1. The decision:

1.1. That approval is given from the Executive Member for Public Health to spend in relation to level 2 Community Sexual Health and Influenza Immunisation services, up to a maximum value of £13,898,500 from 1 April 2019 with a maximum contract term of 7 years (5 years with an option to extend for a period or periods of up to 2 years).

2. Reason(s) for the decision:

2.1. A review of the services on the Approved List has been completed by the Public Health team and it has been identified that there is an ongoing need to commission the Long Acting Reversible Contraception service, the Emergency Hormonal Contraception service and the Influenza Immunisation service.

2.2. These services are required to be delivered at scale across a range of qualified, clinical providers, ensuring that the County Council has sufficient geographical coverage across Hampshire, to deliver improved public health outcomes for Hampshire residents.

2.3. The current contracts held with providers on the Approved List expire on 31 March 2019.

3. Other options considered and rejected:

3.1. The public health risks associated with not recommissioning these services include increased numbers and rates of unintended pregnancy, including teenage pregnancy, and increased morbidity and mortality arising from seasonal influenza in older people and other vulnerable adults with care needs.

4. Conflicts of interest:

4.1. Conflicts of interest declared by the decision-maker: none.

4.2. Conflicts of interest declared by other Executive Members consulted: none.

5. Dispensation granted by the Conduct Advisory Panel: none.

6. Reason(s) for the matter being dealt with if urgent: not applicable.

7. Statement from the Decision Maker:
