Date of assessment: 18/12/2018

Description of current service/policy

The Community Investment Fund supports not-for-profit community based organisations with local governance arrangements in Hampshire. Priority is given to organisations serving communities with high levels of multiple deprivation. It is an annual fund; organisations must apply each year.

Springwood Community Partnership serves an area of significant multiple deprivation, ranked in the top 5% in Hampshire and the top 20% in England. It is a medium sized community association and services are particularly targeted to vulnerable groups including older people, people with disabilities, children and young people and low-income families.

In 2018/19 it was awarded £9000, 13% of budget.

Geographical impact: Havant

Description of proposed change

Over the next three years the Council will need to reduce its budget by a further £80 million having already reduced it by £480 million since 2008.

It is therefore proposed that Community Associations from 2020/21 onward can only apply for funding from the Exec Member for Recreation and Heritage, if they have match-funding from their local District Council.

Poverty: Medium	Springwood Community Partnership serves an area of significant multiple deprivation, ranked in the top 5% in Hampshire and the top 20% in England. There is a risk that Borough funding may not be secured and subsequently a risk that due to reduced funding the organisation may reduce or withdraw services for people on low income or unemployed.	The Council has given sixteen months notice of the need to secure District funding. The organisation can apply for alternative one-off Council funding to support its transformation and increase income generation to support these programmes in a more sustainable way, without ongoing reliance on Council funding.
