1. The decision:

1.1 That the Executive Member for Adult Services and Public Health approve:

- a) the re-procurement of a bespoke procurement vehicle for the facilitation of deregistration or re-provision of Younger Adults Residential Care with a maximum duration of 8 years on a 4+4 years basis.
- b) the spend of up to £200 million under the procurement vehicle for care and support contracts with a maximum term of 10 years on an initial period of 5 years plus options with flexibility for yearly extensions or multiples up to a maximum of five years (10 years in total).

2. Reasons for the Decision

- 2.1 This paper seeks approval to re-procure the Hampshire Deregistration Partnership Register (HDPR), a bespoke procurement solution procured under the Public Contracts Regulations 2015 Light Touch Regime ('LTR') to facilitate Hampshire County Council working with residential care providers to effect, the deregistration of residential care homes for younger adults and to provide for the award of care and support contracts.
- 2.2 Re-procuring the Hampshire De-registration Partnership Register would enable the County Council to continue to support this approach to improving outcomes for Younger Adults with disabilities. It supports the progress towards reducing the number of adults with disabilities living in residential care homes and increase the number living in supported living. Enabling a broader range of options for supporting the de-registration through changing provision would increase the amount of better-quality accommodation available for younger adults with disabilities.

3. Other options considered and rejected:

3.1 Not to reprocure – not reprocuring the HDPR would remove the opportunity to work with Providers to de-register their care homes and provide them with a Contract for providing domiciliary care for the deregistered provision. Not having this facility would create greater uncertainty regarding the outcome of the deregistration process for Providers and individuals and their families, there would also be less incentive for Providers to deregister Services.

3.2 There are no other frameworks available that could be used.

4. Conflicts of interest

4.1 Conflicts of interest declared by the decision-maker: None

4.2 Conflicts of interest declared by other Executive Members consulted: Not applicable

5. Dispensation granted by the Conduct Advisory Panel: none.

6. Reason(s) for the matter being dealt with if urgent: not applicable.
