Contextual Information

Recreation and Heritage Community Fund Grants

8. The purpose of this grant stream is to fund projects which provide community benefit and help local communities thrive and/or to help local organisations become financially self-supporting and not reliant on public sector funding. In addition, small one-off grants from £1,000 to £3,000 will also be awarded to help pump-prime community events and activities. Full details, including what the County Council can and cannot fund, are set out in Appendix 1.
9. Sixteen organisations have applied for funding and the details are set out in Appendix 2.

Pilands Wood Community Association - Investment Funding

10. This application to the Community Investment Fund was deferred at the Executive Member for Recreation and Heritage Decision Day on 14 January 2019 and then again on 7 May 2019.
11. Pilands Wood Community Association is a medium sized community association in Bursledon that serves an area of significant multiple deprivation, ranked in the top 5% in Hampshire and the top 20% in England. It offers guidance, support and advocacy to approximately 2,000 people a year, addressing local needs and delivering activities that include intergenerational bingo, a youth group, low cost parent and toddler group, charity shop and job club.
12. At the time of application, the organisation was not in compliance with the Charity Commission annual returns submission schedule. The organisation's local Council for Voluntary Service, One Community, and Eastleigh Borough Council have been supporting it in bringing its compliance up to date and strengthening its management at the Council's request.
13. The organisation has secured £12,500 from Eastleigh Borough Council and £350 from Bursledon Parish Council. It has annual costs of £56,710 and expects to generate £34,500 from room hire and other activity.

14. As Pilands Wood Community Association has been making good progress over the last few weeks and continues to engage with One Community to strengthen its management and governance, and in light of the significant community benefit the organisation provides to vulnerable groups, it is recommended the Executive Member for Recreation and Heritage approves an award of £9,000 for 2019/20.

Finance

15. The total draft grants budget for 2019/20 for the portfolio of the Executive Member for Recreation and Heritage is £938,000, made up of £813,000 revenue funding and £125,000 capital funding. Of this, £453,000 was awarded to cultural and community organisations at the Executive Member's Decision Day on 14 January 2019, leaving £485,000 for the Recreation and Heritage Community Fund.

EQUALITIES IMPACT ASSESSMENT:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

A high level Equalities Impact Assessment has been undertaken. The grants are intended to have a positive impact and advance equality.

Criteria for Recreation and Heritage Community Fund

What is Funded?

The priority of the scheme is to fund projects which:

- Provide community benefit and help local communities thrive
- Help local organisations become financially self-supporting and not reliant on public sector funding

In addition, small one-off grants from £1,000 to £3,000 will also be awarded to help pump-prime community events and activities.

The programme is not designed to be overly prescriptive.

Applicants must support the priorities and outcomes of Hampshire County Council's [Serving Hampshire - Strategic Plan for 2017-2021](#). It forms the cornerstone of all strategies and plans across departments and service areas, and features four key aims:

- Hampshire maintains strong and sustainable economic growth and prosperity
- People in Hampshire live safe, healthy and independent lives
- People in Hampshire enjoy a rich and diverse environment
- People in Hampshire enjoy being part of strong, inclusive communities

What is not Funded?

The following organisations are not funded under this scheme:

- Individuals
- Services provided solely within the unitary authority areas of Portsmouth City Council and/or Southampton City Council
- Other local authorities, including District, Parish and Town Councils
- Commercial/Profit-Making organisations
- Schools, including pre-schools and colleges

The following projects are not funded under this scheme:

- The purchase of land.
- Capital works that have already been carried out. We cannot retrospectively fund projects; grants are awarded for works to be carried out in the future.
- Ongoing staff costs. We may fund a fixed-term member of staff or consultant to carry out a time-limited piece of work.
- Fund-raising activities.
- Projects which meet the aims of other Hampshire County Council grant schemes. Where relevant, applications may be transferred to more appropriate schemes.

Organisations will not be awarded more than one grant per financial year and previously funded projects must be completed before a new application is made.

Grant Criteria and Eligibility

Organisations must be properly constituted with clear and effective local governance and management structures. Organisations will not normally be eligible for grants where they hold unallocated reserves in excess of one year's running costs. Where it is judged that unallocated reserves are unreasonably in excess of what is required or not allocated for legitimate purposes, those organisations may receive a reduced grant. All charitable organisations are expected to have an agreed reserves policy that addresses their financial risk.

Projects should be well developed with match-funding secured. Organisations should have also applied to local District or Parish Councils where local funding opportunities exist.

Hampshire County Council will normally fund up to a maximum grant of £100,000. Please contact CCBS Grants to discuss any proposals in excess of this.

Match funding or clear evidence of seeking match funding is highly desirable although not essential.

We would expect any applications for new buildings or large extensions to show consideration has been given to the development of a [Changing Place](#) even if it is not included in the final project.

All applicants will be expected to have obtained permission from the landlord to undertake the capital work. If required applicants will also be expected to have obtained (or engaged in the process of) planning permission and/or listed buildings consent (if appropriate) to carry out the works.

Where appropriate, depending on the grant sum requested, the organisation will be expected to submit supporting documentation.

2timetheatre (Winchester/ Winchester Eastgate)	Tilly and the Spitfires (£2,192)	<p>The organisation seeks funding towards the production of a new play about a Hampshire Heroine, Tilly Shilling, who was an engineer who tried to save the Spitfire. The funding will pay for rehearsal space, venue costs, director fee, actors fee, lighting and set and costume hire. It will be performed twice in Winchester as part of the Heritage Open Days event in September 2019. The organisation has a good history of delivering projects with three play scripts and seven original dramas. 200 Hampshire residents are expected to benefit.</p> <p>The organisation expects to generate £100 from box office sales and £250 from in-kind donations of rehearsal space and costume use. Andover Mind (Test Valley / Andover South)	Ugly Duckling (£8,805)	The organisation seeks funding towards development of a sales website and training in additional renovation techniques to support Ugly Duckling, a furniture recycling, repair and renovation service which offers work experience and volunteering opportunities. The majority of the project costs is for the development of a new website with only £800 of project costs being training in new techniques to increase the skills of participants. No application has been submitted to the organisation's local council/s. 70 Hampshire residents are expected to benefit. The organisation has committed £800 of its own funds to the project and has secured £200 from the Fitton Trust. Councillor Boiles was invited to comment. As the proposal does not meet the scheme's key aims, it is recommended the application is not supported.	£7,805	£0
Easton Village Hall & Recreation Ground (Winchester / Itchen Valley)	Easton Village Hall Extension Project (£50,000)	The organisation seeks funding towards a single-storey extension to provide additional storage/meeting room space. Friends of Leesland Park (Gosport / Leesland & Town)	Outdoor Gym (£16,430)	<p>The organisation seeks funding towards the purchase and installation of fitness equipment in the park that would create a permanent, easily accessible and free to use outdoor gym facility. Park spaces can be at risk of attracting anti-social behaviour while outdoor gym spaces engage high numbers of the community. The organisation has a strong relationship with the community and has gained local support linked to the fundraising efforts.</p> <p>The organisation has committed £1,000 of its own funds to the project. It has secured £3,400 from County Councillor Devolved Grants, £1,500 from Hampshire Playing Fields Association and £2,800 from major supermarket and local donations. The organisation also expects to generate £2,000 from continued fundraising and will benefit from £3,000 in-kind support from volunteers.</p> <p>Councillor Harrison supports the application.</p> <p>It is recommended Marchwood Scout and Guide Building Management Committee is awarded up to 20% of capital project costs to a maximum of £20,000 on condition the organisation develops a Reserves Policy.</p>	£20,000	£20,000
Milton Heritage Society (New Forest / New Milton)	No.1 New Milton (£52,000)	<p>The organisation seeks funding towards the conversion of the derelict Station Masters House into a heritage centre. This funding does not make the organisation financially self-supporting. It can continue with the development without this funding due to other funding already achieved. The organisation has secured £5,000 from Hampshire Archives Trust, £20,000 from New Milton Town Council (matched funding), £4,000 from New Forest National Park Authority, £3,690 from various donations.</p> <p>Councillor Kendall supports the application.</p> <p>As the project will go ahead whether this funding is secured or not and lacks community focus, it is recommended the application is not supported.</p>	£2,510	£0

RicNic (Winchester / Winchester Eastgate)	RicNic Hampshire 2019 - 15th Anniversary (£16,800)	<p>The project will involve young people taking on every role within a theatre production resulting in a performance in Winchester. This is not a new project and has been done before for many years - it has been received well in the past and young people appear to get a lot from it. However, it is not clear how young people are engaged and it appears the same young people attend as previous years and who may be able to pay for participating. Other sources of funding outside the County Council have not been approached.</p> <p>1060 Hampshire residents are expected to benefit.</p> <p>The organisation has committed £2,500 of its own funds to the project. It has secured £500 from an HCC County Councillor Grant and £300 from friends of RicNic. It expects to generate £11,500 from box office sales and fundraising.</p> <p>Councillor Hiscock was invited to comment.</p> <p><u>Note:</u> The organisation was awarded £500 County Councillor Devolved Grants in 2018/19 (decision 04/02/2019)</p> <p>As the project is not new or developmental in nature and therefore does not qualify for pump-priming funding, and as no other sources of funding outside the County Council have been approached, it is recommended the application is not supported.</p>	£1,000	£0
The Vine Centre (Rushmoor / Aldershot North)	Our Time (Rushmoor Time Bank) (£24,897)	<p>The organisation seeks funding to establish and manage a Time Bank. The majority of the project costs (£16,640) are for a coordinator role, plus approx. £3,000 contribution to the organisation's core costs. These are not eligible under the scheme criteria.</p> <p>1,000 Hampshire residents are expected to benefit.</p> <p>The organisation has secured £280 from Time Bank UK and will benefit from £2,304 in-kind support in volunteer time.</p> <p>Councillor Choudhary would like the Vine Centre to receive a grant.</p> <p>As the proposal does not meet scheme criteria, it is recommended it is not supported.</p>	£22,313	£0
The Winchester Pavilion Project	The Winchester Pavilion Project (£600,000)	<p>The organisation, a Charitable Incorporated Organisation, has been established to support the development of an improved facility as Winchester City Council has funds to replace the current dilapidated cricket pavilion on a like for like basis only, whereas this project would provide an improved facility for multi-sport and community use. The new facility will be managed by Winchester City Council on behalf of the various groups which will use it to support multi-sport and multi-organisational use. The hall is used term-time daily by a pre-school (contributing £2,000 to the project), and daily as a community cafe, otherwise a small community programme with six regular weekly activities and seven regular monthly activities as set out in the business plan.</p> <p>3,000 Hampshire residents are expected to benefit.</p> <p>The organisation has committed £5,000 of its own funds to the project and has secured £5,000 from Shedfield Parish Council and £2,000 from Waltham Chase Pre-School. It has applied for £1,000 from its local County Councillor (awaiting outcome). Councillor Huxstep fully supports the application.</p> <p><i>Note:</i> The organisation has previously been awarded Community Building Capital Fund awards of £6,500 (21/03/2017) towards electrics and heating and awarded £21,000 (20/01/2014) towards roof extension.</p> <p>It is recommended the organisation is awarded up to 50% of capital project costs to a maximum of £13,000.</p>	£13,000	£13,000
