity on the pension fund summarising:
 - The status of 'live' internal audit reports;
 - An update on progress against the annual audit plan;
 - A summary of internal audit performance, planning and resourcing issues; and
 - A summary of significant issues that impact on the Chief Internal Auditor's annual opinion.
4. Appendix A summarises internal activity for the period ending 30 November 2023.

Climate Change Impact Assessments

5. Hampshire County Council utilises two decision-making tools to assess the carbon emissions and resilience of its projects and decisions. These tools provide a clear, robust, and transparent way of assessing how projects, policies and initiatives contribute towards the County Council's climate change targets of being carbon neutral and resilient to the impacts of a 2°C temperature rise by 2050. This process ensures that climate change considerations are built into everything the Authority does.

6. The climate change and carbon control mitigation tools were not applicable as the report relates to the in-house management of the administration of the pension scheme and therefore have a neutral impact on climate change.

REQUIRED CORPORATE AND LEGAL INFORMATION:

HAMPSHIRE PENSION FUND PANEL AND BOARD

Internal Audit Progress Report 2023-24

Prepared by: Antony Harvey, Deputy Head of Partnership

November 2023

1. Introduction

The requirement for an internal audit function in local government is detailed within the Accounts and Audit (England) Regulations 2015, which states that a relevant body must:

‘Undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards or guidance.’

The standards for ‘proper practices’ are laid down in the Public Sector Internal Audit Standards [the Standards – updated 2017].

The role of internal audit is that of an:

‘Independent, objective assurance and consulting activity designed to add value and improve an organisation’s operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes’.

The Council is responsible for establishing and maintaining appropriate risk management processes, control systems, accounting records and governance arrangements. The Council is the local authority responsible for administering the Hampshire Pension Fund, known as the Administering Authority. In this capacity, the Council has delegated responsibility for the governance and management of the Pension Fund to Hampshire Pension Fund Panel and Board. Internal audit plays a vital role in advising the Pension Fund Panel and Board that these arrangements are in place and operating effectively.

The Pension Fund Panel and Board’s response to internal audit activity should lead to the strengthening of the control environment and, therefore, contribute to the achievement of the organisation’s objectives.

2. Purpose of the report

In accordance with proper internal audit practices (Public Sector Internal Audit Standards), and the Internal Audit Charter the Chief Internal Auditor is required to provide a written status report to 'Senior Management' and 'the Board', summarising:

- The status of 'live' internal audit reports;
- an update on progress against the annual audit plan;
- a summary of internal audit performance, planning and resourcing issues; and
- a summary of significant issues that impact on the Chief Internal Auditor's annual opinion.

Internal audit reviews culminate in an opinion on the assurance that can be placed on the effectiveness of the framework of risk management, control and governance designed to support the achievement of management objectives of the service area under review. The assurance opinions are categorised as follows:

Substantial	A sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited.
Reasonable	There is a generally sound system of governance, risk management and control in place. Some issues, non-compliance or scope for improvement were identified which may put at risk the achievement of objectives in the area audited.
Limited	Significant gaps, weaknesses or non-compliance were identified. Improvement is required to the system of governance, risk management and control to effectively manage risks to the achievement of objectives in the area audited.
No	Immediate action is required to address fundamental gaps, weaknesses or non-compliance identified. The system of governance, risk management and control is inadequate to effectively manage risks to the achievement of objectives in the area audited.

3. Performance dashboard

Compliance with Public Sector Internal Audit Standards

An External Quality Assessment of the Southern Internal Audit Partnership was undertaken by the Institute of Internal Auditors (IIA) in September 2020. The report concluded:

'The mandatory elements of the International Professional Practices Framework (IPPF) include the Definition of Internal Auditing, Code of Ethics, Core Principles and International Standards. There are 64 fundamental principles to achieve with 118 points of recommended practice. We assess against the principles.

It is our view that the Southern Internal Audit Partnership conforms to all 64 of these principles.

We have also reviewed SIAP conformance with the Public Sector Internal Audit Standards (PSIAS) and Local Government Application Note (LGAN).

We are pleased to report that SIAP conform with all relevant, associated elements.'

4. Analysis of 'Live' audit reviews

When audit reviews identify potential scope for enhancing the systems of governance, risk management and control, or identify non-compliance, appropriate, timebound actions are agreed to address the audit observations. We are pleased to report there are no management actions that have passed their agreed implementation date and are now overdue. There is one pending action in relation to the 'UPM Cyber Security Improvement Plan and Compliance Statement 2022/23' audit which will be completed as part of a business-as-usual annual exercise in line with the original planned completion date of 31 December 2023. All other actions arising from previous audit reviews have been completed.

5. Executive Summaries of reports published concluding with a 'Limited' or 'No' assurance opinion

We are pleased to report that there have been no 'Limited' or 'No' assurance opinion reports issued as part of the 2023-24 audit work.

6. Planning, resourcing & rolling work programme progress

The internal audit plan for 2023-24 was discussed and agreed with Officers and approved by the Hampshire Pension Fund Panel and Board on 24 March 2023. Whilst the plan remains fluid to provide a responsive service that reacts to changing needs, there have been no adjustments to the plan for 2023-24. Progress against the plan is outlined below.

Audit Review	Sponsor	Scoping	Audit Outline	Fieldwork	Draft Report	Final Report	Assurance Opinion	Comment
Pension Refunds	DoCO	✓	✓	✓	July 23	July 23	Substantial

HAMPSHIRE COUNTY COUNCIL

Decision Report

Decision Maker:	Pension Fund Panel & Board
Date:	12 December 2023
Title:	Governance: Business Plan and other Statutory Statements
Report From:	Director of Corporate Operations

Contact name: Gemma Farley

Email: gemma.farley@hants.gov.uk

Purpose of this Report

1. This report recommends the Pension Fund's Business Plan for 2023/24 to 2026/27 and other statutory statements for the Panel and Board's approval. The Business Plan and other statutory statements have been prepared based on the recommendations of the Scheme Advisory Board's (SAB) Good Governance Review.

Recommendations

2. That the Pension Fund Panel and Board approve the Business Plan for 2023/24 to 2026/27 (Annex 1 to this paper) and the following documents that form the Fund's Governance Framework:
 - Conflicts of Interest Policy (Annex 2)
 - Funding Strategy Statement (reported as part of the Pension Administration Update on this agenda)
 - Employer Policy (reported as part of the Pension Administration Update on this agenda)
 - Administration Strategy Statement – including Decision Matrix (reported as part of the Pension Administration Update on this agenda)
 - Investment Strategy Statement (Annex 3)
 - Representation Policy (Annex 4)
 - Communication Policy Statement (Annex 5)
 - Governance Policy and Compliance Statement (Annex 6)

Background

3. The Pension Fund is required by regulation and guidance to produce and annually review a number of documents that provide the framework for governance. The LGPS is still waiting for the Government to translate the recommendations of the Scheme Advisory Board (SAB) Phase III¹ report that was agreed in February 2021. Therefore the Pension Fund continues to ensure its governance complies with current regulations and adopts all of the recommendations of the Good Governance review where appropriate. The Fund's Shadow Governance Compliance Statement that outlines how the Fund meets the requirements of the recommendations of the Good Governance review is contained Appendix 1.
4. The purpose of this paper is to ask for the Panel and Board to approve the Pension Fund's statutory statements that form its Governance Framework.

Business Plan

5. The Business Plan outlines the key activities, both business as usual and one-off, that the Pension Fund plans to undertake in the three main areas of:
 - governance
 - funding and investment, and
 - administration.
6. The Business Plan addresses the Fund's regulatory responsibilities in managing the Pension Fund and is informed by the Fund's Risk Register, which is included within the Business Plan document.
7. As previously reported to the Panel and Board the Risk Register is based on the County Council's approach to managing risk. As discussed when the Risk Register was last reviewed by the committee in July 2023, the measurement of the financial impact of risk has been increased in line with scale of the Pension Fund as follows:

	1	2	3	4	5
	Negligible	Minor	Moderate	Major	Catastrophic
Finance	<£10m	£10m-£100m	£100m-£500m	£500m-£1bn	>£1bn

8. A change has been made to the Risk Register to separate Environmental Social and Governance (ESG) risk and Climate Change Risk, as follows:
 - ESG risk - Due to insufficient knowledge, data and/or resources a lack of consideration of all financial and non-financial risks relating to Environmental, Social and Governance (ESG) issues, including the risk of Climate Change, resulting in poor investment returns, increased employer contribution rates and reputational damage.
 - Climate Change risk - The systemic risk of climate change leading to extreme weather, flooding, power loss or other natural disasters resulting in a disruption

¹ [LGPS Scheme Advisory Board - Good Governance \(lgpsboard.org\)](https://www.lgpsboard.org)

of the Pension Fund's business and the wider economy and the value of investments.

9. As a consequence of this change and the change to the rating of financial risk, the overall rating of a number of risks have reduced, and only two risks remain measured with the Fund's highest rated risk impact level as follows:
- Cybercrime, and
 - Climate Change.

The Fund's planned work outlined in the Business Case is reflective of these two highest risk areas.

10. The Business Plan includes the Fund's revised 2023/24 budget and forward budget for 2024/25 to 2026/27. The budget includes all the resources necessary for the Fund to deliver its regulatory duties.
11. Finally the Business Plan also includes the Fund's Training Policy that was agreed by the Panel and Board at their last meeting in September 2023. The plan does not yet include any output from the Panel and Board's Hymans Robertson's Knowledge Assessment, whilst the remaining responses are outstanding, but any additional training identified as a result of this exercise will be added to the plan.

Other Statutory Statements

12. Conflicts of Interest Policy – no changes are proposed to the policy.
13. Investment Strategy Statement (ISS) – The statement has been amended to reflect the changes agreed by the Panel and Board in March 2023 in agreeing amendments to the Investment Strategy based on the recommendations of the consultant Hymans Robertson. The updated ISS has been shared with employers for comment alongside the consultation on the Funding Strategy Statement and no comments have been received.
14. Representation Policy – no changes are proposed to the policy.
15. Communication Policy Statement – no changes are proposed to the policy.
16. Governance Policy and Compliance Statement – no changes are proposed to the policy.

Climate Change Impact Assessments

17. Hampshire County Council utilises two decision-making tools to assess the carbon emissions and resilience of its projects and decisions. These tools provide a clear, robust, and transparent way of assessing how projects, policies and initiatives contribute towards the County Council's climate change targets of being carbon neutral and resilient to the impacts of a 2°C temperature rise by 2050. This process ensures that climate change considerations are built into everything the Authority does.

18. The Pension Fund itself has a negligible carbon footprint, but it recognises that the companies and other organisations that it invests in will have their own carbon footprint and a significant role to play in the transition to a lower carbon economy. This is captured in the Pension Fund's governance framework. Therefore the Pension Fund recognises in its Risk Register, which forms part of the Business Plan, that the risk that environmental, social and governance (ESG) factors including the impact of climate change can materially reduce long-term returns.
19. The Pension Fund has a role to play as an investor, in ensuring that its investment managers are suitably considering the impact and contribution to climate change in their investment decisions and acting as a good steward to encourage these companies to play their part in reducing climate change. This is explained further in the Pension Fund's Responsible Investment (RI) policy [InvestmentStrategyStatementincludingRIpolicy.pdf \(hants.gov.uk\)](#) which is part of part of the Investment Strategy Statement.

CORPORATE OR LEGAL INFORMATION:**Links to the Strategic Plan**

Hampshire maintains strong and sustainable economic growth and prosperity:	No
People in Hampshire live safe, healthy and independent lives:	No
People in Hampshire enjoy a rich and diverse environment:	No
People in Hampshire enjoy being part of strong, inclusive communities:	No
OR	
This proposal does not link to the Strategic Plan but, nevertheless, requires a decision because the Pension Fund Panel and Board are required to review the Pension Fund's Statutory Statements on an annual basis.	

Section 100 D - Local Government Act 1972 - background documents

The following documents discuss facts or matters on which this report, or an important part of it, is based and have been relied upon to a material extent in the preparation of this report. (NB: the list excludes published works and any documents which disclose exempt or confidential information as defined in the Act.)

DocumentLocation

None

EQUALITIES IMPACT ASSESSMENTS:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

Equality objectives are not considered to be adversely affected by the proposals in this report as the proposals do not directly affect scheme members.

Shadow Governance Compliance Statement

This statement shows how Hampshire County Council as the administering authority of the Hampshire Pension Fund complies with guidance on the governance of the Local Government Pension Scheme (LGPS) based on Phase 3 of the Scheme Advisory Board's (SAB) Good Governance project. This statement will be updated once Statutory Guidance is published by Government.

A Conflicts of interest

A1. Conflicts of Interest Policy

The Fund has published a **Conflict of Interest Policy** which sets out:

- How it identifies potential conflicts of interest;
- How it ensures that those covered by the policy understand their responsibilities in respect of ensuring that conflicts of interest are properly managed;
- That the policy applies to officers, elected members, co-opted members (scheme member and employer representatives on the Pension Fund Panel and Board) and advisers and contractors;
- Systems, controls and processes for managing and mitigating conflicts of interest effectively;
- How it reviews the effectiveness of its conflict of interest policy and updates it as required;
- How it embeds a culture which supports the management and mitigation of conflicts of interest.

A2. Conflicts of Interest Process

The Fund embeds the management of conflicts of interest into its everyday processes. This includes:

- Providing regular briefings or training to members of the Pension Fund Panel and Board and officers on identifying and managing potential conflicts of interest;
- Ensuring all Members and relevant officers complete a Conflicts of Interest declaration and that the declarations are collated into a Conflicts of Interest register for the Pension Fund;
- Ensuring that declaration of interests forms part of the agenda for all Pension Fund Panel and Board meetings and that a log is kept of situations where the Conflict of Interest Policy has been applied to mitigate or manage a potential conflict situation;
- Ensuring actual and potential conflicts of interest are considered during procurement processes; and
- Ensuring that conflicts of interest form part of the Fund's suite of policies for example the Funding Strategy Statement and Administration Strategy.

A3. The Council as administering authority and employer

The Council recognises that its dual role as both an employer participating in the Fund and the body legally tasked with its management can produce the potential for conflicts of interest. It is important that these potential conflicts are managed in order to ensure that no actual or perceived conflict of interest arises and that all of the Fund's employers and scheme members are treated fairly and equitably.

The Fund achieves this in the following ways:

- The **Funding Strategy Statement** sets out the Fund's approach to all funding related matters including the setting of contribution rates. This policy is set with regard to the advice of the Fund actuary and is opened to consultation with all Fund employers before being formally adopted by the Pension Fund Panel and Board. The approach to contribution setting is based on appropriate funding targets for types of employer using characteristics such as time horizon, strength of covenant and risk profile. This approach ensures a consistency across all employers and removes the possibility of any employer receiving more, or less, favourable treatment.
- The Fund also has an **Employer Policy** which includes in detail its approach to admitting new employers to the Fund covering the Fund's approach to the use of guarantors, bonds and funding targets. This policy, in conjunction with the Funding Strategy Statement, ensures a consistent approach when new employers are admitted into the Fund and their treatment when changes are made.
- The Fund's **Administration Strategy** sets out the way in which the Fund works with its employers and the mutual service standards that are expected. The policy details how the Fund will assist employers to ensure that they are best placed to meet their statutory LGPS obligations. On occasions where an employer's failure to comply with required processes and standards has led to the Fund incurring additional cost, the policy also provides for that cost to be recovered from the employer in question. This policy has been opened to consultation with all the Fund's employers and is operated in a consistent fashion across all of the employer base.
- The Pension Fund is run for the benefit of its members and on behalf of all its employers. It is important therefore that the Fund's budget is set and managed separately from the expenditure of the Council. The Pension Fund Panel and Board approve a budget each year that provides the resources necessary for the management of the Pension Fund, and this will in future be the budget as recommended by the **Senior Responsible Officer**.

B Clarity of Roles and Responsibilities

B.1 Clear decision making

The Council's constitution and scheme of delegation set out the terms of reference for the Pension Fund Panel and Board. The terms of reference and the membership for any sub-committees, such as the Pension Fund Responsible Investment sub-committee are also published.

The scheme of delegation (decisions matrix) is supported by:

- Clearly documented role and responsibilities for the Pension Fund CFO (Director of Corporate Operations/S151 Officer), LGPS Senior Responsible Officer, (Deputy CFO for the Pension Fund); the Head of Pensions Administration and the Head of Investments and Borrowing.
- A **Decision Matrix (part of the Administration Strategy)** which sets out the key decisions that are required to be made in the management of the Fund and the role that the main decision makers have in those decisions. The matrix sets out when an individual or body is responsible for a decision, accountable for a decision or where they must be consulted or informed of a decision.

On a regular basis the Fund's business processes are referenced against the decision matrix, to ensure that they properly reflect the correct responsibility and accountability.

The Fund's **Investment Strategy Statement** sets out the Pension Fund's asset allocation, the tolerances that asset allocations can move within and the basis on which the Pension Fund Panel and Board will take advice.

C Sufficiency of resources for service planning and delivery

In order to ensure that the Fund has the appropriate resource to deliver its statutory obligations it has adopted a 3 stage approach.

C.1 Business planning and budget setting

The Fund operates a 3 year **Business Plan** which sets out the priorities for the Fund's services. It is comprehensively reviewed, updated and agreed by the Pension Fund Panel and Board before the start of each financial year. If necessary, the plan is reviewed and updated on a more frequent basis. The business plan is publicly available.

The business plan takes into account the risks facing the Fund, performance of the Fund and anticipated regulatory changes.

The business plan also includes the Fund's **Budget**. Resource requirements (including staff recruitment, procurement and other specialist services) are determined by the requirements of the Fund's business plan, and the proposed annual budget will be based on a recommendation from the Senior Responsible Officer.

Progress against the business plan, including actual spend, is reported to the Pension Fund Panel and Board and published in the Fund's Annual Report and accounts.

C.2 Service delivery

The Fund publishes an Administration Strategy which sets out how it will deliver the administration of the Scheme. The strategy includes:

- details of processes for liaison and communication with Scheme Employers;
- expected levels of performance for the delivery of key Fund and employer functions;
- the Fund's approach to costs and penalties arising from a failure to comply with the expected level of performance;
- examples of notifiable events which may materially affect an Employer's liabilities or ability to meet those liabilities.

C.3 Monitoring delivery and Control environment

The Fund recognises the importance of monitoring and reporting how it delivers progress against the business plan. This is done in the following ways:

- Performance against Key Performance Measures is reported to the Pension Fund Panel and Board twice a year and in the Fund's Annual Report. Monthly performance is published on the Fund's website.
- The Fund produces an annual Cyber compliance statement including a report on the IT controls in place to ensure the security of data held and used by the Fund.
- The Fund's internal auditors carry out reviews to provide assurance that the Fund's processes and systems are appropriate for managing risks. The areas for review are agreed in advance with the Pension Fund Panel and Board and findings are reported to them.
- The Fund benchmarks itself using the SF3 data to ensure that its costs are comparable to other LGPS Funds. In addition, the Fund is accredited by Customer Service Excellence which provides an annual comprehensive review of the quality of the service offered to members.
- The Pension Fund accounts are subject to independent external audit
- The Fund holds an Annual Employers meeting where the both the performance of the Administering Authority in terms of Pension Administration and Fund performance is reported

D. Representation and engagement

The Fund has published a **Representation Policy**.

D.1 Representation on the main decision-making body

Hampshire's decision-making body is the Pension Fund Panel and Board, which was created by merging its requirement for a pension committee and pension board with Secretary of State approval. The policy recognises all scheme members and employers should be appropriately represented in the running of the Fund while at the same time ensuring that the County Council, as the body with ultimate responsibility for running the Fund, maintains a majority position on the key governance body. To this end the Fund's representation policy and the County Council's constitution specify that the County Council shall maintain a majority of voting members on the Pension Fund Panel and Board. The 2022/23 membership and attendance of the Pension Fund Panel and Board is shown in the table below (the shaded areas show where Members were either not part of the committee at that time, or where substitutes were not required to attend the committee).

Pension Fund Panel and Board	Admin Authority/ Employer/ Member Rep	28-Jul 2022	30-Sep 2022	16-Dec 2022	24-Mar 2023	Attendance
	Cllr Mark Kemp-Gee	Admin Authority	Y	N	Y	Y

Dr Clifford Allen	Member Rep	Y	Y	100%
Average Attendance		100%	67%	83%
Proportion of members not from the Administering Authority			2 out of 6	33%

D.3 Engagement with employers

The Fund carries out a range of activities that are designed to engage employers. These are set out within the Fund's **Communication Strategy** and include:

- An Annual Employer Meeting which provides an opportunity for employers to receive an update on the performance of the Fund, provide feedback on the service and receive updates on the LGPS and related issues;
- The Fund engages and consults with employers during the actuarial valuation and specifically on key strategies such as the Funding Strategy Statement;
- A quarterly employer newsletter provides update on technical changes, process reminders and a calendar of key upcoming dates;
- Stop Press communications are issued to Employers where an important issue arises which requires immediate notification, and which cannot wait for the next quarterly employer newsletter
- Provision of Employer Workshops to help with specific areas of employer responsibilities and Employer Overview Sessions for new employer staff
- Publish and maintain an employer area of the Fund's website as well as an Employer Manual and factsheets to support employers with their responsibilities.

D.4 Engagement with members

The Fund's Communication Strategy sets out how it engages with active, deferred and pensioner scheme members including:

- The Fund maintains a website which provides general advice, information and updates including copies of all current policies.
- Members have secure online access to their own pension records in order to view documents, update personal details and run retirement estimates.
- A dedicated team with single phone number and email address to respond to member's queries
- Member's annual benefit statements, pensioner newsletters, payslips and P60s are available online or in writing (including large text, braille or audio) on request.

- Member presentations and bite size online learning on the basics of the LGPS

E. Training

E.1 Training Strategy

The Fund has adopted a **Training Strategy** (part of the Fund's Business Plan) which establishes how members of the Pension Fund Panel and Board and Fund officers will attain the knowledge and understanding they need to be effective and to challenge and act effectively within the decision making responsibility placed upon them. The Training Strategy sets out how those involved with the Fund will:

- Have their knowledge assessed; and
- Receive appropriate training to fill any knowledge gaps identified.

The Fund will measure and report on progress against the training plans.

E.2 Evidencing standards of training

Details of the training undertaken by members of the Pension Fund Panel and Board are reported in the Fund's Annual Report and in this statement.

Pension Fund Panel and Board members' subject knowledge is assessed on an annual basis through completion of CIPFA's Knowledge and Skills framework. The results are analysed and any gaps identified are addressed as part of the ongoing training plans.

Targeted training will also be provided that is timely and directly relevant to the Pension Fund Panel and Board's activities as set out in the business plan.

Officers involved in the management and administration of the Fund are set annual objectives which will include an element of personal development. These objectives are monitored as part of each individual's annual appraisal.

CIPFA will introduce a requirement for continuous professional development for s151 officers that includes a regular LGPS element. This requirement applies to the s151 officer for the County Council as well as the district and borough councils within the Fund. The Fund will comply with this element once it is introduced.

The table below shows the training undertaken in 2022/23.

Attendee category	Governance	Investment	Pension Admin	Other	Total
Pension Fund Panel and Board	hours	hours	hours	hours	hours

Table of governance and administration key performance indicators (KPIs)

Governance		
Subject area	KPI	2022/23
Breadth of representation	1. Percentage make-up (employer/member) on Panel and Board	40% non-Administering Authority members (scheme members or employers)
	2. Average attendance level at meetings (percentage) – split between absence and vacancies	87%
Training and expertise	3. Hours of relevant training undertaken across Panel and Board in last year	385 hours in total
	4. Relevant experience across senior management team	Yes
Compliance / Risk	5. Number of times risk register reviewed annually – number of times on agenda at committee/board	2
	6. Number of times carried out business continuity testing and/or cyber security penetration testing	Annual penetration test of the pensions administration system (which will move to a twice yearly penetration test regime from 2023/24)
Appropriate governance time spent on key areas	7. Split of Panel and Board spent on administration / governance / investment	By number of papers 9% / 52% / 39%
Administration		
Data quality	1. Common/conditional data score, in line with TPR expectations	97% (common) 96% (conditional)
	2. Annual Benefit Statement percentage as at 31 August	99.69% actives, 100% deferred
Service standards / service level agreements (SLAs)	3. Number and percentage of pension set-ups (new retirements) within disclosure requirement timeframe	100% (2,736)
	4. Does the Fund monitor and report its own standards?	Yes
	5. Percentage of calls to customer helpline answered and resolved at first point of contact	94.1% (18,537 calls, 1,100 messages).

Engagement and communication – capabilities and take-up	6. Specify which online services are available to members/employers	<p>Secure Member Portal, including functionality to:</p> <ul style="list-style-type: none"> • Add or amend an ‘expression of wish’ for payment of a death grant • Change personal details • Upload documents • Securely view documents including Annual Benefits Statements, Pension Savings Statements, payslips and P60s • Self-service retirement estimates • Complete online forms • Send secure messages to HPS <p>Secure Employer Hub, including functionality to:</p> <ul style="list-style-type: none"> • View and amend employee data • Run reports • Upload documents

Page 48

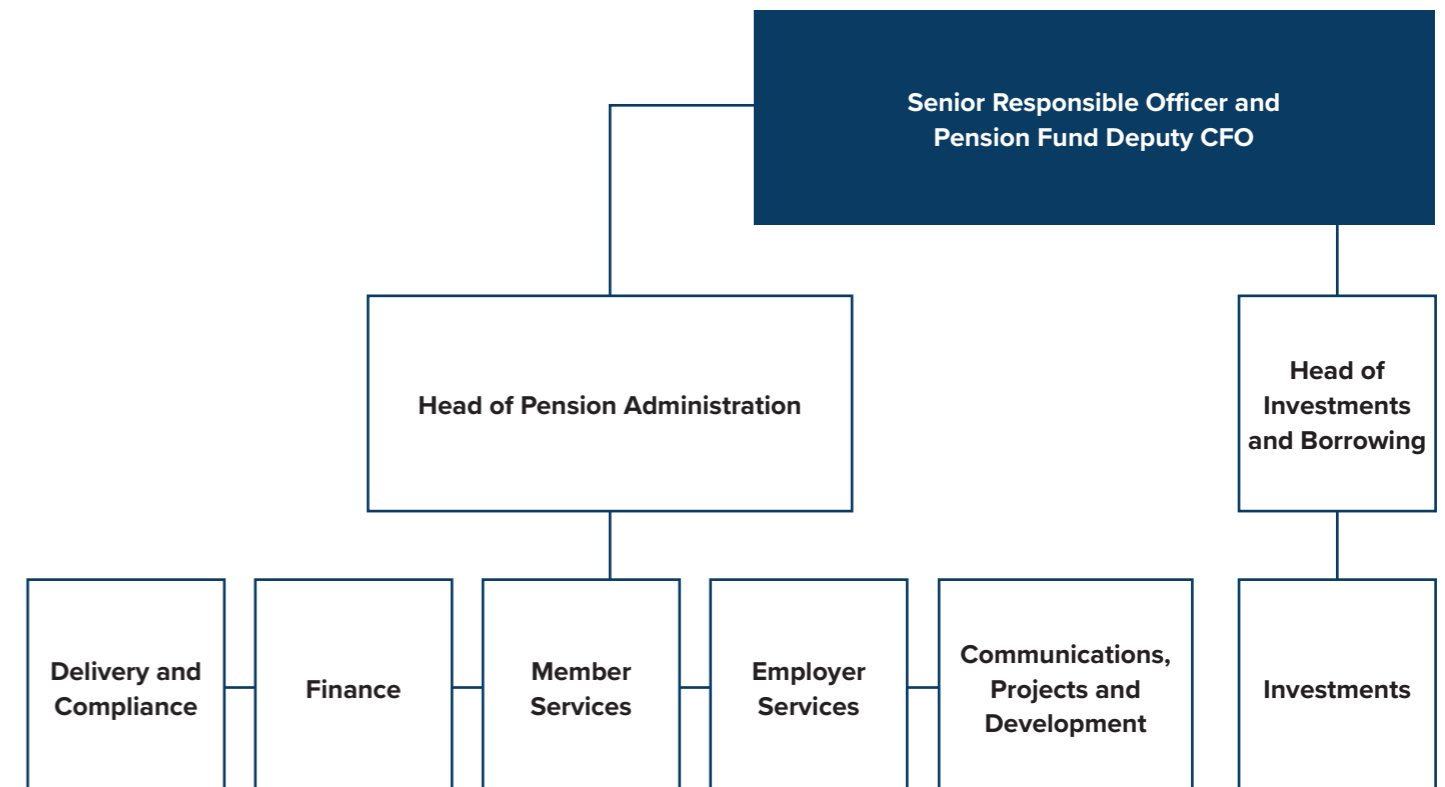

Background

This is the Business Plan for the Hampshire Pension Fund, which is part of the Local Government Pension Scheme (LGPS) and has over 201,000 members, including over 52,000 members in receipt of a pension. It makes investments so that it can pay pensions to these members when they reach retirement age. At its last financial year end – 31 March 2023, these investments were valued at £8.96bn.

Hampshire County Council is responsible for administering the Hampshire Pension Fund. It has delegated responsibility for this to the Pension Fund Panel and Board who are charged with the governance and management of the Pension Fund. The Panel and Board meets regularly and has 15 members, made

up of 9 County Councillors, 3 scheme member representatives and 3 employer representatives. These membership arrangements have been designed to allow all key stakeholders to have the opportunity to be represented on the committee.

The Chief Financial Officer (CFO) of the Pension Fund (Section 151 Officer of the County Council) is the most senior officer responsible for the management and administration. Hampshire Pension Services carry out the day-to-day administration of the Fund. There are 59.5 full time equivalent (FTE) staff involved in the administration and governance of the Pension Fund, with the majority of these in the Member and Employer Services team.

Background continued

The management and administration of the Pension Fund is carried out in conjunction with a number of key suppliers, in particular the Fund's actuary, Hymans Robertson, its bank, NatWest, the Fund's custodian bank, Northern Trust and the administration software supplier, Civica. More details of the Pension Fund's suppliers, including its arrangements for investment management are contained in its Annual Report (available at: [Hampshire-Pension-Fund-Annual-Report-22-23.pdf \(hants.gov.uk\)](https://www.hants.gov.uk/annual-report-22-23)).

Hampshire is a member of the ACCESS pool (A Collaboration of Central, Eastern and Southern Shires) with 10 other Local Government Pension Scheme (LGPS) funds to meet the requirements of the requirements of the Government's LGPS: Investment Reform Criteria and Guidance (2015), which set objectives for asset pooling in the LGPS. As of 31 March 2023, Hampshire had pooled 59% of its investments with ACCESS.

The ACCESS pool has agreed its own business plan for the development of the pool, including a pipeline allowing the authorities to pool more investments and further strengthening the governance and management of the pool.

A key concern of the Pension Fund Panel and Board is that the Pension Fund acts as a good steward of its investments and with the principles of a responsible investor. The Pension Fund is a signatory of the Stewardship Code 2020, Principles of Responsible Investment (PRI) and has adopted the principles of the Taskforce for Climate Related Financial Disclosure (TCFD).

Introduction

The Fund’s overarching aims are set as follows:

Governance: To put stakeholders at the centre of everything we do, act with integrity and be accountable for decisions made. This will be achieved through a robust, and well based governance framework which considers risk management, compliance and appropriate resourcing.

Investments and Funding: To make the best use of our resources and minimise the long-term cash contributions which employers need to pay to the Fund. This will be achieved through recognising the link between assets and liabilities and adopting an investment strategy which balances risk and return.

Administration and Communication: To continue to deliver a high-quality administration service to all stakeholders. This will be done through working closely with our partners and the continual review of processes and procedures to ensure that the Fund receives all income due and payments are made to the right people at the right time, there is clear communication with all stakeholders and robust accounting and reports.

Page 50

The Business Plan is an important document which sets out the aims and objectives of the Fund over the coming few years and the outcomes the Panel and Board want to achieve for its stakeholders. The Business Plan is one of a number of documents that govern how the Pension Fund is managed, these are:

- Funding Strategy Statement
- Investment Strategy Statement (including Responsible Investment Policy)
- Administration Strategy
- Communication Policy
- Employer Policy
- Conflicts of Interest Policy
- Business Plan (including Risk Register, Budget and Training Policy)
- Governance Policy Statement and Compliance Statement
- Representation Policy
- Cyber Compliance Statement.¹

All public policies are published on the Pension Fund’s website **Policies | Hampshire County Council (hants.gov.uk)** and are reviewed at least once a year, in December, by the Pension Fund Panel and Board.

The key actions and areas of focus in the business plan are grouped into the areas of governance, funding and investments, and administration; the objectives for these are summarised as follows:

¹ Confidential policy

Governance

- Act in the best interests of the Fund’s members and employers.
- Have robust governance arrangements in place, to facilitate informed decision making, supported by appropriate advice, policies and strategies.
- Ensure the Pension Fund is managed, and its services delivered, by people who have the appropriate knowledge and expertise.
- Act with integrity and be accountable to our stakeholders for our decisions, ensuring they are robust and well based.
- Understand and monitor risk.
- To make sure that the Fund follows best practice as recommended by the Government, the Scheme Advisory Board (SAB), the Pensions Regulator (TPR), the Local Government Pensions Committee (LGPC), the Chartered Institute of Public Finance and Accountancy (CIPFA) and other organisations involved in the oversight of pensions.
- Comment fully on consultation papers dealing with pension matters in the interests of the Fund’s participating employers and members within the deadlines set.
- Clearly articulate our objectives and how we intend to achieve those objectives through business planning, and continually measure and monitor success.
- Ensure the confidentiality, integrity and accessibility of the Fund’s data, systems and services is protected and preserved.

Investments and Funding

- To achieve a 100% funding level over the long term, which means that all current and future Fund liabilities can be met.

- Determine employer contribution requirements, whilst recognising the constraints on affordability and strength of employer covenant, with the aim being to maintain stable employers’ contribution rates in the long term.
- Strike the appropriate balance between long-term consistent investment performance and the funding objectives.
- Ensure net cash outgoings can be met as and when required.
- Ensure that the Fund’s appointed investment managers are implementing the Fund’s Responsible Investment policy including the Fund’s commitment to the aim for its investments to have net-zero greenhouse gas emissions (which includes Scope 1, 2 and 3 emissions) by 2050 at the latest.

Administration

- Provide a high quality, professional, proactive, timely and customer focussed administration service to the Fund’s stakeholders.
- Administer the Fund in a cost effective and efficient manner utilising technology appropriately to obtain value for money.
- Ensure the Fund’s employers are aware of and understand their roles and responsibilities under the LGPS regulations and in the delivery of the administration functions of the Fund.
- Communicate in a clear, concise manner using the most appropriate means of communication, taking into account the different needs of different stakeholders, but with a default of using electronic communications where efficient and effective to do so.
- Regularly evaluate the effectiveness of communications and shape future communications appropriately.

Business as usual

The business plan highlights the key priorities for the next three years. This focusses on areas of change and project tasks which are in addition to day to day “business as usual” duties. On a day to day basis our focus is on the following key elements of Fund management.

Managing the Fund on a day to day basis involves a wide range of processes and procedures, some of which are outlined below and all of which have been designed around achieving our Fund’s objectives as outlined in our strategies and policies. The management of the Fund is significant, complex and highly regulated. As such, these processes and procedures require expert knowledge and experience from both officers and external advisors in several diverse areas as illustrated below.

Governance

- Setting the agenda, reporting and presenting to the Pension Fund Panel and Board and Responsible Investment sub-committee.
- Implementing and monitoring the achievement of other governance areas such as training policy, conflict of interest policy, risk register, and compliance against The Pension Regulator’s Code of Practice.
- Ensuring we adhere to Council and legal requirements for procurement, health & safety and data protection.
- Assisting internal and external audit in their role.
- Replying to Freedom of Information requests.
- Participation at the Joint Governance Committee and Officer Working Group of the ACCESS pool.

- Preparing and publishing the Fund’s Annual Report and Statement of Accounts.
- Preparing and monitoring of the Pension Fund’s Budget.
- Preparation of statutory and non-statutory returns as required.
- Maintaining the Pension Fund’s cashflow forecast.
- Quarterly invoicing of employers for pensions strain and added years.
- Running an Annual Meeting for employers.

Investments and Funding

- Arranging through the Actuary data required by the Government Actuary’s Department (“GAD”)
- Implementing and checking the appropriateness of the Investment Strategy every three years.
- Selecting, monitoring and dismissing of investment managers including within a pooling environment.
- Quarterly monitoring and reporting on investment performance and the funding position.
- Working with other LGPS funds in the ACCESS pool through the Joint Governance Committee and Officer Working Group.
- Ensuring investment costs are fully disclosed in line with the Cost Transparency Initiative.
- Monitoring and reporting on the Fund’s Responsible Investment Policy including reporting in line with the UK Stewardship Code, Principles of Responsible Investment (PRI) and Task Force for Climate Related Financial Disclosure (TCFD).

Administration

- Maintaining accurate and up to date scheme member records.
- Calculating and notifying entitlement to pension and death benefits.
- Providing estimates of retirement benefits including any additional costs to employers.
- Calculating and paying monthly pensions to all pensioners and beneficiaries.
- Producing Annual Benefit Statements for all active and deferred scheme members, Pensions Savings Statements for active members who exceed the annual allowance and payslips and P60s for pensioner members and making these documents available on the secure Portal.
- Providing ongoing information to scheme members and their beneficiaries as they join, leave or change their status in the Fund.
- Answering ad-hoc enquiries received by phone, email, letter or secure Portal message.
- Maintaining the Fund’s website and the Member Portal and Employer Hub.
- Provide new employers with information about their Fund responsibilities.
- Providing ongoing training and technical updates to employers.
- Processing bulk updates to data such as annual pensions increases and year end employer returns.
- Administering the Fund’s Internal Dispute Resolution Procedure.
- Providing information to the Fund’s actuary as required.
- Monitoring the employers’ funding positions and covenants including their ability to pay contributions and managing any employers who wish to join or leave the Fund.
- Completing statutory reporting requirements and other provision of information to stakeholders, including reporting against key performance indicators.
- Maintaining and updating the pensions software system.

Business Plan

Progress on the 2023/24 Business Plan

Item	Context	Action	Progress
Governance			
Good Governance	The SAB has approved Phase 3 of its Good Governance Review that may now go forward to become Statutory Guidance and new Regulations.	Implement the outcomes of the SAB Good Governance Review.	On Hold – DLUHC has not yet published consultation on Statutory Guidance but the Fund continues to compare itself to the recommendations of the Good
TPR's new Code of Practice	The Regulator has consulted on a new single code of practice which is expected to come into force in summer 2022.	Assess the Fund's compliance against the new code.	On Hold – Compliance against draft code assessed. Still waiting for the Code to come into force.
Pooling Guidance	Central Governance published its original pooling guidance in 2015. The Ministry for Communities, Housing and Local Government (MHCLG) consulted on amendments in January 2019 but no further amendments have since been made.	Respond to further consultation on LGPS pooling guidance which is now expected.	Complete – DLUHC published its consultation Local Government Pension Scheme (England and Wales); Next steps on investments in July 2023, which ran to 2 October 2023. The ACCESS pool submitted its response to the consultation and Hampshire also submitted its response to the consultation which was written in support of ACCESS's response. Hampshire continues to play a full part in the ACCESS pool and has further portfolios scheduled to transfer
Panel and Board Roles	The terms of the Panel and Board representatives will expire as follow: <ul style="list-style-type: none"> • pensioner representative – May 2023 • active and deferred scheme member representative, other employer representative – February 2024. 	Advertise for volunteers and manage a process to select a pensioner representative, active and deferred scheme member representative and other employer representative for the Panel and Board.	In Progress – A new pensioner representative and other employer representative have been appointed to the Panel and Board. An advert will shortly be issued by the Pension Fund with a process taking place in 2024 to appoint active and deferred scheme member representatives.
New Actuary Contract	The Pension Fund's contract expires on 31 March 2023.	The new contract will be implemented.	Complete – Hymans Robertson have been contracted to provide actuarial and benefits consultancy services following a mini-competition from the LGPS National Framework.
Consultations responses	The Pension Fund will respond to all relevant consultations produced by Government and other regulatory bodies.	Consultations are expected for changes to the local valuation cycle, management of employer risk, Fair Deal, Academies and adoption of TCFD principles, although exact timings aren't yet known.	On Hold – No consultations received.

Item	Context	Action	Progress
Funding and investment			
Investment Strategy review	The Fund's current Investment Strategy was agreed by the Panel and Board in February 2020.	Review the Investment Strategy following the latest Actuarial Valuation and implement any necessary changes.	In Progress – Investment consultancy advice was commissioned to review the Investment Strategy, and the Panel and Board approved changes to the Investment Strategy on 24 March 2023. Officers are now working to implement the changes to the Investment Strategy.
Custodian contract	The Fund's current custodian contract expires in August 2022 and a new contract has been arranged from the LGPS National Framework.	Transition to the new contract by August 2023.	Complete – The Pension Fund transitioned to the new custodian, Northern Trust, on 1 September 2023.
Climate Change risk	The Pension Fund has agreed its RI Policy which sets out how it expects its investment managers to consider the impact of Climate Change amongst of environmental, social and governance (ESG) factors in their investment decisions.	Conduct initial scenario analysis on the risk of the impact of Climate Change on the Fund's investments to be developed in future years.	Complete – Scenario analysis was included as part of the 2023 actuarial valuation.
Pooling Alternative Investments	The ACCESS pool will develop options for the partner authorities to invest in alternative investments.	To consider the options available for transferring Hampshire's uncommitted allocations to alternative investments to the ACCESS pool.	In Progress – Hampshire officers are working as part of the ACCESS pool to develop the approach to go to market to procure Private Equity and Private Debt allocators.

Business Plan continued

Progress on the 2023/24 Business Plan

Item	Context	Action	Progress
Administration			
Guaranteed Minimum Pension (GMP) reconciliation	Ensure scheme records agree with those of the National Insurance Contribution Office (NICO, part of HMRC).	Complete the rectification stage of the GMP reconciliation project.	In Progress – The project is on track.
McCloud	Removal of the age discrimination which was introduced when the scheme was reformed in 2014.	Receive and upload the required information from employers in anticipation of new regulations in 2023.	In Progress – Regulations are in place, business as usual calculations include the remedy and work is continuing to load data.
Communications Strategy	Continue to offer members a variety of methods of communication but use electronic by default.	Implement planned enhancements to the Member Portal and Employer Hub and continue working to promote these to members and employers.	Complete – Enhancements have been delivered and further communications issued to promote the online offering to members.
ESM development roadmap	Implementation of agreed improvements to the pension administration system.	Deliver the planned improvements and roll these out to members, employers and staff.	In Progress – Agreed improvements have been delivered and the roadmap for 2023/24 agreed.
Cyber security	The Fund has to ensure it has a comprehensive cyber security plan in place which is regularly reviewed and tested.	Complete annual assessment of external facing portals (Member and Employer) and resolve any identified issues. Review and issue cyber statement and annual performance report.	In Progress – Implemented twice yearly vulnerability testing. Cyber statement and reporting twice a year, with the next due to Panel and Board in December.
Pension Dashboard Programme	National initiative involving all UK pension schemes to create a single site for members to access information about all their pension benefits.	Engage with an ISP to provide connectivity with the dashboard. Start assessment of data to ensure compliance can be achieved by staging date of September 2024.	In Progress – Agreed ISP (integrated service provider) and work continuing to prepare data. DWP announced delay to staging dates from September 2024, with details to be announced later.

Business Plan 2024/25 to 2026/27

Item	Context	Action	2024/25	2025/26	2026/27
Governance					
Good Governance	The SAB has approved Phase 3 of its Good Governance Review that may now go forward to become Statutory Guidance and new Regulations.	Implement the outcomes of the SAB Good Governance Review.	●		
TPR's new Code of Practice	The Regulator consulted on a new single code of practice which was expected to come into force in summer 2022.	Demonstrate the Fund's compliance against the new code when it comes into force.	●		
Pooling Guidance	The Department for Levelling-Up Homes and Communities (DLUHC) published the policy consultation 'LGPS Next steps on investments' in 2023.	Respond to further consultation on LGPS pooling.	●	●	●
Independent advisor contract	The Pension Fund's current contract for an independent advisor expires in Dec 2024.	Re-let the contract following procurement regulations.	●		
Panel and Board Roles	The terms of the Panel and Board representatives will expire as follow: <ul style="list-style-type: none"> deferred member representative – Feb 2024 active member representative – Feb 2024 other employer representative – February 2027 pensioner representative – Sept 2027. 	Advertise for volunteers and manage a process to select a deputy scheme member representative and pensioner representative for the Panel and Board.			●
Consultation responses	The Pension Fund will respond to all relevant consultations produced by Government and other regulatory bodies.	Consultations are expected for changes to the local valuation cycle, management of employer risk, Fair Deal, Academies and adoption of TCFD principles, although exact timings aren't yet known.	●	●	●

Business Plan continued

Business Plan 2024/25 to 2026/27

Item	Context	Action	2024/25	2025/26	2026/27
Funding and investment					
Investment Strategy review	The Fund's current Investment Strategy was agreed by the Panel and Board in February 2023.	Review the Investment Strategy following the 2025 Actuarial Valuation and implement and necessary changes.			•
Investment Strategy implementation	The 2023 Investment Strategy revised some of the Fund's allocations to listed investments.	Commission a review of the Pension Fund's allocation to listed investments (active equities and multi-asset credit) with consideration of the options in the ACCESS pool.	•		
Climate Change risk	The Pension Fund has agreed its RI Policy which sets out how it expects its investment managers to consider the impact of Climate Change amongst of environmental, social and governance (ESG) factors in their investment decisions.	Maintain scenario analysis on the risk of the impact of Climate Change on the Fund's investments and liabilities.	•	•	•
Responsible Investment (RI)	Following the approval of a RI policy in July 2019 the Pension Fund commissioned a specialist RI consultant to review its investment managers and the ESG exposure in their portfolios.	Repeat the RI review with the Pension Fund's current investment managers and portfolios.	•		•
Pooling Alternative Investments	The ACCESS pool will develop options for the partner authorities to invest in alternative investments.	To consider the options available for transferring Hampshire's uncommitted allocations to alternative investments to the ACCESS pool.	•	•	
Actuarial Valuation	The Fund's next Actuarial Valuation is due on 31 March 2025.	Consider the results of the valuation.		•	
Pre-payments	Subject to the terms of their participation in the Fund, employers are permitted to pre-pay contributions in return for a discount.	Agree the terms for prepayments following the 2025 Valuation.		•	
Stewardship	Maintain and improve the Fund's approach to good stewardship.	Further develop the Fund's approach to stewardship including taking into account the views of scheme members and employers as appropriate.	•	•	•

Page 5

Item	Context	Action	2024/25	2025/26	2026/27
Administration					
Guaranteed Minimum Pension (GMP) reconciliation	Ensure scheme records agree with those of the National Insurance Contribution Office (NICO, part of HMRC).	Complete the rectification stage of the GMP reconciliation project.	•		
McCloud	Removal of the age discrimination which was introduced when the scheme was reformed in 2014.	Receive and upload the required information from employers to be able to produce required information on 2025 benefit statements.	•	•	
Actuarial Valuation	Ensure that accurate scheme data is provided to allow the Fund Actuary to conduct the triennial valuation.	Communicate with employers to ensure prompt return of accurate data and upload this into the administration system prior to producing the valuation extracts.		•	
Communications Strategy	Continue to offer members a variety of methods of communication but use electronic by default.	Implement planned enhancements to the Member Portal and Employer Hub and continue working to promote these to members and employers.	•		
UPM development roadmap	Implementation of agreed improvements to the pension administration system.	Deliver the planned improvements and roll these out to members, employers and staff.	•		
Cyber security	The Fund has to ensure it has a comprehensive cyber security plan in place which is regularly reviewed and tested.	Complete twice yearly assessment of external facing portals (Member and Employer) and resolve any identified issues. Review and issue cyber statement and annual performance report.	•	•	•
Exit cap	It was expected that DLHUC will come forward with new proposals for a cap on exit payments in 2021/2022.	Ensure any calculation routines and communications with employers and members are updated to reflect the new requirements. Review the associated strain cost factors as appropriate.	•		
Goodwin	Removal of gender discrimination in relation to partners' pensions – DHLUC is expected to come forward with amending regulations to implement this.	Ensure any calculations and communications are updated to comply with any new requirements and consider any historic cases (if the changes are backdated).	•		
Pension Dashboard Programme	National initiative involving all UK pension schemes to create a single site for members to access information about all their pension benefits.	Test the ISP connectivity with the dashboard. Start assessment of data to ensure compliance can be achieved by staging date (TBC but latest October 2026).	•	•	•

2023/24 Budget

The Pension Fund categorises its expenditure for the management of the Pension Fund according to CIPFA's definitions; investment management, administration, and governance, which include the following:

- **Investment management** – the cost of managing the Fund's assets, which includes fees paid to the Fund's investment managers and its custodian. This includes the fees that are not paid directly for pooled and other investments, such as sub-funds managed by Link as part of the ACCESS pool and alternative investments like Infrastructure and Private Equity.
- **Administration** – all activities the Administering Authority must perform to administer entitlements and provide members with scheme and benefit entitlement information.
- **Governance** – the costs of accounting for and monitoring the Pension Fund, plus the additional professional advice and support that is required by the Fund.

The 2023/24 budget that has been prepared reflects the costs of delivering the Pension Fund's statutory responsibilities for the administration of the scheme and management of investments. The resources contained within the budget are sufficient to meet the Fund's regulatory requirements and deliver at the standards for administration that are reported to the Panel and Board. The new developments and initiatives that are included in the Fund's Business Plan are also included in the budget.

Investment management

Investment management costs are derived from the percentage fees charged by the Fund's investment managers, applied to the market value of the portfolios that they manage. Future years market values have been calculated based on the expected annual increases that the Fund's Actuary has used in the 2022 Valuation applied to the investment management contracts that the Fund has in place. Actual investment management costs may be more or less than the budget depending on the market values each year.

Administration

The two key expenses for pension administration are staff and IT costs. Pension Services use the Civica UPM system which continues to drive efficiency savings allowing the service to be delivered in a cost effective way despite increasing pressures and growth in workloads.

The budget for administration remains well within the 0.3% of pensionable payroll for the Fund assumed by the Fund's Actuary, and results in a cost per member of around £15 which is one of the lowest across LGPS funds. The budget has an allowance in both staff and IT costs for the implementation of the McCloud remedy. Allowance has been made in the budget for the costs of GMP rectification work and for the implementation of the Pension Dashboard Programme (from 2024/25 onwards).

Governance

Governance costs fall into three main areas:

- The internal costs of providing the administration and accounting function for the Pension Fund, managing its investment management contracts and providing the governance support to the Pension Fund Panel and Board.
- The ongoing costs of setting up and running the ACCESS pool.
- The external services required by the Pension Fund: internal and external audit, investment consultancy, actuarial services, independent advice to the Panel and Board, and internal and external legal support.

Budget

	Budget 2023/24 £000	Budget 2024/25 £000	Budget 2025/26 £000	Budget 2026/27 £000
Investment management fees	75,466	78,543	81,811	85,125
Staff	2,236	2,329	2,343	2,413
Premises	65	66	66	68
IT	503	357	357	371
Supplies & Services	288	288	288	297
Administrative Costs	3,092	3,040	3,054	3,149
Staff	521	646	660	677
Premises	5	5	5	5
IT	5	5	5	5
Supplies & Services	470	494	568	547
Oversight & Governance Costs	1,001	1,149	1,238	1,233
Management Expenses	79,559	82,733	86,103	89,507

Risk Management

Risks are identified and considered by officers with the assistance of the Fund Actuary. The impact of each risk is considered and scored in three areas; finance, business and reputation, and the highest of the three scores is multiplied by the likelihood to give an overall score for each risk.

	1	2	3	4	5
	Negligible	Minor	Moderate	Major	Catastrophic
Finance	<£10m	£10m-£100m	£100m-£500m	£500m-£1bn	>£1bn
Business/ Service	Barely noticeable reduction in scope or quality. Very little or no impact on service delivery. All business objectives achieved. No impact on pension fund members.	Minor reduction in service delivery, minimal disruption. Business objectives are minimally affected. Low level impact on pension fund members.	Moderate disruption to service delivery. Obvious reduction in scope of quality. Business objectives adversely affected. Moderate level impact on pension fund members.	Major disruption to service delivery. Failure to meet secondary business objectives. Elements of non-compliance with statutory requirements. Major impact on pension fund members.	Major service disruption. Inability to achieve primary business objectives and/or comply with statutory requirements. Adverse long-term or lasting impact on pension fund members with significant serious consequences.
Reputation	Very low level of public concern (e.g. few complaints, negative media activity). Overall trust/ confidence remains high.	Some elements of service expectations not being met. Local negative media coverage and complaints. Short-term reduction in trust/ confidence but expected to return to normal.	Increasing numbers of service expectations not being met. Local negative media coverage. Increasing complaints. Reduction in trust/ confidence pension fund members. Partner/ supplier relationships are likely to be affected but not significantly.	Service expectation well below reasonable expectation. High level of complaints. National negative media coverage. Significant loss of trust/ confidence of pension fund members. Ability to maintain partner/ supplier relationships is of serious concern and may have long-term impact.	Service expectation is significantly below expectation. National negative media coverage and significant number of complaints. Total loss of trust/confidence. Complete inability to maintain key partnerships and deliver services.

Page 56

Pension Fund Risk Heatmap

Pension Fund Risk Register

Ref No.	Name of risk	Description	Score
1	Quality of governance and control	Turnover in Pension Fund Panel and Board Members and/or senior officers; or lack of training and development could lead to decision making and control of the Pension Fund lacking or being inappropriate or undertaken by persons without suitable knowledge or experience. Could result in a failure of governance arrangements to meet statutory requirements and recommended best practice leading to ineffective working relationships, financial loss and reputational damage.	3
2	Reporting	Failure of accounting and reporting processes and systems cause a failure to disclose material facts, or the disclosure of incorrect or incomplete information in the Annual Report and Accounts or during the audit, leading to reputational damage and financial loss.	4
3	Staffing	The failure of officers to maintain sufficient levels of competence and/or resource to discharge their duties could lead to retention of inefficient staff, therefore, relying on key officers impacting on the wellbeing of staff and a reduced work rate for the Pension Fund.	2
4	Conflicts of interest	Failure to recognise, disclose, monitor and prevent conflicts would lead to conflicts of interest resulting in ineffective governance processes, reputational damage and financial loss.	3
5	Contract management	Due to insufficient knowledge, there could be a failure of effectively letting or managing contracts for the supply of services to the Pension Fund, leading to reputational damage, potential legal challenge, disruption of services and financial loss.	2
6	Risk Management	Failure to implement a policy to identify risks and arranged for these to be managed or mitigated and have sufficient internal controls results in issues impacting the function of the Pension Fund.	2
7	Regulatory change	Non-compliance with regulations caused by lack of knowledge by staff, changes in government policy/Local Government Pension Scheme (LGPS) reforms and systems not kept up-to-date, leading to reputational damage and financial loss.	6

24	Administration service	Due to failure to administer the scheme correctly in line with all relevant Regulations and policies owing to circumstances such as, but not limited to: <ul style="list-style-type: none"> • lack of regulatory clarity; • system issues; • insufficient resources would result in reputational damage and the possible risk that pensions are not paid at the right time to the right people and/or contributions are not collected.	8
25	Complaints	Due to lack of training and/or experience, there is a risk of failing to deal with concerns, complaints and Internal Dispute Resolution Procedures (IDRPs) appropriately, resulting in poor customer satisfaction, further time spent resolving issues, potential compensation payments and reputational impact, particularly if escalated to the Pensions Ombudsman.	3
26	Communications	Failure to administer the scheme correctly due to circumstances such as, but not limited to: <ul style="list-style-type: none"> • Poor employer data; • Unable to clearly articulate what is required from employers; and • Unable to clearly articulate what is required from the Fund itself in order to deliver the Fund's administrative functions could cause the fund reputational damage and financial loss Poor data could result in pensions being incorrectly calculated or the data available to the Fund's Actuary being inaccurate.	6
27	Employer	Due to the ever-changing mix of employers, from short-term and ceasing employers, and the potential for a shortfall in payments and/or orphaned liabilities. <p>These events could cause the risk of unexpected structural changes in the Fund's membership and the related risk of an employer failing to notify the administering authority promptly.</p>	6
28	Pensions Dashboards	Failure to meet the statutory deadlines for connectivity to the Pensions Dashboard and unable to provide required information to members.	6
29	McCloud remedy	Engagement with DLUHC/ LGA through attendance at technical meetings and keeping up to date with published information. Engagement with system provider to ensure system is developed in line with legislation and delivered to time/budget.	6
30	GMP rectification	Inability to complete the GMP reconciliation and rectification project leading to reputational damage and potential ongoing under and over payment of pension amounts.	4

Training Plan for 2023/24

Background

Hampshire County Council as the administering authority for the Hampshire Pension Fund has delegated responsibility for the management of the Pension Fund to the Pension Fund Panel and Board.

The Pension Fund Panel and Board fully supports the principle that Panel and Board members and officers have a duty to undertake all training on pension fund matters that is necessary to be able to fulfil their duties to the appropriate standard. Opportunities are made available to members and officers to attend training courses and seminars when necessary and appropriate.

This training policy and plan has been prepared for the Pension Fund Panel and Board for 2023/24. As the Panel and Board's responsibilities include both investment management of the Pension Fund and pensions administration, the training policy and plan also covers both areas.

This training policy and plan has been updated to reflect training requirements identified by the completion of the detailed Training Needs Analyses carried out by members of the Panel and Board in 2023.

Training Policy

As an administering authority of the Local Government Pension Scheme (LGPS), Hampshire County Council recognises the importance of ensuring that all officers and members charged with financial management and decision making for the pension scheme are fully equipped with the knowledge and skills to discharge the duties and responsibilities allocated to them.

It therefore seeks to appoint individuals who are both capable and experienced and will provide

and arrange training for relevant officers and members. The training is designed to enable officers and members to acquire and maintain an appropriate level of expertise, knowledge, and skills.

A formal training plan is prepared each year to identify and meet the training needs of the Panel and Board, both as a group and as individuals, and is based upon the recommendations of the CIPFA Pensions Finance Knowledge and Skills Framework.

The Director of Corporate Operations of the County Council is responsible for ensuring that policies and strategies are implemented. Pension Fund Panel and Board members training is evaluated, recorded and reported as part of the Fund's Annual Report each year.

Each individual officer's training needs are assessed annually, and training plans prepared for each section and department within the County Council. The actual training provided is evaluated each year to assess its effectiveness against the aims and objectives identified prior to the training event. In addition, professional finance staff in the Corporate Resources Directorate are required by the accountancy bodies to maintain their levels of Continuing Professional Development.

It is a legal requirement, as set out under section 248A of the Pensions Act 2004, that every individual who is a member of a Local Pension Board must:

be conversant with:

- the rules of the scheme, in other words the Regulations and other regulations governing the LGPS (including the Transitional Regulations, earlier regulations and the Investment Regulations); and

- any document recording policy about the administration of the scheme which is for the time being adopted in relation to the scheme; and
- have knowledge and understanding of:
 - the law relating to pensions; and
 - such other matters as may be prescribed.

The Myners principles codify the best practice in investment decision-making for pension fund management. The principles require pension fund trustees to consider how the principles apply to their own fund and report on a 'comply or explain' basis. Training is a key factor within Principle 1 which covers effective decision-making:

- trustees should ensure that decisions are taken by persons or organisations with the skills, knowledge, advice and resources necessary to take them effectively and monitor their implementation
- trustees should have sufficient expertise to be able to evaluate and challenge the advice they receive and manage conflicts of interest.

The Government also requires LGPS funds to publish a Governance Policy Statement which includes a section on Training. A Governance Compliance Statement is also required which sets out the Pension Fund's compliance with the following principle on Training, Facility, Time, and Expenses:

- that in relation to the way in which the administering authority takes statutory and related decisions, there is a clear policy on training, facility time and reimbursement of expenses for members involved in the decision-making process
- that where such a policy exists, it applies equally to all members of committees, sub-committees, advisory panels or any other form of secondary forum
- that the administering authority considers adopting annual training plans for committee members and maintains a log of all such training undertaken.

The Chartered Institute of Public Finance and Accountancy (CIPFA) published a guide to the requirements for the Governance Compliance Statements in the context of the CIPFA/SOLACE publication 'Delivering Good Governance in Local Government: Framework (2007)'. The CIPFA guide links the principle in paragraph 11 above to the Framework's principles of:

- performing effectively in clearly defined functions and roles, and
- developing the capacity and capability of the governing body to be effective.

Training Plan for 2023/24 continued

The CIPFA guide includes the further comment that the principle in paragraph 11 is aimed at making sure that all those serving on committees, sub-committees and panels receive levels of training that are appropriate to their needs and that suitable arrangements are made to ensure that this is properly resourced in terms of both time and finance.

The Panel and Board fully endorse the importance placed on training in these principles. With this training plan and the training logs maintained by all Panel and Board members, the Hampshire Pension Fund is in full compliance with this principle.

CIPFA have also published a Code of Practice on Public Sector Pensions Finance Knowledge and Skills, which Hampshire Pension Fund has adopted. This requires policies and procedures to be in place for the effective acquisition and retention of the relevant knowledge and skills for those in the organisation responsible for financial administration and decision making.

The policies and procedures will be guided by reference to the CIPFA Pensions Finance

Knowledge and Skills Framework, which gives technical guidance for elected representatives and officers on the knowledge required.

The Code of Practice also requires an annual statement on how these policies and procedures have been put into practice, from 2012/13 onwards. A disclosure was included in the Annual Report and Accounts 2012/13 and will continue going forward.

Pension Fund Panel and Board

There are 22 members of the Pension Fund Panel and Board, as listed in Table 1. The table shows the experience of Panel and Board members in terms of their length of service on the Pension Fund Panel and Board.

The Panel and Board has a mixture of experienced members, who have served at least one full four-year term as members of the Panel and Board, and more recently appointed members. Panel and Board members also have a range of relevant experience from their working lives which includes, in some cases, the financial services industry and the City of London.

Member	Membership of the Pension Fund Panel and Board
County Councillors:	
Mark Kemp-Gee (Chairman)	18 years
Tom Thacker (Vice Chairman)	14 years
Tim Davies	2 years
David Harrison	New Member
Dominic Hiscock	2 years
Jonathan Glen	6 years
Rob Mocatta	2 years

Deferred members' representative:	
Lindsay Gowland	3 years
Employees' representative:	
Neil Wood	7 years
Substitute scheme member representative:	
Paul Barber	New Member

Training Plan for 2023/24 continued

Access to training

Training opportunities are made available equally to all members of the Pension Fund Panel and Board, including the co-opted representatives of the city councils, district councils, pensioners and contributors as well as the county councillors. The full cost of attending training is met by the Pension Fund, including course fees, reasonable travel and accommodation costs.

The Panel and Board have considered making attendance at training courses compulsory for Pension Fund Panel and Board members. This suggestion reflected the increasing complexity and profile of pension matters and the need for Panel and Board members to keep up to date with current developments at a time of heightened scrutiny. However, whilst it is important that Panel and Board members prepare themselves properly to fulfil their responsibilities, it would not be practical to make attendance at training events a condition of Panel and Board membership. The suitability and fitness of members for their role is best left to the Panel and Board itself to monitor.

Each year, in order to ensure compliance with the CIPFA Code of Practice, Panel and Board members complete a detailed individual Training Needs Analysis. The purpose of this exercise is to allow Panel and Board members to consider their current level of knowledge and identify the topics on which they would like to have additional training. The Training Needs Analysis was designed around the CIPFA Pensions Finance Knowledge and Skills Framework for Elected Representatives and Non-Executives in the Public Sector, and the CIPFA Technical Knowledge and Skills Framework for Local Pension Boards, in order to ensure the Panel and Board meet

the requirements set out in the guidance referenced in the regulations. The outcome of the Training Needs Analysis for 2023/24 was discussed by the Panel and Board at the September 2023 meeting. As a result, five training sessions have been planned for 2023/24 which directly relate to the training needs identified.

The Director of Corporate Operations' staff have developed a collection of training resources, which Panel and Board members will be able to refer to in order to obtain more information about areas where they have a specific training need, in addition to the Panel and Board-wide training proposals outlined above. The collection of training resources contains slides and supplementary materials, where appropriate, (and more recently recordings) for all the internal training sessions carried out since 2009, which cover a wide range of topics. There are also other useful documents available which can help fill any knowledge gaps, as well as template forms and links to the Pension Fund's annual report, statutory statements, and latest actuarial valuation. The collection of training resources will be updated whenever new material is available. The officers are exploring what the best possible IT solution is to transfer the training materials to an online library to allow members to log in and access as required; details will be provided to Panel and Board members once the project is complete.

Minimum training requirement

In addition to their own independent training and learning, which can include the attendance at external online or in-person training events provided by third parties such as investment managers and conference providers, the Panel and Board are recommended to complete the following:

- For new Members; the **LGA Fundamentals course** which provides background on LGPS legislation and governance, and for all Members;
- **The Hymans Aspire modules** – described in more detail below, and
- **Internal briefing sessions** designed to cover areas highlighted from Members TNAs and matters arising from the Pension Fund's Business Plan.

Hymans Aspire modules - Two years ago the Panel and Board agreed to subscribe to Hyman's Robertson's Aspire online learning for the LGPS. At the time it was outlined to Members that this was a new offering from Hymans, with an initial sign-up period of 2 years, following which time Hymans would refresh the content of the modules. This has now taken place and the number of modules has expanded from six to eight as follows:

- Committee role and pensions legislation
- Pensions governance
- Pensions administration
- Pensions accounting and audit
- Procurement and relationship management
- Investment performance and risk
- Financial markets and product knowledge
- Actuarial methods standards and practices

The training remains specifically designed for those involved in the governance of the LGPS and therefore is considered an essential foundation for all Panel and Board members, to be repeated biennially to ensure that all Panel and Board members have the same core level of understanding. The modules remain about an hour in length and have a short assessment at the end of each module to enable users to check their understanding. The scores of each assessment will not form part of the Pension Fund's reporting.

It is recommended that the Panel and Board recommit to the completion of the Hymans Aspire modules in the next 12 months. To guarantee progress as a minimum Members are asked to complete two modules a quarter, by the month prior to the following Panel and Board meeting e.g. the first two modules should be completed by the end of November prior to the December Panel and Board meeting to allow reporting. Any instances where Members are not meeting this minimum completion rate will be followed up by the Director, Monitoring Officer and the respective Group Leader (for County Councillors). The following is available for Members to assist in their completion of the modules if they wish to request it:

- Support from the Director's team for Members in accessing the system either individually or as a group.
- Pre-arranged on-line meetings to go through the modules as a group.

Other online learning opportunities

In addition, the Trustee Toolkit is available for free from the Pension Regulator at the following website: <https://www.trusteetoolkit.thepensionsregulator.gov.uk>. This toolkit provides an introduction to pension scheme investing, running a pension scheme, the role of the trustee, pension law etc. It was designed to meet the requirements of trustee knowledge and understanding required under the Pensions Act 2004. In early 2015, the Pensions Regulator released an on-line training resource to assist those involved in Public Sector Schemes. This is accessed via the Trustee Toolkit and comprises an additional seven modules covering the key themes in the Code of Practice on governance and administration of public service schemes.

Training Plan for 2023/24 continued

Internal training programme

This training plan for 2023/24 has been designed to cater for the needs of the recently elected Panel and Board members as well as providing an opportunity to update and refresh the knowledge of the more experienced members of the Panel and Board.

The Panel and Board has agreed that the equivalent of two in-house training half-days should be arranged for Panel and Board members each year as stand-alone sessions. Table 2 sets out the programme for 2023/24, which has been formulated based upon key learning points from the Training Needs Analysis, and recommendations from Panel and Board members.

These training sessions will also be useful for the Audit Committee in carrying out their role to receive and consider audit reports relating to the Pension Fund Panel and Board, as stated in the Hampshire County Council Constitution.

These bespoke training sessions will be complimented by a range of other training opportunities which will be made available to Panel and Board members during the year. These include many webinars, seminars and courses on pension fund matters provided each year by various organisations. Some are specifically tailored for LGPS funds, such as the Local Government Chronicle's annual Investment and Pensions Summit held in September each year. The Pension Fund's investment managers hold annual client conferences and the Fund's actuary Aon also provides training events. The Director of Corporate Operations' staff will continue to circulate details of these training opportunities to members.

When new members are appointed to the Panel and Board, the training proposed is as follows:

Table 2: 2023/24 Internal training programme

Topic	Presenter
Timberland investment	Stafford Capital
Pension investment pooling and the current consultation	Andrew Boutflower
Cyber security	Andy Lowe and Lois Downer
Investment cost benchmarking	CEM
Pension investment pooling for illiquid investments	Andrew Boutflower

- Attending the LGA Fundamentals course held by the Local Government Association, which specifically covers the basics for the LGPS.
- Attending the training sessions to be held during 2023/24.
- Complete the Hymans Aspire modules
- Completing the Training Needs Analysis for Panel and Board members, to help identify any additional training requirements.
- Informing new members of any external conferences and training opportunities in the future, along with the rest of the Panel and Board.

Reports to the Panel and Board by the officers on new developments in pension fund matters will continue to include background briefing information and this will provide another means by which Panel and Board members can keep up-to-date and develop their knowledge.

Panel and Board members will also be able to undertake background reading on pension fund matters and this too can contribute to meeting their training needs.

Training budget

Table 3 shows the training budget for 2022/23, with the actuals for comparison, together with the proposed budget for 2023/24.

Table 3: Training budget

	2022/23 Budget (£)	2022/23 Actuals (£)	2023/24 Budget (£)
Attendance at Conferences / Seminars etc.			
LGC Investment & Pensions Summit (Leeds, September)	2,000	3,147	3,000
LGC Investment Seminar	0	620	1,000
LG Employers Fundamentals Course	4,000	0	4,000
Hymans Learning Academy	5,000	5,241	5,500
Hymans Knowledge Assessment	4,000	0	3,000
Other conferences	0	0	0
	15,000	9,008	16,500
In-house training sessions			
Fees paid to trainers	3,000	0*	3,000
Other costs	200	0	200
	3,200	0	3,200
Total training budget	18,200	9,008	19,700

The budget for 2023/24 includes three places at the LGC Investment & Pensions Summit. The budget also includes the provision for four members of the Panel and Board to attend the LGA Fundamentals course. This assumption has also been built in to the 2023/24 budget.

Training costs are met from the administration costs of the Pension Fund. "Virement" between courses within the budget is possible, should the Panel and Board feel it would meet training needs better to prioritise different events.

Training logs

Training logs are maintained by each member of the Panel and Board to provide evidence of the Panel and Board's commitment to training. They record the actual training undertaken during the year, including details of all relevant

training courses, seminars and events attended by each member. The training logs include an assessment of whether each training event has fulfilled the need it was intended to meet.

Evaluation

The actual training undertaken by Panel and Board members in 2023/24 will be evaluated using the training logs to assess whether it has fulfilled the training need identified at the outset. In addition, Panel and Board members complete a short evaluation form after each training event in order to share feedback about events, and report on whether an event was useful and well delivered. This information will be used to design the training plan for the following year.

Appendix 2	18

Conflicts of Interest Policy

Introduction

1. The potential for conflicts of interest has always existed for those with Local Government Pension Scheme (LGPS) administering authority responsibilities as well as for advisers to LGPS funds. This simply reflects the fact that many of those managing or advising LGPS funds will have a variety of other roles and responsibilities, for example, as a member of the scheme, as an elected member of an employer participating in the LGPS or as an adviser to more than one LGPS administering authority. Further, any of those persons may have an individual personal, business or other interest which might conflict, or be perceived to conflict, with their role managing or advising LGPS funds.
2. It is generally accepted that LGPS administering authorities have both fiduciary and public law duties to act in the best interest of both the scheme beneficiaries and participating employers. This, however, does not preclude those involved in the management of the Fund from having other roles or responsibilities which may result in an actual or potential conflict of interest. Accordingly, it is good practice to document within a policy, such as this, how any such conflicts or potential conflicts are to be managed.

3. This is the Conflicts of Interest Policy of the Hampshire Pension Fund, which is managed and administered by Hampshire County Council (the Administering Authority). The Policy details how actual and potential conflicts of interest are identified and managed by those involved in the management and governance of the Hampshire Pension Fund, whether directly or in an advisory capacity.
4. This Conflicts of Interest Policy is established to guide Hampshire Pension Fund Panel and Board (PFPB) Members, Fund Officers and Advisers. Along with other constitutional documents, including the PFPB's Terms of Reference, the Officer's Code of Conduct, the Code of Conduct for Members and relevant Human Resources policies, it aims to ensure that those individuals do not act improperly or create a perception that they may have acted improperly. It is an aid to good governance, encouraging transparency and minimises the risk of any matter prejudicing decision-making or management of the Fund otherwise.
5. This Conflicts of Interest Policy is a key tool for all the stakeholders in the Hampshire Pension Fund to assist in complying with the law and meeting the Fund's objective to act with integrity.

To whom this Policy Applies

6. This Conflicts of Interest Policy applies to:
 - all elected and co-opted Members of the PFPB, including scheme members and employer representatives, whether voting members or not;
 - all managers in the Hampshire County Council Pension Fund Management Team and the Director of Corporate Operations (Section 151 Officer) are, from hereon in, collectively referred to as the 'senior officers of the Fund';
 - all "advisers" to the Fund. This includes all advisers, suppliers and other parties providing advice and services to the Administering Authority, the PFPB, the Responsible Investment Sub Committee or officers in relation to pension fund matters. This includes but is not limited to actuaries, investment consultants, independent advisers, benefits consultants, third-party administrators, fund managers, lawyers, custodians and Additional Voluntary Contribution (AVC) providers. Where an advisory appointment is with a firm rather than an individual, reference to "advisers" will normally mean the lead adviser(s) responsible for the delivery of advice and services to the Administering Authority rather than the firm as a whole.

Responsibilities

7. **Hampshire County Council**, as the Administering Authority for the Hampshire Pension Fund, must be satisfied that conflicts of interest are appropriately managed. For this purpose, the Director of Corporate Operations for Hampshire County Council (Chief Finance Officer (CFO) for the Pension Fund) is the designated individual for ensuring the procedures below are carried out.
8. However, it is also the responsibility of each individual covered by this Policy to identify any potential instances where their personal, financial, business or other interests might come into conflict with their pension fund duties, to declare and register interests and to seek advice and where necessary withdraw from meetings if there is a conflict.
9. **The Director of Corporate Operations** will monitor potential conflicts for less senior officers involved in the daily management of the Fund and highlight this Policy to them as appropriate.
10. This Policy and the issue of conflicts of interest, in general, must be considered in light of each individual's role, whether this is a management, advisory or assistance role and including responsibilities representing the Fund on other boards, committees, groups and bodies.

11. **Members** – Elected and co-opted members of the PFPB are responsible for understanding their obligations under the County Council's Constitution, including the Code of Conduct for Members, and this Policy, including ensuring their declarations of interest are accurate and up-to-date and adhering to the operational processes set out in this Policy.
12. **Officers** – Officers are responsible for understanding their obligations under the Code of Conduct for Officers and this Policy and for adhering to the operational processes set out in this Policy.
13. **Advisers** - In accepting any role covered by this Policy, advisers agree that they must:
 - acknowledge any potential conflict of interest they may have;
 - be open with the Administering Authority and any other body on which they represent the Administering Authority on any actual or potential conflicts of interest they may have;
 - adopt practical solutions to managing those conflicts;
 - plan ahead and agree with the Administering Authority on how they will manage any conflicts of interest which arise in future.
14. The procedures outlined later in this Policy provide a framework for each individual to meet these requirements.

What is a Conflict or Potential Conflict?

15. The Public Service Pensions Act 2013 defines a conflict of interest as a financial or other interest which is likely to prejudice a person's exercise of functions.
16. Therefore, a conflict of interest may arise when an individual:
 - has a responsibility or duty in relation to the management of, or provision of advice to, the Hampshire Pension Fund;
 - at the same time has a separate personal interest (financial or otherwise);
 - has another responsibility in relation to that matter, giving rise to a possible conflict with their first responsibility;
 - has an interest due to a family member or close colleague having a specific responsibility or interest in a matter.

Areas of potential conflict that are specific to the LGPS

17. There are areas of potential conflict that the Scheme Advisory Board identifies as specific to the LGPS. They apply to PFPB Members, as well as officers, advisers and suppliers and are to be managed in the same way as other conflicts of interest under this and other relevant policies:

- Any commercial relationships between the administering authority or host authority and other employers in the Fund/or other parties which may impact decisions made in the best interests of the Fund. These may include shared service arrangements which impact the Fund operations directly but will also include outsourcing relationships and companies related to or wholly owned by the County Council, which do not relate to Pension Fund operations.
- Contributions setting for the administering authority and other employers.
- Cross-charging for services or shared resourcing between the administering authority and the Fund.
- Dual role of the administering authority as owner and client of a pool.
- Local investment decisions.
- Any other roles within the County Council being carried out by committee members or officers which may result in a conflict either in the time available to dedicate to the Fund or in decision-making or oversight. For example, some roles on other finance committees, audit or health committees or cabinet should be disclosed.

Minor Gifts and Hospitality

18. The acceptance of gifts and hospitality can lead to potential conflicts of interest or the perception of conflicts of interest. Hampshire County Council Members and Officers are required to comply with the Code of Conduct for Members and the Officers Code of Conduct which contain the applicable rules regarding the acceptance and registration of gifts and hospitality.

Summary

19. A conflict of interest may arise when an individual has a responsibility or duty in relation to the management of, or provision of advice to, the Hampshire Pension Fund and at the same time has:

- a separate personal interest (financial or otherwise);
- another responsibility in relation to that matter, giving rise to a possible conflict with their first responsibility. An interest could also arise due to a family member or close colleague having a specific responsibility or interest in a matter.

20. Some examples of potential conflicts of interest relating to the areas of conflict specific to the LGPS are included in Appendix 1.

Managing Conflicts of Interest

21. Hampshire County Council, as Administering Authority, will encourage a culture of openness and transparency and will encourage individuals to be vigilant, have a clear understanding of their role and the circumstances in which they may have a conflict of interest, and of how potential conflicts should be managed.
22. The Administering Authority will evaluate the nature of any interests or responsibilities that are highlighted and assess the impact on pension fund operations and good governance were an actual conflict of interest to materialise.
23. Elected and co-opted members of the PFPB need to ensure their register of disclosable pecuniary interests is up to date and actively consider at each meeting of the PFPB whether they have any prejudicial interests (whether personal or pecuniary) in any matter of PFPB business.
24. Officers will need to consider whether they have any conflicts of interest as defined in this Policy and, if so, declare these in accordance with the procedures set out in this Policy so that appropriate management action and mitigation can be considered.
25. Advisers and suppliers to the Fund also need to consider whether any of the above conflicts of interest apply to their contract with the Administering Authority and, if so, declare them in accordance with the procedures set out in this Policy so that appropriate mitigation can be considered.
26. The Administering Authority will evaluate the nature of any dual interests or responsibilities that are highlighted and assess the impact on pension fund operations and good governance were an actual conflict of interest to materialise.
27. Ways in which conflicts of interest may be managed include:
 - the individual concerned abstaining from discussion, decision-making or providing advice relating to the relevant issue;
 - the individual being excluded from the meeting(s) and any related correspondence or material in connection with the relevant issue (for example, a report for a PFPB meeting);
 - a working group or sub-committee being established, excluding the individual concerned, to consider the matter outside of the formal meeting (where the terms of reference permit this to happen).

NB, in respect of elected and co-opted members of the PFPB, there are requirements in the Localism Act 2011 and the County Council's Constitution that require the disclosure of pecuniary interests and regulate member participation in matters relating to such interests. These requirements must be adhered to by all elected and co-opted members of the PFPB.

28. The above is not an exhaustive list of the measures that may be taken in respect of a particular conflict, and the Administering Authority will, having taken any appropriate professional advice, endeavour to manage conflicts that arise reasonably and proportionately.

Operational procedure for elected and co-opted PFPB Members and Senior Officers

29. The following procedures must be followed by all individuals to whom this Policy applies.

30. However, it should be noted all Members of the PFPB have an overriding legal obligation to follow and abide by the requirements of the Localism Act 2011 and Hampshire County Council's Code of Conduct for Members relating to the treatment and disclosure of certain disclosable pecuniary interests and personal interests. Accordingly, for those Members, disclosures under this Policy may be in addition to disclosures required under the Council's Code of Conduct/the Localism Act 2011.

What is required	How this will be done
<p>Step 1 - Initial identification of interests which do or could give rise to a conflict.</p>	<p>On appointment to their role or on the commencement of this Policy, if later, all Members and Senior Officers will be provided with a copy of this Policy and will be required to complete a Registration of Interest Form similar to that included in Appendix 2.</p> <p>The information contained in these forms will be collated into the Pension Fund Register of Interests.</p> <p>Elected and co-opted Members of the PFPB are also required to complete a register of interests in respect of “disclosable pecuniary interests” and personal interests and submit it to Hampshire County Council’s Monitoring Officer. This will be published in accordance with the County Council’s obligations and Constitution.</p>
<p>Step 2 - Ongoing notification and management of potential or actual conflicts of interest.</p>	<p>At the commencement of any meeting of the PFPB or other formal meeting where pension fund matters are to be discussed, the Chairman will ask all those present who are covered by this Policy to declare any interests relevant to any item of business at the meeting as well – whether or not they are already on the register – as well as any new potential conflicts which may not have been recorded and also any other interests which are not required to be recorded.</p> <p>At PFPB meetings, there will also, at the start of the meeting, be an agenda item for Members to declare any interests under the Members' Code in relation to any items on that agenda. These will be recorded in the record of the meeting and also in the Fund's Register of Interests and Declaration Log.</p> <p>Any individual who considers that they or another individual has a potential or actual conflict of interest, as defined by this Policy, which relates to an item of business at a meeting, is asked to advise the Chairman and the Director of Corporate Operations as soon as they become aware of it and preferably prior to the meeting.</p> <p>The Chairman, in consultation with the Director of Corporate Operations and legal adviser to the Pension Fund, should then decide whether the conflicted or potentially conflicted individual is advised to leave the meeting during the discussion on the relevant matter or to withdraw from voting on the matter.</p>

What is required	How this will be done
	<p>With respect to the Code of Conduct for Members and the Localism Act 2011, the Monitoring Officer will provide advice. Whilst ultimately, it is for the Member to decide whether or not to be present. If they do not follow the advice, they are at risk of a formal complaint being made.</p> <p>If such a conflict is identified outside of a meeting, the notification must be made to the Director of Corporate Operations and, where it relates to the business of any meeting, also to the Chairman of that meeting. The Director of Corporate Operations, in consultation with the Chairman where relevant, will consider any necessary action to manage the potential or actual conflict.</p> <p>The Director of Corporate Operations is responsible for monitoring the PFPB Register of Interests and Declarations Log on an ongoing basis to determine if any actual or potential conflict could impact the ongoing business of the Hampshire Pension Fund. Where information relating to any potential or actual conflict has been provided, the Director of Corporate Operations may seek such professional advice as he or she thinks fit (such as legal advice from the Monitoring Officer of Hampshire County Council) on how to address any identified conflicts. Any such potential or actual conflicts of interest and the action taken must be recorded on the Fund's Register of Interests, the Declarations Log and in the record of the meeting if raised during a meeting.</p>
<p>Step 3 - Periodic review of potential and actual conflicts.</p>	<p>At least once every 12 months, the Director of Corporate Operations will provide to all individuals to whom this Policy applies a copy of the Fund's Register of Interests. All individuals will be asked to complete a new Declaration of Interest confirming that their information contained in the Register is correct or highlighting any changes that need to be made to the declaration.</p> <p>If a member fails to do so, the matter will be escalated to the Chairman of the PFPB in conjunction with the Director of Corporate Operations. Once complete the updated Register will then be circulated by the Director of Corporate Operations to all individuals to whom it relates.</p>

Operational procedure for advisers

31. All the key advisers to the Hampshire Pension Fund are expected to have their own policies on how conflicts of interest will be managed in their relationships with their clients, and these should have been shared with the Administering Authority as part of the contract award or contract management process.
32. All advisers must:
 - be provided with a copy of this Policy on appointment and whenever it is updated;
 - adhere to the principles of this Policy;
 - provide, on request, information to the Director of Corporate Operations in relation to how they will manage and monitor actual or potential conflicts of interests relating to the provision of advice or services to Hampshire County Council as Administering Authority;
 - notify the Director of Corporate Operations immediately should a potential or actual conflict of interest arise;
 - highlight at all meetings they attend any potential or actual conflict of interest in any item of business, preferably at or before the start of the meeting.
33. All potential or actual conflicts notified by advisers will be recorded in the Fund's Register of Interests and Declaration Log.

Monitoring and Reporting

34. The Fund's Register of Interests will be subject to the requirements of the Freedom of Information Act 2000, and any requests for information will be considered via the County Council's corporate process on a case-by-case basis. Exemptions from disclosure under the Freedom of Information Act may be applied as relevant.
35. In order to identify whether the objectives of this Policy are being met, the Administering Authority will review the Register of Interests on an annual basis and consider whether there have been any potential or actual conflicts of interest that were not declared at the earliest opportunity.

Key Risks and Mitigation

36. The key risks to the delivery of this Policy are outlined below. All of these could result in an actual conflict of interest arising and not being properly managed. The Director of Corporate Operations will monitor these and other key risks and consider how to respond to them.

Risk	Mitigating action
Insufficient training or poor understanding in relation to individuals' roles on pension fund matters.	Briefing is provided by officers at the introduction of the new Policy and annually when the Policy is reviewed. Officers are available to answer Members' questions at any time.
Absence of the individual nominated to manage the operational aspects of this Policy and no one deputising, or failure of that individual to carry out the operational aspects in accordance with this Policy.	Responsibilities for supporting will be shared within the Investments and Borrowing team to ensure no single point of failure.
Failure by a chairman to take appropriate action when a conflict is highlighted at a meeting.	Support available at each meeting from Pension Fund and Legal Services officers to advise the Chairman as appropriate.
A decision by an individual to disregard advice and be subject to formal action under the Localism Act 2011.	Failure to abide by the Policy will result in a referral under the Members Code of Conduct or Officers Code as appropriate.

Costs

37. All costs related to the operation and implementation of this Policy will be met directly by the Hampshire Pension Fund. However, no payments will be made to any individuals in relation to any time spent or expenses incurred in the disclosure or management of any potential or actual conflicts of interest under this Policy.

Approval and Review

38. This Conflicts of Interest Policy was approved on 12 December 2023 by the PFPB. It will be formally reviewed and updated at least every three years or sooner if the conflict management arrangements or other matters included within it merit reconsideration, including if there are any changes to the LGPS rules or other relevant Regulations or Guidance which need to be considered.

Appendix 1

Examples of situations where a conflict of interest may arise

The table below sets out examples of potential conflicts that might arise and the action that may be taken in response. It is intended to be illustrative only and is not intended to be an exhaustive list of all conflicts that might arise or the action that will be taken in practice in any individual case. Each conflict that arises in practice would need to be treated on its merits and action that is appropriate in all the circumstances taken.

Scenario	Action
<p>An Employer Representative on the PFPB may be required to consider a policy or covenant change which could result in an increase in employer costs by the employer he or she represents.</p>	<p>If the representative has a conflict on a particular issue with their host employer/group, they should declare this and absent themselves from any decision if they are unable to act in the best interest of the Pension Fund and all employers and scheme members.</p>

Scenario	Action
A Member of the PFPB is on the board of an Investment Manager that the Committee is considering appointing.	The Member should declare an interest and not take part in the discussion and decision on the appointment.
A Member of the PFPB is a beneficiary of the Hampshire Pension Fund, and a discussion item as a result of legislative change could affect members' benefits.	The Member should declare the interest but may still take part in the discussion, given no decision is being made.
An officer of the Pension Fund also has responsibilities within the administering authority or relating to a shared service initiative which provides services to the Fund and which has objectives which are not fully aligned with that of the Fund.	If appropriate to the advice being provided by the officer to the PFPB, the conflict should be reported, along with clarity on why the advice in question is in the best interest of the Pension Fund.
An Employer Representative on the PFPB is employed by a company to which the County Council has commissioned services from, and the PFPB is reviewing the standards of service provided by that company.	The Member must declare their pecuniary interest (as a result of their employment) and not take part in the discussion of the review of the service.
The person appointed to consider internal disputes is asked to review a case relating to a close friend or relative.	The conflict should be reported, and an alternative person found to review the case.

Scenario	Action
<p>The Pension Fund is considering alternative supply of services currently provided by the Administering Authority. The Director of Corporate Operations, who has responsibility for the County Council's budget, is expected to approve the report to go to the PFPB, which, if agreed, would result in a material reduction in the recharges to the County Council from the Fund.</p>	<p>The Director must act in their role as CFO to the Pension Fund, providing advice in the best interest of the Pension Fund, although, if appropriate, should reference the impact on the County Council. If appropriate, the Deputy CFO of the Pension Fund can provide advice to the Pension Fund.</p>
<p>Officers are asked to provide a report to the PFPB on whether the administration services should be outsourced, which, if it were to happen, could result in a change of employer or job insecurity for the officers.</p>	<p>Officers must provide advice in the best interest of the Pension Fund, if necessary, with the presentation of the report being escalated to the Director of Corporate Operations, and if appropriate, should reference the impact on the County Council. Officers that could be directly affected by the changes would not be asked to input into the report directly.</p>
<p>An Employer Representative appointed to the PFPB to represent employers generally could be conflicted if he or she only serves to act in the interests of their own authority/organisation rather than those of all participating employers. Equally, a Scheme Member representative, who is also a trade union representative appointed to the Pension Board to represent the entire scheme membership, could be conflicted if he or she only acts in the interests of their union and union membership rather than all scheme members.</p>	<p>As part of their appointment process, applicants to be representatives on the PFPB will be asked to demonstrate how they can represent all scheme members or employers as appropriate. Ongoing training and guidance are provided to PFPB Members of the nature of their role and the need to represent the interests of the whole Fund. If the representative has a conflict on a particular issue with their host employer/group, they should declare this and absent themselves from any decision if they are unable to act in the best interest of the Pension Fund and all employers and scheme members.</p>

Scenario	Action
<p>A Fund adviser is party to the development of a strategy which could result in additional work for his or her firm, for example, selection of new investment managers, providing assistance with monitoring the covenant of employers or where they are also advisers to the ACCESS Pool.</p>	<p>The Pension Fund should be sensitive in only sharing information with advisers which is relevant to the work that they have been asked to undertake. If the Pension Fund wants to ensure that its advice is not prejudiced by the potential for winning future work, the Fund could be clear in letting a contract if they want it to preclude participation in a potential future-related piece of work. The Pension Fund would have regard to the advisers' professional standards to provide a standard of care to the client regardless of the bearing it may have on being awarded future work.</p>
<p>An Employer or Scheme Member Representative has access to information by virtue of his or her employment, which could influence or inform the considerations of the PFPB. He or she has to consider whether to share this information in light of their duty of confidentiality to their employer. Their knowledge of this information will put them in a position of conflict if it is likely to prejudice their ability to carry out their functions as a member of the PFPB.</p>	<p>No PFPB Member should be asked to breach their confidentiality responsibilities to their employer. If a member's access to information does result in a conflict, they should report this and take the appropriate action.</p>
<p>An officer of the Fund or Member of the Pension Committee accepts a dinner invitation or gift from an Investment Manager who has submitted a bid as part of a tender process.</p>	<p>PFPB Members should consider the appropriateness of any offers of hospitality and ensure that they comply with the Members Code of Conduct on Gifts and Hospitality Policy.</p>

Appendix 2

Sample of Declaration of Interest Form

Form to Register Interests relating to the management of Hampshire Pension Fund administered by Hampshire County Council

I, [insert full name], am [delete as applicable]:

- an officer involved in the management
- Pension Fund Panel and Board Member

of the Hampshire Pension Fund, and I set out below under the appropriate headings my interests, which I am required to declare under the Hampshire Pension Fund Conflict of Interest Policy. I have put "none" where I have no such interests under any heading.

Responsibilities or other interests that could result in a conflict of interest (please list and continue overleaf if necessary):

A) Relating to me

B) Relating to family members or friends

Undertaking:

I declare that I understand my responsibilities under the Hampshire Pension Fund Conflict of Interest Policy. I undertake to notify the Director of Corporate Operations of any changes in the information set out above.

Introduction

Hampshire County Council is the administering authority for the Hampshire Pension Fund (the “Fund”), which covers employees of the County Council, two unitary councils, 11 district councils, and 335 other scheduled and admission bodies. The total number of contributors is 61,733 and there are 87,084 deferred members and 52,947 pensioners (all as of 31 March 2023).

The Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016 require pension fund administering authorities to prepare and review, from time to time, an Investment Strategy Statement.

This Statement has been drafted to comply with these regulations in accordance with the Guidance on Preparing and Maintaining an Investment Strategy Statement.

Investment strategy

The Fund has three main aims

- To manage the employers' liabilities to achieve long-term solvency. Accordingly, employers' contributions will be set to ensure that 100% of the liabilities can be met over the long term.
- To enable primary contribution rates to be kept to nearly as constant as possible (subject to the administering authority not taking undue risk) at reasonable cost to the taxpayers, scheduled, resolution and admitted bodies, while achieving and maintaining fund solvency and long-term cost efficiency, which should be assessed in light of the risk profile of the Fund and employers, and the risk appetite of the administering authority and employers alike.
- Seek returns on investment within reasonable risk parameters.

In compiling the Fund's 2022 Actuarial Valuation, the Fund's Actuary, Aon advised that the Pension Fund requires the assets to deliver a long-term return of above the discount rate of 4.4%, which is set out in the Fund's Funding Strategy Statement.

The Pension Fund Panel and Board have prepared a set of investment beliefs based on their experience of the workings of the Fund and the nature of the underlying investments held, which are contained in Annex 1.

Variety of investments

In order to achieve the return in its Funding Strategy, the Investment Regulations require the Pension Fund to invest money in a wide variety of investments and state the maximum percentage that it will invest in particular investments or classes of investment.

The strength of the majority of the Fund's employers' covenants and the present positive annual cashflows allow the Fund to have set a long-term deficit recovery period and to take a corresponding long-term view of investment strategy. For the purpose of setting maximum limits the Pension Fund has done this at a strategic level. The total is deliberately greater than 100% to allow flexibility between the categories. The allocation adjacent favours growth assets as the Fund believes that participation in economic growth is a major source of long-term equity returns, which will be required to meet its long-term investment return target and mean that employer contributions can be kept lower.

	Minimum	Maximum
Growth assets – To deliver sufficient return to meet the funding target and maintain the affordability of the target level of contributions (assets such as equities and hedge funds)	30%	60%
Income assets – Structuring the assets to meet the Fund's income requirements or increase the confidence of achieving required returns through a more stable and observable return stream (assets such as property, infrastructure, loans and alternative credit)	20%	50%
Protection assets – Employing investment strategies that provide some downside protection or diversification benefit to maintain stability in the level of contributions (assets such as traditional gilts and index-linked gilts)	10%	30%

Suitability of investments and receipt of investment advice

The Pension Fund has access to the necessary skills, expertise and resources to manage the whole Fund. When making investment decisions the Pension Fund Panel and Board will take advice from appropriate specialist investment professionals including officers, consultants and independent advisers. The Panel and Board have appointed a permanent independent adviser (currently Investment Trustee and Adviser Ltd) to provide advice on all investment decisions.

The Pension Fund recognises the importance of ensuring that all staff and members charged with the financial management and decision making with regard to the Fund are fully equipped with the knowledge and skills to discharge the duties and responsibilities

allocated to them. The members of the Panel and Board annually complete a training needs analysis based on CIPFA's Knowledge and Skills Framework for pension funds, which includes investments, and a training plan is prepared to meet the requirements identified.

To fulfil the training needs of officers and members the Pension Fund will access training from a variety of investment professionals, including both companies that it does and does not currently contract with, in order to gain exposure to a wide variety of views.

Strategic asset allocation

To implement the Pension Fund's Investment Strategy the Pension Fund Panel and Board sets a Strategic Asset Allocation with the aim of achieving the Fund's overall long-term target return without exposing the Fund to

Investment sector	Position as at 31 March 2023	Long Term Strategic Asset Allocation
Growth	49.3%	38.5%
Income	32.4%	39.5%
Protection	18.3%	22.0%
Total Fund	100.0%	100.0%

excessive risk. In setting the Strategic Asset Allocation advice was commissioned from Hymans Robertson on the options for the Fund's asset allocation and the most effective allocation for achieving the Fund's target return with the degree of certainty specified in the Funding Strategy Statement.

In line with the Regulations, the Fund's investment strategy does not permit more than 5% of the total value of all investments of Fund

money to be invested in entities which are connected with the County Council within the meaning of section 212 of the Local Government and Public Involvement in Health Act 2007.

The Strategic Asset Allocation was agreed in 2023 following the Fund's last triennial actuarial valuation and the Panel and Board has agreed an implementation plan in order to move to the new allocation. The Fund's Asset Allocation will be reviewed from time to time by the Panel and

Fund by matching the value of the orphan liabilities to an equal amount of index-linked gilts from the Fund's investments. The Administering Authority currently operates a single investment strategy as outlined above, so the Fund Actuary notionally allocates index linked gilts to the orphaned liabilities within the valuation calculations, with the balance of the Fund's investment returns credited to the participating employers.

Approach to risk

The Pension Fund has identified a number of risks on its risk register that may impact its funding and investment strategies which is reviewed at least annually by the Panel and Board. The Pension Fund maintains a risk register to identify key risks, consider and assess their significance, likelihood of occurrence and potential impact of the risk.

The Panel and Board is aware that the Fund has a need to take risk (e.g. investing in growth assets) to help it achieve its funding objectives. The Fund's appetite for risk is to minimise the overall portfolio risk while delivering the target returns through a diversified portfolio.

Board and at least every three years following the actuarial valuation.

To manage the portfolios in the Fund's asset allocation the Pension Fund contracts with specialist external investment managers. No assets are managed internally, with the exception of the Fund's cash balance. The Fund's current investment managers are shown in Annex 2.

At the 2022 valuation 1.9% of the Fund's liabilities were orphan liabilities. The Administering Authority's policy is to minimise the risk to the participating employers in the

Approach to pooling

Hampshire is a member of the ACCESS pool along with the following 10 other pension funds:

Cambridgeshire	Kent
East Sussex	Norfolk
Essex	Suffolk
Hertfordshire	West Northamptonshire
Isle of Wight	West Sussex

All eleven funds are committed to collaboratively working together to meet the criteria for pooling and have signed an Inter-Authority Agreement to underpin their partnership. The first investments that were pooled are passively managed investments, and Hampshire also now has four active equity mandates and one multi asset credit mandate invested through the pool operator, Waystone Group (previously known as Link Fund Solutions). The Operator is currently working to launch further sub-funds throughout 2023/24 and ACCESS has commissioned further work to facilitate the pooling of other asset classes.

The ACCESS Funds have set out how they meet the pooling criteria, the pool's structure, governance arrangements and services to be shared in the submission made to the Government in July 2016, which is available on the ACCESS website www.accesspool.org

All 11 ACCESS funds are working in the expectation that all investments will be pooled apart from a minority of investments where there is no value for money benefit to pooling a specific investment as identified and agreed by an individual fund.

Hampshire will not be pooling its allocation to directly held UK property (10% of its Strategic Asset Allocation).

As set out by the ACCESS funds in their July 2016 submission to the Government, there is a dis-economy in pooling direct property investments due to the cost (principally tax) of making changes to portfolios and the limited anticipated savings available from pooling.

In addition, Hampshire will not pool cash held for the efficient administration of the scheme, which is needed to manage cash flow to meet statutory liabilities including monthly pension payroll payments.

Responsible investment policy

1. Rationale, definition and beliefs

The Pension Fund's investment principles include:

- i. a long-term focus and must make investment returns to meet pensions liability (currently calculated by the Fund's actuary as 4.4%pa), and;
- ii. a belief in the importance of Responsible Investment (RI), including consideration of social, environmental and corporate governance (ESG) factors, which can both positively and negatively influence investment returns.

Therefore, RI is important to the Pension Fund in fulfilling its role to pay scheme members benefits and for its reputation with scheme members, employers and the wider Hampshire community. This document sets out how the Fund's RI responsibilities are delivered in line with these principles.

The Pension Fund's approach to RI, includes consideration of the Principles for Responsible Investment (PRI), a set of six principles that provide a global standard for responsible investing as it relates to ESG. The PRI provides the following examples of ESG factors.

- **Environmental** – climate change – including physical risk and transition risk, resource depletion, including water, waste and pollution, deforestation.
- **Social** – working conditions, including slavery and child labour, local communities, including indigenous communities, conflict, health and safety (including health inequalities), employee relations and diversity.
- **Governance** – executive pay, bribery and corruption, political or religious lobbying and donations, board diversity and structure, unjustifiable tax strategy.

This policy is based on the following key RI beliefs:

- RI considerations are important, particularly over the longer term to both protect and enhance long-term investment return and maintain alignment to stakeholders' values.
- RI considerations apply to all asset classes, but different asset classes may mean the management and implementation is different.
- Responsible management of RI Issues is a reputationally important issue.

Page 90
The Pension Fund expects the consideration of ESG factors to be incorporated into the portfolio construction process of all investments made by our investment managers.

- The Pension Fund views climate risk – and the issues which contribute to it – as a key risk to the Fund and of significant concern to all stakeholders (and understands that many have called this a Climate Emergency).
- As a result, the Pension Fund supports the objectives of the Paris Agreement and believes that keeping a global temperature rise this century to well below 2°C (which we take to be 1.5°C) relative to pre-industrial levels is entirely consistent with securing strong financial returns, which is its most prominent area of focus for responsible investment.
- To address climate change there needs to be a transition to a low carbon economy, but that must be an orderly transition that is inclusive and does not leave anyone behind – this is referred to as a *just transition*.

- The Pension Fund believes in engagement over divestment as the means to promote RI beliefs – however, choosing not to own an asset remains an option if the Pension Fund believes that ESG issues are not suitably addressed and that this would be supported by a significant majority of scheme members and employer
- Exercising ownership rights through voting is an important plank of implementing this RI policy and this can be enhanced working collaboratively with other like-minded investors.

The Pension Fund commits to the aim for its investments to have **net-zero greenhouse gas emissions (which includes Scope 1, 2 and 3 emissions) by 2050 at the latest**. This is in line with the UK Government's own target for net-zero emissions by 2050, and a number of employers in the Hampshire Fund declaring Climate Emergencies. The Pension Fund's aim is set in the expectation that governments will follow through on their own commitments to ensure the objectives of the Paris Agreement are met. The Pension Fund is working with its specialist advisor, Apex Group (previously known as MJ Hudson), to develop a plan and trajectory for how it can achieve its Net-Zero aim.

2. Investment strategy

These factors, whilst not exhaustive, provide a baseline of ESG factors that are actively considered as part of the Pension Fund's overall investment strategy; as part of the Fund's selection of its investment managers, how the Fund will scrutinise its investments and how it will transparently report on its investments based on these factors. This approach has been communicated to the Fund's investment managers who have confirmed they conform to this policy. The ability to consider and manage ESG issues will be part of the evaluation of investment managers and other suppliers to the Pension Fund, and forms part of the specification and contracts for services.

Stock/Sector exclusions and social impact investments

The Pension Fund's primary policy is not to disinvest and prohibit its investment managers from investing in any particular company or sector. Where investment managers select companies either as part of active portfolios or passively as they are part of an index, the Pension Fund expects its investment managers to use the Pension Fund's influence as an investor to achieve the best outcome for investors on ESG issues.

The Pension Fund is aware that the issue of whether to disinvest is particularly relevant to climate change and investment in companies involved with fossil fuels. The Pension Fund does believe that climate change is of significant concern but that disinvesting from fossil fuel companies currently is not the solution:

- If the Pension Fund's shares in fossil fuel companies are sold, it will lose its ability as a Responsible Investor to engage with those companies, to hold them to account and to influence and support them in their move towards a lower-carbon economy. The investors that would buy these shares from us may not do this.
- The necessary transition to a lower carbon economy needs to be managed carefully to ensure that it is a Just Transition – this means that the benefits of a low carbon economy transition are shared widely, ensuring that the areas of society who lose economically from the transition are supported. Simply disinvesting from fossil fuels will not achieve this.

- Some fossil fuel companies are playing an important role in the transition to a lower carbon economy, for example in developing and investing in renewable energy. These companies need support from investors as they develop these new carbon efficient alternative fuel sources.
- The economy still relies on many carbon-intensive industries, for example manufacturing, mining, chemicals, cement and transport, and many people rely on products that are derived from fossil fuels for example plastic containers, synthetic clothes, and medicines. In the short to medium term, there remains a reliance on fossil fuels to support our daily lives and the transition to a low carbon economy, such as producing the steel to build wind turbines. However, by investing in and engaging with these companies the Fund can support and quicken their transition to lower carbon alternatives to enable the required transition to a lower carbon economy.

This also reflects the Government's policy¹ to 'encourage stewardship rather than disinvestment'. Government continues to believe this [disinvestment] would be the wrong approach – engagement with high carbon companies, when done effectively, can reduce the climate risk to which the scheme is exposed. At the same time, stewarding these firms to set a plan for the transition can have a greater impact on climate change than simply selling assets to others who might not hold investee firms to account'.

The Pension Fund's focus is on measuring and reducing the carbon footprint of all the companies it invests in, not just fossil fuel companies, and working with its investment managers to find ways to reduce the overall carbon footprint in line with its aim to have net-zero emissions by 2050, whilst continuing to achieve the investment returns that are required to pay pensions.

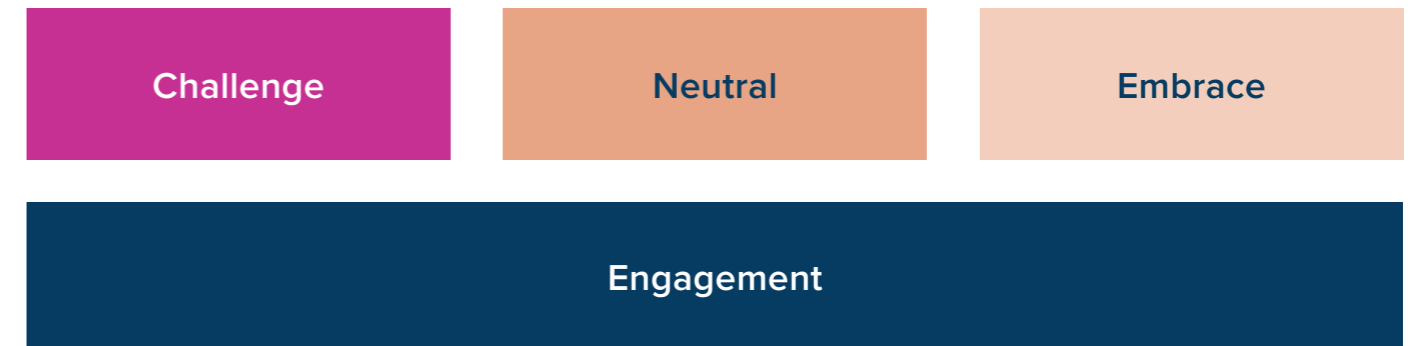

The PFPB will consider disinvestment or exclusion of a particular stock, industry or country or investment in specific 'social' investments where, based on an evaluation of ESG factors including the points above, it believes that the decision would be supported by a significant majority of scheme members and employers; the PFPB may take this approach so long as it does not result in significant financial detriment to the Pension Fund.

Although the PFPB believes that most fossil fuels are still required currently to support the economy and the transition to a low-carbon world, this is except for Thermal Coal. This is the coal that is used to generate electricity, for which there are cleaner alternatives and therefore which is not necessary for the transition to a low-carbon economy. This is consistent with the agreement of more than 40 countries at the United Nations' COP26 summit in Glasgow to shift away from the use of coal. The Pension Fund will work with its investment managers to remove this exposure from its investment portfolios.

3. Framework and approach

Consideration of ESG in investment decisions

The Pension Fund delegates its investment decisions to its current and future appointed investment managers, who are a combination of specialist external active investment managers and passive investment managers. The PFPB engages in responsible stewardship with its investment managers and will review and monitor investments based on the following model:

- **Challenge** – where the underlying investment/company delivers less than a net neutral contribution to a sustainable society with a high barrier to transformation, the Fund will challenge its investment manager (where appropriate) on their decision to hold the investment.
- **Neutral** – underlying investments/companies that have potential to transform their operations and/or business model to fit in a sustainable future.
- **Embrace** – where underlying investments/companies are delivering a positive contribution with an undebatable fit in a sustainable future, the Fund will be in dialogue with its investment managers to understand what it can learn from these investments and its investment managers' decisions to invest.
- **Engagement** – in all situations the Fund expects its investment managers to engage with companies that they have invested in, as described in more detail below.

¹ Local Government Pension Scheme investments, House of Commons Library CBP-7309.pdf (parliament.uk)

The Fund recognises that there are different expectations for its investment managers in the context of this Policy as follows:

Passive investment managers

These managers are employed to mirror the stocks in various indices, and the PFPB accept that in making investments for the Pension Fund through an index, passive managers are unable to actively take ESG factors into account.

However, the PFPB does expect its passive investment managers to act in the best interests of the Pension Fund to enhance the long-term value of investments and support and encourage sound practices in the boardroom. As such the PFPB expects its passive investment managers to engage with companies within the index on areas of concern related to ESG issues and to also exercise voting rights particularly with regard to ESG factors, in a manner that will most favourably impact the economic value of the investments (see separate section below on Exercising Voting rights).

Quantitative investment managers

These investment managers employ automated techniques to select stocks as opposed to individual judgement (used by 'traditional' active investment managers), but unlike passive investments are not constrained by any index. The Pension Fund would only utilise a quantitative investment manager if having taken advice it was appropriate for implementing the Fund's investment strategy and following a thorough

assessment of the investment manager and their quantitative model, including the extent to which it can account for ESG factors.

Similar to passive investment management the Pension Fund accepts that a quantitative investment manager cannot make stock specific judgements on ESG issues and therefore may not be able to take all ESG factors into account in their investment decisions. However, the Fund still requires the same level of engagement and exercise of voting rights (as described above) as with all other investment managers.

Active investment managers

The PFPB delegates responsibility for making individual investment decisions (non-passive) to its active investment managers. All of the Pension Fund's active equity managers are invested in via the ACCESS pool, and over time, the Fund would expect that active managers for all asset classes are invested in via ACCESS. Investment managers in the ACCESS pool will be subject to ACCESS's RI guidelines, which accord with Hampshire's policy requiring its active investment managers to pro-actively consider how all relevant factors, including ESG factors, will influence the long-term value of each investment.

To ensure that ESG factors are considered in investment decisions, the PFPB uses the following framework of questions, which it requires its investment managers to be able to answer and uses these as a basis to scrutinise them.

For each investment has the investment manager assessed and concluded that the overall expected long-term financial return is mitigated from the risk of:

- detrimental social impacts or increasing health inequalities from the company's products/services, such as armaments or tobacco;
- negatively contributing to climate change or other environmental issues, such as pollution and the use of plastic;
- the impacts of climate change;
- poor corporate governance, systems of control and a lack of transparency;
- a senior management pay structure that is biased towards managers making short-term decisions that aren't in the company's and investors long-term interests;
- the detrimental treatment of the company's workforce or workers in the company's supply chain on issues such as health and safety, gender equality and pay;
- dangerous business strategies, such as the creation of monopolies, that may expose the company or wider economy to unacceptable risk;
- any outcome damaging to human rights;
- reputational damage to the company, the Pension Fund in relation to its beneficiaries, Hampshire residents, or the general principles of the UK Corporate Governance Code; as a result of its approach to any ESG issue.

If the PFPB do not receive satisfactory responses to these questions they may undertake further engagement with investment managers (and possibly directly with investments) and/or consider directing the investment manager to not invest in the company/sector in question.

Closed-ended limited partnerships

The Pension Fund invests in closed ended limited partnerships and has let a number of discretionary contracts to investment managers for investments in private equity and infrastructure in these types of investments. The Pension Fund requires that its investment managers integrate ESG considerations into their selection of these investments, which it believes will improve the long-term risk adjusted returns. Whilst the Pension Fund expects its investment managers to be able to influence the investment decisions of these partnerships, it accepts that once the Fund has committed its investment it cannot control the underlying investments that are made.

Direct property

The Pension Fund has made a strategic allocation to invest in UK commercial property, and therefore recognises that as a landlord it has an opportunity to affect the quality of the buildings that it owns. As part of the investment management contract that the Pension Fund has let for the discretionary management of its property portfolio, the Pension Fund expects its investment manager to consider improving the environmental impact of each of the properties it owns as part of the investment case for owning each property.

Responsible investment sub-committee

The Pension Fund Panel and Board (PFPB) take their responsibilities for Responsible Investing and the consideration of ESG issues very seriously, and have established a Responsible Investment sub-committee, which meets at least twice a year, to review ESG issues and support implementation of the Responsible Investment Policy.

The Terms of Reference of the sub-committee are as follows:

To make recommendations to the PFPB on ESG issues having completed the following activities.

- a. To review regularly the Pension Fund's Responsible Investment Policy (contained in its Investment Strategy Statement), and practices relating to it, to ensure that ESG issues are adequately reflected.
- b. To provide a forum for considering representations to change this Policy and/or the Pension Fund's responsible investment practices relating to it.
- c. To engage in responsible stewardship with its investment managers and to provide a forum for the review and monitoring of investments in the context of the Policy.
- d. To receive any relevant training on ESG issues.
- e. To review investment managers' company engagement and voting decisions and when necessary engage directly and indirectly with investment managers (and where possible directly with companies the Pension Fund is invested in) to make representations concerning ESG as appropriate.
- f. To engage directly and indirectly with scheme members and employers to hear representations concerning ESG as appropriate.
- g. To report annually on the Pension Fund's Responsible Investment activities to demonstrate progress to the Pension Fund's stakeholders.

Conflicts of interest

Conflicts of interest in relation to responsible investment and stewardship could arise when the ability to represent the interests of the Fund as a shareholder is hindered by other interests. These can arise within the Fund or within external service providers.

The Pension Fund expects the investment managers it employs to have effective policies addressing potential conflicts of interest, and that these are all publicly available on their respective websites. These are discussed prior to the appointment of a manager and reviewed as part of the standard manager monitoring process.

In respect of conflicts of interest within the Fund, Pension Fund Panel and Board members are required to make declarations of interest prior to meetings which are documented in the minutes of each meeting and available on the County Council's website at www.hants.gov.uk. Hampshire County Council, as the Administering Authority of the Hampshire Pension Fund, requires all members of the Panel and Board and officers to declare any pecuniary or other registerable interests, including any that may affect the stewardship of the Fund's investments. Details of the declared interests of County Council members are maintained and monitored on a Register of Member Interests. These are published on the County Council's website under each member's name and updated on a regular basis.

4. Exercise of rights attaching to investments

Each of the Pension Fund's investment managers is asked to work in a consistent and transparent manner with companies they are invested in to ensure they achieve the best possible outcomes for the Pension Fund, including forward-looking ESG standards. This includes requiring investment managers to exercise the Fund's responsibility to vote on company resolutions wherever possible.

The Fund believes that if companies comply with the principles of the UK Corporate Governance Code published by the Financial Reporting Council, this can be an important factor in helping them succeed; but the Fund also accepts the need for a flexible approach that is in the common long-term interests of stakeholders including shareholders, company employees and consumers. The Fund's investment managers should cast their votes with this in mind.

In particular, the Fund’s investment managers should cast their votes to ensure that:

- executive directors are subject to re-election at least annually;
- executive directors’ salaries are set by a remuneration committee consisting of a majority of independent non-executive directors, who should make independent reports to shareholders;
- arrangements for external audit are under the control of an audit committee consisting of a majority of independent non-executive directors, with clear terms of reference – these should include a duty to ensure that investment managers closely control the level of non-audit work given to auditors, and should not significantly exceed their audit-related fee unless there are, in any investment manager’s opinion, special circumstances to justify it;
- in the investment managers’ opinion, no embarrassment is caused to the Fund in relation to its beneficiaries, Hampshire residents, or the general principles of the UK Corporate Governance Code.

The Pension Fund’s equities are available for Stock Lending, via the programme agreed as part of the ACCESS pool. The programme includes the provision for investment managers to recall stocks from the lending programme, should this be necessary voting at company meetings.

5. Monitoring, reporting and next steps

Reporting

Scheme members were consulted on the original version of this RI policy in 2019. Any comments on ESG issues are reported to the RI sub-committee as a standing item at each meeting.

The Pension Fund’s investment managers (both active and passive) are required to report to the Pension Fund on their engagement with company management and voting recording, highlighting any instances that they voted against company management or did not follow these guidelines.

The reports of the investment managers on their consideration of ESG factors, their company engagement and collective engagement and shareholder voting will be viewed by the Pension Fund’s officers, the Responsible Investment Sub-Committee and Pension Fund Panel and Board.

The following table shows how the Pension Fund sets its policy and reviews its progress including complying with the various standards it has adopted.

RI standards

The Pension Fund supports and/or is a member of the following initiatives that aim promote RI for investors and positive changes in management of ESG factors:

- **UK Stewardship Code 2020** – The Pension Fund has been accepted as a signatory of the 2020 Code (one of only six initial LGPS signatories), which sets high stewardship standards for those investing money on behalf of UK savers and pensioners. The Fund has produced a Stewardship Code statement that sets out on a ‘apply or explain’ basis how it meets the 12 principles of the Code [UKStewardshipcodecompliancestatement.pdf \(hants.gov.uk\)](https://www.hants.gov.uk/ukstewardshipcodecompliancestatement.pdf)
- **Principles of Responsible Investment (PRI)** – The Fund is a signatory to the PRI, which was founded by the United Nations and is the world’s leading proponent of responsible investment. In becoming a signatory the Pension Fund has committed to the PRI’s six principles for RI. More information can be found here: [About the PRI | PRI Web Page | PRI \(unpri.org\)](https://www.unpri.org/About-the-PRI/PRI-Web-Page/PRI)
- **Pensions for Purpose** - The Fund is a member of Pensions for Purpose. Pensions for Purpose engages with pension funds and other institutional investors towards embracing impact investing. As a member the Fund has access to Pensions for Purpose services and member forums, where we will benefit from resources to guide the approach to impact investing. More information can be found here: <https://www.pensionsforpurpose.com>

- **Taskforce on Climate-Related Financial Disclosure (TCFD)** – the Pension Fund supports TCFD which aims to develop recommendations for more effective climate-related disclosures that could promote more informed investment decisions and, in turn, enable stakeholders to better understand the concentrations of carbon-related assets in the financial sector and the financial system’s exposures to climate-related risks. The Pension Fund reports in line with recommendations of TCFD [TCFD-report.pdf \(hants.gov.uk\)](https://www.hants.gov.uk/tcfd-report.pdf)
- **Institutional Investors Group on Climate Change (IIGCC)** – The Fund is a member of the IIGCC. The Fund has made a public net zero commitment. As part of its membership the Fund benefits from educational materials, webinars, and the net zero framework, which will help the Fund achieve the target of net zero by 2050. More information can be found here: www.iigcc.org
- **Transition Pathway Initiative (TPI)** – The Fund publicly supports TPI, which is a global, asset-owner led initiative which assesses companies’ preparedness for the transition to a low carbon economy. The TPI tool assesses progress against companies and sectors to measure the level of management quality and carbon performance, to aid in risk assessment. More information can be found here: www.transitionpathwayinitiative.org

- **Just Transition** – A “just transition” means not transitioning to a low carbon economy at any cost but doing so whilst also ensuring that this is done in a socially responsible way. The Grantham Research Institute on Climate Change and the Environment at the London School of Economics and Political Science have put together a comprehensive guide as to what this means for investors, and what action can be taken. The Fund has signed a statement of support and uses the guide to help embed this goal within the Fund’s policies and help hold our investment managers to account. More information is available at the following link: [Investing in a just transition – global project – Grantham Research Institute on Climate Change and the environment \(Ise.ac.uk\)](https://www.ise.ac.uk/investing-in-a-just-transition-global-project)

The Pension Fund will consider signing up to other investor standards and initiatives where the Pension Fund Panel and Board believes it will enhance Hampshire’s RI policy.

RI priorities for the coming year

The following topics have been identified as specific priorities for the coming year:

- Repeat of external assessment of the ESG risks and issues across the Pension Fund’s portfolio.
- Improvement of the Pension Fund’s RI webpage.
- Implementation of TCFD regulations for Local Government Pension Schemes, including continuation of expanding the availability of carbon data for the Pension Fund’s investments.

Annex 1 – Investment beliefs

Belief: Clear and well-defined objectives are essential to achieve future success

The Pension Fund Panel and Board is aware that there is a need to generate a sufficient level of return from the Fund's assets, while at the same time having a clear understanding of the potential risks and ensuring there is sufficient liquidity available to pay members' benefits as they fall due. The Panel and Board have considered their own priorities and believe that setting clear objectives for the Fund is key in providing focus for the way the investment strategy is implemented.

Belief: Strategic asset allocation is a key determinant of risk and return

The Panel and Board understands that having the appropriate strategy in place is a key driver of the Fund's future success and thus is typically more important than manager or stock selection.

Belief: Funding and investment strategy are linked

The Panel and Board understands that a number of funding related aspects feed into investment strategy decisions, including maturity and level of required return. Given this, actuarial and investment matters, most notably setting investment strategy, are looked at in tandem by the Panel and Board.

Belief: The Panel and Board will take an appropriate level of investment risk

As a long term LGPS Fund the Panel and Board acknowledge the need to take investment risk to ensure the affordability and sustainability of the Fund. However, the level of risk will be set which is aligned to the long-term objectives, with a view to taking appropriate and not unnecessary levels of risk and managing funding level volatility.

Belief: Long term investing provides opportunities for enhancing returns

The Panel and Board believes that investors with long term time horizons are typically less constrained by liquidity requirements and able to better withstand periods of price volatility. As a long-term investor, the Fund may choose to gain additional compensation by investing in assets that are illiquid (e.g. property, infrastructure and private equity) or may be subject to higher levels of volatility (a premium return is required for any such investments). Having this long-term focus also helps the Fund tolerate periods of active manager underperformance when the manager's investment style is out of favour with the market.

Belief: Equities are expected to generate superior long-term returns

The Panel and Board believes that, over the longer term, equities are expected to outperform other liquid assets, in particular government bonds.

The Panel and Board is therefore comfortable that the Fund maintains a significant allocation to equities in order to support the affordability of contributions.

Belief: Government bonds provide liquidity and a degree of liability matching

Government bonds have characteristics that are similar to the assumptions used in valuing pension liabilities e.g. sensitive to changes in interest rates and (for index linked) to changes in market-implied inflation. This makes them a suitable asset for reducing the Fund's funding risks. In addition, this asset class has proven to be highly liquid at times of market stress, enabling it to be used for rebalancing and to help meet any outflows that may fall due. Given this, the Fund hold a proportion of its assets in this asset class.

Belief: Alternative investments provide diversification

The Panel and Board believes that diversification across asset classes can help reduce the volatility of the Fund's overall asset value and improve its risk-return characteristics. The Panel and Board believes that investing across a range of asset classes (including, but not restricted to, equities, bonds, infrastructure and property) will provide the Fund with diversification benefits.

Belief: Fees and costs matter

The Panel and Board recognises that fees and costs reduce the Fund's investment returns. The Panel and Board considers the fees and costs of its investment arrangements to ensure the Fund is getting value for money and to minimise, as far as possible, any cost leakages from its investment process.

The Panel and Board will consider paying higher fees to access the strategic opportunity or where the Fund can achieve better or more consistent net of fees returns.

Beliefs: Market inefficiencies will provide opportunities to add value over time

The Panel and Board believe that at times relative market movements or dislocations will provide opportunities to generate additional returns for the Fund. However, the Panel and Board do not believe that they are best placed to capitalise on these opportunities. The Panel and Board will therefore set mandates with the flexibility for specialist external investment managers to add value through allocation decisions where deemed appropriate. Alongside this the Panel and Board will assess the position of the Fund against the long-term strategic benchmark and any requirements to rebalance back toward the long-term target.

Belief: Active management can add value

The Panel and Board recognises that certain asset classes can only be accessed via active management. The Panel and Board also recognises that active managers may be able to generate higher returns for the Fund (net of fees), or similar returns but at lower volatility, than equivalent passive exposure. The Panel and Board will therefore use active management selectively and when doing so will aim to minimise excessive turnover in its active managers. By carefully selecting and monitoring active managers and recognising that periods of underperformance may arise, the Panel and Board seeks to minimise the additional risk from active management.

Belief: Passive management has a role to play in the Fund's structure

The Committee recognises that passive management allows the Fund to access certain asset classes (e.g. equities) on a low cost basis and when combined with active management can help reduce the relative volatility of the Fund's performance.

Belief: Responsible Investment is important to the Panel and Board and can have a material impact on the long-term performance of its investments

The Panel and Board recognises that Responsible Investment issues incorporating all forms of Environmental, Social and Governance (ESG) issues can impact the Fund's returns. Given this, the Panel and Board aims to be aware of, and monitor, financially material ESG-related risks and issues through the Fund's investment managers. The Pension Fund is a signatory of the Principles of Responsible Investment with a Responsible Investment policy and a RI Sub-Committee.

Hampshire Pension Fund Representation Policy

Hampshire
County Council

Contents

The Pension Fund Panel and Board	3
Appointment of Substitute Members	5
Criteria for the selection of Employer or Scheme Member Representatives	9

The Pension Fund Panel and Board

The County Council has appointed a combined Pension Fund Panel and Board for Hampshire and delegated to it responsibility for its statutory functions as the administering authority for the Hampshire Pension Fund and its duties in operating a Pension Fund Board for Hampshire.

Composition

The Pension Fund Panel and Board include within its membership:

- Nine elected members from the Administering Authority.
- Three employer representatives are appointed in accordance with the Hampshire Pension Panel and Board Representation Policy approved by the Pension Fund Panel and Board from time to time.
- Three scheme Member representatives are appointed in accordance with the Hampshire Pension Panel and Board Representation Policy approved by the Pension Fund Panel and Board from time to time.

Hampshire County Council will appoint the Administering Authority members. The nomination process for the employer and scheme member representatives is contained in this Representation Policy, and the County Council will appoint them in accordance with that Policy.

Employer representatives and scheme member representatives should remain as members of the Pension Fund Panel and Board during their appointed term of office unless, in the opinion of the County Council, they are not adequately performing their role, they become incapable of acting, they cease to represent their constituency, they resign by giving written notice to the Proper Officer of the County Council, a replacement member is nominated by their relevant nominating body, or they are removed from the Panel and Board according to [Paragraph 6.8 of Part 1: Chapter 8 of Hampshire County Council's Constitution - conflicts of interest](#).

Each employer and scheme member representative should endeavour to attend all Panel and Board meetings during the year and are required to attend at least two meetings each year.

Appointment of Substitute Members

Allocation

As well as allocating seats on the Pension Fund Panel and Board, the County Council will, at the Annual General Meeting of the County Council each year, appoint a designated Substitute Member for each Scheme and Employer member of the Pension Fund Panel and Board.

Powers and duties

Substitute Members will have all the powers and duties of the designated Scheme and employer Members of the Board.

Substitution

Substitute members may attend meetings in that capacity only:

- to take the place of the designated Scheme and Employer Member for whom they are the designated substitute;
- where the member for whom they are the designated substitute will be absent from the meeting;
- after notifying Democratic and Member Services (on behalf of the Chief Executive) before the scheduled start of the meeting of the substitution.

Voting rights

All members of the Panel and Board, including all the Employer and Scheme Member representatives, shall have full voting rights.

Any independent advisers appointed by the Panel and Board are invited to attend all Pension Fund Panel and Board meetings, but independent advisers will not be a member of the Pension Fund Panel and Board and have no voting rights.

Scheme Member and Employer Representatives

The objective of the Representation Policy is that the Hampshire Pension Fund has Scheme Member and Employer Representatives who are most able to contribute to the governance of the Pension Fund and represent the broadest range of the Pension Fund's scheme members and employers.

Role of the Employer and Scheme Member Representatives

As members of the Hampshire Pension Fund Panel and Board, Employer and Scheme Member Representatives will be part of the committee responsible for the administration of the Local Government Pension Scheme (LGPS) in Hampshire and securing compliance with the LGPS Regulations. The Employer and Scheme Member Representatives will ensure that the views of the employers/scheme members they represent are considered in the decisions made in discharging the Panel and Board's responsibilities.

Application and Nomination Routes

To achieve a broad representation of the Pension Fund's scheme members and employers, the representative roles will be categorised as follows, with different appointment processes (A to C) for each, which are set out below.

Employer Representatives	Scheme Member Representatives
A – Unitary Authority Representative	C – Active Member Representative
B – District Council Representative	C – Deferred Member Representative
C – Other Employer Representative	C – Pensioner Representative

Substitutes	
A – Unitary Authority Representative	C – Scheme Member Representative

A – Unitary Authority Representative

Each Unitary Authority of Southampton City Council and Portsmouth City Council will nominate an elected member to serve as their representative on the Panel and Board. The representative seat will rotate between the two cities each municipal year, with the city with the non-serving representative fulfilling the role of substitute Employer Representative.

Unitary Authority Representatives shall serve on the Panel and Board for as long as they continue to be an elected member of the city they represent and receive the Unitary Authority's nomination.

B – District Council Representative

The Hampshire and Isle of Wight Local Government Association (HIOWLGA) will nominate an elected member from one of the 11 District Councils in Hampshire to serve as their panel and board representative.

The District Council Representative can serve for a maximum of 8 years as long as they remain an elected member of a District Council in Hampshire and continue to receive the nomination of HIOWLGA.

C – Other Employer Representative and Scheme Member Representatives

Applications will be sought by the Hampshire Pension Fund for the other representative roles on the Panel and Board. Prospective applicants will be asked to complete a written application which officers of the Pension Fund will assess, and shortlisted applicants will be invited to interview in the final stage of the application process.

To meet the aim of ensuring broad representation from employers and scheme members, priorities will be assigned in appointing to the following roles:

- An Employer Representative from one of the large constituent groups amongst the Fund’s employers, such as the education sector or community admission group.
- A Scheme Member Representative from each of the three groups of members:

Representing	Representative will be
Active members	Working for an employer in the Pension Fund and contributing to the Fund
Deferred members	Not yet retired and in receipt of a pension but who has previously contributed to the Fund
Pensioners	In receipt of a pension from the Fund

A representative selected through an application process can serve for a 4-year term as long as they can continue to represent the employer/scheme member group from which they originally came. At the end of their 4-year term, an Employer or Scheme Member Representative can apply again and, if successful, serve a maximum of one further four-year term.

Criteria for the selection of Employer or Scheme Member Representatives

Within the priorities for representation from Employer and Scheme Member Representatives, the following criteria will be used in the application process to select representatives:

- Able to represent either all employers or all scheme members.
- Has the capacity to be a member of the Pension Fund Panel and Board.
- Excellent communication and listening skills and the ability to work as part of a group.
- Good analytical skills, an aptitude for taking on new information and a commitment to continuous personal development.
- Highly numerate, ideally with a background in the Financial Sector.
- An awareness of pension fund and investment issues.
- Has no conflict of interest in holding or having held a senior management post at the Administering Authority or a role in administering the Pension Fund, either currently or in the last five years.

Approval of appointments

As a committee of Hampshire County Council, all appointments to the Pension Fund Panel and Board via all three of the routes above (A, B and C) will be approved by the County Council according to its constitution.

Joint Pension Fund Panel and Board	5
Communication with all stakeholders	6
Our communication with scheme members	7
Our communication with prospective scheme members	11
Communication with our employers	12
Our communication with Pensions Services staff	15
Our communication with other bodies	16
Hampshire Pension Fund publications	17

Introduction

We are committed to engaging with our stakeholders clearly and concisely. This policy sets out how we will do that effectively, using the most appropriate method considering the target audience's needs.

The five key stakeholders we have are:

- scheme members;
- prospective scheme members;
- employing authorities;
- Pension Services' staff and
- other bodies including the Pensions Fund Panel and Board, Scheme Advisory Board, and prospective employing authorities.

We aim to provide a high-quality service to all our stakeholders. Employers and scheme members can find our statement of service standards on our website.

Method of communication

We aim to provide all communications electronically where possible.

We use the following for electronic communications:

- Member Portal – provides members with secure access to their specific pension details and allows them to complete various forms and upload certain documents.
- Employer Hub - allows employers to access records for their employees and notify us of changes.
- Pension Services website – provides information about the scheme, details of how members can manage their pension choices, a news feed and other resources.
- Secure emails – to notify members when communication is available through the Member Portal and to respond to queries.

Although electronic communications provide rapid access and a secure means of sharing personal information, we recognise that it is not always the most suitable method of contact for stakeholders. Where appropriate, we will also share information by other means, such as:

- in writing;
- in an alternative format, such as large print or Braille.

Joint Pension Fund Panel and Board

Hampshire has a Joint Pension Fund Panel and Board which is responsible for ensuring:

- that we comply with the LGPS (Local Government Pension Scheme) regulations and any other legislation relating to the governance and administration of the LGPS;
- that we satisfy the requirements of The Pensions Regulator;
- effective and efficient governance and administration of the scheme.

Members may find further information and contact details for this committee on our website, including meeting agendas and minutes.

<https://www.hants.gov.uk/hampshire-services/pensions/joint-pension-fund-panel>

Communication with all stakeholders

Helpline

Our helpline service offers telephone support during office hours. We aim to answer incoming queries without the need to refer to our operational teams. If a question is directed to an operational team, we ensure that a call back is made within one working day.

If a scheme member telephones us, then a summary of the conversation is noted on the member's record.

Email

We have a general email address for all queries pensions@hants.gov.uk. We include a link to our customer satisfaction survey at the end of every email. The survey feedback is reviewed weekly and used to improve our service where appropriate.

Our communication with scheme members

We communicate with our members in a variety of different ways.

Our Member Portal

We actively encourage all members to register for our Member Portal:

<https://upmliveportal.hants.gov.uk>

This secure Portal allows members to view the pension details we hold for them and offers a wide range of facilities. We regularly upgrade the Portal and add more facilities for members to use.

We email members registered for our Portal to:

- advise when key documents such as their annual benefit statement become available;
- inform of regulation changes;
- notify when letters regarding their benefits are available to view.

All members can use the Portal to:

- send us a secure message;
- update personal details such as name, address and marital status;
- securely upload documents such as birth/marriage/civil partnership certificates;
- add or amend an 'expression of wish' for payment of a death grant;
- complete a membership option form on joining the LGPS.

In addition, pensioner members can:

- update their bank details;
- securely view or download their P60 and payslips;
- view tax code changes.

Active and deferred members can also use the Portal to:

- view their annual benefit statements;
- complete a retirement declaration form;
- obtain a retirement estimate.

Our website

Our website <https://www.hants.gov.uk/hampshire-services/pensions> offers extensive information about membership of the LGPS and scheme regulations, as well as forms and guides for members and links to other relevant organisations. It is regularly updated and offers a news feed for topical information.

Our annual report and the most recent Hampshire Pension Fund valuation report are all available on our website. The website also provides members with information on all aspects of our scheme governance, including details of our Pension Fund Panel and Board, our Fund investment strategy, our Responsible Investment Policy and all our policies relating to the scheme's administration.

We regularly update the website to comply with the accessibility regulations, and we welcome feedback from any member who is experiencing problems with accessing the information on this site. We then work to improve the site or provide information in a different format.

The website provides access to our customer satisfaction survey, where members can leave feedback or register complaints or compliments about our service.

Correspondence

Most of our communication with members is electronic, either through our Member Portal or secure email. However, correspondence relating to bereavement and pension estimates is sent by mail.

If we hold a member's email address, we will email to advise when a letter or document is available for them to view through the Member Portal.

However, if we cannot communicate electronically, we send the information in writing to the member's most recent address.

If a member wishes to opt-out of electronic communications and to receive paper copies instead, we ask that they put their request to us in writing. This enables us to update our records and ensure they receive paper documents.

We also send paper documents to any member living in a country where our website and Member Portal are unavailable.

We can communicate with members in a specific way on request, for example, in large print or Braille.

All emails sent contain a link to our satisfaction survey to encourage feedback from members.

Benefit statements

We make our annual benefit statements available to all members through our Member Portal. If we hold an email address for a member, we email to advise that the statement is available to view on the Portal.

Members can opt-out of this online service and receive paper statements instead.

All statements include explanatory notes, and members are advised where to find a more detailed explanation of their statement on our website.

New members

We ask employers to signpost all new members to our Member Portal, where they will find personal pension information and a membership option form to make choices regarding previous LGPS membership. If they have previous pension benefits, which are not in the LGPS, they are directed to the pension transfer booklet on our website.

Pension saving statements

By 6 October each year, we send a pension saving statement to any member who may be affected by the annual allowance tax limit. This statement is also available to view through the Member Portal.

Pensioner payslips, P60s and annual newsletter

All payslips are available to our pensioners through the Member Portal. If a member has paid income tax during the preceding year, a P60 will also be available through the Portal by the end of May. The member can either view or download copies of their payslips and P60. A pensioner newsletter is added to the Member website every year in March or April.

If we hold a pensioner member's email address, we will send an email to advise when their April payslip is ready to view and when the May payslip and P60 will be available. This email will include a link to our annual pensioner newsletter.

Pensioner members can opt out of electronic communications by putting their request to us in writing. We will then send paper copies of their April and May payslips, P60 and our annual pensioner newsletter. We send these documents to any member living in a country where our website and Member Portal are unavailable.

Declaration of pension entitlement

We need to verify a member's continuing entitlement to receive pension payments:

- every year, for pensioners that live overseas;
- whenever a pensioner payment or mail is returned to us.

We are gradually rolling out a facility to carry out this checking through our Member Portal, using biometrics for identification and verification. In some countries, we are unable to offer this technology. When a member does not use our Member Portal or lives in a country where our biometric identification facility is not provided, we post a paper form to obtain the necessary verification.

Our communication with prospective scheme members

Website

Our website contains extensive information about the LGPS in a dedicated 'About the Scheme' section, which explains the scheme's benefits and regulations. The website provides information about the governance of the Hampshire Pension Fund, including policies, details of the Pension Fund Panel and Board and investments.

Via employers

We provide relevant information about the scheme to employers and ask them to ensure that eligible staff know the scheme benefits and their pension options.

Communication with our employers

- We communicate with employing authorities in various ways to help them meet their responsibilities as scheme employers.

Website

Our website has a dedicated section for employers. It includes technical information, details of training courses, the latest employer news and an Employer Manual which contains details of procedures and employer responsibilities.

The website offers access to our Employer Hub. Employers are asked to register for this service which enables them to view or amend details of their own employee's records, submit forms to us or provide member estimates, depending on their level of access.

Correspondence

We send a regular electronic newsletter, “Pensions Matters”, to employing authorities to keep them up to date with the latest regulation changes and proposals, as well as any changes in administrative processes.

We also send ad hoc email communications under the heading “Stop Press” to advise employers of any changes or information they should be aware of or would find helpful.

Copies of “Pensions Matters” and “Stop Press” emails are added to the employer section of the website.

Employer training

We offer employer training workshops on various topics, in addition to dealing with queries via email or phone.

In addition, Pension Services will work with employers who have individual training needs offering targeted training on request or when a need is identified.

Administration strategy

Our administration strategy is an agreement between the Hampshire Pension Fund (HPF) and the scheme employers and is accessible through our website. It sets out the roles and responsibilities of both our employers and the HPF and indicates the level of service that HPF and the employers will provide each other.

Pension Fund Annual Employers’ Meeting (AEM)

We invite all our employing authorities to attend the Pension Fund Annual Employers’ Meeting. As well as providing information on issues such as the annual report, scheme changes and investment managers’ performance results, the Annual Employers’ Meeting provides opportunities for employers to put questions to the Joint Pension Fund Panel and Board or those presenting.

Employer meetings

We hold employer liaison meetings throughout the year with key employers or those requiring additional support. All employers may request a meeting with us. We also have six-monthly meetings with employer focus groups and attend established employer forums such as the Payroll Officers' Group.

Reports and accounts

We send each employer an electronic copy of the annual report and accounts. We publish an updated Statement of Investment Principles and make it available to employers within three months of the Joint Pension Fund Panel and Board approving any significant amendment.

Valuation report

We send employers the provisional outcome and full actuarial report on the triennial valuation when they are available.

Our communication with Pensions Services staff

We ensure that our staff are kept up to date with regulatory changes to the scheme and updates in our software and our processes so that they can continue to administer the scheme effectively and offer a high-quality service to all stakeholders. Our staff communications include:

- Staff webpages - providing a range of information about regulations, topical pensions news, administrative details, our charity events and access to our suggestion box.
- “Pensworld” - a weekly email bulletin to staff which provides updates on regulation changes, internal processes, software updates and other news.
- Suggestion box – available online to allow staff to submit suggestions which may improve our processing and customer service.
- Employer contact information database – to ensure that staff know the names of authorised employer contacts with whom they can share information.
- Meetings – regular meetings are held across the whole section and within individual teams to share information on new regulations, processes, and other news.
- Staff training includes a structured development programme for new staff, regular training and workshops and the support of staff studying for professional qualifications.

Our communication with other bodies

Members' representatives

We provide information to members' representatives on request where we hold an appropriate authority.

Joint Pension Fund Panel and Board

The Joint Pension Fund Panel and Board receive reports from the Director of Corporate Operations, which cover the administration, governance and investments of the Pension Fund, such as reports:

- from internal audit;
- regarding the performance of the Fund's investment managers;
- on changes to scheme rules.

In addition, the Panel and Board have created a Responsible Investment sub-committee to consider how Environmental, Social and Governance (ESG) issues impact the Fund's investments and make recommendations to the Panel and Board.

Prospective employing authorities

We provide prospective employers with information about the responsibilities and costs of joining the scheme. New employers are invited to employer training sessions.

Local Government Association (LGA)

The LGA provide support for LGPS pension funds and employers in England and Wales and represents their interests to central government and other bodies.

We access many resources on the LGA website and take an active role in their Communications working group and their Technical group, allowing us to discuss regulatory changes and communication issues with other LGPS Funds.

Investment managers and Fund actuaries

We have regular meetings with the Fund Managers who invest the monies belonging to Hampshire Pension Fund (HPF). We also meet the HPF actuaries who measure and value the assets and liabilities of the Fund and set employer contribution rates to keep the Fund in a good position.

Hampshire Pension Fund - Governance Policy Statement

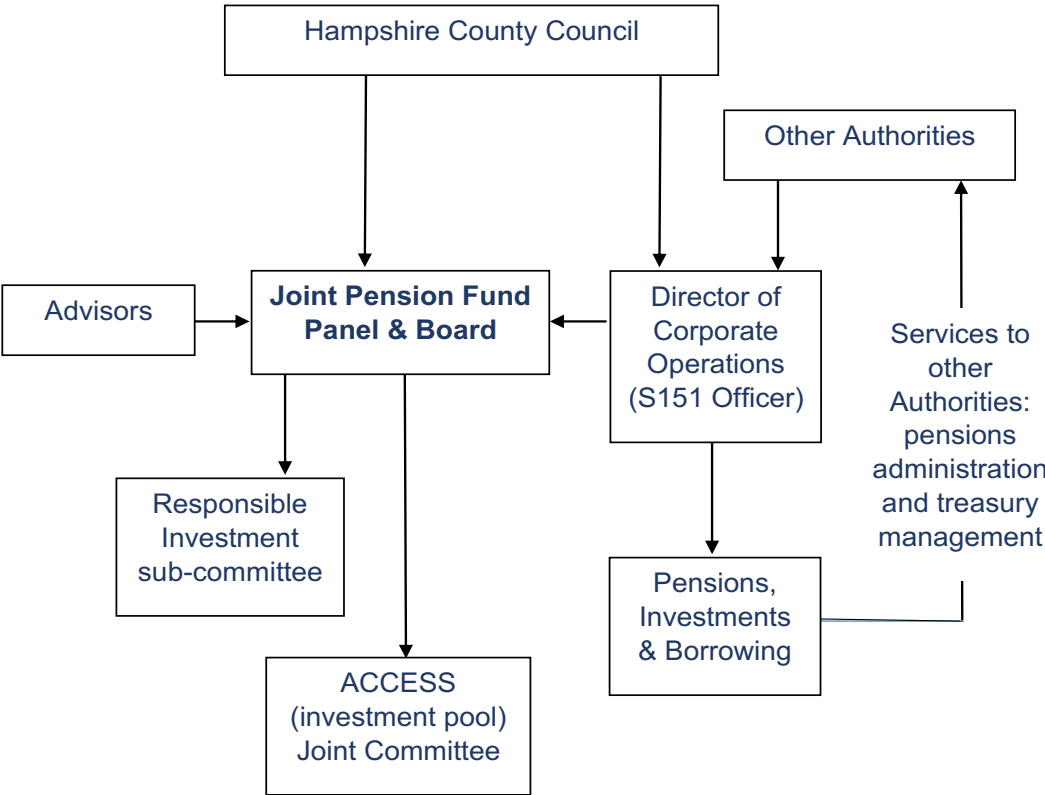

Introduction

This statement outlines the governance arrangements for the Hampshire Pension Fund (the Fund), maintained by Hampshire County Council. Section 55 of the Local Government Pension Scheme Regulations (LGPS) 2013 requires the Fund to maintain this Governance Policy Statement. The Fund is also required to publish a compliance statement under Regulation 73A of the Local Government Pension Scheme Regulations 1997 (as amended) and review that statement on an ongoing basis under Regulation 31 of the 2008 Regulations. Under Regulation 31 (3) (c), there is a requirement to measure the Fund's governance arrangements against several standards set out within guidelines issued by the Ministry for Housing, Communities and Local Government (MHCLG) (which is now called the Department for Levelling Up, Housing and Communities), which appear in Appendix 1.

In accordance with this requirement, the Fund's assessment of its compliance with the standards is outlined as follows.

Governance of the Fund

The following diagram shows the governance structure of the Fund with Hampshire County Council as the Administering Authority.

Pension Committee

The County Council, as Administering Authority for the Hampshire Pension Fund, has delegated responsibility for managing the administration of benefits and investment strategy to the Joint Pension Fund Panel and Board.

The Joint Pension Fund Panel and Board oversee the proper administration and management of the Pension Fund. It is responsible for the following:

- Making suitable custody arrangements for the Fund's investments.
- Considering and approving actuarial valuations every three years and determining the level of employers' contributions.
- Considering changes in pension fund regulations and determining actions required.
- Considering and approving strategic advice on investment policy.
- The selection of an investment pool and holding that pool to account.
- Selecting the pool sub-funds to invest in.
- Appointing external fund managers (for investments held outside of the pool) and advisers.
- Monitoring the investment performance of each manager against their target and benchmark, based on statistics prepared by the custodian and Pension Fund officers, and
- The periodic review of the Investment Strategy Statement, the Fund's Business Plan, its Funding Strategy Statement, this Governance Policy Statement, its

Governance Compliance Statement and the Fund's Communication Policy Statement.

In its role as the Pension Board for the Hampshire Pension Fund, the Pension Fund Panel and Board are responsible for assisting Hampshire County Council as the Administering Authority of the Hampshire Pension Fund to secure compliance with the regulations and any other legislation relating to the governance and administration of the LGPS, for securing compliance with requirements imposed in relation to the LGPS by the Pensions Regulator and for ensuring the effective and efficient governance and administration of the Fund.

The membership of the committee is as follows (all members have full voting rights):

- Nine county councillors.
- Three employer representatives (representing unitary councils, district councils and other employers), and
- Three scheme member representatives (representing active, deferred and pensioner members).

Officers and Advisers

Pension investment, funding and administration are complex areas, and the Fund recognises the need for Joint Pension Fund Panel and Board members to receive appropriate and timely advice and training. The main areas of support from officers are as follows:

- High-level advice on the management of the Pension Fund from the Director of Corporate Operations (also S151 Officer).
- Legal administrative advice from the Monitoring Officer and Hampshire Legal Services.
- Financial and technical advice from the Senior Responsible Officer who is the lead senior support officer and has direct responsibility for implementing funding, investment and administration strategy; budget and service delivery; risk management and compliance through a team of professionally qualified staff.
- Independent assurance on the Fund's risk management, governance and internal control processes from the Southern Internal Audit Partnership.

Clarity of roles and responsibilities is documented in role profiles for officers working for the Pension Fund, and a scheme of delegation is in operation for decision-making.

A range of external specialist advisors is appointed, covering areas such as:

- investment strategy and asset allocation;
- funding strategy and employer covenant review and other actuarial matters;
- specialist legal advice concerning investments and pension administration, and
- corporate governance and responsible investment issues.

Investment Pooling

In response to the 2015 revised LGPS Investment Regulations, Hampshire is a member of the ACCESS (A Collaboration of Central Eastern and Southern Shires) pool. ACCESS is managed by a Joint Committee whose members are the chairmen of the 11 Administering Authorities in the ACCESS pool. The ACCESS Joint Committee is responsible for appointing (via a recommendation to the member authorities) and managing the Pool Operator and for recommending to the Administering Authorities the strategic plan for the transition of assets that are to become Pool Assets.

Conflicts of interest

The Joint Panel and Board's Terms of Reference set out the process for managing conflicts of interest for the committee members. Before becoming a member of the Panel and Board, all Panel and Board must declare any potential conflict of interest to the Monitoring Officer of the County Council and have an ongoing obligation to report any new potential conflicts. All Panel and Board members should disclose any Conflict of Interest in any business of the Panel and Board and may not participate in any discussion of, vote on or discharge any function concerning the matter.

The County Council recognises that its dual role as both an employer participating in the Fund and the body legally tasked with its management can produce the potential for Conflicts of Interest. It is important that these potential conflicts are managed in order to ensure that no actual or perceived Conflict of Interest arises and that all of the Fund’s employers are treated fairly and equitably.

The Fund achieves this in the following ways:

- The Funding Strategy Statement sets out the Fund's approach to all funding-related matters, including setting contribution rates. This policy is set with regard to the advice of the Fund actuary. It is open to consultation with all Fund employers before being formally adopted by the Joint Pension Panel and Board.
- The Fund also has an Admissions Policy which details its approach to admitting new employers to the Fund. This includes its approach to using guarantors, bonds and setting a fixed contribution rate for some employers. This policy, in conjunction with the Funding Strategy Statement, ensures a consistent approach when new employers are admitted into the Fund.
- The Fund's Administration Strategy sets out how the Fund works with its employers and the mutual service standards that are expected. The policy details how the Fund will assist employers in ensuring they are best placed to meet their statutory LGPS obligations. On occasions where an employer's failure to comply with required processes and standards has led to the Fund incurring additional costs, the policy also provides for that cost to be recovered from the employer in question. This policy has been opened to consultation with all the Fund's employers and is operated consistently across the employer base.

The administration of the scheme and investment management arrangements are delivered by Hampshire Pension Services, which also delivers pension administration services to other pension schemes. The appropriate service standards and budget/charges are agreed with each scheme to ensure that sufficient resources are available to meet all customers' requirements and that they receive transparent reports on the service levels they have received.

Sufficiency of resource

The Joint Pension Fund Panel and Board agree to an annual business plan which sets out the actions required to deliver all aspects of the management of the Fund. Delivery of the business plan drives the Fund's budget-setting process, with decisions around recruitment, procurement and specialist support being made with reference to the requirements of the business plan. The Joint Panel and Board review the Fund's operational performance and approve the annual budget. Where necessary additional spend can be authorised by the Joint Panel and Board. Actual spend is monitored by officers, reported to the committee, and published in annual reports and accounts.

The Fund recognises the importance of monitoring and reporting how it delivers its administration objectives. The County Council follows best practice as set out in the Local Government Pensions Committee circular 'Principles of Good Practice for the Management of Local Government Pension Schemes'. Performance against key performance indicators is reported to the Joint Panel and Board twice a year and in the Fund's Annual Report. This reporting includes the extent of any backlogs that may develop over time and remedial action that is being taken to address them.

Engagement

In addition to the representation of scheme members and employers (described above) on the Joint Pension Fund Panel and Board, the Fund carries out a range of activities that are designed to engage employers and scheme members that are set out within the Fund's Communication Strategy and include:

Employers:

- An Annual Employer Meeting which provides an opportunity for employers to receive updates from the Hampshire Pension Fund and the LGPS and related issues.
- A regular electronic newsletter to keep employing authorities up to date with the latest regulation changes and proposals, as well as any changes in administration. Ad hoc email communication is also sent to advise employers of any changes or information they should be aware of or would find useful.
- The Fund's audited accounts and accompanying Annual Report are published annually on the website.
- Regular employer training days, and offer targeted training on request from employers and dealing with queries via phone or email.
- The Employer Services team within Pension Services is available to provide pension support on issues such as outsourcing services or workforce restriction.

Scheme members

- The website is the prime source of information on the pension scheme and ensures timely, up-to-date and easy-to-access information for all our stakeholders.
- Scheme members can register to access the Member Portal, a secure website area where they can view their annual benefit statements and update their personal information.
- A general query call centre is available during office hours, and a general email address for all queries.
- Annual benefit statements are produced each year, showing scheme benefits on 31 March, and made available to all current and deferred members via the Member Portal.
- A newsletter is sent to pensioners each year in March and April.

Training

The Joint Pension Fund Panel and Board use the CIPFA Pensions Finance Knowledge and Skills Framework for Elected Representatives and Non-Executives in the Public Sector, and the CIPFA Technical Knowledge and Skills Framework for Local Pension Boards to ensure they meet the requirements set out in the guidance referenced in the regulations. Members individually complete a Training Needs Analysis each year based on this framework. The results are analysed and any gaps identified are addressed as part of the Panel and Board's ongoing training plan. Details of the training sessions delivered to the Joint Pension Fund Panel and Board are reported in the Fund's Annual Report.

Pension Fund officers will attain the knowledge and understanding they need to be effective and to challenge and act effectively within their decision-making responsibility. Officers involved in the management and administration of the Fund are set annual objectives, which will include an element of personal development. These objectives are monitored as part of each individual's annual appraisal.

Hampshire Pension Fund - Governance Compliance Statement

This statement shows how Hampshire County Council, as the administering authority of the Hampshire Pension Fund, complies with guidance on the governance of the Local Government Pension Scheme (LGPS) issued by the Secretary of State for Communities and Local Government in accordance with the Local Government Pension Scheme (Administration) Regulations 2008.

Ref.	Principles	Compliance	Comments
A	Structure		
a.	That the management of the administration of benefits and strategic management of fund assets rests with the main committee established by the appointing council.	Full compliance.	Hampshire County Council's constitution sets out the functions of the Joint Pension Fund Panel and Board.
b.	That representatives of participating LGPS employers, admission bodies and scheme members (including pensioner and deferred members) are members of either the main or secondary committee established to underpin the work of the main committee.	Full compliance.	The Joint Pension Fund Panel and Board include representatives of the other local authorities in the Fund and pensioner and contributor members.
c.	That where a secondary committee or panel has been established, the structure ensures effective communication across both levels.	Full compliance.	A Responsible Investment (RI) Sub-committee has been established that reports to the Joint Pension Fund Panel and Board.
d.	That where a secondary committee or panel has been established, at least one seat on the main committee is allocated for a member from the secondary committee or panel.	Full compliance.	The RI sub-committee is made up of members of the Joint Pension Fund Panel and Board

Ref.	Principles	Compliance	Comments
B	Representation		
a.	<p>That all key stakeholders have the opportunity to be represented within the main or secondary committee structure. These include:</p> <ul style="list-style-type: none"> • employing authorities (including non-scheme employers, e.g., admission bodies) • scheme members (including deferred and pensioner scheme members) • where appropriate, independent professional observers, and • expert advisers (on an ad-hoc basis). 	Full compliance.	<p>The Joint Pension Fund Panel and Board include representatives of the other local authorities in the Fund and pensioner and contributor members.</p> <p>The Fund's independent adviser attends Joint Pension Fund Panel and Board meetings. Independent professional observers are not regarded as appropriate.</p>
b.	<p>That where lay members sit on a main or secondary committee, they are treated equally in terms of access to papers, meetings, and training. They are given full opportunity to contribute to the decision-making process, with or without voting rights.</p>	Full compliance.	<p>Equal access is provided to all members of the Joint Pension Fund Panel and Board.</p>
C	Selection and role of lay members		
a.	<p>That committee or panel members are fully aware of the status, role and function they must perform on either a main or secondary committee.</p>	Full compliance.	
D	Voting		
a.	<p>That the individual administering authorities on voting rights are clear and transparent, including the justification for not extending voting rights to each body or group</p>	Full compliance.	<p>All representatives on the Joint Pension Fund Panel and Board have full voting rights, but the Panel and Board work</p>

Ref.	Principles	Compliance	Comments
	represented on main LGPS committees.		by consensus without votes often being required.
E	Training/facility time/expenses		
a.	That in relation to how the administering authority takes statutory and related decisions, there is a clear policy on training, facility time and reimbursement of expenses for members involved in the decision-making process.	Full compliance.	Full training and facilities are available to all Joint Pension Fund Panel members and Board.
b.	That where such a policy exists, it applies equally to all members of committees, sub-committees, advisory panels or any other form of secondary forum.	Full compliance.	
c.	That the administering authority considers adopting annual training plans for committee members and maintains a log of all such training undertaken.	Full compliance.	A training plan has been prepared for the Joint Pension Fund Panel and Board, and training logs are maintained for individual Panel and Board members.
F	Meetings (frequency/quorum)		
a.	That an administering authority's main committee or committees meet at least quarterly.	Full compliance.	
b.	That an administering authority's secondary committee or panel meets at least twice a year and is synchronised with the dates when the main committee sits.	Full compliance.	The RI sub-committee meets twice a year.

Ref.	Principles	Compliance	Comments
c.	That an administering authority that does not include lay members in its formal governance arrangements must provide a forum outside of those arrangements to represent the interests of key stakeholders.	Full compliance.	The Joint Pension Fund Panel and Board include lay members. An Annual Employers Meeting of the Pension Fund is held, and road shows are arranged for employers.
G	Access		
a.	That, subject to any rules in the County Council's constitution, all members of main and secondary committees or panels have equal access to committee papers, documents and advice that are due to be considered at meetings of the main committee.	Full compliance.	Equal access is provided to all members of the Joint Pension Fund Panel and Board.
H	Scope		
a.	That administering authorities have taken steps to bring wider scheme issues within the scope of their governance arrangements.	Full compliance.	The Joint Pension Fund Panel and Board deal with Fund administration issues and investment.
I	Publicity		
a.	That administering authorities have published details of their governance arrangements so that stakeholders interested in how the scheme is governed can say they want to be part of those arrangements.	Full compliance.	The County Council's Governance Policy Statement is published in the Pension Fund's Annual Report and on its website.

HAMPSHIRE COUNTY COUNCIL

Decision Report

Decision Maker:	Hampshire Pension Fund Panel and Board
Date:	12 December 2023
Title:	Investments: Pension Fund Cash Monitoring Report and Annual Cash Investment Strategy 2024/25
Report From:	Director of Corporate Operations

Contact name: Daniel O'Rourke

Email: Daniel.O'Rourke@hants.gov.uk

Purpose of this Report

1. This report outlines the investment performance of the cash balances held by the Pension Fund in 2023/24 to 31 October 2023 and recommends the Annual Cash Investment Strategy for 2024/25.

Recommendations

2. That the Annual Cash Investment Strategy for 2024/25, as detailed in paragraphs 26 to 37 of this report, be approved.
3. That, if the Annual Cash Investment Strategy referred to above is approved, that it be implemented from the date of this meeting for the remainder of 2023/24.
4. That the Director of Corporate Operations be authorised to manage the Fund's cash balance in accordance with the policy set out in this report.

Executive Summary

5. This report provides an update on the management of the Pension Fund's cash balances and the Annual Cash Investment Strategy for those cash balances for 2024/25 for approval.
6. In accordance with the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016, an investment policy must be formulated for the investment of the Fund's cash.
7. The production of an Annual Cash Investment Strategy is in line with the recommendations of the Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice 2017 Edition.

Background

8. The Pension Fund's Cash Investment Strategy Statement does not include a strategic allocation in cash as an asset class but it must manage its cash position. The Pension Fund receives cash each month from contributions by employees and employers and income and returns of capital from its illiquid investments (property and alternative investments). It must also manage the obligations to pay pensions and other service providers, plus the capital calls to continue to build-out its illiquid investment portfolios.
9. All of the Pension Fund's liquid investments are invested in pooled funds, either via the ACCESS pool, or investment manager's own funds (for Multi-asset Credit and Asset-backed Securities). Cash in these accounts is retained by the investment managers for reinvestment.

External context

10. The following paragraphs explain the economic and financial background against which the Annual Cash Investment Strategy is being set, which has been provided by the Fund's advisor Arlingclose.

Economic background

11. Bank of England (BoE) increased Bank Rate to 5.25% in August 2023, before maintaining this level in September and then again in November 2023. The November 2023 quarterly Monetary Policy Report (MPR) forecast a prolonged period of weak Gross Domestic Product (GDP) growth with the potential for a mild contraction due to ongoing weak economic activity. The outlook for CPI inflation was deemed to be highly uncertain, with near-term risks to CPI falling to the 2% target coming from potential energy price increases, strong domestic wage growth and persistence in price-setting.
12. Office for National Statistics (ONS) figures showed CPI inflation was 4.6% in October 2023, a greater than expected fall from 6.7% the previous month. Core CPI inflation fell to 5.7% from 6.1%. Looking ahead, using the interest rate path implied by financial markets the BoE expects CPI inflation to continue falling, declining to around 4% by the end of calendar 2023 but taking until early 2025 to reach the 2% target and then falling below target during the second half 2025 and into 2026.

Credit outlook

13. Credit Default Swap (CDS) prices are used as an indicator of credit risk, where higher premiums indicate higher perceived risks. CDS prices were volatile during 2023, spiking in March on the back of banking sector contagion concerns following the major events of Silicon Valley Bank becoming insolvent and the takeover of Credit Suisse by UBS. After then falling back in Quarter 2 of calendar 2023, in the second half of the year, higher interest rates and inflation, the ongoing war in Ukraine, and now the Middle East, have led to CDS prices increasing steadily.
14. On an annual basis, CDS price volatility has so far been lower in 2023 compared to 2022, but this year has seen more of a divergence in prices

between ringfenced (retail) and non-ringfenced (investment) banking entities once again.

15. Moody's revised its outlook on the UK sovereign to stable from negative to reflect its view of restored political predictability following the volatility after the 2022 mini-budget. Moody's also affirmed the Aa3 rating in recognition of the UK's economic resilience and strong institutional framework.
16. Following its rating action on the UK sovereign, Moody's revised the outlook on five UK banks to stable from negative and then followed this by the same action on five rated local authorities. However, within the same update the long-term ratings of those five local authorities were downgraded.
17. There remain competing tensions in the banking sector, on one side from higher interest rates boosting net income and profitability against another of a weakening economic outlook and likely recessions that increase the possibility of a deterioration in the quality of banks' assets.
18. However, the institutions on the Pension Fund's treasury adviser, Arlingclose's, counterparty list remain well-capitalised and their counterparty advice on both recommended institutions and maximum duration remain under constant review and will continue to reflect economic conditions and the credit outlook.

Interest rate forecast

19. Although UK inflation and wage growth remain elevated, the County Council's treasury management adviser Arlingclose forecasts that Bank Rate has peaked at 5.25%. The Bank of England's (BoE) Monetary Policy Committee will cut rates in the medium term to stimulate the UK economy but will be reluctant to do so until it is sure there will be no lingering second-round effects. Arlingclose sees rate cuts from Quarter 3 2024 to a low of around 3% by early to mid 2026.
20. Arlingclose expects long-term gilt yields to eventually fall from current levels (amid continued volatility) reflecting the lower medium-term path for Bank Rate. However, yields will remain relatively higher than in the past, due to quantitative tightening and significant bond supply. As ever, there will undoubtedly be short-term volatility due to economic and political uncertainty and events.

Performance of cash investments

21. The Pension Fund's cash investment holding was £189.5m as at 31 October 2023 which represents around 2% of the Pension Fund's total value. As at 31 October 2023 the weighted average return on the Pension Fund's cash investments was 5.25%pa, which should be considered within the context of a UK Bank Rate of 5.25%pa. Current investments returns are therefore in line with this rate.
22. The cash position at 31 October 2023 and the movement since 31 March 2023 are shown in Table 1.

Table 1 – Cash investment position	31/03/23 Balance	Net movement	31/10/23 Balance	31/10/23 Income return
	£m	£m	£m	%
Banks and building societies: - Unsecured	4.89	5.25	10.14	4.47
Money market funds	35.32	144.03	179.35	5.30
Total	40.21	149.28	189.49	5.25

23. The priority for cash investments is security and liquidity and the Pension Fund's aim is to achieve a yield commensurate with these principles. This has been maintained by following the Pension Fund's counterparty policy as set out in its Annual Cash Investment Strategy for 2023/24, which was approved by the Pension Fund Panel at its meeting in December 2022. A summary of current investments is provided in Table 1.
24. Whilst regulations provide an explicit power for pension funds to borrow for a period of up to 90 days for cash flow purposes, such as allowing scheme benefits to be paid and during a transition period when the investment of the Fund's assets is being changed, the Pension Fund's cash flow will be managed on the basis that the need for borrowing for the Fund is avoided and therefore all of the Pension Fund's cash investments are either overnight or for a very short duration.
25. As previously reported to the Panel and Board, as a result of the significant amount of contributions received in advance, the Pension Fund has an average monthly deficit from dealing with members of £4m (after taking income from its credit and property portfolios), before funding additional property and alternative investments. The Pension Fund has had to fund net calls of £333m for its alternative investments and property portfolios from 1 April to 31 October 2023. To date this has been funded from the £321m of contributions paid in advance by employers on 1 April 2023. Once any excess cash is used to fund the new allocation to Investment Grade Credit (described in further detail below) any ongoing monthly shortfalls will be funded by selling listed equities and asset-backed securities as outlined in the Fund's Investment Strategy, to ensure the total cash balance remains above a minimum level of £60m in line with Hymans Robertson's advice.

Annual cash investment strategy

Strategy context

26. In the past 12 months, the Pension Fund's cash investment balance has ranged between £40.2m and £374.2m. The Fund's cash balance in this period has been higher than would ordinarily be expected, firstly due to receipt of three years' contributions paid in advance in April 2023 by some employers. In addition, current cash levels are elevated in anticipation of finalising the Pension Fund's 5% allocation to Investment Grade Credit as agreed at the last meeting of the Panel and Board in September 2023. This

allocation will be funded from the Pension Fund's current cash investments and the overweight allocations to equity and asset-backed securities (ABS). Once finalised, the cash investment balance is expected to be maintained at a minimum level of £60m, in line with Hymans Robertson's advice.

27. The following Annual Cash Investment Strategy, for the period to 31 March 2025, has been prepared with the advice of the treasury management advisers, Arlingclose. The strategy is intended to manage the normal cashflow expectations as a result of contributions from employers and payments of pension, and the investment and returns of the property and alternative investment portfolios.
28. The primary objective in relation to the investment of Pension Fund cash remains the security of capital. The liquidity or accessibility of the Fund's cash investments followed by the yields earned on these investments are important but secondary considerations.

Risk assessment and credit ratings

29. Credit ratings are obtained and monitored by the treasury advisers, who will notify changes in ratings as they occur. Where an entity has its credit rating downgraded so that it fails to meet the approved investment criteria then:
 - no new investments will be made,
 - any existing investments that can be recalled or sold at no cost will be, and
 - full consideration will be given to the recall or sale of all other existing investments with the affected counterparty.
30. Where a credit rating agency announces that a credit rating is on review for possible downgrade (also known as "rating watch negative" or "credit watch negative") so that it may fall below the approved rating criteria, then only investments that can be withdrawn on the next working day will be made with that organisation until the outcome of the review is announced. This policy will not apply to negative outlooks, which indicate a long-term direction of travel rather than an imminent change of rating.

Other information on the security of investments

31. The Pension Fund understands that credit ratings are good but not perfect predictors of investment default. Full regard will therefore be given to other available information on the credit quality of the organisations in which it invests, including credit default swap prices, financial statements, information on potential government support, reports in the quality financial press and analysis and advice from the County Council's treasury management adviser. No investments will be made with an organisation if there are substantial doubts about its credit quality, even though it may otherwise meet the credit rating criteria.
32. When deteriorating financial market conditions affect the creditworthiness of all organisations, as happened in 2008 and 2020, this is not generally

reflected in credit ratings, but can be seen in other market measures. In these circumstances the Pension Fund will restrict its investments to those organisations of higher credit quality and reduce the maximum duration of its investments to maintain the required level of security. The extent of these restrictions will be in line with prevailing financial market conditions.

Investment limits

33. The cash limits recommended for 2024/25 remain consistent with the 2023/24 cash investment strategy to allow for the suitable investment of forecast cash balances.
34. The limits below apply to the cash received into the Pension Fund’s bank account that is managed internally by officers. The maximum that will be lent to any one organisation (other than the UK Government) will be £25m. A group of entities under the same ownership will be treated as a single organisation for limit purposes. Limits are also placed on fund managers as shown in Table 2.

Table 2: Investment Limits	Cash limit
Any single organisation, except the UK Central Government	£25m each
UK Central Government	Unlimited
Any group of pooled funds under the same management	£25m per manager

Approved investment counterparties and limits

35. Appendix 1 shows a table of counterparty types which the Pension Fund may invest its cash in, subject to the cash limits (per counterparty) and the time limits shown. The Pension Fund will continue to largely invest overnight with banks and money market funds, given that cash is largely held to meet immediate liabilities. Other more secure options that might mitigate the risk of bank bail-ins are available should the Pension Fund be required to hold larger amounts of cash for longer periods. Therefore, the Director of Corporate Operations and his staff will use the guidance of the treasury management advisers, Arlingclose, in order to place cash on deposit, within the limits shown in Appendix 1.

Liquidity management

36. The Pension Fund has due regard for its future cash flows when determining the maximum period for which funds may prudently be committed. Historic cash flows are analysed in addition to significant future cash movements.
37. The Pension Fund will spread its liquid cash over at least four providers (e.g. bank accounts and money market funds) to ensure that access to cash is maintained in the event of operational difficulties at any one provider.

Other items

Investment training

38. The needs of the Pension Fund's treasury management staff for training in investment management are assessed annually as part of the staff appraisal process, and additionally when the responsibilities of individual members of staff change.
39. Staff members regularly attend training courses, seminars and conferences provided by Arlingclose and CIPFA. Relevant staff are also encouraged to study professional qualifications from CIPFA, and other appropriate organisations.
40. The Pension Fund's training policy states that all Panel and Board members should receive appropriate training relevant to their needs and understand fully their roles and responsibilities, which includes treasury management responsibilities, and the scrutiny of the treasury management function.

Investment advisers

41. The Pension Fund has appointed Arlingclose Limited as treasury management advisers and receives specific advice on investment, debt and capital finance issues. The quality of this service is controlled through quarterly review meetings with the Director of Corporate Operations' staff and Arlingclose.

Markets in Financial Instruments Directive

42. The Pension Fund has opted up to professional client status with its providers of financial services, including advisers, brokers and fund managers allowing it access to a greater range of services, but without the greater regulatory protections afforded to individuals and small companies. As a Local Government Pension Scheme, this is the most appropriate status.

Climate Change Impact Assessments

43. Hampshire County Council utilises two decision-making tools to assess the carbon emissions and resilience of its projects and decisions. These tools provide a clear, robust, and transparent way of assessing how projects, policies and initiatives contribute towards the County Council's climate change targets of being carbon neutral and resilient to the impacts of a 2°C temperature rise by 2050. This process ensures that climate change considerations are built into everything the Authority does.
44. The Pension Fund itself has a negligible carbon footprint, but it recognises that the companies and other organisations that it invests in will have their own carbon footprint and a significant role to play in the transition to a lower carbon economy. Therefore, the Pension Fund recognises the risk that environmental, social and governance (ESG) factors including the impact of climate change can materially reduce long-term returns. The Pension Fund has a role to play as an investor, in ensuring that its investment managers are suitably considering the impact and contribution to climate change in their investment decisions and acting as a good steward to encourage these companies to play their part in reducing climate change. This is explained further in the Pension Fund's RI policy:
[InvestmentStrategyStatementincludingRIpolicy.pdf](#) (hants.gov.uk).
45. This report deals with the investment strategy for the Pension Fund's internally managed cash portfolio. In line with the CIPFA code, the Pension Fund's cash balances are invested prioritising security, liquidity and then yield. The cash portfolio is only required to pay pensions, other costs and new investments. There are no further climate change impacts as part of this report which are concerned with financial reporting.

CORPORATE OR LEGAL INFORMATION:**Links to the Strategic Plan**

Hampshire maintains strong and sustainable economic growth and prosperity:	No
People in Hampshire live safe, healthy and independent lives:	No
People in Hampshire enjoy a rich and diverse environment:	No
People in Hampshire enjoy being part of strong, inclusive communities:	No
OR	
This proposal does not link to the Strategic Plan but, nevertheless, requires a decision because of the ongoing need to manage the Hampshire Pension Fund's cash.	

Section 100 D - Local Government Act 1972 - background documents

The following documents discuss facts or matters on which this report, or an important part of it, is based and have been relied upon to a material extent in the preparation of this report. (NB: the list excludes published works and any documents which disclose exempt or confidential information as defined in the Act.)

None

EQUALITIES IMPACT ASSESSMENTS:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

Equality objectives are not considered to be adversely affected by the proposals in this report as the proposals do not directly affect scheme members.

Treasury Investment Counterparties and Limits

Sector	Duration limit	Counterparty limit	Sector limit
The UK Government	2 years	Unlimited	N/A
Local authorities and other government entities	2 years	£25m	Unlimited
Secured investments*	2 years	£25m	Unlimited
Banks (unsecured)*	13 months	£25m	Unlimited
Building societies (unsecured)*	13 months	£25m	£40m
Registered providers (unsecured)*	2 years	£25m	£40m
Money market funds*	N/A	£25m	Unlimited
Strategic pooled funds	N/A	£25m	£100m
Real estate investment trusts	N/A	£25m	£40m
Other investments*	2 years	£25m	£40m

The table must be read in conjunction with the notes below

* Minimum credit rating

Treasury investments in the sectors marked with an asterisk will only be made with entities whose lowest published long-term credit rating is no lower than A-/A3. Where available, the credit rating relevant to the specific investment or class of investment is used, otherwise the counterparty credit rating is used. However, investment decisions are never made solely based on credit ratings, and all other relevant factors including external advice will be taken into account.

For entities without published credit ratings, investments may be made where external advice indicates the entity to be of similar credit quality.

Government

Loans to, and bonds and bills issued or guaranteed by national governments, regional and local authorities and multilateral development banks. These investments are not subject to bail-in and there is generally a lower risk of insolvency, although they are not zero risk. Investments with the UK Government are deemed to be zero credit risk due to its ability to create additional currency and therefore may be made in unlimited amounts for up to 2 years.

Secured investments

These investments are secured on the borrower's assets, which limits the potential losses in the event of insolvency. The amount and quality of the security will be a key factor in the investment decision. Covered bonds and reverse repurchase agreements with banks and building societies are exempt from bail-in.

Where there is no investment specific credit rating, but the collateral upon which the investment is secured has a credit rating, the higher of the collateral credit rating and the counterparty credit rating will be used. The combined secured and unsecured investments with any one counterparty will not exceed the cash limit for secured investments.

Banks and building societies (unsecured)

Accounts, deposits, certificates of deposit and senior unsecured bonds with banks and building societies, other than multilateral development banks. These investments are subject to the risk of credit loss via a bail-in should the regulator determine that the bank is failing or likely to fail. See below for arrangements relating to operational bank accounts

Registered providers (unsecured)

Loans to, and bonds issued or guaranteed by, registered providers of social housing or registered social landlords, formerly known as housing associations. These bodies are regulated by the Regulator of Social Housing (in England), the Scottish Housing Regulator, the Welsh Government and the Department for Communities (in Northern Ireland). As providers of public services, they retain the likelihood of receiving government support if needed.

Money market funds

Pooled funds that offer same-day or short notice liquidity and very low or no price volatility by investing in short-term money markets. They have the advantage over bank accounts of providing wide diversification of investment risks, coupled with the services of a professional fund manager in return for a small fee. Although no sector limit applies to money market funds, the Pension Fund will take care to diversify its liquid investments over a variety of providers to ensure access to cash at all times.

Strategic pooled funds

Shares or units in diversified investment vehicles consisting of bond, equity and property investments. These funds offer enhanced returns over the longer term but are more volatile in the short term and allow the Pension Fund to diversify into asset classes other than cash without the need to own and manage the underlying investments. This sector also includes cash plus funds which are also a type of pooled fund, but are used for short-term funds, with a lower risk appetite. Because strategic pooled funds have no defined maturity date but are available for withdrawal after a notice period; their performance and continued suitability in meeting the Pension Fund's investment objectives will be monitored regularly.

Real estate investment trusts (REITs)

Shares in companies that invest mainly in real estate and pay the majority of their rental income to investors in a similar manner to pooled property funds. As with property funds, REITs offer enhanced returns over the longer term, but are more

volatile especially as the share price reflects changing demand for the shares as well as changes in the value of the underlying properties.

Other investments

This category covers treasury investments not listed above, for example unsecured corporate bonds and company loans. Non-bank companies cannot be bailed-in but can become insolvent placing the Pension Fund's investment at risk.

Operational bank accounts

The Pension Fund may incur operational exposures, for example through current accounts, to any UK bank with credit ratings no lower than BBB- and with assets greater than £25 billion. These are not classed as investments but are still subject to the risk of a bank bail-in and balances will therefore be kept low. The Bank of England has stated that in the event of failure, banks with assets greater than £25 billion are more likely to be bailed-in than made insolvent, increasing the chance of the Pension Fund maintaining operational continuity.

HAMPSHIRE COUNTY COUNCIL

Decision Report

Decision Panel:	Pension Fund Panel and Board
Date:	12 December 2023
Title:	Governance: Administration performance update
Report From:	Director of Corporate Operations

Contact name: Lois Downer, Head of Pension Administration

Email: lois.downer@hants.gov.uk

Purpose of this Report

1. The purpose of this report for the Panel and Board to approve draft statutory statements for 2023 and to receive an update on administration performance in the first six months of 2023/24.

Recommendation(s)

2. That the Panel and Board approve the revised Administration Strategy in Appendix 1.
3. That the Panel and Board approve the revised Funding Strategy Statement (Appendix 2) and Employer Policy (Appendix 3).
4. That the Panel and Board note the rest of the information contained in the report and the exempt appendix.

Executive Summary

5. In the first six months of 2023/24 Pension Services have:
 - continued to meet service standards for all casework, as well as produce annual benefit statements for almost 100% of active and 100% of deferred members
 - consulted with Employers on the draft Administration Strategy, Funding Strategy Statement and Employer Policy
 - measured and submitted the common and conditional data scores to the Pensions Regulator

- continued to work on the McCloud remedy and work for the Pension Dashboard Program
- participated in external benchmarking which has confirmed HPS as high service and low cost.

Performance against service standards (KPIs)

6. The tables below show the performance for the first two quarters of 2022/23. All casework was measured against a 15 day standard, apart from re-joiners which have a 20 day standard, and deferred benefits which have a 30 day standard.

Q1 2023/24

Type of Case	Time to Complete						Total	% completed on time	Average days
	0 – 5 days	6 – 10 days	11 -15 days	16 – 20 days	21 – 30 days	31+ days			
Active Retirement	188	66	33	0	0	0	287	100.00%	5
Deferred Retirement	232	216	184	0	0	0	632	100.00%	8
Estimates	143	371	589	0	0	0	1,103	100.00%	10
Deferred Benefits	110	8	23	38	1,693	0	1,872	100.00%	25
Transfers In & Out	14	35	10	0	0	0	59	100.00%	8
Divorce	77	15	10	0	0	0	102	100.00%	4
Refunds	16	63	306	0	0	0	385	100.00%	11
Rejoinders	47	83	68	82	0	0	280	100.00%	11

Death Benefits	223	50	64	0	0	0	337	100.00%	5
Grand Total	1,141	963	1,313	120	1,693	0	5,230	100.00%	

Q2 2023/24

Type of Case	Time to Complete						Total	% completed on time	Average days
	0 – 5 days	6 – 10 days	11 -15 days	16 – 20 days	21 – 30 days	31+ days			
Active Retirement	143	135	81	0	0	0	359	100.00%	7
Deferred Retirement	217	278	247	0	0	0	742	100.00%	8
Estimates	139	498	575	0	0	0	1,212	100.00%	10
Deferred Benefits	64	21	34	91	1,641	0	1,851	100.00%	25
Transfers In & Out	23	36	28	0	0	0	87	100.00%	8
Divorce	10	60	50	0	0	0	120	100.00%	9
Refunds	36	215	141	0	0	0	392	100.00%	9
Rejoinders	35	56	71	135	0	0	297	100.00%	13
Interfunds	63	101	126	0	0	0	290	100.00%	9
Death Benefits	196	60	46	0	0	0	302	100.00%	5
Grand Total	926	1,460	1,399	226	1,641	0	5,652	100.00%	

7. A table showing the banded value of pensions currently in payment is shown below, with an average annual amount of £5,560.

Value of annual pension	Members	Average age	Total annual amount
Less than £500	7,338	68	£1,654,977
£500 - £1,000	5,563	71	£4,122,233
£1,001 - £1,500	4,624	71	£5,776,453
£1,501 - £3,000	9,709	72	£21,249,899
£3,001 - £6,000	10,343	72	£44,751,107
£6,001 - £12,000	8,136	72	£68,577,042
£12,001 - £24,000	4,403	72	£72,879,806
£24,001 - £36,000	1,341	72	£39,032,819
£36,001 - £48,000	441	72	£17,993,998
More than £48,000	225	73	£13,771,355
Total	52,123	71.63	£289,809,689

8. The Panel and Board also requested information on the value of benefits which are due to members but have not yet been claimed. For most members, benefits can be taken at any age from 55 to 75. There is a group of members who left the scheme before 1 April 1998 whose benefits are payable without reductions at a specific age. HPS contact members three months before the age at which the benefits can be paid without reductions and again if the member has not taken their benefits by age 74.

The table below shows the Fund has 544 unclaimed pensions i.e. those where the member is now over 75 or those where the member left prior to 1 April 1998 and whose payment date has now passed (734 in December 2022). The total value of these pensions is £846,450 and the largest unclaimed pension is just under £14,000 per year. All those over 75 have been submitted for address tracing, along with deferred members with unclaimed pensions greater than £4,000 where no response has been received to the initial claim letter.

Value of annual pension	Number of members	Total amount
Less than £500	137	£24,924
£500 - £1,000	110	£83,331
£1,001 - £1,500	87	£110,808
£1,501 - £3,000	143	£308,680
£3,001 - £6,000	53	£205,924
More than £6,000	14	£112,783
Total	544	£846,450

End of year returns and employer performance

9. It was reported to the Panel and Board in July that there had been an overall decrease in the quality and timeliness of the annual returns provided by employers. The team has been working with employers to try understand any specific issues that may have arisen.

10. During the annual return process, employers are measured for timeliness, financial control and data quality. Any Scheme Employer who is highlighted as a concern, or who has a red rating for data quality, is required to complete a data validation exercise to confirm that the membership data we hold for the current year is up to date and correct. 80 employers have received a letter asking them to complete a data validation exercise by 31 December 2023.

11. A chart of employer performance for the 2023 annual return process is shown below but in summary:
 - Only 5 out of the 11 largest employers (more than 500 employees) were rated green for data quality
 - 81 employers were benchmarked with 'major data quality issues' (red rating)
 - 67 of these employers are schools (including academies)
 - 57 of these use an external payroll provider

- 43 employers received a red rating for data quality despite being rated amber or green in the previous year
- 25 employers improved their data quality rating this year

Annual benefit and pension savings statements

- Annual benefit statements were produced for 99.73% of active members and for 100% of deferred members by the statutory deadline of 31 August 2023, with over 148,500 produced in total. Of the 168 active members who did not have a statement by the deadline, 100 statements are still outstanding of which the majority relate to a large TUPE transfer by an employer meaning it is not possible to produce an active statement until the transfer is completed.
- Pension Savings Statements (PSS) were produced by the statutory deadline of 6 October for the 87 members who were identified as breaching the annual allowance limit in 2022/23. Of these 87 members, 28 have a tax charge which they will either pay directly or via the scheme pays facility.

Annual Employer Meeting 2023

- The Annual Employer meeting was held in person on 11 October with 43 representatives from 35 different employers (the rest of the attendees were internal staff, Panel and Board members and the external speakers). 23 confirmed attendees did not attend on the day.

15. Following the AEM attendees were asked for their feedback on the sessions, with 24 responses received to date. Of these,

- 96% thought the AEM was good or excellent
- 100% said it met their expectations in terms of providing information they had wanted to know.

A further link to an online survey has been sent via the latest employer newsletter and this feedback will be added to the initial responses received.

Administration Strategy

16. The Fund's Administration Strategy sets out the roles and responsibilities of the Fund and its employers including the performance measures used to evaluate the levels of service each provides to the other.

17. Proposed changes to the Administration Strategy seek to formalise the requirement for employers to provide a named contact to be responsible for LGPS data and also to be more explicit on the administrative charges the Fund will make for late submission or poor quality data on annual returns. These changes are set out on pages 4-5 and 11-12 of the draft Strategy included as Appendix 1 to this paper.

18. Following feedback from an internal audit, the timescales for the payment of death grants have been clarified on page 16 of the draft Strategy.

19. A minor change has been made to discretion 12 in Appendix C of the Strategy (page 19) to clarify that employers are expected to make a one off upfront payment for any early retirement strain charges which are due.

20. Employers were asked to feedback on these draft changes during a four week period of consultation. One employer fed back in agreement with the administrative charges for poor quality data. No other comments were received. The Panel and Board are therefore asked to approve the draft Administration Strategy in Appendix 1.

Funding Strategy Statement and Employer Policy

21. The Funding Strategy Statement (FSS) sets out the processes by which the administering authority establishes a clear and transparent funding strategy which best meets employer's pension liabilities. The Employer Policy provides more of the detail of how the Fund interacts with employers in line with the FSS.

22. Proposed changes have been made to the FSS and the Employer Policy in light of the Department for Education (DfE) policy paper on the guarantee for academy trusts. This paper confirmed that the DfE guarantee for academies (which ensures that in the event of a closure of an academy trust any outstanding LGPS liabilities will not fall on the Fund) extends to academy contractors provided the contractor and academy have a 'pass through' arrangement whereby the academy retains the pension risk. Consequently in this situation there is no greater risk to the Fund of a failure of an academy contractor than there is for an academy and the policy has been updated to allow:
- most academy contractors to be admitted to the Academy Group and receive a contribution rate based on the Secure Scheduled Bodies funding target
 - clarification that the Academy Group employers will share any surplus in proportion to their liabilities (not just their deficits).
23. These changes are shown on pages 9 ,11 and 30 of the FSS attached as Appendix 2 to this report and on pages 2-4 and 9-10 of the Employer Policy included as Appendix 3 to this report. Employers were consulted on these proposed changes during a four week consultation. Six responses were received in total with two academy trusts and one housing association agreeing with the changes. The three employers with responsibility for maintained schools responded to request that if a maintained school outsourced services on a pass through basis, those contractors could also benefit from a contribution rate based on the Secure Scheduled Bodies funding target. The Fund Actuary agreed that extending this arrangement to maintained schools does not introduce additional risk to the Fund and therefore the documents were updated to make this change.
24. No other feedback was received from employers during the four week consultation. The Panel and Board are therefore asked to approve the draft Funding Strategy Statement and Employer Policy as set out in Appendices 2 and 3 to this report.

The Pension Regulator scheme return

25. The Pension Regulator (TPR) requires schemes to complete an annual return providing details of the contributing employers and governance arrangements. Since 2018, TPR has required schemes to report on the presence and accuracy of common data (information about the individual and basic retirement information) and conditional data (required to calculate specific scheme benefits) as part of the annual return.
26. The score is based on a pass/fail approach for each member against all data items. This means that if an individual has a single piece of data missing

then the individual will count as a fail (even if all other data is present and accurate).

27. The common data score for 2023 has been calculated as 97% (the same as in 2022). Maintaining the score despite an increase of over 5,000 records shows that the processes in place to provide clean data are working in practice. The main reason for records failing the common data checks is that 4,419 records still have a 'lost contact' address status despite an exercise to trace records in 2021/22.

It is important to note that whilst it is a requirement to hold a valid home address, greater focus over the last year has been given to holding an email address and ensuring that members are aware of the need to update their personal data through the Member Portal.

28. The conditional data score has also stayed the same as in 2022 at 96%. There were two main reasons for records failing the conditional data checks:
- Pensionable pay information is not held in the correct field for ? active (reduced from 511 in 2022) and ? deferred members (2,472 in 2022)
 - 3,280 records do not hold a 'crystallised benefit value'.

Pensionable pay information is not required for the deferred records because benefits already been calculated (the pay will be on the record, but just not in the expected field, and may only be on the documents due to the record having been migrated from previous administration systems). The pay for the active members will be cleansed as part of the annual end of year processes.

The records missing 'crystallised benefit value' check are all pensioner status and the data does not impact anything in terms of benefits payable or external reporting to HMRC. Consequently this is a low priority data cleanse item.

McCloud

29. The regulations required to amend the LGPS for the McCloud remedy came into force on 1 October 2023. All retirements for active and deferred members affected by the remedy now include the underpin test to check whether the member would be better off with final salary or CARE benefits for the remedy period (1 April 2014 to 31 March 2022). There has only been one case to date (an estimate with a significant increase in final salary pay) where the underpin would have an effect on the benefits.
30. DLUHC have issued guidance on prioritisation for reviewing casework for those affected by the remedy who have already left active membership (i.e.

retirements, deferreds, transfers out and deaths of eligible members which occurred from 1 April 2014 to 30 September 2023). This is to ensure that Funds are broadly working to the same timescales. The table below sets out the members who are eligible for remedy based on the information held by HPS (some members may be eligible due to their membership of other public pension schemes of which HPS is not yet aware).

Status	Number of members in scope
Active	14,614
Deferred	13,196
Pensioner (including Triv Comm)	6,015
Deceased (Beneficiaries to be contacted)	447
Transfers Out	994
Total	35,266

31. The team are still working on uploading data from employers to records in order that full service history is held so that the underpin calculation can be run (data is being entered on a case by case basis for retirements). This work needs to be completed before the annual benefit statement process at the end of 2024/2025 so that the underpin calculation can be included in statements in August 2025.

Pension Dashboard Programme

32. It was reported to the Panel and Board in July that due to the delay to the Pensions Dashboard Program (PDP) announced by the Department for Works and Pensions in March 2023, Civica do not yet have a formal date for when they will now be asked to connect to the dashboard.

Although no formal announcement has been made, it is now likely that public sector schemes will be required to connect in September 2025. HPS are ready to pick up this project once it recommences and in the meantime the team are attending the various relevant briefings and webinars.

GMP rectification

33. Intellica have continued to work on the calculations required for GMP rectification; correcting pension over and under payments which have arisen as a result of discrepancies in GMP values held by HMRC compared to those held by the Fund.
34. As agreed by the Panel and Board in July 2022, the Director of Corporate Operations has considered whether making these adjustments will cause financial hardship. For cases where the outcome of the GMP exercise would be a reduction in the LGPS pension payable, the Scottish Public

Pensions Agency introduced legislation for the LGPS in Scotland which allowed the GMP value to be corrected but for an additional balancing payment to be made so that the overall pension continues to be paid at the same rate rather than reducing any amounts in payment. Following a discussion with the Fund's actuary and legal advisers it has been agreed that the Director will send a letter to the Department for Levelling Up, Housing and Communities (DLUHC) requesting they introduce similar legislation into the LGPS for England and Wales. Without this legislation the Fund will have no option other than to reduce pensions in payment to their correct amount, although it has already been agreed that no recovery of previously overpaid amounts will be made. The table below shows a breakdown of the potential reductions in pensions. 24 pensioners would receive a reduction of more than £150 a month, ranging from 4% to 24% of their pension.

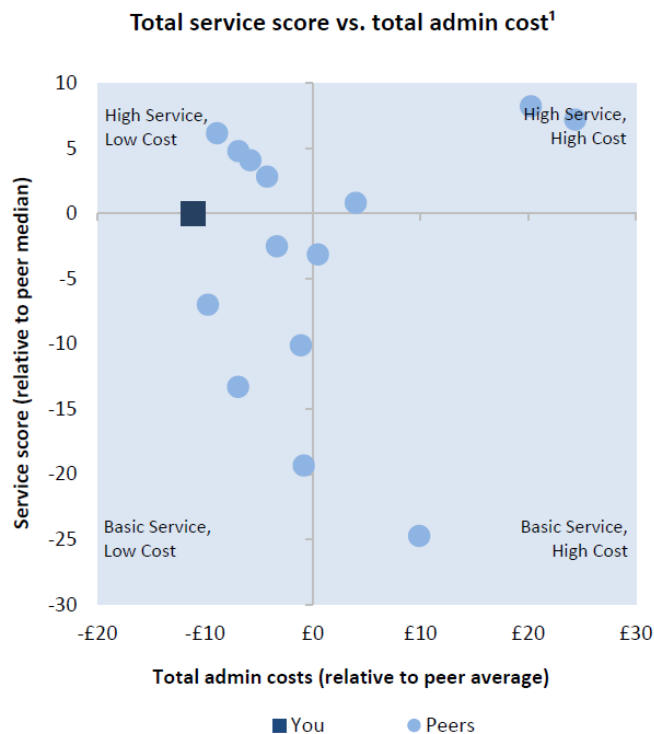

Change	Number affected	Average age	Oldest	Youngest	Average length of time in payment	Longest time in payment
Decrease between £1 and £5	452	75	88	70	13 years 3 months	28 years
Decrease between £5.01 and £15	323	77	91	70	15 years 8 months	35 years
Decrease between £15.01 and £50	232	76	91	70	16 years 7 months	41 years
Decrease greater than £50	203	78	92	70	18 years 6 months	38 years

35. Sending this letter to DLUHC will mean that no adjustments will be made to pensions in payment until after the application of the pensions increase in April 2024. If, following DLUHC's response, reductions in payments are required then pensioners will be given suitable notice of the change with at least three month's notice being given to those with the greatest reduction.

CEM administration benchmarking

36. Hampshire Pension Services have participated for the first time in a benchmarking exercise for pension administration. The company involved, CEM benchmarking, work with over 400 funds worldwide to provide benchmarking insight into how to maximise value for money services.
37. For the purposes of this exercise, CEM compared HPS costs and service to members with that of 14 peer group schemes of between 94,000 and 656,500 members. 11 of the peer group were LGPS; the other three were large UK 'public sector like' defined benefit schemes.
38. The data provided to CEM included the administration provided by HPS for Hampshire, West Sussex, the London Borough of Hillingdon, the City of Westminster, Hampshire and IOW Fire and Rescue and Hampshire and IOW Constabulary.

39. CEM summarise each Fund's relative position on a cost effectiveness graph which measures total service score against total administration cost. HPS have a median score for service and an administration cost £11.07 lower than the adjusted peer average, positioning HPS in the high service / low cost quadrant shown below.

Employer exits

40. Details of three employer exits are contained in an exempt appendix to this report.

Climate Change Impact Assessments

41. Hampshire County Council utilises two decision-making tools to assess the carbon emissions and resilience of its projects and decisions. These tools provide a clear, robust, and transparent way of assessing how projects, policies and initiatives contribute towards the County Council's climate change targets of being carbon neutral and resilient to the impacts of a 2°C temperature rise by 2050. This process ensures that climate change considerations are built into everything the Authority does.
42. The climate change and carbon control mitigation tools were not applicable for this report because the decisions in this report relate to the in-house

management of the administration of the pension scheme and therefore have a neutral impact on climate change.

REQUIRED CORPORATE AND LEGAL INFORMATION:

Links to the Strategic Plan

Hampshire maintains strong and sustainable economic growth and prosperity:	yes/no
People in Hampshire live safe, healthy and independent lives:	yes/no
People in Hampshire enjoy a rich and diverse environment:	yes/no
People in Hampshire enjoy being part of strong, inclusive communities:	yes/no
OR	
This proposal does not link to the Strategic Plan but, nevertheless, requires a decision because the Pension Fund Panel and Board need to approve the draft Funding Strategy Statement, Employer Policy and Communication Policy.

EQUALITIES IMPACT ASSESSMENT:

43. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

44. Equalities Impact Assessment:

Equality objectives are not considered to be adversely affected by the information in this report as it affects all scheme members.

Hampshire Pension Fund – Administration Strategy

I Introduction

- 1.1 Hampshire County Council is the administering authority for the Local Government Pension Scheme (LGPS) on behalf of the employers participating in the LGPS through the Hampshire Pension Fund (HPF). The LGPS is governed by statutory regulations.
- 1.2 HPF provides a high quality pension service to members and employers, to ensure members receive their correct pension benefits. This is best achieved where HPF and the employers are clear about their roles and responsibilities and work in partnership.
- 1.3 This strategy statement:
 - sets out the roles and responsibilities of HPF and the employers
 - specifies the level of services HPF and the employers will provide to each other
 - explains the performance measures used to evaluate them
 - is an agreement between HPF and the employers

2 Pension Administration Strategy

- 2.1 This strategy is an agreement between the Hampshire Pension Fund and all participating bodies. All parties commit to the following principles:
 - provide a high quality and low cost pension service to members
 - continually develop efficient working arrangements
 - meet HPF's service standards
 - an annual report of performance
 - take responsibility to provide accurate and timely information
 - keep the pension administration strategy under review and revise where appropriate.
- 2.2 This strategy statement was produced by HPF in consultation with the employers and is reviewed annually . It is hereby agreed that each of the parties as defined in this agreement and the scheme regulations, shall abide by the requirements of this agreement.
 - HPF shall monitor the requirements of this agreement and report its findings to the Hampshire Pension Fund Panel and Board.
 - Changes are subject to consultation with the employers. Variations must be agreed with HPF and confirmed in writing.
- 2.3 Please keep a copy of this strategy for your records. The original will be held at the offices of the Hampshire Pension Fund and will be made available to any scheme member, past or present, wishing to have sight of the document.

Hampshire Pension Fund – Administration Strategy

3 Roles and responsibilities

- 3.1 The quality of service to members depends on the supply of accurate and timely information.
- 3.2 Employer duties, responsibilities and discretions are listed in Appendix A to this agreement.
- 3.3 HPF's duties and responsibilities are listed in Appendix B to this agreement.

4 The Regulations – effect on strategy

- 4.1 This strategy sets out certain duties and responsibilities.
 - It does not override any provision or requirement in the Regulations or any overriding legislation.
 - The intentions of the Regulations in their application to current members, potential members, deferred members and retired members must be complied with.
- 4.2 This agreement is based on:
 - Current regulations:
 - the Local Government Pension Scheme Regulations 2013, and any amendments;
 - the Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014, and any amendments;
 - Any earlier LGPS regulations as they continue to apply
 - Overriding legislation including, but not limited to,
 - the Public Service Pension Act 2013
 - the Local Government (Early Termination of Employment) (Discretionary Compensation) (England & Wales) Regulations 2006
 - Occupation and Personal Pension Scheme (Disclosure of Information) Regulations 2013

5 Definitions

- 5.1 For the purpose of this Administration Agreement:
 - “**Administering Authority**”, ‘Hampshire Pension Fund (HPF) and the Fund means Hampshire County Council;
 - “**Employing authority**” or “**employer**” means an employer within the Hampshire Pension Fund; and
 - “**Scheme**” means the Local Government Pension Scheme, and
 - “**The Panel**” means the Hampshire Pension Fund Panel and Board

Hampshire Pension Fund – Administration Strategy

6 Communication

- 6.1 The HPF Communications Policy Statement outlines how the Fund communicates with all stakeholders, including employers.
- 6.2 HPF routinely provides information and resources for employers using
- its website, www.hants.gov.uk/pensions with an employers' section
 - an electronic newsletter called Pension Matters
 - an employer manual and other guides available on the HPF website.
- 6.3 HPF will make available to the employer an up to date list of LGPS publications which will be available from the HPF website or as otherwise indicated.
- 6.4 HPF will communicate to the employer on an ad hoc basis and as required in respect of matters relating to the LGPS.
- 6.5 HPF will ensure that sufficient information is issued in the form of newsletters, booklets and other materials to satisfy the requirements of The Occupational, Personal and Stakeholder Pension Schemes (Disclosure of Information) (Amendment) Regulations 2013.
- 6.6 HPF will notify the employer of changes to administrative procedures that may arise as a result of changes in pension scheme regulations and update standard documentation on the HPF website.
- 6.7 HPF will issue electronic forms, newsletters, booklets and such other materials as are necessary in the administration of the LGPS, for members and the employers.
- 6.8 Employers should provide contact details at least annually, and whenever a named contact changes, on the Employer Contacts and Authorisation form.
- 6.9 Employers may provide information about members to HPF in a variety of ways, including electronic and paper forms or directly updating electronic pension records. Forms used must be up to date, and are available on the HPF website. Employers who update electronic pension records directly are fully supported via initial and refresher training and day to day support.

7 Performance measurement and reporting

- 7.1 Pensions Services will monitor, measure and report compliance with the agreed service standards. This information will be reported to the Panel, and improvement plans put in place if necessary.
- 7.2 Where this information reveals problems in employers meeting the standards, HPF will consult and work with the relevant employers to improve compliance and performance levels by providing appropriate support, guidance, and training.

Hampshire Pension Fund – Administration Strategy

- 7.3 Where, as part of the annual return process or any other monitoring activity, there are concerns about the accuracy of an employer's data, the employer will be required to undertake a data cleanse exercise and make a declaration that they have fulfilled all of their requirements to notify the fund of changes. Details of the data cleanse requirements will be provided as part of the annual returns process.
- 7.4 Where poor performance affects Pension Services meeting statutory deadlines, consideration will be given to the requirement to report this to the Pension Regulator.

8 Costs

- 8.1 The Fund Actuary determines employer contribution rates for the three years following each triennial valuation. The rates and adjustments certificate provides details of all payments which are due from employers in the fund.
- 8.2 The costs of the standard administration service, including actuarial fees for the triennial valuation, are charged directly to HPF. These administration costs are taken into account by the Fund Actuary when assessing the employers' contribution rates.
- 8.3 Where Pension Services incur additional administration costs due to the pension implications of an Employer restructuring (e.g. outsourcing, creation of a company, change of legal status etc) a separate additional administration charge will be made. The charge will be based on estimated staff time and will be notified to the employer before any work is carried out.
- 8.4 Where additional actuarial or legal services are required by, or result from the decisions and actions of, the employer, the employer will be required to reimburse HPF for the costs involved. Where appropriate, an estimate of these costs will be provided and the employer's agreement obtained before proceeding to instruct the service provider.
- 8.5 If HPF incurs interest charges as a result of a late notification of retirement from the employer, it may recharge to the employer the interest incurred on the late payment of the lump sum.
- 8.6 Employers may also be required to pay for additional work, including estimates which are in addition to the agreed allocation, or for requesting work to be completed faster than the normal service standards. The employer's agreement to the charge will be obtained prior to the work being carried out.
- 8.7 If in exceptional circumstances HPF agrees to an employer deferring payment of their employer contributions, interest will be charged on the deferred contributions at a rate equal to the underlying discount rate used to calculate the employer contribution.

9 Penalties

- 9.1 Commitment to the principles of this statement (see 2.1) should mean that any non-compliance is addressed promptly, with no need to resort to a penalty. However, the following actions are possible:

Hampshire Pension Fund – Administration Strategy

- Where payment over of contributions is late more than once in any 12 month period, HPF will issue the employer with a written notice of unsatisfactory performance and may levy a charge of £150 for the late payment as well as charge interest on the late payment at a daily rate equal to the Bank of England’s base rate plus 1%.
- Persistent failure to comply with contributions payment requirements will result in HPF informing The Pensions Regulator as required of Scheme Administrators by the Pensions Act 2004.
- Where the employer fails to comply with their scheme duties, including failure to pay contributions due, HPF reserves the right to notify the member(s) involved and to notify all members employed by the employer in the event of serious or persistent failure.
- If additional and disproportionate resources are deployed by HPF because of an employer’s poor performance, the cost of the additional resources may be re-charged to the employer according to powers available under scheme regulations. Written notice will be given of the reasons for the re-charge, how the cost was calculated, and the part of this statement which, in HPF’s opinion, was contravened. The following table of charges applies to the annual return and employer performance benchmarking process.

Event	Charge levied
Failure to provide a complete annual return by 30 April	£150 per return, increasing by £150 for each further month this is late
Failure to provide full responses to queries raised through the annual return process within 10 working days	£50 per chaser communication
For Employers who are rated red for data quality as part of annual return benchmarking for 2 or more consecutive years a charge will be incurred on all queries raised	£25 per query
Additional work to correct records due to incorrect submission of annual return data	£35 per hour

- Where orders or instructions issued by The Pensions Regulator, the Pensions Ombudsman or other regulatory body require financial compensation or a fine to be paid by HPF, or by any officer responsible for it, and it is due to the default, omission or otherwise negligent act of the employer, the sum concerned will be recharged to the employer.

Hampshire Pension Fund – Administration Strategy

- Where, as a result of the employer's failure to notify HPF of the final retirement details in a timely manner, payment of any retirement lump sum is not made within 30 days from the date of the member's retirement, HPF may issue the employer with a written notice of unsatisfactory performance and may charge the employer for the interest payment made.
- Where it is proven that the employer is not responsible for any fine or penalty imposed by The Pensions Regulator or any other statutory body as a result of non-compliance of this Service Level Agreement, any such charge will automatically default to HPF.
- From time to time, HPF offer training and support to employers through 'Employer Days' and workshops. There is no charge made to an employer for attending this event, however HPF reserves the right to charge a late cancellation fee of £100 + VAT, where at least one week's notice has not been given of non attendance.

Hampshire Pension Fund – Administration Strategy

Appendix A - Employer Responsibilities

The main duties of the employers as set out in the Regulations are set out in the table below, together with timescales for completion where appropriate.

Employer responsibility	Timescale
Decide who is eligible to become a member of the LGPS and the date from which membership of the LGPS starts). Notify HPF of the new member details and provide employee with details of the pension scheme.	Within 10 working days following the end of the month in which the employee joined the LGPS.
Determine the rate of employee contributions to be deducted from the employee’s pensionable pay and, where the employee holds more than one post, the rate that should be applied to each post. This should be reviewed at least annually or more often where employer policy states	For the first pay period in which the employee joins the LGPS
Move employees into the 50:50 section	From the next pay period after receiving the employee’s request
Provide an amendment form to advise of change to/from 50:50 section	Within 10 working days following the change
Collect and pay to the HPF the deduction of the correct rate of pension contributions payable by the employee and the employer, including any additional employee contributions of any kind.	Payment over to HPF by 22 nd of the month following deduction
Complete monthly remittance form containing detail of the contributions payment.	Send to Pension Services with payment of contributions every month
Collect and pay over AVC contributions to the specified AVC provider in accordance with statutory timescales Notify HPF of a member’s election to pay, vary or cease AVCs.	Payment over to HPF by 22 nd of the month following deduction
Refund contributions through the payroll to any employee who opts out of the scheme with less than 3 months membership.	From the next pay period after receiving the employee’s request to opt out

Hampshire Pension Fund – Administration Strategy

Employer responsibility	Timescale
Notify HPF of opt out and refund through payroll by providing a copy of the opt out form	Within 10 working days following the end of the month in which the employee left the scheme
Calculate assumed pensionable pay for any employees who met this requirement under the regulations.	As required
Leavers (excluding retirements/casuals) When an employee's LGPS membership ends, determine the reason for leaving and entitlement to benefit and notify the HPF, supplying timely and accurate information to HPF so that benefits payable from the LGPS are calculated correctly.	Within 10 working days following the end of the month in which the employee was last paid
Leavers (casuals) When an employee's LGPS membership ends, determine the reason for leaving and entitlement to benefit and notify the HPF, supplying timely and accurate information to HPF so that benefits payable from the LGPS are calculated correctly.	Within 10 working days following the end of the month the employer is aware they have left or were last paid
Retirements When an employee's LGPS membership ends on the grounds of retirement, determine the reason for retirement and entitlement to benefit and notify the HPF, supplying timely and accurate information to HPF so that benefits payable from the LGPS are calculated correctly.	Within 20 working days before an employee's retirement date
Use an independent registered medical practitioner qualified in occupational health medicine in determining requests for ill health retirement.	As required
Write, publish and maintain a policy on areas of the regulations in which employers can exercise their discretion.	In accordance with regulations and then regular review. Notify HPF and members of any changes to those policies within one month of setting a policy and the changes taking effect.

Hampshire Pension Fund – Administration Strategy

Employer responsibility	Timescale
Appoint a person to consider applications from members regarding decisions, acts or omissions and to decide on those applications.	On entry to the HPF and review as required
Provide annual information to HPF with full details of the contributions paid by members in the year. Respond to queries on the annual return raised by HPF.	By 30 April each year Respond to queries within 10 working days of receipt
The employer will maintain employment records for each member for the purposes of determining membership and entitlement to benefits. The employer must keep a full pay history for the 13 years, ending 31 March, before the member leaves the scheme.	As required
Notify HPF of a member's death and next of kin's details.	Within 5 working days of the member's death.
Supply details required for completion of an estimate.	Within 10 working days of the member's request
Distribute information relating to the publication of annual benefit statements and any other notifications to active members as requested by HPF.	Within 20 working days of receipt
Notify HPF of any TUPE transfer. Complete TUPE forms for each member transferring.	Notify HPF of the transfer as soon as possible in advance of the transfer date. Part A of the TUPE form completed within 10 working days following the end of the month in which the transfer took place.

Hampshire Pension Fund – Administration Strategy

Employer responsibility	Timescale
<p>Notify HPF of any outsourcing arrangements which impact on employees eligible to the LGPS</p> <p>Where an admission agreement is required, the Scheme employer should complete an 'Outsourcing data capture' form, transferring 'staff data capture' form and 'Undertaking of costs' form</p> <p>Ensure admission agreement is finalised</p> <p>Provide individual TUPE forms for transferring staff to HPF</p>	<p>As soon as possible but no later than 20 working days before change</p> <p>As soon as possible but no later than 20 working days before change</p> <p>No later than date of transfer</p> <p>Part A of the TUPE form completed within 10 working days following the end of the month in which the transfer took place</p>
<p>Notify HPF of a change of payroll provider by completing a 'Employer Change of payroll provider' form</p> <p>Submit individual 'Change of payroll provider' forms to HPF for all transferring employees</p> <p>Provide notification of new payroll numbers (if applicable) to HPF</p> <p>Complete a mid year return if date of change is not 1 April</p>	<p>As soon as possible but no later than 20 working days before change</p> <p>Within 20 working days post transfer</p> <p>Within 20 working days post transfer</p> <p>Within 40 working days post transfer</p>
<p>Designate a named individual to act as the main contact for any aspect of administering the LGPS</p>	<p>Within 30 days of becoming a scheme employer or within one month of the change in officer role.</p>

Hampshire Pension Fund – Administration Strategy

Employer responsibility	Timescale
Complete and return an 'Employers contact form' detailing authorised signatories. Form available by emailing pensions.employer@hants.gov.uk	Within 30 days of becoming a scheme employer or within one month of the change in officer role.
Fully respond to all queries relating to data submitted to the Fund within 10 working days (or such shorter timescale as required for queries relating to annual returns which are received after the deadline)	Within 10 working days of receipt of the request.

Hampshire Pension Fund – Administration Strategy

Appendix B - HPF Responsibilities

The overriding responsibility of HPF is to maintain the Hampshire Pension Fund in accordance with the regulations.

HPF will provide the following within the timescales shown. A reduced timescale may be agreed in exceptional cases at an employer's request.

HPF responsibility	Timescales
Invest pension contributions and account for and manage the Pension Fund's assets.	Daily.
Allocate all contributions submitted by the employer to their respective income codes and reconcile the total contributions paid on a yearly basis.	Annually.
Appoint Additional Voluntary Contributions provider(s).	As required.
Appoint an actuary for the purposes of the triennial valuation of the Fund and to provide periodical actuarial advice when required.	As required, in line with procurement provisions.
Provide accurate, timely data to the Fund actuary.	As required.
Correspond with and commission any information required of the Fund Actuary on behalf of the employer.	As required.
Arrange for the triennial valuation of the Pension Fund and provide the employer with a copy of the valuation report and the annual report and statement of accounts.	Every three years.
Arrange for the annual accounting report to be provided to all employers requiring such a report.	Annually.
Publish and review the Pension Fund's Policies and Funding Strategy Statement, and prepare annual report and accounts.	Annual review and publication.
Notify the employers of any significant changes to: <ul style="list-style-type: none"> • Regulations that might affect members in their employ; • policies made by the administering authority under the Regulations; or • procedures adopted by it in accordance with this strategy. Advice will be given to the employers in respect of matters arising from the interpretation and implementation of the Regulations.	As required.

Hampshire Pension Fund – Administration Strategy

HPF responsibility	Timescales
Maintain a complaints procedure including the appointment of a specified person to act as a local referee at Stage 2 of the dispute process.	As required.
Write, publish and maintain a policy on areas of the regulations in which employers can exercise their discretion.	In accordance with regulations and then regular review. Notify employers and members of any changes to those policies within 30 working days of the changes taking effect.
Answer enquiries made by members	Within 5 working days or sooner where possible Where an enquiry will take longer than 5 days to resolve, HPF will notify the member and keep the member updated.
Set up a record for each new member and issue a statutory notification.	Within 20 working days from when notified of their membership.
Make payment of a refund of contributions to an eligible member who leaves with less than 2 years service.	Within 15 working days of receipt of the election form from the member
Issue annual benefit statements on member self service to active members or send paper copies where written notification is received to opt out of member self service	By 31 August after relevant annual return information from the employer is received and uploaded
Provide an estimate of pension benefits on request from the employer, and details of any capital costs to be paid by them.	Within 15 working days of receipt of all relevant information
Amend a member's record.	Within 15 working days from when the change was notified.

Hampshire Pension Fund – Administration Strategy

HPF responsibility	Timescales
Calculate benefits due when a member leaves employment and send details to the member.	Within 15 working days for retirements, or within 30 working days for deferred benefits, on receipt of all information needed to make the final calculation
Send a benefit statement to all deferred members showing the accrued benefits to the date of leaving and the other options available to them in accordance with the Regulations.	Annually by 31 August
Pay retirement lump sums.	Within 10 days of the retirement date or of receipt of all information from the employer and member if later.
Provide details of the final capital costs to be paid by the employer into the Pension Fund.	Within 10 working days of completing the calculation.
Calculate and process transfers of members' pension rights inwards.	Within 15 working days of receipt of all information
Calculate and process transfers of members' pension rights outwards to public sector/TPR approved schemes.	Within 15 working days of receipt of all information
Calculate and process transfers of members' pension rights outwards to any other pension scheme ¹	Within 15 working days of transfer approval
Acknowledge in writing the death of a member.	Within 5 working days of being notified of the death.

¹ The Occupational and Personal Pension Schemes (Conditions for Transfers) Regulations 2021 require schemes to carry out additional due diligence for requests to transfer to schemes which do not meet the First Condition as set out under the regulations. Consequently these transfers need to go through an additional approval process which must be completed before the transfer can be processed.

Hampshire Pension Fund – Administration Strategy

HPF responsibility	Timescales
Supply survivor beneficiaries with notification of their dependant's pension including the method of calculation.	Within 15 working days of all the information being received.
Pay any death grant due	Within 10 working days of receiving the distribution decision.
Set up dependant record on pensioner payroll.	Within 10 working days of completing the calculation of entitlement
Apply pensions increases annually to the relevant pensions in payment and deferred pensions retained in the Fund in accordance with the Pensions Increase (Review) Order issued by the Government.	Annually

Hampshire Pension Fund – Administration Strategy

Appendix C – Administering Authority discretions and delegated authority for approval

The table below sets out how the Hampshire Pension Fund (HPF) chooses to exercise its discretions under the LGPS regulations, together with the delegated authority for approval where a further decision exists.

	Discretion	Regulation	Policy	Delegated authority for approval
1.	Whether to agree to an admission agreement with a Care Trust, NHS Scheme employing authority, Care Quality Commission or any other body applying to be an admission body	R4(2)(b), R5(5) & RSch 2, Part 3, para 1	HPF will enter into an admission agreement where the requirements that it has set down and issued to prospective bodies are met.	Team Manager –Employer Services
2.	Whether to terminate a transferee admission agreement in the event of: <ul style="list-style-type: none"> - Insolvency, winding up or liquidation of the body - Breach by that body of its obligations under the admission agreement - Failure by that body to pay over sums due to the Fund within a reasonable period of being requested to do so 	RSch 2, Part 3, para 9(d)	HPF will decide any case on its merits.	Director of Corporate Operations
3.	Define what is meant by 'employed in connection with'	RSch 2, Part 3, para12(a)	HPF admission agreements specify this as the employee spending at least 50% of his time employed by the admission body carrying out duties relevant to the provision of the services.	N/A
4.	Whether to turn down a request to pay an APC/SCAPC over a period of time where it would be impractical to allow such a request (e.g. where the sum being paid is very small and could be paid as a single payment)	R16(1)	HPF has not set a minimum payment threshold.	N/A
5.	Whether to require a satisfactory medical before agreeing to an application to pay an APC / SCAPC	R16(10)	HPF does not require those applying to take out an APC to pass a medical.	N/A

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
6.	Whether to turn down an application to pay an APC / SCAPC if not satisfied that the member is in reasonably good health.	R16(10)	HPF will turn down an application if there are sound reasons to believe the applicant is not in good health	Head of Pension Administration
7.	Whether to charge member for provision of an estimate of additional pension that would be provided by the Scheme in return for transfer in of in house AVC / SCAVC funds (where AVC / SCAVC arrangement was entered into before 1 / 4 / 14)	TP15(1)d & A28(2)	HPF charges for estimates in accordance with its estimates policy.	N/A
8.	Decide to whom any AVC/SCAVC monies (including life assurance monies) are to be paid on death of the member	R17(12)	HPF will decide each case on its merits, after assessing all potential beneficiaries, but will take into account the member's valid expression of wish form.	Team Manager – Member Services
9.	Pension account may be kept in such form as considered appropriate	R22(3)(c)	HPF will decide the form in which pension accounts are kept based on any published guidance, best practice and in an efficient manner.	N/A
10.	Decide, in the absence of an election from the member within 12 months of ceasing a concurrent employment, which ongoing employment benefits from the concurrent employment which has ceased should be aggregated (where there is more than one ongoing employment)	TP10(9)	HPF will aggregate with the earliest remaining employment.	N/A

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
11.	If an Employer has become defunct, the administering authority is required to make decisions on ill health and early payment of benefits. Including whether to waive, in whole or in part, actuarial reduction on benefits paid on flexible retirement or on benefits which a member voluntarily draws before normal pension age.	R30(8) TP12(6) R38(3) R38(6) B30(2) B30(5) B30A(3) B30A(5) B31(4) B31(7) TPSch 2, para 1(2) & 1(1)(c) TP3(1), TPSch 2 para 2(1)	HPF will exercise this discretion in accordance with, and to the extent of (if any) the policy and practice of the former employer. If no policy exists, HPF will not waive any reduction or otherwise agree to a retirement which would incur an employer strain charge. HPF will assess ill health retirement decisions, including the use of 2008 certificates, on a case by case basis.	Head of Pensions, Investments & Borrowing
12.	Whether to require any strain on Fund costs to be paid 'up front' by employing authority following payment of benefits under: flexible retirement; redundancy / business efficiency; the waiver (in whole or in part) of any actuarial reduction that would have otherwise been applied to benefits which a member voluntarily draws before normal pension age; release of benefits before age 60.	R68(2) TPSch 2, para 2(3) L80(5) B30 or B30A	HPF requires employers to make a one off upfront payment of strain charges following any decision to allow early payment of benefits (other than ill health).	N/A
13.	Whether to extend the time limits within which a member must give notice of the wish to draw benefits before normal pension age or upon flexible retirement.	R32(7)	No extension will be granted, unless appropriate to the individual circumstances of a case.	Head of Pension Administration

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
14.	Decide whether to commute small pension	R34(1) R39 (1) (b) & (c) B39 T14(3) L49 & L156	HPF will allow commutation of eligible small pension pots.	N/A
15.	Approve medical advisers used by employers (for ill health benefits)	R36(3) L97(10)	HPF requires employers to provide details of medical advisers used for assessing entitlement to ill health benefits and will liaise with any employer who is using a medical adviser of which HPF does not approve.	Head of Pensions, Investments & Borrowing
16.	Decide to whom death grant is paid	TP17(5) to (8) R40(2) R43(2) R46(2) B23(2) & B32(2) B35(2) TSch1 L155(4) L38(1) L155(4) E8	HPF will decide each case on its merits, after assessing all potential beneficiaries, but will take into account the member's valid expression of wish form.	Head of Pensions, Investments & Borrowing
17.	Decide, in the absence of an election from the member, which benefit is to be paid where the member would be entitled to a benefit under 2 or more regulations in respect of the same period of Scheme membership	R49(1)(c) B42(1)(c)	HPF will choose the benefit entitlement that yields the highest level of benefits for the member.	Team Manager - Member Services
18.	Whether to set up a separate admission agreement fund	R54(1)	HPF has decided not to set up a separate admission agreement fund.	Director of Corporate Operations

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
19.	Maintain a governance policy which contains the information set out in the regulations	R55	HPF has a written governance policy which contains the required information and is regularly reviewed.	Pension Fund Panel and Board
20.	Decide on Funding Strategy for inclusion in funding strategy statement	R58	HPF has a funding strategy which is included in the funding strategy statement.	Pension Fund Panel and Board
21.	Whether to have a written pensions administration strategy and if so, the matters it should include	R59(1) and (2)	HPF has a written pensions administration strategy.	Pension Fund Panel and Board
22.	Maintain a communication policy which contains the information set out in the regulations	R61	HPF has a written communication policy which contains the required information and is regularly reviewed.	Pension Fund Panel and Board
23.	Whether to obtain revision of employer's contribution rate if there are circumstances which make it likely a Scheme employer will become an exiting employer	R64(4)	HPF will decide each case on its merits, with advice from the Fund Actuary.	Director of Corporate Operations
24.	Decide whether to obtain a new rates and adjustments certificate if the Secretary of State amends the Benefits Regulations as part of the 'cost sharing' under R63	R65	HPF will make this decision as it arises, with advice from the Fund Actuary.	Director of Corporate Operations

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
25.	Decide the frequency of payments to be made over to the Fund by employers and whether to make an admin charge	R69(1) L81(1) L12(5)	<p>HPF has determined the interval for payment of employer contributions to be monthly (other than for employers who make advance payment of their contributions on 1 April). Payments are due monthly by 22nd of the month following deduction.</p> <p>However if in exceptional circumstances an employer makes a request to defer payment of employer contributions, consideration to this will be given on a case by case basis. Factors which will be considered include, but are not limited to; the overall financial security of the organisation making the request, the likelihood that deferring may lead to contributions not being paid within the year, the support of any guarantor or related local authority to the deferment. If a request is agreed, then deferred payments will be subject to interest at the underlying discount rate for the employer.</p> <p>HPF reserves the right to ask the Fund Actuary to take into account the timing of deferred payments when determining the allocation of assets. This is so that any material increase in markets is not unfairly attributed to employers during a period of non payment.</p>	Head of Pensions, Investments & Borrowing

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
			Administration costs are taken into account by the actuary when setting employer contribution rates.	
26.	Decide the form and frequency of information to accompany payments to the Fund	R69(4) L81(5)	Employers are required to complete a monthly remittance form with their payment showing a breakdown of contributions.	Team Manager - Finance
27.	Whether to issue employer with notice to recover additional costs incurred as a result of the employer's level of performance	R70 and TP22(2)	HPF will work with employers to improve performance but if additional and disproportionate resources are deployed by HPF because of an employer's poor performance, the cost of the additional resources may be re-charged.	Head of Pension Administration
28.	Whether to charge interest on payments by employers which are overdue	R71(1) L82(1)	HPF will charge interest on payments which are more than one month overdue.	Head of Pension Administration
29.	Decide whether to extend six month period to lodge a stage one IDRPs to be heard by the administering authority	R74(4)	HPF will not extend the 6 month period, unless the circumstances of the individual case warrant an extension.	Head of Pensions, Investments & Borrowing
30.	Decide procedure to be followed when exercising its IDRPs functions and decide the manner in which those functions are to be exercised	R74(6) R76(4) L99	HPF has a documented and compliant IDRPs process.	N/A
31.	Whether admin authority should appeal against employer decision (or lack of a decision)	R79(2) L105(1)	HPF would take the decision to appeal based on the merits of the individual case.	Head of Pensions, Investments & Borrowing
32.	Specify information to be supplied by employers to enable admin. authority to discharge its functions	R80(1)(b) & TP22(1)	HPF provides employers with full guidance as to the information they must supply.	N/A

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
33.	Whether to pay death grant due to personal representatives or anyone appearing to be beneficially entitled to the estate without need for grant of probate / letters of administration where payment is less than amount specified in the Administration of Estates (Small Payments) Act 1965.	R82(2) A52(2) L95	HPF will pay death grants that are under the amount specified in the Administration of Estates (Small Payments) Act 1965 without the need for grant of probate / letters of administration.	N/A
34.	Whether, where a person (other than an eligible child) is incapable of managing their affairs, to pay the whole or part of that person's pension benefits to another person for their benefit.	R83 A52A	HPF will decide who should receive payment of benefits, based on the circumstances of the individual case.	Head of Pensions, Investments & Borrowing
35.	Date to which benefits shown on annual benefit statement are calculated.	R89(5) L106A(5)	HPF uses 31 March, but will revise this if regulatory requirements, administrative efficiency or best practice demand it.	N/A
36.	Extend normal time limit for acceptance of a transfer value beyond 12 months from joining the LGPS.	R100(6)	HPF will not extend the 12 month limit, except if warranted by the individual circumstances of the case.	Head of Pension Administration
37.	Allow transfer of pension rights into the Fund.	R100(7)	HPF will allow transfers into the Fund.	N/A
38.	Where member to whom B10 applies (use of average of 3 years pay for final pay purposes) dies before making an election, whether to make that election on behalf of the deceased member. Make election on behalf of deceased member with a certificate of protection of pension benefits i.e. determine best pay figure to use in the benefit calculations (pay cuts / restrictions occurring pre 1.4.08.).	TP3(6), TP4(6)(c), TP8(4), TP10(2)(a), TP17(2)(b) TSch 1 L23(9) B10(2)	HPF will choose the pay figure that would yield the highest overall level of benefits for beneficiaries.	Team Manager – Member Services
39.	Decide to treat child as being in continuous education or vocational training despite a break.	RSch 1 & TP17(9) B39 T14(3)	HPF will treat a child as being in continuous education or vocational training despite a break.	N/A

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
40.	Decide evidence required to determine financial dependence of cohabiting partner on scheme member or financial interdependence of cohabiting partner and scheme member.	RSch 1 & TP17(9)(b) B25	HPF will decide the evidence required to determine financial dependence, based on guidance and best practice. For most cases, utility bills, bank statements or mortgage documentation in joint names will be accepted.	Team Manager - Member Services
41.	Decide policy on abatement of pensions following re-employment, including the pre April 14 element for post 14 leavers.	TP3(13) & A70(1)* & A71(4)(c) T12 L109 L110(4)b	HPF will not abate pension for any re-employment starting after 1 April 2014. Pensions already abated at this date will continue to be abated until the re-employment ends.	N/A
42.	Extend time period for capitalisation of added years contract	TP15(1)(c) & TSch1 & L83(5)	HPF will not extend the time limit for applications to pay off added years contracts.	N/A
43.	Outstanding employee contributions can be recovered as a simple debt or by deduction from benefits	A45(3) L89(3)	HPF will usually recover as a deduction from benefits.	Team Manager - Member Services
44.	Whether to pay the whole or part of a child's pension to another person for the benefit of that child.	B27(5) L47(2) G11(2)	All pensions due to children under 16 will be paid to another person for the benefit of the child. After age 16, HPF will normally pay to the child, unless the circumstances of the individual case mean that the payments should continue to be made to another person.	N/A
45.	Extend normal 12 month period following end of relevant reserve forces leave for "Cancelling notice" to be submitted by a councillor member requesting that the service should not be treated as relevant reserve forces service.	L17(4),(7),(8), & L89(4) & Sch 1	HPF will not extend the 12 month period.	N/A

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
46.	Select appropriate final pay period for deceased non-councillor member (leavers post 31.3.98. / pre 1.4.08.).	L22(7)	HPF will choose the appropriate pay period that would yield the highest overall level of benefits for beneficiaries.	Team Manager - Member Services
47.	Apportionment of children's pension amongst eligible children (children of councillor members and children of post 31.3.98 / pre 1.4.08. leavers).	L47(1) G11(1)	HPF will apportion children's pension equally amongst eligible children.	N/A
48.	Commute benefits due to exceptional ill-health (councillor members, pre 1.4.08. leavers and pre 1.4.08. Pension Credit members).	L50 and L157	HPF will commute benefits due to exceptional ill health, provided regulatory conditions are met.	N/A
49.	Whether acceptance of AVC election is subject to a minimum payment (councillors only).	L60(5)	HPF does not set a minimum payment threshold for AVCs	N/A
50.	Timing of pension increase payments by employers to fund (pre 1.4.08. leavers).	L91(6)	Employer payments are paid monthly on account, with an annual balancing charge after the year end.	N/A
51.	Retention of CEP where member transfers out (councillors and pre 1.4.08. leavers).	L118	CEP will be paid with transfers out rather than being retained in the Fund.	N/A
52.	Discharge Pension Credit liability (in respect of Pension Sharing Orders for councillors and pre 1.4.08. Pension Sharing Orders for non-councillor members).	L147	HPF will discharge its liability by conferring pension credit rights on the person entitled to the pension credit.	N/A
53.	Whether to pay spouse's pensions for life for pre 1.4.98 retirees / pre 1.4.98 deferreds who die on or after 1.4.98. (rather than ceasing during any period of remarriage or co-habitation).	F7	HPF will pay spouse's LGPS pensions for life.	N/A
54.	Agree to pay annual compensation on behalf of employer and recharge payments to employer.	DC31(2)	HPF will pay compensation on behalf of an employer, subject to acceptable recharge arrangements.	Head of Pension Administration

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
55.	Whether to agree to that an admission agreement may take effect on a date before the date on which it is executed.	RSch2, Part 3, para 14	As set out in the Employer Policy, HPF requires employers to notify the Fund of any outsourcing as soon as possible and complete an admission agreement with sufficient time before the contract start date. However each case will be decided on its merits, with advice from the Fund Actuary.	Head of Pension Administration
56.	Whether to extend the period beyond 6 months from the date an Employer ceases to be a Scheme Employer, by which to pay an exit credit	R64 (2ZA)	As set out in the Employer Policy, HPF will agree a later date with an employer if circumstances mean that an exit credit cannot be paid within 6 months of the employer exiting the Fund.	Head of Employer Services
57.	To determine the amount of an exit credit, which may be zero	R64 (2ZAB)	HPF will determine the amount of any exit credit to be paid with regard to the factors set out in the regulations, in accordance with the policy in the Funding Strategy Statement and Employer Policy.	Head of Pension Administration
58.	Whether to suspend (by way of issuing a suspension notice) for up to 3 years an employer's obligation to pay an exit payment where the employer is again likely to have active members within the specified period of suspension.	R64(2A)	As set out in the Employer Policy, HPF will exercise this discretion in relation to Town or Parish Councils. Any other circumstance will be considered on its merits with advice from the Fund Actuary.	Head of Employer Services

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
59.	To decide whether it is legally able to offer voluntary scheme pays and, if so, to decide the circumstances (if any) upon which it would do so.	RPS 2	HPF will allow a request for Voluntary Scheme Pays (VSP) where the tax charge is over £1,000 and under £2,000 in relation to an excess over the standard annual allowance. Any request for VSP below this minimum will be considered on a case by case basis with regard for the administration cost of administering a small pension debit. In addition, HPF will allow a request for VSP in relation to a tax charge of £1,000 or more which has arisen in relation to an excess over a tapered annual allowance (including any amount up to £2,000 over the standard annual allowance if the total tax charge is more than £1,000).	Head of Pension Administration
60.	Appoint an Actuary	Reg 64.	Appoint using a compliant procurement route such as the National LGPS Framework.	Chief Finance Officer (Director of Corporate Operations)
61.	To decide to open a bank account to receive amounts due under the regulations	IN 4,6	As set out in the County Council's Financial Procedures all arrangements with bankers must be made only by the Chief Financial Officer, who is authorised to operate any bank accounts considered necessary. Management of the Pension Fund's cash balances will be undertaken following the Fund's Cash Strategy agreed by the Pension Fund Panel and Board.	Chief Finance Officer (Director of Corporate Operations) Director of Corporate Operations as delegated to the Investments and Borrowing Team via the Treasury Management Procedures and Decision Sheets

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
62.	To decide to open a custodian bank account to receive income and capital deriving from investments	IN 4	The Panel and Board will be asked to approve the procurement and contracting with a custodian bank for the service of safekeeping of the Fund's investments.	Director of Corporate Operations when agreed by the Panel and Board
63.	To decide to pay costs, charges and expenses incurred in administering the pension fund	IN 4	Costs, charges and expenses will be paid that have due incurred by the Pension Funds	As per the County Council's hierarchy of budget holder responsibility
64.	To decide to borrow to meet obligations to pay pensions or to meet investment commitments when changing between different types of investment	IN 5	The Pension Fund's cash strategy as agreed by the Panel and Board is to avoid borrowing other than in the exceptional circumstances as set out in Regulations	Director of Corporate Operations to agree decision sheet with Treasury Management Team
65.	To decide to commission investment advice	IN 7	<p>The Panel and Board will decide when they wish to procure specialist investment advice and independent advice.</p> <p>Director of Corporate Operations will commission advice when necessary for the day-to-day operation of the Pension Fund.</p>	Head of Pensions, Investments & Borrowing
66.	To decide where to invest money	IN 7	The Panel and Board must agree an Investment Strategy Statement which specifies the types of investments that the Pension Fund will make.	Panel and Board
67.	To decide which investment pool to join	IN 7	The Panel and Board has recommended to Council that Hampshire joins the ACCESS pool and County Council agreed that Hampshire signed the pool's Inter-Authority Agreement.	County Council

Hampshire Pension Fund – Administration Strategy

	Discretion	Regulation	Policy	Delegated authority for approval
68.	To decide to appoint or change the appointment of investment managers	IN 9	<p>Investment manager appointments will be made in line with the Pension Fund's Investment Strategy Statement, where appropriate taking options available from the ACCESS pool.</p> <p>Administration of the Pension Funds investment will be undertaken by the Fund's officers to make payments to meeting investment commitments and commission the relevant services when necessary e.g. legal advice, tax advice, transition management and class action services.</p>	<p>Panel and Board</p> <p>Director of Corporate Operations to approve the Pension Fund's authorised signatory list in line with the Corporate Schedule of Payments list</p>
69.	Responsibility for the day-to-day operation of the Pension Fund		Operations are split between two teams; Administration and Investments & Borrowing	Head of Pension Administration and Head of Investments & Borrowing

Hampshire Pension Fund – Funding Strategy Statement

1. Introduction

This section sets out the legislative context for the Funding Strategy Statement as well as the aims and purpose of the Fund and the responsibilities of the key parties.

1.1. Background

The Local Government Pension Scheme Regulations 2013 require the Fund to prepare and publish a Funding Strategy Statement (FSS). The Fund's Actuary must have regard to this statement when setting employers' contribution rates.

As required by 2013 Regulation 58, the Statement has been reviewed (and where appropriate revised) having regard to guidance published by CIPFA in September 2016.

Changes have been made regarding the Academies Group, in particular relating to contractors, following Department for Education policy paper of 17 May 2023.

1.2. Consultation

In accordance with Regulation 58, all Fund employers have been consulted on the contents of this FSS and their views have been considered in formulating it.

However, the FSS describes a single strategy for the Fund as a whole.

The Fund's Actuary, **Hymans Robertson LLP**, has also been consulted on the content of this FSS.

1.3. Purpose of the Funding Strategy Statement

The purpose of this FSS is to set out the processes by which the administering authority establishes a clear and transparent funding strategy, that will identify how employers' pension liabilities are best met going forward.

The processes set out in this FSS detail the strategy which:

- supports the desirability of maintaining as nearly constant a primary contribution rate as possible, as defined in Regulation 62(5) of the LGPS Regulations 2013.
- ensures that the regulatory requirements to set contributions so as to ensure the solvency and long-term cost efficiency of the Fund are met.
- takes a prudent longer-term view of funding those liabilities.
- makes use of the provisions of Regulation 64(7A), 64A, and 64B

The overriding focus of the FSS are on those actions that are in the best long term interests of the Fund. Therefore, to ensure that all parties to the FSS share a common understanding, the aims and purpose of the Fund are set out below.

Hampshire Pension Fund – Funding Strategy Statement

1.4. Aims of the Fund

The Fund has three main aims which are to:

- manage the employers' liabilities effectively and ensure that sufficient resources are available to meet all liabilities as they fall due
- enable primary contribution rates to be kept nearly constant as possible (subject to the Administering Authority not taking undue risk) at reasonable cost to the taxpayers, scheduled, resolution and admitted bodies. This aim is subject to the Fund achieving and maintaining fund solvency and long-term cost efficiency, assessed in light of the risk profile of the Fund and employers, and the risk appetite of the administering authority and employers alike.
- seek returns on investment within reasonable risk parameters.

The main aims of the Fund are explained in more detail in Appendix 1.

1.5. Purpose of the Fund

The purpose of the Fund is to:

- receive monies in respect of contributions, transfer values and investment income
- pay out monies in respect of scheme benefits, transfer values, costs, charges and expenses, as defined in the Local Government Pension Scheme Regulations 2013 and as required in the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016.

1.6. Roles and responsibilities of key parties

The efficient and effective management of the pension fund can only be achieved if all parties exercise their statutory duties and responsibilities conscientiously and diligently. There are a wide range of stakeholders in LGPS funds, all of whom have a role in its effective management. For the purpose of the FSS, the roles and responsibilities of the three key parties; the administering authority, individual employers and the Fund actuary are set out in Appendix 2.

1.7. Links to the Fund's Investment Strategy Statement

The Administering Authority has produced this Funding Strategy Statement having taken an overall view of the level of risk in the investment policy set out in the Investment Strategy Statement (available from the Pension Fund's [website](#)).

1.8. Future monitoring

The Administering Authority plans to review this FSS as part of the three-yearly actuarial valuation process unless circumstances arise that require earlier action.

The Administering Authority and the Fund's Actuary will monitor the Fund's solvency position at regular intervals between valuations. Discussions will be held with the

Hampshire Pension Fund – Funding Strategy Statement

Fund's Actuary to establish whether any changes are significant enough to require further action, such as informing employers of the need for different employers' contribution rates after the next valuation.

Hampshire Pension Fund – Funding Strategy Statement

2. Funding Strategy

2.1. Risk based approach

The Fund utilises a risk based approach to funding strategy.

A risk based approach entails carrying out the actuarial valuation on the basis of the assessed likelihood of meeting the funding objectives, rather than relying on a 'deterministic' approach which gives little idea of the associated risk. In practice, three key decisions are required for the risk based approach:

- what the Solvency Target should be (the funding objective - where the Administering Authority wants the Fund to get to),
- the Trajectory Period (how quickly the Administering Authority wants the Fund to get there), and
- the Probability of Funding Success (how likely the Administering Authority wants it to be now that the Fund will actually achieve the Solvency Target by the end of the Trajectory Period).

These three choices, supported by risk modelling carried out by the Fund's actuary, define the discount rate (investment return assumption) to be adopted and, by extension, the appropriate employer contributions payable. Together they measure the riskiness (and hence also the degree of prudence) of the funding strategy.

These three terms are considered in more detail in sections 2.1.1 to 2.1.3 below.

2.1.1. Solvency

The Administering Authority's primary aim is long-term solvency. Accordingly, employers' contributions will be set to ensure that 100% of the liabilities can be met over the long term. The Solvency Target is the amount of assets which the Fund wishes to hold at the end of the Trajectory Period (see later) to meet this aim.

The Fund is deemed to be solvent when the assets held are equal to or greater than 100% of the Solvency Target. The Administering Authority believes that its funding strategy will ensure the solvency of the Fund because employers collectively have the financial capacity to increase employer contributions should future circumstances require, in order to continue to target a funding level of 100%.

For secure scheduled bodies, and certain other bodies deemed to be of similarly sound covenant whose participation is indefinite in nature (including where the employer's liabilities would be funded by a secure scheduled body employer post-exit), the Solvency Target is set:

- at a level advised by the Fund Actuary as a prudent long-term funding objective for the Fund to achieve at the end of the Trajectory Period,
- based on continued investment in a mix of growth and matching assets intended to deliver a return above the rate of increases in pensions and pensions accounts (CPI).

Hampshire Pension Fund – Funding Strategy Statement

Thus the Solvency Target for secure Scheduled Body employers and certain other bodies generally assumes indefinite investment in a broad range of assets of higher risk than risk-free assets. At the 2022 valuation the Solvency Target was retained at 2% above the long term assumed rate of CPI.

For certain admission bodies, bodies closed to new entrants and other bodies whose participation in the Fund could potentially be of limited duration through known constraints or reduced covenant, and for which no access to further funding would be available to the Fund after exit, the Solvency Target will be set at a more prudent level dependent on circumstances.

For such bodies the Administering Authority will normally adopt a funding target which:

- in the case of admission bodies where there is no commitment from a secure scheduled body to subsume the assets and liabilities on exit, particularly those which do not admit new members, anticipates the approach to valuing the liabilities on exit – the "ongoing orphan funding target" as defined later in this statement;
- in the case of scheduled bodies with a limited or no government guarantee which are deemed to be of weaker covenant than the local authorities, produces a higher chance of achieving solvency/funding success through adoption of a lower discount rate than adopted for the local authorities – the 'intermediate funding target(s)'.

For deferred employers it is expected that the Solvency Target will be set by considering the valuation basis which would be adopted once the Deferred Debt Agreement (DDA) ends. For most such bodies, the Solvency Target will be set commensurate with assumed investment in Government bonds at the end of the period of the DDA.

2.1.2. Recovery and Trajectory periods

The Trajectory Period in relation to an employer is the period between the valuation date and the date which solvency is targeted to be achieved. A Trajectory Period of 25 years has been retained for the secure scheduled bodies at the 2022 valuation.

When an actuarial valuation shows that an employer is in deficiency, the employer's contribution rates will be adjusted to achieve a 100% funding ratio over a period of years (the Recovery Period), while ensuring that the probability of achieving solvency over the Trajectory Period remains acceptable. In consultation with the Fund's Actuary, the Administering Authority has retained a common maximum recovery period of 16 years for all employers in the Fund from 1 April 2023. The maximum recovery period is determined at each actuarial valuation by balancing the Fund's solvency and long-term cost efficiency requirements against considerations of affordability and stability of contributions, taking account of the financial strength of the Fund's main scheduled employers.

The same principles apply when an employer is in surplus except for employers of reduced covenant whose position is in deficit on an exit basis, where the

Hampshire Pension Fund – Funding Strategy Statement

Administering Authority may not permit reduced contributions below the primary contribution rate.

In the event that an employer is in surplus, the Administering Authority may at its discretion designate a part (or all) of that surplus as not being available for adjusting employer contributions below the primary rate. This decision will be taken on a prudent basis taking into account market conditions following the valuation date and with the aim of maintaining as stable contribution levels as possible. At the 2022 valuation the Administering Authority's policy is as follows:

- -surpluses within the main funding groups will not be used to reduce employer contributions below the primary rate for employers in those groups
- -surpluses for employers with a funding ratio between 100% and 105% will not be used to reduce employer contributions below the primary rate, and
- -consideration will be given to permitting employers with a funding ratio above 105% to use part of the surplus to reduce contributions below the primary rate.

The Fund's liabilities mostly take the form of benefit payments over long periods of time. The main scheduled employers in the Fund are financed through central and local taxation and can be viewed as very financially secure. As these employers ultimately underwrite the Fund's finances, the Administering Authority has agreed a recovery period of 16 years for the secure scheduled bodies in the 2022 actuarial valuation. In determining the recovery period which applies to other employers the Administering Authority may take into account, without limitation, the following factors:

- the expected remaining period of participation
- the type/group of the employer
- the size of the funding shortfall or surplus;
- the business plans of the employer;
- the assessment of the financial covenant of the employer;
- any contingent security available to the Fund or offered by the employer such as a guarantor or bond arrangements, charge over assets, etc.
- the views of the subsuming employer where the funding target adopted is dependent upon another employer subsuming the assets and liabilities post-exit.

2.1.3. Probability of Funding Success

The Administering Authority deems funding success to have been achieved if the Fund, at the end of the Trajectory Period, has achieved the Solvency Target. The Probability of Funding Success is the assessed chance of this happening based on the level of contributions payable by members and employers.

Consistent with the aim of enabling employers' contribution rates to be kept as nearly constant as possible, the required chance of achieving the Solvency Target at the end of the relevant Trajectory Period for each employer or employer group can be altered at successive valuations within an overall envelope of acceptable risk.

Hampshire Pension Fund – Funding Strategy Statement

The Administering Authority will not permit contributions to be set following a valuation that have an unacceptably low chance of achieving the Solvency Target at the end of the relevant Trajectory Period.

2.2. Funding Target

The Funding Target is the amount of assets which the Fund needs to hold at the valuation date to pay the liabilities at that date as indicated by the chosen valuation method and assumptions. The valuation calculations, including the future service contributions and any adjustment for surplus or deficiency, set the level of contributions payable. The discount rate is a key driver of the Funding Target and is set allowing for the assumed investment strategy and level of risk considered appropriate in light of the employer covenant and treatment of liabilities on exit. For the secure scheduled bodies who collectively comprise around 85% of the Fund's liabilities the discount rate is set by considering the Fund's long-term investment strategy and the Administering Authority's risk preference, measured via the chance of achieving the Solvency Target at the end of the Trajectory Period (defined above).

Different funding targets are adopted for different employers as set out in the Employer Policy. At the 2022 valuation the funding targets adopted were as follows:

- secure scheduled body funding target for scheduled bodies expected to participate indefinitely, and any employers with a subsumption commitment from such an employer, other than academy contractors where more than 10 members transferred or where academies set up a wholly owned company and the new admission body or new Part 2 Schedule 2 body is not backed by a guarantee from the Department of Education or the Local Education Authority
- intermediate funding targets for Tier 3 scheduled bodies based on a risk assessment carried out by the Fund Actuary, and any employers with a subsumption commitment from such an employer
- ongoing orphan funding target for admission bodies expected to leave orphan liabilities on exit, and any academy contractors admitted prior to 1 April 2019
- low risk (gilts) funding target for the liabilities of former employers where these are orphaned

With effect from 1 November 2023, new academy contractors (whether on a pass through basis or not) where 200 or fewer employees transfer have the same funding target as for their awarding academy.¹ This also applies to new contractors following an outsourcing from a maintained school.

Employers who are able to provide security, including but not limited to a charge over assets may be permitted to pay ongoing contributions below the appropriate

¹ Changes in the funding target for any academy contractor which joined before 1 November 2023 will be implemented at the next formal valuation in 2025

Hampshire Pension Fund – Funding Strategy Statement

target level. The employer should recognise that underpayment of contributions is more likely to lead to additional contributions being required at subsequent reviews.

For deferred employers where a DDA is in place, the funding target will take into account any likely change in the notional or actual investment strategy as regards the assets held in respect of the body's liabilities at the date the DDA is expected to end and any other factors considered to be relevant by the Administering Authority on the advice of the Actuary, which may include, without limitation:

- the agreed period of the DDA;
- the type/group of the employer;
- the business plans of the employer;
- an assessment of the financial covenant of the employer;
- any contingent security available to the Fund or offered by the employer such as a guarantor or bond arrangements, charge over assets, etc.

Consistent with the aim of enabling employers' contribution rates to be kept as nearly constant as possible:

- Contribution rates are set by use of the Projected Unit valuation method for most employers. The Projected Unit method is used in the actuarial valuation to determine the cost of benefits accruing to the Fund as a whole and for employers who continue to admit new members. This means that the future service contribution rate is derived as the cost of benefits accruing to employee members over the year following the valuation date expressed as a percentage of members' pensionable pay over that period.
- For employers who no longer admit new members, the Attained Age valuation method is normally used. This means that the future service contribution rate is derived as the average cost of benefits accruing to members over the period until they die, leave the Fund or retire.
- For bodies closed to new entrants and other bodies whose participation in the Fund could potentially be of limited duration through known constraints or reduced covenant, the administering authority will take into account the potential for participation to cease, the potential timing of such exit, and any likely change in investment strategy regarding the assets held in respect of the admission body's liabilities at the date of exit.

2.3. Grouping of Employers

2.3.1. Group funding framework

In some circumstances it is desirable to group employers within the Fund together for funding purposes (i.e. to calculate employer contribution rates). Reasons might include reducing the volatility of contribution rates for employers, facilitating situations where employers have a common source of funding or accommodating employers who wish to share the risks related to their participation in the Fund.

Employers may be grouped entirely, such that all of the risks of participation are shared, or only partially grouped such that only specified risks are shared.

Hampshire Pension Fund – Funding Strategy Statement

All employers in the Fund are grouped together regarding the risks associated with payment of ill health pensions and partner's pensions and lump sum benefits on death in service. The cost of such benefits is shared across the employers in the Fund. This is because the Administering Authority, in view of the size of the Fund, does not see it as cost effective or necessary to insure these benefits externally.

The group funding framework is set out in more detail in Appendix 3.

2.3.2. Funding principles applying to grouped employers

Risk sharing exists within groups. The Administering Authority accepts that this can give rise to cross-subsidies between employers. However, employers in the Fund are required to make upfront contributions determined by the Fund's Actuary to cover the costs of unreduced early retirements, which is a major distinction between employers over time. The Administering Authority and the Fund's Actuary periodically review whether separate rates for individual employers or groups of employers are required.

Within each group, employers share risk according to a set of clearly defined principles which are as follows:

- The group exists to produce a common percentage of pay contribution rate for employers in the group
- Only the group funding target is relevant when producing a common primary contribution rate
- Funding targets used to assess ongoing contributions at the triennial valuation are set using an ongoing actuarial basis that assumes participation is indefinite (or, if participation is not indefinite, that a secure scheduled body has committed to subsume the assets and liabilities of the employer on exit)
- Employers are liable to fund deficiencies, or benefit from surpluses, emerging at each valuation in proportion to their own liabilities at the time of the valuation
- When employers exit the Fund they will be assumed to leave the group, even where a DDA is entered into. The funding target adopted at that time will depend on whether the liabilities will be subsumed (i.e. another employer or group will be responsible for the future funding of those liabilities) or will become orphan (where the Fund has no access to any future funding for those liabilities).

2.4. Further aspects of funding strategy

2.4.1. Notional sub-funds

In order to establish contribution rates for individual employers or groups of employers it is convenient to subdivide the Fund notionally between the employers, as if each employer had its own notional sub-fund.

This subdivision is for funding purposes only. It is purely notional and does not imply any formal subdivision of assets, nor ownership of any particular assets or groups of assets by any individual employer or group.

Hampshire Pension Fund – Funding Strategy Statement

2.4.2. Roll forward of sub-funds

The notional sub-fund allocated to each employer or group will be updated allowing for all cashflows associated with that employer's or group's membership, including contribution income, benefits paid, transfers in and out and investment income allocated as set out below.

2.4.3. Attribution of investment income

Where the Administering Authority has agreed with a scheme employer that the scheme employer will have a tailored asset portfolio notionally allocated to it, the assets notionally allocated to that employer will be credited with a rate of return appropriate to the agreed allocation.

Where the employer has not been allocated a tailored notional portfolio of assets, the assets notionally allocated to that employer will be credited with the rate of return earned by the Fund assets as a whole, adjusted for any return credited to those employers for whom a tailored notional asset portfolio exists.

The Fund is not formally unitised for the purpose of notionally allocating assets to employers. The Fund Actuary calculates a notional asset allocation for each employer (or group of employers) at each triennial valuation, or at interim dates as may be required, based on cashflows relating to the employer (or group of employers) and investment returns earned by the Fund. Unless the Fund Actuary is notified of specific and material one-off payments, including bulk transfers and prepayment of employer contributions, cashflows in each scheme year ending 31 March will be assumed to be accrued evenly over the scheme year and will attract half of the investment returns earned over that year. For specific and material one-off payments such as bulk transfers and advance payment of employer contributions (see below), investment returns on those payments (estimated where appropriate) for the relevant scheme year will be credited from the date of payment to the end of the relevant scheme year, unless otherwise notified by the Administering Authority.

For additional employer contributions, investment returns on those payments will be credited from the first day of the next quarter following payment to the end of the relevant scheme year.

2.4.4. Fund maturity

To protect the Fund, and individual employers, from the risk of increasing maturity producing unacceptably volatile contribution adjustments as a percentage of pay the Administering Authority will normally require defined capital streams from employers in respect of any disclosed funding deficiency.

2.4.5. Advance payment of contributions

The Administering Authority will allow any employer apart from those in the Academies Group to pre-pay secondary contributions. In addition, any employer who is not part of a group can choose to pre-pay primary contributions and if they do so, can also choose to pre pay an amount equal to estimated employee contributions.

Hampshire Pension Fund – Funding Strategy Statement

Pre-payments can be made annually or triennially in advance, and will attract a discount on employer contributions as agreed with the Administering Authority on the advice of the Fund's Actuary. Pre-payments of primary contributions will be subject to an annual true-up once actual annual pensionable payroll is known. Employers who in addition choose to pre pay an amount equivalent to an estimate of employee contributions due in the period will receive a greater discount on their employer contributions. Payment of employee contributions to the Fund must continue to be made by 22nd of the month following deduction, however the payment can be net of 1/12th the pre-paid amount relating to that year. In effect there is then a monthly true up of employee contributions.

Any employer wishing to enter into a pre-payment arrangement must engage with the Administering Authority prior to the scheme year in which the pre-payment is being made.

Full details of how the discount is calculated and the administrative process for the payment of monthly employee contributions and the end of year true up procedure for primary contributions will be made available to employers who wish to consider taking this option. Where pre-paid contributions are higher than the amount which would have been payable once the full year's payroll (and member contribution rate where applicable) is known, there will be no refund of this excess to employers; however the excess will be added to the employer's notional allocation of assets so is not lost and will be taken into account at the next triennial valuation.

2.4.6. Additional payments by employers

Employers must contribute the amounts certified by the Fund's Actuary in each valuation period. However, these are the minimum contributions required and employers (other than those in the Academies Group) can choose to make additional payments.

The additional payment will be credited to the employer and will be allocated investment returns from the start of the quarter following the receipt of the payment.

Hampshire Pension Fund – Funding Strategy Statement

3. Security

3.1. Guarantors

Some admission bodies may have been admitted to the Fund by virtue of the existence of a Guarantor. The Administering Authority maintains a list of employers and their Guarantors. For any new admission body wishing to join the Fund, the Administering Authority will require a Guarantor. The Administering Authority, unless notified otherwise, sees the role of a Guarantor to include the following:

- If an employer leaves the Fund and defaults on any of its financial obligations to the Fund, the Guarantor is expected to provide the Fund with the amount certified by the Fund's Actuary as due, including any interest payable.
- If the Guarantor is also an employer in the Fund and is judged by the Administering Authority to have suitable financial security, the Guarantor may clear some of the financial liability by subsuming the residual liabilities into its own pool of Fund liabilities. In other words, it agrees to be a source of future funding in respect of those liabilities should future deficiencies emerge.

During the period of participation of the employer a Guarantor may at any time agree to the future subsumption of any residual liabilities of that employer. That action may reduce the funding target for the employer, which may, in turn, lead to reduced contribution requirements, although in determining the contributions the Administering Authority would have regard to the intentions of the Guarantor and its agreement with the Admission Body. The Guarantor should ensure that it is clear what would happen to any surplus arising on the subsequent exit of the Admission Body, in particular whether or not an exit credit would become payable.

The Guarantor will be permitted to subsume all assets and liabilities of an employer including the inheritance of any deficiency or surplus. However, where the Guarantor is a grouped employer, the Administering Authority will insist upon the Guarantor meeting the contributions required to clear the deficiency inherited by the Guarantor (whether immediately or over an appropriate period), to protect the other employers in the Guarantor's group from this element of the group's deficiency. Conversely a Guarantor may receive a reduction to its contributions to ensure that the benefit of a surplus is provided to the Guarantor rather than spread across the Guarantor's group.

3.2. Bonds and other securitisation

Paragraph 7 of Part 3 of Schedule 2 of the 2013 Regulations creates a requirement for a new admission body to carry out, to the satisfaction of the administering authority (and the Relevant Scheme Employer in the case of paragraph 1(d)(i) bodies admitted under Schedule 2 Part 3 of the 2013 Regulations), an assessment taking account of actuarial advice of the level of risk on premature termination by reason of insolvency, winding up or liquidation.

Where the level of risk identified by the assessment is such as to require it the admission body shall enter into an indemnity or bond with an appropriate party. Where it is not desirable for an admission body to enter into an indemnity or bond, the body is required to secure a guarantee in a form satisfactory to the administering

Hampshire Pension Fund – Funding Strategy Statement

authority from an organisation who either funds, owns or controls the functions of the admission body.

The Administering Authority's approach in this area is as follows:

- In the case of paragraph 1(d)(i) bodies admitted under Schedule 2 Part 3 of the 2013 Regulations, and other admission bodies with a Guarantor, so long as the Administering Authority judges the relevant scheme employer or Guarantor to have suitable financial security, any bond exists purely to protect the relevant scheme employer against default of the admission body. It is entirely the responsibility of the relevant scheme employer or Guarantor to arrange any risk assessments and decide the level of required bond. The administering authority can supply some standard calculations provided by the Fund's actuary to aid the relevant scheme employer or Guarantor, but this should in no way be taken as advice on this matter. Levels of required bond cover can fluctuate and the administering authority recommends that relevant scheme employers review required cover regularly, at least once a year.
- In the case of paragraph 1(d)(i) bodies admitted under Schedule 2 Part 3 of the 2013 Regulations, where the administering authority does not judge the relevant scheme employer to have suitable financial security, the administering authority must be involved in assessing the required level of bond to protect the Fund. Admission can only proceed once the administering authority has agreed the level of bond cover. Levels of required bond cover can fluctuate and the administering authority will require the relevant scheme employer to review required cover jointly with it regularly, at least once a year.
- In the case of bodies other than paragraph 1(d)(i) bodies admitted under Schedule 2 Part 3 of the 2013 Regulations, the administering authority must be involved in assessing the required level of bond to protect the Fund. Admission can only proceed once the administering authority has agreed the level of bond cover. Levels of required bond cover can fluctuate and the administering authority will review required cover regularly, at least once a year.

In relation to existing employers, including Scheduled Bodies, the Administering Authority will consider whether provision of security, including but not limited to a charge over assets; Government guarantee; or subsumption commitment from a long-term secure scheduled body is sufficient to justify reviewing an employer's contributions between triennial valuations in line with Regulation 64A and its policy on use of these provisions.

Hampshire Pension Fund – Funding Strategy Statement

4. Exiting the fund

4.1. Exiting the Fund

Where an employer meets the relevant criteria, an exit valuation will be carried out in accordance with Regulation 64. The exit valuation and any associated exit payment due will take account of

- any bulk transfer payments due or other activity as a consequence of exiting the Fund; and
- the future funding arrangements for any liabilities that will remain in the Fund, including any agreement to spread the exit payment or Deferred Debt Agreement.

The exit valuation will distinguish between residual liabilities which will become orphan liabilities, and liabilities which will be subsumed by other employers or otherwise continue to be funded to the satisfaction of the Administering Authority.

"orphan liabilities" arise where an employer is leaving the Fund, the Administering Authority will have no further access for funding from that employer once any exit valuation has been completed and any sums due have been paid to the Fund, and no particular employer or group of employers will be responsible for the future funding of those liabilities.

For orphan liabilities the funding target in the exit valuation will anticipate investment in low risk investments, currently assumed to be Government fixed- interest and index-linked bonds. This is to minimise the risk to other employers in the Fund of having to make good any deficiency arising on the orphan liabilities. The Administering Authority currently operates a single investment strategy and so for funding purposes the Fund's Actuary matches the value of orphan liabilities to an equal amount of index-linked gilts from the Fund's investments, with the balance of the Fund's investment returns credited to the other employers.

"subsumed liabilities" refer to the situation where another employer, or group of employers, in the Fund agrees to provide future funding in respect of any emerging deficiencies in relation to the liabilities of a former (exited) employer. The subsuming employer will also normally benefit from any emerging surplus on those liabilities.

On exit the non-active liabilities of admission bodies in paragraph 1(d)(i) of Schedule 2 Part 3 which commenced in the Fund on or after 1 April 2018 will be attributed to (i.e. assumed to be subsumed by) the relevant Scheme employer as defined in the regulations.

Hampshire Pension Fund – Funding Strategy Statement

For subsumed liabilities the exit valuation will generally be calculated using a funding target (and hence assumptions) in line with the ongoing funding target for the accepting employer or group. This will mean assuming continued investment in more risky investments than Government bonds. However, for employers admitted under paragraph 1(d)(i) of Schedule 2 where the relevant Scheme Employer is an academy and more than 200 employees transferred to the admission body, the exit valuation will be calculated using a funding target (and hence assumptions) consistent with that used to calculate the initial asset transfer, which will generally be the ongoing orphan funding target. For the avoidance of doubt, it is assumed that the liabilities of any employers admitted under paragraph 1(d)(i) of Schedule 2 where the relevant Scheme Employer is an academy and 200 or fewer employees transferred, will be subsumed by the academy if they are not otherwise transferring to a new admission body.

Regardless of whether the residual liabilities are orphan liabilities or subsumed liabilities, unless a Deferred Debt Agreement is entered into, the departing employer (or Guarantor if the employer is unable to pay) will generally be expected to make good the funding obligation revealed in the exit valuation. In other words, the fact that liabilities may become subsumed liabilities does not necessarily remove the possibility of an exit payment being required nor of a surplus credit being repaid.

An approximate allowance will be made for the costs of the McCloud remedy for exit valuations calculated on or after the date of this statement, as agreed by the Administering Authority on the advice of the Fund Actuary.

4.2. Spreading exit deficits

Any exit deficit would normally be levied on the departing employer as a single capital payment although the Administering Authority may allow phased payments as permitted under Regulation 64B. The Administering Authority's policy in relation to the spreading of exit payments under Regulation 64B is summarised below and set out in more detail in Appendix 4. below.

It is envisaged that spreading of exit payments will only be considered at the request of an employer. The Administering Authority will then engage/consult with the employer to consider its application and determine whether or not spreading the exit payment is appropriate and the terms which should apply.

In determining whether or not to permit an exit payment to be spread, the Administering Authority will consider factors including, but not limited to:

- the ability of the employer to make a single capital payment;
- whether any security is in place, including a charge over assets, bond, guarantee or other indemnity;
- whether the overall recovery to the Fund is likely to be higher if spreading the exit payment is permitted.

In determining the employer's ability to make a single payment the Administering Authority will seek actuarial, covenant or legal advice as required. Where the Administering Authority considers that the employer is financially able to make a single capital payment it will not normally be appropriate for the exit payment to be spread.

Hampshire Pension Fund – Funding Strategy Statement

4.3. Deferred debt agreements

Regulation 64(7A) permits the Administering Authority to enter into a written agreement with an exiting Scheme employer for that employer to defer their obligation to make an exit payment and continue to make contributions at the secondary rate ("a deferred debt agreement," or "DDA"). An employer which has entered into a DDA is known as a 'deferred employer'.

The Administering Authority's policy in relation to the entering into DDAs under Regulation 64(7A) is set out in Appendix 4 and summarised below.

In determining whether or not to enter into a DDA with an employer the Administering Authority will take into account the following factors, including but not limited to:

- the materiality of the employer and any exit deficit in terms of the Fund as a whole;
- the risk to the Fund of entering into a DDA, in terms of the likelihood of the employer failing before the DDA has ended, based on information supplied by the employer and supported by a financial risk assessment or more detailed covenant review carried out by the Fund Actuary or other covenant adviser
- the rationale for the employer requesting a DDA, particularly if the Administering Authority believes it would be able to make an immediate payment to cover the exit deficit; and
- whether an up front payment will be made towards the deficit, and/or any security is, or can be put, in place, including a charge over assets, bond, guarantee or other indemnity, to reduce the risk to other employers.

Where it is expected that the employer's covenant may materially weaken over time, or where the employer's financial capacity to support an increase in the exit debt is limited, the Administering Authority is very unlikely to consider entering into a DDA with that employer. Further, where an employer can demonstrably meet the exit payment in a single instalment, the Administering Authority would be unlikely to enter into a DDA unless it was clear that this wouldn't increase risk to the Fund, e.g. if the employer was fully taxpayer-backed and sufficient assurance was in place that all contributions due, including any residual deficit at the end of the DDA, would be met in full. The Administering Authority is also unlikely to enter into a DDA for very small employers where it considers the administration and advisory costs of doing so are disproportionate.

4.4. Surpluses

Where an employer exits on or after 14 May 2018 and the exit valuation determines that the departing employer is in surplus, the payment of an exit credit will be made at the discretion of the Administering Authority, after taking into account the factors set out in the LGPS 2013 regulations namely;

- a) the extent to which there is an excess of assets in the fund relating to that employer over the liabilities
- b) the proportion of this excess of assets which has arisen because of the value of the employer's contributions;

Hampshire Pension Fund – Funding Strategy Statement

- c) any representations to the administering authority made by the exiting employer or letting authority;
- d) any other relevant factors.

Other relevant factors include but are not limited to the basis of the exit valuation, the extent to which the exiting employer was responsible for the funding risk during their participation in the Fund and the existence or otherwise of a commitment from another ongoing employer in the Fund to subsume liabilities on exit.

This may mean that no exit credit is due for example if it is a stated condition of an employer subsuming the liabilities that no surplus will be repaid to the exiting employer as is the case for those organisations in the Admission Body Group which have a commitment from a secure scheduled employer to subsume the liabilities on exit. This will also be the case in relation to any employers admitted under paragraph 1(d)(i) of Schedule 2 where the relevant Scheme Employer is an academy and the initial allocation of assets was calculated on the ongoing orphan funding target but the liabilities on exit are assumed to be subsumed by the academy and the exit valuation is carried out using the ongoing funding target appropriate to the academy.

Employers who are letting contracts need to ensure their contractual arrangements cover the treatment of exit credits and that they notify the Fund if these arrangements mean that a surplus should be retained by the letting authority. Representations from employers will be considered on a case by case basis although if a contract pre dates 14 May 2018 and is silent on the treatment of an exit credit, payment will usually only be made to the departing employer if they would have also paid for an exit deficit.

Where an exit valuation is carried out on a low risk basis, the exit credit will usually be equal to the excess of assets over the liabilities, less any costs.

The exit credit will be paid to the departing employer within six months of the date of exit or such longer period as is agreed with the exiting employer. It will be deemed that an employer agrees to a longer period where all relevant information is not provided within one month of the exit date.

Any actuarial or legal costs of the exit will be deducted from the exit credit before payment, unless there is a good reason to accept separate payment for these.

Hampshire Pension Fund – Funding Strategy Statement

4.5. Potential exits

Where the Administering Authority considers that it is possible that an employer may leave the Fund at some point in the future and the employer would leave orphan liabilities on its exit from the Fund, an ongoing funding target (the "ongoing orphan funding target") will, unless the circumstances dictate otherwise, be used to determine the employer's ongoing contributions at the triennial valuation. The ongoing orphan funding target anticipates the approach which will be taken to valuing the employer's liabilities on exit. It will generally be calculated using a discount rate or rates set by reference to the yield on long-dated government bonds on the valuation date. Allowance may be made, at the Administering Authority's discretion and on the advice of the Fund's Actuary, for some out-performance of the Fund's assets relative to gilts in determining the discount rate which applies to the period during which the employees are assumed to remain active members and for future expected increases in gilt yields in determining the discount rate which applies to pensioner and deferred liabilities and for active members in the period after they are assumed to have left service.

4.6. Interim reviews for employers which may exit the Fund

Regulation 64(4) provides the administering authority with the power to carry out valuations in respect of admission bodies and other employers which are expected to cease at some point in the future, and for the Fund's Actuary to certify revised contribution rates, between triennial valuation dates.

The Administering Authority's overriding objective at all times is that, where possible, the funding target for that body is clear, and that contribution rates payable are appropriate for that funding target. However, this is not always possible as any date of exit may be unknown (for example, participation may be assumed at present to be indefinite), and because market conditions change daily.

The Administering Authority's general approach in this area is as follows:

- Where the date of exit is known, and is more than three years away, or is unknown and participation is assumed to be indefinite, interim valuations under Regulation 64(4) will generally not be required by the Administering Authority.
- For paragraph 1(d)(i) bodies (2013 Regulations – Schedule 2 Part 3) falling into the above category, the Administering Authority sees it as the responsibility of the relevant scheme employer to instruct it if an interim valuation is required. Such an exercise would be at the expense of the relevant scheme employer unless otherwise agreed.
- A material change in circumstances, for example the date of exit becoming known, material membership movements or material financial information coming to light may cause the Administering Authority to review the situation informally and subsequently request a formal interim valuation (using Regulation 64A if required – see next section).
- Where an employer is due to leave the Fund within the next three years, the administering authority will monitor developments and may see fit to request an interim valuation at any time in order to try to effect a smoother transition to exit.

Hampshire Pension Fund – Funding Strategy Statement

The Administering Authority reserves the right to request an interim valuation of any employer's liabilities at any time in accordance with Regulation 64(4).

4.7. Inter-valuation funding valuations

Regulation 64A enables employer contributions to be reviewed between triennial valuation where:

- (i) it appears likely to the administering authority that the amount of the liabilities arising or likely to arise has changed significantly since the last valuation;
- (ii) it appears likely to the administering authority that there has been a significant change in the ability of the Scheme employer(s) to meet the obligations of employers in the Scheme; or
- (iii) a Scheme employer(s) has requested a review of Scheme employer contributions and have undertaken to meet the costs of that review.

The Administering Authority's policy on use of these provisions is set out in Appendix 4.

Hampshire Pension Fund – Funding Strategy Statement

5. Identification of risks and counter measures

The Administering Authority recognises that future events and investment income cannot be predicted with certainty. Instead, there is a range of possible outcomes, and different assumed outcomes will lie at different places within that range.

The more optimistic the assumptions made, the more that outcome will sit towards the 'favourable' end of the range of possible outcomes, the lower will be the probability of events actually matching or being more favourable than the assumed events, and the lower will be the Funding Target calculated using those assumptions.

The Administering Authority's overall policy on risk is to identify all risks to the Fund and to consider the position both in aggregate and at individual risk level. Risks to the Fund will be monitored and action taken to limit them as soon as possible. The main risks are summarised in Appendix 5.

Hampshire Pension Fund – Funding Strategy Statement

Appendix 1 – Aims of the Fund

The Fund has three main aims:

- to manage the employers' liabilities effectively
- to enable primary contribution rates to be kept as nearly constant as possible
- to seek returns on investment within reasonable risk parameters.

These are detailed below.

To manage the employers' liabilities effectively

Hampshire County Council as administering authority makes sure that the Fund's liabilities are managed effectively. This is achieved by commissioning actuarial valuations every three years as required by law. These determine the employers' contribution rates required to make sure liabilities can be managed effectively.

The Administering Authority also commissions additional work in relation to the specific issues described below.

The Fund's primary aim is long-term solvency. Accordingly, employers' contributions will be set to ensure that 100% of the liabilities can be met over the long term. For the purpose of determining the Solvency Target for individual employers, the Administering Authority may without limitation, take into account the following factors:

- the type/group of the employer;
- the business plans of the employer;
- an assessment of the financial covenant of the employer;
- any contingent security available to the Fund or offered by the employer such as a guarantor or bond arrangements, charge over assets, etc.;
- whether the employer has set up a subsidiary company to employ staff which does not participate in, or admit new employees to, the Fund.

The Fund is deemed to be solvent when the assets held are equal to 100% of the Solvency Target.

The Administering Authority will make sure that the Fund always has enough cash available to pay pensions, transfer values to other pension funds, and other costs and expenses. Such expenditure will normally be met from incoming contributions from employees and employers and investment income, to avoid the cost of selling any of the Fund's investments. The position is reviewed every three months to make sure enough cash is available to meet the Fund's obligations.

The Administering Authority publishes an Employer Policy which explains in more detail the funding policies for certain categories of employer

Hampshire Pension Fund – Funding Strategy Statement

To enable primary contribution rates to be kept as nearly constant as possible

Achieving nearly constant primary contribution rates requires stability of employers' active membership profile and use of assumptions which are relatively constant over time. The Administering Authority has no control over employers' active membership although the methodology used to calculate the future service rate does vary according to whether or not the employer admits new members to the Fund. In relation to the assumptions, the Administering Authority believes that the same assumptions should be used to determine the past service liabilities (and hence the funding target) as are used to determine employers' primary contribution rates.

The demographic assumptions are reviewed by the Actuary on a triennial basis and updated as required to allow for recent Fund experience and other national factors as required. It is not expected that material changes would be made to these assumptions from one valuation to the next.

In relation to the financial assumptions, these can vary quite materially from one valuation to the next as market conditions alter. A substantial proportion of the Fund's investments are held in asset classes such as shares and property, with the aim of increasing investment returns and keeping costs to employers reasonable. However, the expected returns on these asset classes can be quite volatile and so the real discount rate can change materially from one triennial valuation to the next, leading to a material change in employers' primary contribution rates.

In determining the extent to which stability measures are needed to keep primary contributions as nearly constant as possible, the Administering Authority will also consider how secondary contributions are changing, i.e. where possible, and consistent with other regulatory objectives, this objective will in practice relate to employers' total contributions (primary and secondary).

Where justified, and as long as it doesn't run counter to the main aims of ensuring solvency and long-term cost efficiency, the Administering Authority will permit phasing in of changes to employers' contribution rates over a period of up to three years. Care needs to be taken in relation to employers closed to new entrants and other bodies whose participation in the Fund could potentially be of limited duration through known constraints or reduced covenant (for example, non-local authority employers awarded contracts to provide local authority services, and less secure scheduled bodies), where use of phasing to smooth contribution rate changes is less appropriate.

Hampshire Pension Fund – Funding Strategy Statement

The Administering Authority recognises that a balance needs to be struck regarding the financial demands made of scheme employers of reduced covenant. On the one hand, the Administering Authority requires all scheme employers to be fully self funding (either on a grouped or an individual basis), such that other employers in the Fund are not subject to expense as a consequence of the participation of those bodies. On the other hand, requiring contributions to target full funding at all times, without further smoothing (phasing), may cause failure of the body in question in periods of extreme economic conditions, leading to significant costs for other participating employers. The Administering Authority will therefore consider phasing periods longer than three years if unusual and difficult budgetary constraints make this necessary, or if other changes, such as changes to the funding target, justify this approach. Whenever contribution changes are being phased in, this can only be achieved if the regulatory requirements of setting employer contributions to ensure the solvency and long-term cost efficiency of the Fund would still be met.

Hampshire Pension Fund – Funding Strategy Statement

Seek returns on investment within reasonable risk parameters

Returns should be higher over the long term than those from index-linked stocks by investing in other asset classes such as shares, property and alternative investments.

Risk parameters are controlled by restricting investment to asset classes generally recognised as appropriate for UK pension funds. From time to time the Administering Authority reviews the potential risks of investing in the various asset classes, with help from the Fund's investment advisers and its investment managers.

The Fund's funding strategy, based on the discount rate adopted for the majority of employers/liabilities at the 2022 actuarial valuation, requires the assets to deliver a long-term return above 4.4% p.a., (the discount rate) compared to the Fund Actuary's best estimate for the Fund's average return of 6.0% p.a. as at March 2022. An investment management structure has been developed and managers appointed to deliver a long-term return in excess of returns on cash and gilt investments within an acceptable level of risk. Details of the updated structure and managers are in the Investment Strategy Statement.

Hampshire Pension Fund – Funding Strategy Statement

Appendix 2 – Roles and responsibilities of key parties

The administering authority is required to:

- operate a pension fund
- collect employer and employee contributions, investment income and other amounts due to the pension fund as stipulated in LGPS Regulations
- pay from the pension fund the relevant entitlements as stipulated in LGPS Regulations
- invest surplus monies in accordance with the LGPS Regulations
- ensure that cash is available to meet liabilities as and when they fall due
- take measures as set out in the regulations to safeguard the fund against the consequences of employer default
- manage the valuation process in consultation with the fund's actuary
- prepare and maintain an FSS and an SIP/ISS, both after proper consultation with interested parties
- monitor all aspects of the fund's performance and funding, and amend the FSS/ISS accordingly
- effectively manage any potential conflicts of interest arising from its dual role as both fund administrator and scheme employer
- enable the local pension board to review the valuation process as set out in their terms of reference.

The individual employer is required to:

- deduct contributions from employees' pay correctly
- pay all ongoing contributions, including employer contributions determined by the actuary and set out in the rates and adjustments certificate, promptly by the due date
- develop a policy on certain discretions and exercise those discretions as permitted within the regulatory framework
- make additional contributions in accordance with agreed arrangements in respect of, for example, augmentation of scheme benefits and early retirement strain
- notify the administering authority promptly of all changes to active membership that affect future funding.
- pay any exit payments on ceasing participation in the fund.

The fund actuary should:

- prepare valuations including the setting of employers' contribution rates at a level to ensure fund solvency and long-term cost efficiency after agreeing

Hampshire Pension Fund – Funding Strategy Statement

assumptions with the administering authority and having regard to the FSS and the LGPS Regulations

- prepare advice and calculations in connection with bulk transfers and the funding aspects of individual benefit-related matters such as pension strain costs, ill health, retirement costs, compensatory added years costs, etc
- provide advice and valuations on the exiting of employers from the fund
- provide advice to the administering authority on bonds or other forms of security against the financial effect on the fund of employer default
- assist the administering authority in assessing whether employer contributions need to be revised between valuations as permitted or required by the regulations
- ensure that the administering authority is aware of any professional guidance or other professional requirements that may be of relevance to his or her role in advising the fund.

Hampshire Pension Fund – Funding Strategy Statement

Appendix 3 - Group funding framework

Group funding framework

Prior to 1 April 2019 all the secure scheduled bodies in the Fund participated in a grouped funding arrangement called the 'Scheduled Body Group'. With effect from 1 April 2019 the Scheduled Body Group was disbanded, with employers either entering new group funding arrangements (see below) or having their contributions assessed on an individual basis.

With effect from 1 April 2019 there are three groups of employers for funding purposes; the Town and Parish Councils Group (TPCG), the Academies Group (AG) and the Admission Body Group (ABG). Employers within a group share all risks of participation with other employers in the group, with the exception of liability for:

- ill health pensions, partner's pensions and lump sum benefits payable on death in service (which are shared across all employers in the Fund)
- secondary contributions (in relation to the ABG and TPCG only).

The Administering Authority will keep under review the funding arrangements of all employers and may remove additional employers from the grouping arrangements should their situations change.

New funding groups would be considered by the Administering Authority, but only through consultation with the employers involved.

Town and Parish Council Group

The Town and Parish Council Group was created on 1 April 2019. The Group was credited with a notional asset transfer from the Scheduled Body Group based on a share of Fund of the Scheduled Body Group at 31 March 2019.

The TPCG includes Town and Parish Council employers under Part 2 (paragraph 2) of Schedule 2 of the Regulations who, due to being relatively small employers, benefit from being able to share risks with a wider pool.

A Town or Parish Council can elect to opt out of the TPCG and instead have an individual contribution rate. This option can only be made as part of a triennial valuation and will be effective from the following 1 April. An election to leave the TPCG is irrevocable.

Employers within the TPCG share all risks arising in the TPCG since the previous valuation in proportion to liabilities at the valuation date. There is an exception for secondary contributions paid by employers over the intervaluation period, which will not be shared, and will be credited to each employer's notional asset allocation of the TPCG.

Most employers within the TPCG will have a common recovery period for deficit contributions, which was retained as 16 years at the 2022 valuation. Where an employer in the TPCG notifies the Administering Authority of a decision to stop designating posts as being eligible for membership of the LGPS a shorter recovery period may be used.

Hampshire Pension Fund – Funding Strategy Statement

Employers of the TPCG will be credited with a notional asset allocation at each valuation for the purposes of setting contribution rates. The asset allocation will be determined based on the risk sharing framework set out above. This notional asset allocation will also be relevant for calculating an exit valuation or calculations under FRS102/IAS19.

Academies Group

The Academies Group (AG) was created on 1 April 2019. The Group was credited with a notional asset transfer from the Scheduled Body Group based on a share of Fund of the Scheduled Body Group at 31 March 2019.

The AG includes all Academies, Free Schools and Multi Academy Trusts under Part 1 (paragraph 20) of Schedule 2 of the Regulations, which are covered by the Department for Education guarantee. **It also includes contractors with 200 or fewer employees admitted on or after 1 November 2023, whether on a standard or pass-through basis, resulting from outsourcings conducted by AG academies.**

For the avoidance of doubt, the AG includes any academy created from a former higher or further education body. However, if the organisation has been set an individual rate prior to conversion, it can choose to make an irrevocable decision not to join the AG as long as this election is made prior to the conversion.

Employers within the AG share all risks in proportion to liabilities. Employers will be responsible for paying **additional (or receiving credit for negative) secondary** contributions to the AG in proportion to their liabilities in the AG at the relevant valuation.

Employers in the AG will have a common recovery period for deficit contributions which was set as 16 years at the 2022 valuation.

Employers of the AG are not credited with individual notional asset allocations at each valuation for the purposes of setting contribution rates, as deficit contributions are certified based on the funding level of the group. For the purpose of calculating an exit valuation or calculations under FRS102/IAS19, employers in the AG are assumed to have the same funding level as the group as a whole, based on the value of benefits accrued to date for the group as a whole and notional assets held in respect of the group. The funding level of the group is expressed as a percentage and calculated as:

notional assets held in respect of the group divided by value of benefits accrued to date for the group as a whole.

Admission Body Group

The Admission Body Group (ABG) consists of a number of charitable and not for profit admission bodies. The Administering Authority views the purpose of the ABG to be primarily to smooth contributions for charities and other not-for-profit organisations which would otherwise be exposed to the potential of volatile contributions. All employers within the ABG have a commitment from a secure scheduled employer to subsume their liabilities on exit.

Hampshire Pension Fund – Funding Strategy Statement

Employers within the ABG share all risks arising in the ABG since the previous valuation in proportion to liabilities at the valuation date. There is an exception for secondary contributions paid by employers over the inter-valuation period, which will not be shared, and will be credited to each employer's notional asset allocation of the ABG.

Employers in the ABG will have individual recovery periods for deficit contributions based on the average future working lifetime of their active members. This will be subject to the maximum 16 year recovery period set at the 2022 valuation for secure scheduled body employers.

Employers of the ABG will be credited with a notional asset allocation at each valuation for the purposes of setting contribution rates. The asset allocation will be determined based on the risk sharing framework set out above. This notional asset allocation will also be relevant for calculating an exit valuation or calculations under FRS102/IAS19.

Hampshire Pension Fund – Funding Strategy Statement

Appendix 4 – Employer flexibilities and exits

The Administering Authority's policy on the use of Regulation 64 in relation to employer flexibilities is set out below.

Spreading exit payments

The spreading of exit payments will only be considered at the request of an employer. Where there is a guarantor, the guarantor will also be consulted and any agreement to spread the exit deficit may be conditional on the guarantee continuing in force during the spreading period. Whilst the Administering Authority's preference would be for an employer to request spreading of any exit payment in advance of the exit date, it is acknowledged that a final decision by the employer (and the Administering Authority) on whether this will be financially beneficial/appropriate may not be possible until the employer has exited.

The employer will be required to provide details of its financial position, business plans and financial forecasts and such other information as required by the Administering Authority in order for it to make a decision on whether or not to permit the exit payment to be spread. This information must be provided within 2 months of request.

In determining the appropriate length of time for an exit payment to be spread, the Administering Authority will consider the affordability of the instalments using different spreading periods for the employer. The default spreading period will be three years but longer periods of up to ten years may be considered where the Administering Authority is satisfied that this doesn't pose undue risk to the Fund in relation to the employer's ability to continue to make payments over the period.

Whilst the Administering Authority's preference would be for an employer to request spreading of any exit payment in advance of the exit date, it is acknowledged that a final decision by the employer (and the Administering Authority) on whether this will be financially beneficial/appropriate may not be possible until the employer has exited. Exiting employers will be advised of the exit deficit and the spreading of any payment will only be considered at the request of the employer. Where there is a guarantor, the guarantor will also be consulted and any agreement to spread the exit deficit may be conditional on the guarantee continuing in force during the spreading period.

The amount of the instalments due under an exit deficit spreading agreement will generally be calculated as level annual amounts allowing for interest over the spreading period in line with the discount rate used to calculate the exit liabilities. Where the exit amount is significant, monthly payments may be required or the Administering Authority may require a higher initial payment with lower annual payments thereafter to reduce the risk to the Fund. Alternative payment arrangements may be made in exceptional circumstances as long as the Administering Authority is satisfied that they don't materially increase the risk to the Fund.

Hampshire Pension Fund – Funding Strategy Statement

Where the Administering Authority has agreed to spread an exit payment the Administering Authority will advise the employer in writing of the arrangement, including the spreading period; the annual payments due; interest rates applicable; other costs payable* and the responsibilities of the employer during the spreading period. Where a request to spread an exit payment has been denied the Administering Authority will advise the employer in writing and provide a brief explanation of the rationale for the decision. The Administering Authority will endeavour to notify the employer of its decision within 2 months of the provision of the required information by the employer. The employer will be given a period of 1 month to respond to the decision. Payments will be expected to commence by the later of 2 months following the Administering Authority's decision, or 6 months of the exit date. If there is no agreement between both parties within this timeframe the Administering Authority will instruct the Fund Actuary to certify the exit payment due as an immediate capital payment.

*Employers will be asked to pay all advisory costs associated with the spreading agreement as well as calculation of the exit deficit (these costs will not be spread).

The Administering Authority will generally review spreading agreements as part of its preparation for each triennial valuation and will take actuarial, covenant, legal and other advice as considered necessary. In addition, employers will be expected to engage with the Administering Authority during the spreading period and adhere to the notifiable events framework as set out in the Pensions Administration Strategy. If the Administering Authority has reason to believe the employer's circumstances have changed such that a review of the spreading period (and hence the payment amounts) is appropriate, it will consult with the employer and a revised payment schedule may be implemented. Whilst this review may also consider the frequency of payments, it should be noted that it is not envisaged that any review will consider changes to the original exit amount nor interest rate applicable. An employer will be able to discharge its obligations under the spreading arrangement by paying off all future instalments at its discretion. The Administering Authority will seek actuarial advice in relation to whether or not there should be a discount for early payment given interest will have been added in line with the discount rate used for the exit valuation.

Deferred debt agreements

It is envisaged that DDAs will only be entered into at the request of an employer. In all cases the Administering Authority will then engage/consult with the employer determine whether or not a DDA is appropriate and the terms which should apply. As part of its application for a DDA, the Administering Authority will require information from the employer to enable the Administering Authority to take a view on the employer's strength of covenant. Information will also be required on an ongoing basis to enable the employer's financial strength/covenant to be monitored. Employers should be aware that all advisory fees incurred by the Fund associated with a request for a DDA, whether or not this results in an agreement being entered into, and its ongoing monitoring, will be recharged to the employer.

The Administering Authority has a template agreement for DDAs, which it will require employers (and any guarantors) to sign up to. The matters which the Administering Authority will reflect in the DDA, include:

Hampshire Pension Fund – Funding Strategy Statement

- an undertaking by the employer to meet all requirements on Scheme employers, including payment of the secondary rate of contributions, but excluding the requirement to pay the primary rate of contributions;
- a provision for the DDA to remain in force for a specified period, which may be varied by agreement of the Administering Authority and the deferred employer;
- a provision that the DDA will terminate on the first date on which one of the following events occurs-
 - (a) the deferred employer enrolls new active members;
 - (b) the period specified, or as varied, elapses;
 - (c) the take-over, amalgamation, insolvency, winding up or liquidation of the deferred employer;
 - (d) the Administering Authority serves a notice on the deferred employer that it is reasonably satisfied that the deferred employer's ability to meet the contributions payable under the deferred debt arrangement has weakened materially or is likely to weaken materially in the next 12 months; or
 - (e) the Fund Actuary assesses that the deferred employer has paid sufficient secondary contributions to cover the exit payment that would have been due if the employer had become an exiting employer on the calculation date.
- the responsibilities of the deferred employer
- the circumstances triggering a cessation of the arrangement leading to an exit payment (or credit) becoming payable, in addition to those set out in Regulation 64 (7E) and above
- It is expected that the consultation process with the employer will include discussions on the precise details of the DDA, although the purpose of developing a template agreement is to make the process easier, quicker and cheaper and therefore it is not envisaged that there will be material changes to the Administering Authority's template.

The Administering Authority will monitor the funding position and risk/covenant associated with deferred employers on a regular basis. This will be at least triennially and most likely annually, but the frequency will depend on factors such as the size of the employer and any deficit and the materiality of movements in market conditions or the employer's membership.

The circumstances in which the Administering Authority may consider seeking to agree a variation to the length of the agreement under regulation 64(7D) include:

- where the exit deficit has reduced (increased) such that it is reasonable to reduce (extend) the length of the recovery period and associated period of the DDA assuming that, in the case of the latter, this does not materially increase the risk to the other employers/Fund

Hampshire Pension Fund – Funding Strategy Statement

- where the deferred employer's business plans, staffing levels, finances or projected finances have changed significantly, as long as, in the case of a deterioration, the Administering Authority, having taken legal, actuarial, covenant or other advice as appropriate, does not consider that there is sufficient evidence that deferred employer's ability to meet the contributions payable under the DDA has weakened materially, or is likely to weaken materially in the next 12 months
- where the level of security available to the Fund has changed in relation to the DDA, as determined by the Administering Authority, taking legal, actuarial or other advice as appropriate

At each triennial valuation, or more frequently as required, the Administering Authority will carry out an analysis of the financial risk or covenant of the deferred employer, considering actuarial, covenant, legal and other advice as necessary. Where supported by the analysis and considered necessary to protect the interests of all employers, the Administering Authority will serve notice on the deferred employer that the DDA will terminate on the grounds that it is reasonably satisfied that the deferred employer's ability to meet the contributions payable under the DDA has weakened materially, or is likely to weaken materially in the next 12 months, as set out under regulation 64(7E)(d). It is expected that DDAs will be monitored on an annual basis unless circumstances dictate otherwise. Monitoring may be more frequent as the end of the period of the DDA approaches.

Employers should be aware that all advisory fees and administrative expenses incurred by the Fund associated with consideration of a DDA for an exiting employer, whether or not this results in a DDA being entered into, will be recharged to the employer. This will include actuarial, legal, covenant and other advice and the costs of monitoring the arrangement as well as the initial set up. Estimated costs can be provided on request. All fees must be paid up front and cannot be added to any secondary contributions payable under the DDA.

It is expected that employers will make a request to consider a DDA before they would otherwise have exited the Fund under Regulation 64(1) and that a DDA should be entered into within 3 months of that date. The employer should continue to make secondary contributions at the prevailing rate whilst the DDA is being considered unless the Administering Authority, having taken actuarial and other advice as appropriate, determines that increased contributions should be payable. In exceptional circumstances, e.g. where there has been a justifiable delay due to circumstances outside of the employer's control, and at the sole discretion of the Administering Authority, a DDA may be entered into more than 3 months after the exit date.

Deferred employers will be expected to engage with the Administering Authority during the period of the DDA and adhere to the notifiable events framework as set out in the Pensions Administration Strategy as well as providing financial and other information on a regular basis. This will be necessary to support the effective monitoring of the arrangement and will be a requirement of the DDA.

Hampshire Pension Fund – Funding Strategy Statement

Inter-valuation funding valuations

Regulation 64A enables employer contributions to be reviewed between triennial valuation where:

- (i) it appears likely to the administering authority that the amount of the liabilities arising or likely to arise has changed significantly since the last valuation;
- (ii) it appears likely to the administering authority that there has been a significant change in the ability of the Scheme employer(s) to meet the obligations of employers in the Scheme; or
- (iii) a Scheme employer(s) have requested a review of Scheme employer contributions and have undertaken to meet the costs of that review.

Factors used to determine when a review is appropriate

In determining whether or not a review should take place, the Administering Authority will consider the following factors (noting that this is not an exhaustive list):

- the circumstances leading to the change in liabilities arising or likely to arise, for example whether this is the result of a decision by the employer, such as the restructuring of a council due to a move to unitary status, the restructuring of a Multi-Academy Trust, a significant outsourcing or transfer of staff, closure to new entrants, material redundancies or significant pay awards, or other factors such as ill-health retirements, voluntary withdrawals or the loss of a significant contract
- the materiality of any change in the employer's membership or liabilities, taking account of the Actuary's view of how this might affect its funding position, primary or secondary contribution rate
- whether, having taken advice from the Actuary, the Administering Authority believes a change in ongoing funding target or deficit recovery period would be justified, e.g. on provision or removal of any security, subsumption commitment, bond, guarantee, or other form of indemnity in relation to the employer's liabilities in the Fund
- the materiality of any change in the employer's financial strength or longer-term financial outlook, based on information supplied by the employer and supported by a financial risk assessment or more detailed covenant review carried out by the Fund Actuary or other covenant adviser to the Fund
- the general level of engagement from the employer and its adherence to its legal obligations as set out in the Pensions Administration Strategy Statement and elsewhere, including the nature and frequency of any breaches such as failure to pay contributions on time and data quality issues due to failure to provide new starter or leaver forms

Hampshire Pension Fund – Funding Strategy Statement

Assessment of the risk/impact on other employers

In determining whether or not a review should take place, the Administering Authority will generally focus on the materiality of any potential changes in the context of the employer concerned; its financial position and current contribution levels. As a matter of principle, the Administering Authority does not consider that a review is not justified just because an employer is small in the context of the Fund as a whole, noting that failure to act could make discussions at the next formal valuation more difficult and compound the risk to the Fund. However, in determining the extent and speed of any changes to the employer's contributions the Administering Authority will consider the effect on the overall funding position of the Fund, i.e. other Scheme employers.

Where contributions are being reviewed for an employer with links to another Fund employer, particularly where there is a formal organisational or contractual link, e.g. there is a tripartite admission agreement, an ownership relationship or a formal guarantee or subsumption commitment is in place, the Administering Authority will consider the potential risk/impact of the contribution review on those other employer(s), taking advice from the Fund Actuary as required.

Employer involvement and consultation

It is expected that in most cases the employer will be aware of the proposed review of their contributions since this will be triggered by an employer's action and employers should be aware of the need to engage with the Fund in relation to any activity which could materially affect their liabilities or ability to meet those liabilities. A list of notifiable events is set out in the Administration Strategy.

In other cases information will be required from the employer, e.g. in relation to its financial position and business plans which could be the catalyst for informing the employer that a review is being proposed. In all cases the Administering Authority will advise the employer that a review is being carried out and share the results of the review and any risk or covenant assessment as appropriate. It should be noted that just because a review is being carried out does not automatically mean that contributions will be amended (up or down) since that will depend upon the materiality of the changes and other factors such as the outcome of discussions with the employer and any related/linked employer in the Fund and the proximity to the next formal valuation.

Where, following representations from the employer, the Administering Authority is considering not increasing the employer's contributions following a review, despite there being good reason to do so from a funding and actuarial perspective, e.g. if it would precipitate the failure of the employer or otherwise seriously impair the employer's ability to deliver its organisational objectives or it is expected that the employer's financial position will improve significantly in the near-term, the Administering Authority will consult with any employer which provides a guarantee or subsumption commitment or, if none exists, will take the decision on behalf of all employers noting Hampshire County Council is the largest employer in the Fund and any unmet liabilities on exit are shared in proportion to each employer's liabilities.

Hampshire Pension Fund – Funding Strategy Statement

Process for requesting a review

Before requesting a review, employers should consider the regulatory requirements and the Fund's policy as set out above and satisfy themselves that there has been a relevant change in the expected amount of liabilities or their ability to meet those liabilities. The employer should contact [Employer Services](#) and complete the necessary information requirements for submission to the Administering Authority in support of their application.

The Administering Authority will consider the employer's request and may ask for further information or supporting documentation/evidence as required. If the Administering Authority, having taken actuarial advice as required, is of the opinion that a review is justified, it will advise the employer and provide an indicative cost. Employers should be aware that all advisory fees and administrative expenses incurred by the Fund associated with a contribution review request, whether or not this results in contributions being amended, will be recharged to the employer.

Other considerations

The Administering Authority will carry out an annual assessment of the risk for Tier 3 employers as considered appropriate. This will help identify whether a contribution review is required and is expected to be carried out as at each 30 September with any contribution changes effective from the following 1 April.

More generally, the Administering Authority may carry out a review at any time during the valuation cycle where it becomes aware that a review is required. In such cases the employer will be expected to provide the requested information within one month of request and the review will be completed within 6 weeks of the provision of all requested information, or completion of the risk/covenant assessment if later.

The Administering Authority will consult with the employer on the timing of any contribution changes and there will be a minimum of 4 weeks' notice given of any contribution increases. In determining whether, and when, any contribution changes are to take effect the Administering Authority will also take into account the timing of contribution changes flowing from the next formal valuation. As a result, contribution reviews are unlikely to be carried out during the 12 month period from the valuation date although if there were any material changes to the expected amount of liabilities arising or the ability of the employer to meet those liabilities during that period, this should be taken into account when finalising the Rates and Adjustments Certificate flowing from the valuation.

Appeals process

In the event of any dispute, employers should contact Pension Services for an informal discussion. Any formal appeal will be heard under the Fund's Internal Dispute Resolution Process.

Hampshire Pension Fund – Funding Strategy Statement

Appendix 5 – Risks and counter measures

Investment risk

The risk of investments not performing (income) or increasing in value (growth) as forecast. Examples of specific risks would be:

- assets not delivering the required return (for whatever reason, including manager underperformance)
- systemic risk with the possibility of interlinked and simultaneous financial market volatility
- insufficient funds to meet liabilities as they fall due
- inadequate, inappropriate or incomplete investment and actuarial advice is taken and acted upon
- counterparty failure

The specific risks associated with assets and asset classes are:

- equities – industry, country, size and stock risks
- fixed income - yield curve, credit risks, duration risks and market risks
- alternative assets – liquidity risks, property risk, alpha risk
- money market – credit risk and liquidity risk
- currency risk
- macroeconomic risks

The Administering Authority reviews each investment manager's performance quarterly taking advice from its Investment Advisers as appropriate. The Investment Strategy is considered annually and a formal review is also undertaken at least following each Actuarial Valuation, with advice taken from Investment Advisers and Fund Managers. The Administering Authority also reviews the effect of any significant market movements on the Fund's overall funding position between Actuarial Valuations. If there are significant market movements between the valuation date and the date the valuation is signed off the Administering Authority, on the advice of the Actuary, will consider what allowance should be made, if any, when finalising employer contributions.

Employer risk

Those risks that arise from the ever-changing mix of employers, from short-term and ceasing employers, and the potential for a shortfall in payments and/or orphaned liabilities where employers are unable to meet their obligations to the Scheme. The Administering Authority monitors employer payments and expects employers in financial difficulty to engage with the Fund, noting that contributions can be reviewed between formal valuations if the conditions in Regulation 64A and the terms of the Administering Authority's policy, as set out in the Employer Policy, are met.

Hampshire Pension Fund – Funding Strategy Statement

The Administering Authority maintains a knowledge base on its employers, their basis of participation and their legal status (e.g. charities, companies limited by guarantee, group/subsidiary arrangements) and uses this information to inform the FSS. In addition, the Administering Authority commissions the Fund Actuary to carry out a high level risk assessment for employers, as appropriate to inform its funding strategy. In due course it will also ask the Fund Actuary to review the funding position of any deferred employers on a regular basis between triennial valuations, noting that the Regulations specifically provide for a deferred debt agreement to end when the Actuary assesses that the deferred employer has paid sufficient secondary contributions to cover the exit payment that would have been due if the employer had become an exiting employer on the calculation (review) date.

Liquidity and maturity risk

The improvement in the funding position and hence reduction in contributions from the long-term secure employers has potential cash flow implications. In addition, general budgetary pressures on employers, including the effect of current high inflation levels may lead to workforce reductions that would reduce active membership, reduce contributions and prematurely increase retirements in the short-term.

The Administering Authority reviews the Fund's cashflow position annually as part of setting the Fund's budget and may commission further work on cashflow projections from the Fund's Actuary or Investment Advisers as required. In addition, the Fund will engage in regular communication with employers to ensure it is informed of significant changes that would affect maturity at overall Fund and employer level where material issues are identified.

Liability risk

Inflation, life expectancy and other demographic changes, and interest rate and wage and salary inflation will all impact upon future liabilities.

The Administering Authority will make sure the Fund's Actuary investigates these matters at each valuation, or more often if necessary and expects that the demographic assumptions will be largely based on experience of the Fund's membership, on which the Fund's Actuary will report to the Administering Authority as appropriate. The Administering Authority will then agree with the Fund's Actuary any necessary changes to the assumptions used in assessing solvency.

If significant liability changes become apparent between valuations, the Administering Authority will notify all participating employers of the likely effect on their contributions after the next full valuation, and consider whether any bonds that are in place for admission bodies require review.

Regulatory and Compliance risk

Occupational pensions in the UK are heavily regulated. Both general and LGPS-specific legislation must be complied with.

The Administering Authority will keep abreast of all proposed changes and, whenever possible, comment on the Fund's behalf during consultation periods. The Administering Authority will ask the Fund's Actuary to assess the effect of any changes on employers' contribution rates as appropriate.

Hampshire Pension Fund – Funding Strategy Statement

The Administering Authority will then notify employers of how these rule changes are likely to affect their contribution rates at the next valuation, if they are significant.

Governance risk

This covers the risk of unexpected structural changes in the Fund's membership (for example, if an employer closes their scheme to new entrants or if many members withdraw or groups of staff retire), and the related risk of an employer failing to notify the Administering Authority promptly.

To limit this risk, the Administering Authority:

- monitors the membership of employers on an annual basis; and
- requires the other participating employers to communicate regularly with it on such matters
- has formalised its notification requirements within the notifiable events section of the Pension Administration Strategy.

The Administering Authority also undertakes to inform the Fund's Actuary promptly of any such matters. How the Administering Authority generally engages and communicates with its employers is set out in its Communications policy. In addition, the Panel and Board includes members which represent employers in the Fund other than the Administering Authority.

Climate Change

The Pension Fund views climate risk - and the issues which contribute to it - as a key risk to the Fund and of significant concern to all stakeholders. The systemic risk posed by climate change and the policies implemented to tackle them will fundamentally change economic, political and social systems and the global financial system. They will impact every asset class, sector, industry and market in varying ways and at different times, creating both risks and opportunities to investors. The Fund's policy in relation to how it takes climate change into account in relation to its investments is set out in its Responsible Investment Policy which is part of its Investment Strategy Statement.

In relation to the funding implications, the Administering Authority keeps the effect of climate change on future returns and demographic experience, e.g. longevity, under review. The Administering Authority has commissioned scenario analysis modelling on the potential effect on funding from the Fund's Actuary which will be reported in the 2022 valuation report. This modelling is expected to meet the Government Actuary's requirements for the 2022 valuations as well as supporting the Fund's reporting under DLUHC's proposed new TCFD (Taskforce for Climate-Related Financial Disclosures) regime for LGPS funds.

Recovery period

Allowing deficiencies to be eliminated over a recovery period of up to 16 years means there is a risk that too little will be done to restore solvency between successive actuarial valuations. The associated risk is reviewed with the Fund's Actuary as part of the three-yearly valuation process, to ensure as far as possible that enough is done to restore solvency and that deficit contributions are compared to the amount of interest accruing on the deficit.

Hampshire Pension Fund – Funding Strategy Statement

Phasing

Increasing employers' contribution rates in annual steps rather than immediately introduces a risk that too little will be done to restore solvency in the early years of the process or, in relation to the primary rates of contributions, that employers are not paying enough to meet the cost of benefits being accrued in future. The Administering Authority's policy is to limit the number of permitted steps to three, but it may permit a longer period if the employer can demonstrate unusual and difficult budgetary constraints. In addition, it accepts that a slightly higher final rate may be necessary at the end of the stepping process to help make up the shortfall.

Uncertainties: McCloud / Sargeant judgement and GMP indexation and equalisation

For the 2022 valuation an approximate allowance has been made for the additional liabilities relating to the improvements that are expected to be required to benefits consequent to the 'McCloud' equal treatment judgement. Insufficient data was available for this to be calculated accurately but the methodology has been enhanced since the 2019 valuation to enable these approximate calculations to be applied at employer level rather than across the Fund as a whole.

In addition, as under the proposed remedy the period of protection will apply from 1 April 2014 to 31 March 2022, the McCloud allowance has been included within the past service liabilities rather than allowing for this as an uplift to the future service (primary) contribution rate (which was the approach adopted at the 2019 valuation). By including this allowance within the past service liabilities, the estimated cost of the McCloud remedy will impact employer contributions via the secondary contribution rate and will reflect each employer's recovery period.

A single set of uplift factors has been applied across all funding targets on the grounds of pragmatism and cost efficiency. It is assumed that the majority of pensioner and dependant members will be unaffected by McCloud, and that most of those who may be affected will have been eligible for the original underpin, and therefore any effect on the liabilities for these categories of membership will be negligible.

The 2016 cost management process has been concluded with no changes being made to member benefits or contributions. However, a Judicial Review is underway of the Government's decision to allocate McCloud costs to members. It is not clear what the outcome of the Judicial Review will be, nor whether it would lead to additional costs even if it were successful, so no allowance has been made in the 2022 valuation for any additional costs to arise in relation to the 2016 process. We would need to revisit this in the light of any developments at the time, and it is possible that any final outcome may not be known until after the 2022 local fund valuations have been finalised.

The 2022 valuation allows for the Government's decision to address indexation and equalisation of Guaranteed Minimum Pensions (GMPs) for public service pension schemes by requiring full CPI indexation to be paid from the schemes on GMPs for those reaching State Pension Age on or after 6 April 2016. No allowance has been made for any residual actions which may be needed to fully implement equalisation of GMPs, such as those arising from the High Court ruling in 2020 which established that the equalisation requirements extend to cover past deaths and transfers out, where

Hampshire Pension Fund – Funding Strategy Statement

they included an element of pension accrued between 17 May 1990 and 5 April 1997. HMT are yet to announce how this will affect LGPS benefits.

Hampshire Pension Fund – Employer Policy

1. Background

- 1.1. This policy explains the Fund’s policies and procedures in the treatment of employers including the admission and exit of employers in the Hampshire Pension Fund. Hampshire Pension Fund is administered by Hampshire County Council.
- 1.2. The purpose of this policy is to ensure that, as the Administering Authority of the Hampshire Pension Fund, we will minimise the risk that any employer places on the Fund before agreeing to admit any new employers to the Fund. It is also intended to provide clarity on the decisions made by the Fund and provide consistency in the way types of employers are dealt with.
- 1.3. This policy should be read in conjunction with the Fund’s Funding Strategy Statement (FSS).
- 1.4. The policy will be reviewed from time to time and at least every three years in line with the FSS. It will also be reviewed following changes in the regulations relating to employers in the Fund. **Changes have been made regarding the Academies Group, in particular relating to contractors, following the Department for Education policy paper of 17 May 2023.**
- 1.5. It should be noted that this statement is not exhaustive and individual circumstances may be taken into consideration where appropriate.
- 1.6. Where the information relates to a particular type of employer, this will be explained. If no type of employer is indicated the information relates to all employers in the Fund.

2. Aims

- 2.1. Our aim is to minimise risk to the Fund by ensuring that the employers participating in the Fund are managed in a way that ensures they are able to adequately fund the liabilities attributable to them and, in particular to pay any deficit due when leaving the Fund. In managing this risk we will have regard to the aims of the FSS:
 - to manage the employer’s liabilities effectively and ensure that sufficient resources are available to meet all liabilities as they fall due,
 - to enable primary contribution rates to be kept as nearly constant as possible (subject to the administering authority not taking undue risk) at reasonable cost to the taxpayers, scheduled, resolution and admitted bodies
- 2.2. The Administering Authority has an obligation to pursue all liabilities owed so that this deficit does not fall on other employers.

Hampshire Pension Fund – Employer Policy

3. Principles

- 3.1. For funding purposes, the Administering Authority will treat employers in different ways depending on how they participate in the Fund and its views on their financial strength.
- 3.2. As set out in the FSS, employers will be set their own individual contribution rate, unless they participate in one of the three groups set out below:
 - Town and Parish Councils under paragraph 2 of Part 2 of Schedule 2, will be part of the Town and Parish Council Group (TPCG), unless they have otherwise opted out of this group in accordance with terms set out in the FSS and as agreed by the Administering Authority
 - Academies and free schools under Part 1 (paragraph 20) of Schedule 2 will be part of the Academies Group (AG). **With effect from 1 November 2023, new academy contractors (whether on a standard or pass-through basis) will also be part of the AG unless they have more than 200 employees.**
 - Some admission body employers may be part of the Admission Body Group (ABG), provided they participated in the ABG on 31 March 2019.
- 3.3. Employers in a group will pay the same future service rate and share the funding risks of the group as set out in the FSS.
- 3.4. Regardless of whether they are grouped or ungrouped individual employers will pay for any legal and actuarial costs incurred on their behalf.

Hampshire Pension Fund – Employer Policy

4. Responsibilities of employers in the Fund

- 4.1. We will expect all employers in the Fund to consider the effect of their behaviours on their contribution rate, for example when considering;
- Discretions policies
 - Outsourcing decisions
 - Salary increases

Employers should have regard to the Fund’s administration strategy at all times.

Changes/mergers

- 4.2. All employers, whether Admission or Scheduled bodies, need to inform the Fund of any changes to the organisation that will impact on their participation in the Fund. This includes change of name or constitution, mergers with other organisations, setting up a wholly owned subsidiary or other decisions which will or may materially affect the employer's Fund membership. This includes, for Town and Parish Councils under paragraph 2 of Part 2 of Schedule 2, a decision to stop designating posts as eligible for membership of the Fund.

Admission agreements

- 4.3. All employers must inform the Fund of any outsourcings and allow sufficient time for an admission agreement to be completed prior to the contract start date.

5. Managing risk

- 5.1. Our aim is to minimise employer related risk to the Fund across all the employers in the Fund.
- 5.2. There must be no significant additional risk to the Fund from any outsourcing by a scheme employer or admission of any other new body for which a scheme employer is guarantor. We would want to ensure that the decisions made by an employer when outsourcing services or providing a guarantee have no adverse impact on the Fund or on other employers in the Fund. We would look to protect both the Fund and other employers in these circumstances.
- 5.3. In particular, where Scheduled body employers under Part 1 of Schedule 2 outsource services, there will be a presumption that the Scheduled body has agreed to subsume any assets and liabilities attributable to the new admission on its exit from the Fund (excluding any assets and liabilities transferring to another employer in the Fund). An exception to this for **the largest outsourcings carried out by Academies** is described in paragraph 6.29.
- 5.4. Scheme employers must be prepared to manage any pension risk of an outsourcing.

Hampshire Pension Fund – Employer Policy

6. New employers in the Hampshire Pension Fund

Admission bodies

- 6.1. Each admission body will be a stand alone body in the Fund with its own contribution rate, unless:
- the Administering Authority has agreed that the admission body can be pooled with the relevant Scheme employer, or
 - the admission body participates in the Admission Body Group.
- 6.2. Employers considering outsourcing any services should have regard to and adhere to the requirements of the Fair Deal Policy/Best Value direction. They should also advise the Administering Authority at the earliest opportunity, and before any transfer of staff, so that the necessary paperwork and calculations can be completed in advance of the new body being admitted. More information on the process is available from Pension Services.
- 6.3. The Administering Authority will have discretion to amend the contribution the scheme employer pays where they make decisions to outsource services if it is considered that there will be significant or material number of employee members moving from the scheme employer to a new employer, relative to the size of the scheme employer. The aim will be to ensure the transfer does not increase the risk to the Fund (or to a Group if the employer who is outsourcing is a grouped employer).
- 6.4. The costs in terms of the contribution the new employer pays and the fees in relation to the solicitor and actuary costs will depend on the decisions made under this section. In particular, the funding target appropriate to the new employer will reflect the perceived strength of covenant of the scheme employer (including the existence or otherwise of a government guarantee) and whether or not the scheme employer has agreed to guarantee the new employer's participation and subsume its assets and liabilities in the Fund should that employer exit the Fund in future. The fees will depend on the legal and actuarial information required but an estimate will be provided prior to work being commissioned.

Hampshire Pension Fund – Employer Policy

All outsourcings

- 6.5. The Administering Authority will have discretion to amend the contribution the scheme employer pays where they make decisions to outsource services if it is considered that there will be significant or material number of employee members moving from the scheme employer to a new employer, relative to the size of the scheme employer. The aim will be to ensure the transfer does not increase the risk to the Fund or to the Group if the transferring employer is a grouped employer. This applies equally to the situation where posts are moved to companies within the scheme employer's organisation which do not participate in the LGPS, even if existing members do not transfer, where the Administering Authority believes this may have a material effect on the scheme employer's active membership. Unless the circumstances dictate otherwise, the change in the scheme employer's contribution will generally be implemented as part of the next triennial valuation of the Fund when new contributions for all employers will be implemented.

Paragraphs 5 & 6, Part 2, Schedule 2 bodies

- 6.6. To be an employer under paragraph 5 of part 2 of Schedule 2, the new employer would be connected with scheme employer, where connected means:
- a) it is an entity other than the local authority; and .
 - b) according to proper practices in force at that time, financial information about the entity must be included in the local authority's statement of accounts for the financial year in which that time falls.
- 6.7. To be an employer under paragraph 6 of part 2 of Schedule 2, the new employer would be "under the control of" the scheme employer, where under the control of has the same meaning as in section 68 or, as the case may be, 73 of the Local Government and Housing Act 1989.
- 6.8. For the purposes of this policy, paragraphs 5 and 6 Part 2 Schedule 2 bodies are referred to as 'wholly owned companies'.
- 6.9. Unless any of the situations listed below apply, the default arrangement will be for the wholly owned company to be a stand alone employer subject to the ongoing orphan funding target. On exit, unless a subsumption commitment is in place, a low risk ("gilts") basis will be used to value the liabilities in accordance with the Funding Strategy Statement.

Hampshire Pension Fund – Employer Policy

- 6.10. If a wholly owned company is set up by an ungrouped employer the Fund will accept the scheme employer being pooled with its wholly owned company, provided the bodies share the same financial covenant and attributes, and the arrangement does not materially increase the risk to the Fund. This will allow the company to have the same funding target as the scheme employer. A parent company guarantee and subsumption agreement will need to be put in place for pooling to be acceptable to the Fund and the Administering Authority will reserve the right to review the contributions for the pool on the establishment of the wholly owned company.
- 6.11. If a wholly owned company is set up by a tax raising authority, that employer can provide a subsumption commitment which will allow the company to be set up with the secure scheduled body funding target. The company will still be a stand alone employer with its own contribution rate, unless 6.10 applies.
- 6.12. If a scheme employer has a stronger financial covenant than the wholly owned company (i.e. a MAT/academy with a DfE guarantee that does not extend to the company) then the company will have to be a stand alone employer subject to the ongoing orphan funding target regardless of whether or not a subsumption commitment is in place.
- 6.13. Contribution rates for closed employers will be calculated using the attained age methodology (closed contribution rate) with a recovery period equal to future working life. This approach may also be taken for those employers where, in the opinion of the Administering Authority, access to the LGPS is being restricted. The Administering Authority will monitor the number of active members and in particular the number of new entrants in forming this opinion. If the scheme employer enters into a pooling arrangement with the wholly owned company under 6.10 above, but one of either the scheme employer or the wholly owned company is closed (or restricts access), the default position for the pool will be to use the attained age methodology with a recovery period equal to the future working lifetime. A period of transition or other easement may be agreed where the number of active members is expected to reduce only slowly over time and new entrants are still expected to be admitted to the group and where, in the Administering Authority's view, such period of transition or easement does not constitute a material risk to the Fund/other employers.
- 6.14. The Administering Authority will reserve the right to amend the contribution paid by the scheme employer if it is considered that there will be significant or material number of employee members moving to the wholly owned company, relative to the size of the scheme employer. This assessment will take place as part of the triennial valuation.

Hampshire Pension Fund – Employer Policy

- 6.15. Employers considering outsourcing any services to a wholly owned company should also advise the Administering Authority at the earliest opportunity and before any transfer of staff so that the necessary paperwork and calculations can be completed in advance of the new body being admitted. More information on the process is available from the Fund.
- 6.16. The Fund actuary will determine the employer contribution payable for such a body as an ungrouped employer (or for the group where the employer is grouped with the relevant Part 1 Schedule 2 body) and if necessary revise the contributions payable by the scheme employer outsourcing or otherwise transferring staff to a Part 2 Schedule 2 body with the aim of ensuring the transfer does not increase the risk to the Fund or the group if the employer is a grouped employer. Unless the circumstances dictate otherwise, the change in the scheme employer's contribution will generally be implemented as part of the next triennial valuation of the Fund when new contributions for all employers will be implemented.
- 6.17. As with admission bodies, the costs in terms of the contribution the new employer pays and the legal and actuarial fees will depend on the decisions made under this section. In particular, the funding target appropriate to the new employer will reflect the perceived strength of covenant of the new employer and the scheme employer, and whether or not the scheme employer has agreed to guarantee the new employer's participation and subsume its assets and liabilities in the Fund should that employer exit the Fund in future and, where relevant, whether the new employer has a government guarantee. Should a guarantee and subsumption commitment not be given by the scheme employer, the Administering Authority may need to take a more prudent approach to setting contribution rates for the new employer to take account of any perceived increased risk to the Fund. The fees will depend on the legal and actuarial information required but an estimate will be provided prior to work being commissioned.

Town and Parish Councils

- 6.18. Town and Parish Councils joining the Fund will automatically join the Town and Parish Council group (TPCG). Employers in the TPCG will pay a common primary contribution rate based on prevailing future service rate of the TPCG. The FSS sets out details of how deficit (secondary) contributions are payable by employers in the TPCG which, for new employers, will not be applicable until 1 April following the first actuarial valuation date after their commencement in the Fund.
- 6.19. When a Town or Parish Council designates to join an employee to the Fund, they have no current active members and are not currently subject to a suspension notice (see section 12 below), a standard employer rate equal to the prevailing future service rate of TPCG will be payable until the contributions from the next triennial valuation come into force.

Hampshire Pension Fund – Employer Policy

- 6.20. Town and Parish Councils can choose to leave the TPCG and instead have their contributions based solely on their own liabilities and notional asset share. This election must be made in accordance with a timetable issued by the Administering Authority as part of the triennial valuation. If a Town or Parish Council opts to have an individual contribution rate, they cannot opt to re-join the TPCG at a subsequent valuation.

Academies

- 6.21. Schools and colleges converting to academy status will automatically join the Academies Group (AG). This also applies to academies being created from a 6th form college, or where there is no former establishment, such as with the creation of a free school. However a 6th form college will be given a choice prior to conversion as to whether or not to join the AG. If the college chooses to remain outside of the AG, an individual employer contribution rate will be calculated using the same funding target as for the AG. Once this choice has been made there will not be a further opportunity for the new academy to join the AG. In addition, contractors admitted on or after 1 November 2023, whether on a standard or pass-through basis, will automatically join the AG unless they have more than 200 employees
- 6.22. Within the AG, all employers will pay a common future service rate. Secondary contributions (either positive or negative) will be set according to a common recovery period for the AG and based on each academy's proportion of the liabilities in the AG. When a new body joins the AG it will pay secondary contributions from the date of commencement. The secondary contribution will be calculated by the Fund's Actuary based on a percentage of the employer's liabilities at date of commencement.
- 6.23. The DfE guarantee extends to all academies and free schools, including those created from 6th form colleges. This guarantee also extends to academy contractors in many circumstances, as advised by the DfE policy note of 17 May 2023 (see 6.28 below). While this guarantee is in force, contribution rates for all academies will be set using the same risk basis as for the secure scheduled body employers.
- 6.24. A MAT which participated in the AG as a single employer at the 2019 valuation will continue will be treated as a single employer in the AG and will be certified a single contribution rate and, if applicable, a fixed contribution amount towards eliminating any deficit in the AG identified at the valuation date. A single report will be provided for FRS 102 and will not be split between the academies which are part of the MAT.

Hampshire Pension Fund – Employer Policy

- 6.25. Academies joining a MAT on or after 1 April 2019 will be treated as a single employer in the AG and will be certified a contribution rate and, if applicable, a fixed contribution amount towards eliminating any deficit in the AG. This will be in addition to contributions already certified to the MAT and/or their other individually certified academies. For FRS 102 accounting the MAT can instruct the Fund's Actuary to either produce a single report including all academies in the MAT, or to produce separate reports for each academy, noting that it would not be possible to obtain separate reports for academies within a MAT which participated in the AG as a single employer at the 2019 valuation.
- 6.26. When a LEA school converts to academy status and joins the AG, there will be a transfer of assets from the former LEA school to the AG. Where the LEA's funding position is in deficiency at the conversion date, the asset transfer will be calculated using a 'prioritised share of Fund' approach (see paragraph 11.4). This approach recognises that it is not possible to transfer the liabilities of the former staff of the school to the academy which means the LEA retains the risk on these liabilities.
- 6.27. If an academy transfers between two MATs within the AG, the new MAT will become responsible for the deficit contributions associated with the transferring academy in addition to its own.
- 6.28. Where academies outsource services on or after 1 November 2023 and 200 or fewer employees are transferred to the new admission body, the new employer will be admitted to the AG group. At the end of the contract, the liabilities will be subsumed by the outsourcing academy.
- 6.29. Where academies outsource services and more than 200 employees transfer, or where academies set up a wholly owned company and the new admission body or new Part 2 Schedule 2 body is not backed by a guarantee from the Department for Education or the Local Education Authority, the new employer will be treated as an ungrouped employer subject to the ongoing orphan funding target as set out in the Funding Strategy Statement. At the end of the contract, or winding up of the wholly owned company, the liabilities will be subsumed by the outsourcing academy. The exit valuation for the relevant employer will be calculated using the ongoing orphan funding target to be consistent with the original asset transfer.

7. Bonds and guarantors

Guarantor

- 7.1. A guarantor takes responsibility for the assets and liabilities of the Fund which are attributable to the admission body or wholly owned company. In the event that liabilities of the admission body or wholly owned company remain unpaid, the Fund will seek payment from the guarantor.

Hampshire Pension Fund – Employer Policy

- 7.2. Under the LGPS Regulations 2013¹ every employer who outsources services becomes an ultimate guarantor for the pension liabilities of the new employer. It is the Administering Authority's preferred approach that all wholly owned companies which participate in the Fund as Part 2 Schedule 2 bodies are guaranteed by the Part 1 Schedule 2 employer to which they are related. Should a guarantee not be provided, the contribution rate of the Part 2 Schedule 2 bodies will be set at a level to take account of any perceived increased risk to the Fund (see section 6.17).
- 7.3. In some circumstances, where the letting authority is not a tax raising authority nor an academy who is outsourcing 200 or fewer employees, the Fund will require a bond to be put in place to cover certain funding risks to the Fund on the advice of the Fund actuary.
- 7.4. The admission agreement ends if the new employer becomes an exiting employer. The Fund will arrange for a valuation of the assets and liabilities of the exiting employer and, where appropriate, a revised rates and adjustment certificate.
- 7.5. Payment of the outstanding liabilities must be made by the exiting scheme employer. If the exiting scheme employer fails to make this payment and if there is a bond in place this will be called on in the first instance.
- 7.6. If there is no bond in place and the scheme employer fails to pay the outstanding liability payment from the guarantor will be pursued. If there is no guarantor the liability will fall to the letting authority who arranged for admission body status for the exiting employer.
- 7.7. Charitable bodies seeking admission to the Fund will need a tax raising authority to act as guarantor.
- 7.8. Any employer acting as guarantor will need to complete a guarantor agreement. The Fund will provide a template document for completion.

Bond

- 7.9. A bond is a way of insuring against the potential cost of the admission body failing by reason of insolvency, winding up or liquidation and being unable to meet its obligations to the Fund.
- 7.10. The Local Government Pension Scheme regulations provide that the risk assessment for bond cover must be carried out by the admission body. However, we will ask the Fund actuary to calculate the minimum risk to the Fund for any outsourcing. This information will be shared with the scheme employer but not with the admission

¹ Schedule 2, Part 3, 1(d)

Hampshire Pension Fund – Employer Policy

body. This will not constitute advice for either the scheme employer or admission body, who should take their own actuarial advice as required.

- 7.11. Where there is a guarantor, the bond will be largely for that scheme employer's protection, in which case the scheme employer must decide if the admitted body will be required to provide a higher bond than that calculated by the Fund actuary.
- 7.12. The Administering Authority will require a bond or indemnity to be in place for any outsourcings that are arranged by scheme employers that do not have tax-raising powers, unless it is an academy where 200 or fewer employees are transferring. Where there is no bond the Fund will require the letting employer to sign a guarantee agreement.
- 7.13. The scheme employer needs to be aware of and manage the ongoing risks.
- 7.14. The scheme employer should review the bond cover annually.
- 7.15. In the event of an admitted body failing and there being insufficient bond cover, any outstanding liability will fall to the scheme employer.

8. Open or closed admission agreements

Open agreement

- 8.1. An open agreement allows any person employed in connection with the contract to join the LGPS.
- 8.2. The Fund will consider an open agreement for an outsourcing. It is for the scheme employer/admission body to ensure only those eligible are admitted to the Fund.

Closed agreement

- 8.3. A closed agreement relates to a fixed group of employees. Only the employees or roles that transfer to the admission body from the scheme employer can remain or be members of the Scheme.
- 8.4. Contribution rates for closed employers will be calculated using the attained age methodology (closed contribution rate) with a recovery period equal to future working life.
- 8.5. Unless advised otherwise, we will assume the admission agreement is closed.
- 8.6. A scheme employer arranging an outsourcing may agree to vary from this position but they must be aware of their obligations under Best Value or recommendations of Fair Deal.

Hampshire Pension Fund – Employer Policy

Designating employers

- 8.7. Part 2 Schedule 2 employers are "designating" employers in that they can designate which staff or posts are eligible for membership of the LGPS. Where a Part 1 Schedule 2 employer establishes a wholly owned company which participates in the Fund as a Part 2 Schedule 2 employer, it must advise the Administering Authority of its intentions as regards the eligibility of the company's current and future employees. This will enable the Administering Authority to determine whether the wholly owned company should be treated as an open or closed employer.

9. Funding targets

- 9.1. The funding target relates to what happens to the liabilities for the members being outsourced at the end of the contract, on termination of the admission agreement or other exit of an employer, and may also take into account the Administering Authority's view on the strength of the scheme employer's covenant.
- 9.2. The presumption will be that the scheme employer will provide a "subsumption commitment" (i.e. be responsible for the future funding of the liabilities post-exit). This will automatically apply to the non-active liabilities of admission bodies in Part 3 paragraph 1(d)9i) of Schedule 2 which commenced in the Fund after 1 April 2018, i.e. these liabilities and any associated assets will be subsumed by the relevant Scheme employer. This should be confirmed in all other cases.

Orphan (gilts) funding target

- 9.3. Outstanding liabilities of employers from whom no further funding can be obtained are known as orphan liabilities.
- 9.4. The Fund will seek to minimise the risk to other employers in the Fund of having to make good any deficiency arising on the orphan liabilities.
- 9.5. To achieve this, as set out in the Funding Strategy Statement, when an exiting employer would leave orphaned liabilities, the Administering Authority will seek sufficient funding from the outgoing employer to match the liabilities with low risk investments, generally Government bonds.
- 9.6. Where an admission body is admitted and there is no subsumption commitment from a secure scheduled body or an academy or the Administering Authority determines that the scheme employer which would subsume the assets and liabilities on the admission body's exit is not of sufficiently strong covenant for the scheme employer's funding target to be adopted (see also paragraph 9.13 below), the new employer will be set ongoing contributions calculated to meet the 'ongoing' orphan funding target. This funding target takes account of the approach taken to value orphan liabilities on exit and will be reviewed at each triennial valuation on the

Hampshire Pension Fund – Employer Policy

advice of the actuary. Where the 'ongoing' orphan funding target applies, the value of the transferring liabilities, and hence notional asset transfer sufficient (where a fully funded transfer applies) will be higher than using a subsumption basis. Similarly, the contribution rate payable by the admission body will be higher than payable by the scheme employer, potentially materially so. Whilst this approach does not guarantee that there will be no exit payment due, it should materially reduce this risk.

Secure scheduled body funding target

- 9.7. Where an employer is leaving the Fund another employer or group of employers may agree to provide future funding for any liability.
- 9.8. In that case, any funding deficit arising in future in relation to the exited employer's liabilities will be subsumed by the accepting employer or group.
- 9.9. Where the subsuming employer is a tax raising body or is deemed to be of similar covenant to a tax raising body the Administering Authority will assume that the investments held in respect of those liabilities will be the same as those held for the rest of the liabilities of the accepting employer or group. Generally this will mean assuming continued investment in more risky investments than Government bonds. In other cases a more prudent funding target will apply, for example in relation to admission bodies following an outsourcing by an academy where more than 200 employees are being transferred, or an outsourcing by other educational establishments where the admission body is not subject to a guarantee from the Department for Education or Local Education Authority, as set out in paragraphs 6.29 and 9.6 above.

Intermediate funding targets

- 9.10. The actuary also has the option to place an employer on an intermediate funding target if they deem it appropriate. In the case of scheduled bodies without a government guarantee which are deemed to be of weaker covenant than the local authorities, the administering authority will normally adopt a funding target which produces a higher chance of achieving solvency/funding success through adoption of a lower discount rate than adopted for the local authorities.
- 9.11. The Administering Authority will differentiate between higher, medium and lower risk employers on the intermediate funding targets by way of a light touch financial assessment based on a data submission which the employers will be asked to complete as part of the triennial valuation process. Employers can request a full covenant assessment at their own expense which will be carried out by the Fund Actuary's covenant team.

Hampshire Pension Fund – Employer Policy

- 9.12. Where an employer subject to the intermediate funding targets outsources services under 1(d)(i) of Schedule 2 Part 3 or transfers employees to a wholly owned company with a commitment to subsume the liabilities of the company on exit, the funding target for the new employer will be the same as that applicable to the scheme employer, (i.e. will be the scheme employer's intermediate funding target) unless the ongoing orphan funding target is considered by the Administering Authority to be more appropriate to the circumstances.

10. Pass-through

- 10.1. A scheme employer may agree a pass-through arrangement with an admitted body. In this case the employer contribution is still calculated by the Fund actuary and the admitted body will be expected to pay this to the Fund. Any arrangement to share the cost of this rate will be between the scheme employer and the admitted body.
- 10.2. New admission bodies will be stand alone employers in the Fund, unless a pooling arrangement - which does not introduce risk into the Fund - is agreed with the Administering Authority.

11. Fully funded or share of fund

Fully funded

- 11.1. When a new employer starts in the Fund, they will usually start as fully funded. This means that any past deficit for the members who are transferring to the new employer remains with the scheme employer and does not transfer to the new employer.
- 11.2. This applies even where there is an onward outsourcing from an existing body. The new employer will start fully funded and the existing admission body will pay any deficit (unless specified otherwise in their contract with the scheme employer).
- 11.3. Where the funding target for the new employer is higher than that for the scheme employer, the Fund actuary will revise the contributions for the scheme employer to take this into account. Unless the circumstances dictate otherwise, the change in the scheme employer's contribution will generally be implemented as part of the next triennial valuation of the Fund when new contributions for all employers will be implemented.

Prioritised share of fund

- 11.4. When a LEA school converts to academy status and joins the AG, there will be a transfer of assets from the former LEA school to the AG. Where the LEA's funding position is in deficiency at the conversion date, the asset transfer will be calculated

Hampshire Pension Fund – Employer Policy

using a 'prioritised share of Fund' approach, This approach assumes the LEA's notional assets in the Fund are first allocated towards ensuring the LEA's deferred and pensioner liabilities are fully funded, so that any deficiency is allocated wholly to the LEA's active membership, of which a part is transferring to the Academy Pool.

- 11.5. If the LEA is in surplus at the conversion date, the asset transfer will be 100%.

Share of fund

- 11.6. In exceptional circumstances and only where agreed between the employers the Fund may consider starting a new employer with a share of fund. The Fund will only agree to this where it doesn't increase the risk to the Fund. The principal exception to this is in relation to academy conversions where the assets transferred will be on a prioritised share of fund basis as described in paragraph 11.4 above.

Allowance for McCloud / GMP equalisation

- 11.7. Until actual costs are known, an approximate allowance will be made for the costs of the McCloud remedy for exit valuations calculated on or after the date of this statement, as agreed by the Administering Authority on the advice of the Fund Actuary.

12. Exit from the Fund (terminations)

- 12.1. If an exit is triggered, the employer will be responsible for all costs (including any deficit).
- 12.2. An exit valuation will be carried out when an employer becomes an "exiting employer", i.e. it :
- ceases to be a Scheme employer (including ceasing to be an admission body participating in the Scheme), or
 - no longer has an active member contributing towards the Fund
- 12.3. For admission bodies, this includes the following scenarios:
- an outsourcing contract ends or,
 - for a closed agreement, when the last member leaves if it is before the contract end date, or
 - the admission body becomes insolvent, is wound up or goes into liquidation.
- 12.4. For exits of a body admitted to the fund under Schedule 2 Part 3 paragraph 1(d) (or earlier regulations) or where a scheme employer is acting as guarantor, the scheme employer should notify the Administering Authority as soon as it knows the admission agreement is likely to be terminated.

Hampshire Pension Fund – Employer Policy

- 12.5. The Administering Authority will instruct the actuary to carry out an exit valuation. The costs of this will be added to the final exit valuation.
- 12.6. The Administering Authority will pursue all liabilities owing to the Fund. We will support employers to develop a strategy to exit the Fund where required and it is in the interests of the Fund to do so.
- 12.7. The Administering Authority will pursue the body, any insurer providing a bond or any guarantor as appropriate but ultimately, if unsuccessful, the scheme employer will become liable for any outstanding costs. If there is no scheme employer (e.g. in relation to community admission bodies whose participation pre-dates the requirement for a guarantor), depending upon the circumstances a secure scheduled employer may subsume the assets and liabilities, failing which they will fall to be funded by all employers in accordance with Regulation 64 (3)(b). The Administering Authority has secured subsumption commitments in relation to all employers in the ABG so the risks to the Fund associated with the exit of community admission bodies are now materially reduced.

13. Exit credits

- 13.1. Where an employer exits on or after 14 May 2018 and the exit valuation determines that the departing employer is in surplus, the payment of an exit credit will be made at the discretion of the Administering Authority, after taking into account the factors set out in the LGPS 2013 regulations:
- the extent of any surplus
 - the proportion of a surplus that has arisen because of the value of the employer contributions
 - any representations made by the exiting employer or letting authority
 - any other relevant factors.
- 13.2. The value of the employer contributions will be estimated by multiplying the contributions paid by the employer during their participation, by the change in Fund's value over the same period (estimated where necessary).
- 13.3. For exits carried out on a low risk basis, the exit credit will usually be the excess of assets over the liabilities. For exits carried out on a subsumption basis, the exit credit will usually be the lower of the surplus or the value of the contributions. Actuarial and legal costs of the exit will be deducted from the exit credit before payment, unless there is a good reason to accept a separate payment.
- 13.4. Exit credits will usually be paid to the exiting employer. Scheme employers should note that it is their responsibility to ensure that contracts and side agreements

Hampshire Pension Fund – Employer Policy

provide for the possibility of either a deficit or a surplus at the end of the contract when the exit valuation takes place.

- 13.5. A known exception to 13.4 above relates to those scheme employers in the Admission Body Group whose assets and liabilities will be subsumed by a secure scheduled employer, where the subsuming employer has made it a condition of subsumption that no surplus (when measured using assumptions for secure scheduled employers) will be repaid to the exiting employer.
- 13.6. Representations from the exiting employer and letting authority will be considered before any decision is made. Letting authorities need to be able to show clearly why the surplus (or value of employer contributions if lower) should be retained in the Fund rather than an exit credit being paid to a contractor if they believe this to be the right course of action. Similarly, contractors will need to be able to demonstrate why an exit credit should be paid, particularly where the contract was entered into before 14 May 2018 when the regulations did not envisage surpluses being paid out.
- 13.7. Other relevant factors may also be taken into account, and employers should include as much detail as possible in their representations. Employers will be notified if the administering authority is taking something else into consideration prior to a final decision being taken so that they can ensure their representations cover these additional points.
- 13.8. Once a final decision has been taken, the relevant employers as set out in Regulation 64 (2ZAB (a)) will be notified of the decision.
- 13.9. Regulation 64 (2ZAB (b)) states an exit credit must be paid within 6 months of the exit date or such longer period as is agreed. Where the circumstances mean that the 6 month period cannot be met, for example (but not limited to) to inaccuracies or delays in the provision of information by the Employer, the Fund will advise the Employer accordingly and seek to agree a later payment date (usually three months after receipt of all required information). If the Employer does not agree, the Fund will discuss with the Actuary how the exit valuation can be finalised and an exit credit paid without increasing the risk for the remaining employers in the Fund.
- 13.10. If a surplus is retained in the Fund because an ongoing employer has provided a commitment to subsume the liabilities, the assets will be attributed to the subsuming employer unless it is in the Academy Pool where deficits and surpluses are shared within the Pool and not attributed to a specific Academy.

14. Exit of Town and Parish Councils

- 14.1. Under the Regulations an exit is triggered when the last active member leaves the Fund.

Hampshire Pension Fund – Employer Policy

- 14.2. Given the unique nature of a Town or Parish Council, the Fund will not request an exit valuation immediately when the last member leaves if the Town or Parish Council indicates that it is continuing to designate posts as being eligible for membership. The Local Government Pension Scheme (Amendment) Regulations 2012 specifically introduced the power to suspend a demand for an exit payment for up to 3 years where the administering authority believes that the employer is likely to have one or more active members contributing to the fund within the period specified in the suspension notice. The Administering Authority considers that it would be appropriate to exercise that discretion in relation to Town and Parish Councils.
- 14.3. The Fund will issue written notice of the period of the suspension notice. The employer must continue to pay any deficit payments and the actuary will recalculate any deficit at the next valuation. If no new members have joined by the time the suspension notice expires, the Actuary will carry out an exit valuation as at the date of expiry.
