

HAMPSHIRE COUNTY COUNCIL

Report

Decision Maker:	Cabinet
Date:	17 June 2019
Title:	<i>Serving Hampshire</i> – 2018/19 Performance Report
Report From:	Chief Executive and Head of Law and Governance

Contact name: Philippa Mellish, Head of Insight and Engagement

1. Recommendations

1.1. It is recommended that Cabinet notes:

- a) the County Council's performance for 2018/19;
- b) feedback from the employee survey on health and wellbeing, and next steps;
- c) progress to advance inclusion and diversity; and
- d) the findings of the 2018/19 Local Government and Social Care Ombudsman report.

2. Report purpose

2.1. The purpose of this report is to:

- provide strategic oversight of the County Council's performance during the 2018/19 financial year against the [Serving Hampshire Strategic Plan for 2017-21](#); and
- update on work to diversify sources of performance feedback, including through recent staff surveys relating to inclusion and health and wellbeing;
- outline work and achievements to advance inclusion and diversity, taking into account feedback from the inclusion staff survey, and the result of Inclusive Employers' National Inclusion Standard (2018); and
- set out the results of the 2018/19 Local Government and Social Care Ombudsman report.

3. Performance reporting arrangements

- 3.1. The County Council's Performance Management Framework (PMF) provides the governance structure for performance management and reporting to Cabinet. The PMF specifies that Cabinet receives bi-annual reports on the County Council's performance against the strategic priorities set out in the *Serving Hampshire* Strategic Plan. The four strategic aims set out in the Plan are:
- Hampshire maintains strong and sustainable economic growth and prosperity
 - People in Hampshire live safe, healthy and independent lives
 - People in Hampshire enjoy a rich and diverse environment
 - People in Hampshire enjoy being part of strong, inclusive communities
- 3.2. Alongside these aims, the *Strategic Plan* contains eight 'ways of working' which support the ambition to 'put our residents at the heart of everything we do'. These are to:
- Engage, involve and inform residents
 - Develop easy and efficient online services
 - Work with our partners
 - Use taxpayers' money wisely
 - Enable people to do more for themselves
 - Respond flexibly to people's needs
 - Value people's differences, and
 - Keep improving
- 3.3. Performance information on children's and adults' safeguarding, major change programmes, including *Transformation to 2019 and 2021*, and the County Council's financial strategy are reported separately to Cabinet.
- 3.4. To report progress against *Serving Hampshire*, departments are asked to rate performance against a core set of performance metrics on a quarterly basis. For each measure, a simple risk-based 'red, amber, green' rating is applied, informed by the most recent data and management information.
- 3.5. Departments also provide an overview of key achievements and risks/issues against agreed priorities, as well as the results of any recent external assessments and resident feedback.
- 3.6. **Appendix One** sets out the sources of external validation which apply to the County Council's performance during the first half of 2018/19.

4. Overall Performance

Performance outcomes

- 4.1. **Overall performance** measured against *Serving Hampshire* remained **good** during 2018/19, evidencing strong performance in the delivery of core services. This has been achieved whilst continuing to manage increased demand and cost pressures, while also delivering significant savings. The County Council

continues to use its resources wisely, invest prudently through careful use of reserves in order to innovate and work more efficiently. This ongoing careful balance of maintaining quality service provision, along with sound financial stewardship, enables the County Council to provide consistent value for money for Hampshire residents.

- 4.2. **Performance against targets and improvement trend:** overall **76%** of measures where data was available were reported as low performance risk, **21%** as medium risk and **2%** as high risk (see 4.6 below). **67%** of measures where data was available showed improvement or that the level of performance remained consistent. In addition, **50%** of measures where data was available had met, or exceeded, the target set by the relevant department.
- 4.3. In cases where targets were not met, departmental improvement plans were in place. Similarly, where measures were reported as medium or high risk, mitigating actions were being undertaken by relevant services (see 4.6 below).
- 4.4. **Performance highlights** for 2018/19 include:
 - The County Council was ranked the joint top authority nationally for Highways service delivery according to the National Highways and Transport Network (NHT) Highways Satisfaction survey (2018), and the highest performing authority in the South East. The County Council is also in the upper top quartile nationally for highway conditions.
 - £3 million match funding was allocated by the County Council in 2018/19 to finance additional resources to tackle potholes on Hampshire roads. This includes purchasing two new dragon patcher machines, which can repair defects five times faster than traditional methods.
 - Hampshire's young students outperform the national average at Key Stage 2. 68% of Hampshire's primary school children taking Key Stage 2 SATs in 2018 met the required standards for reading, writing and mathematics, compared with 64% nationally. This performance is an improvement on last year, representing a 2% increase compared to Hampshire's results for 2017 - and reflects the high-quality support and improvement services that the County Council continues to provide to schools.
 - Schools in Hampshire delivered better GCSE results than the national average, with 67% of GCSE pupils attaining grade C in both English and Mathematics, compared with an average of 64% for England.
 - Academic performance for the children of service personnel is an area of focus for the County Council and is a real strength. 79% of service pupils in Hampshire attained the good level of development at the end of early years compared to 72% of all pupils nationally. 70% of service pupils in Hampshire attained reading, writing and mathematics at age related expectations by the end of their primary education compared with 65% of

all pupils nationally and 66% of service children attained good GCSEs in English and mathematics at the end of secondary compared to 64% of all pupils nationally.

- Hampshire's Youth Offending Service (YOS) was judged overall as *Good*, with *Outstanding* features by Ofsted. The report notes that Hampshire's YOS '*provided an excellent range of interventions to reduce the likelihood of offending*'.
- Hampshire continued to be high performing in the delivery of care for older people. As at the end of March 2019, 23 in-house care providers were rated *Good* (including the four Community Response Teams that deliver reablement to clients at home), with a further provider rated *Outstanding* by the Care Quality Commission.
- Four of the County Council's residential and nursing homes were awarded Platinum accreditation with the Gold Standards Framework – recognised as the industry standard for care at the end of life. Emsworth House, Fleming House, Malmesbury Lawn, and Westholme nursing homes received the accreditation, following a nine-month process of rigorous assessment.
- Delayed Transfers of Care in Hampshire continued to reduce, reflecting significant partnership effort and focus. The number of days of delay reported in February 2019 was 1,170 - a reduction of 46% compared with the 2,163 days experienced in February 2018. Improvements were supported by increased reablement capacity, making more beds available during winter, and improved performance monitoring through a new integrated Health and Social care dashboard.
- The Care Quality Commission reported the findings of its review of Hampshire's Health and Social Care Systems, undertaken in March 2018. Areas of strength included:
 - consistent and shared vision and strategy across partners;
 - strong understanding of the needs of Hampshire's population;
 - inter-agency working, enabling service users and their carers to influence service development; and
 - advanced use of digital tools.
- The County Council worked with the Defence Medical Welfare Service to deliver and launch an online training package designed to help organisations establish formal mentoring schemes and support Armed Forces leavers transition to civilian employment. In addition, an App was developed and launched signposting members of the Armed Forces community and practitioners to sources of support. The County Council contributed to the App's development through its involvement in the Forces Connect South East project.

- CO2 emissions have continued to fall year-on-year, down to 78,685 tonnes in 2017/18 (the most recent data). This is a decline from 83,992 tonnes in 2016/17 and exceeds the 2025 target of 79,080 tonnes. This demonstrates that the County Council reducing its carbon footprint – delivering environmental benefits whilst reducing energy costs.
 - The county's five country parks¹ each received the Green Flag award in July 2018, which recognises high environmental standards and excellent visitor facilities. In 2018/19, there were 4.3 million visits recorded to Hampshire's countryside sites, an increase of 500,000 compared with the previous year.
 - The London Borough of Hammersmith and Fulham, London Borough of Kensington and Chelsea and Westminster City Council joined the County Council's Shared Services partnership in December 2018, following the successful go-live of new arrangements as scheduled. This expansion demonstrates the strength and high performance of the County Council's corporate support functions.
 - The percentage of working hours lost to sickness absence in 2018/19 reduced to 3.23%, down from 3.74% in 2017/18 - the lowest level of sickness reported at year-end in the last seven years.
 - HC3S, the County Council's catering service secured nine new catering contracts in 2018/19 in Hampshire, Dorset and Wiltshire, including the first 6th form college to be catered for by the service. Income allows skills to be retained within Hampshire and contributes to the County Council's budget.
 - The broadband programme reached over 115,000 premises, with 65,000 paying customers on the network - representing a take-up of 57% in December 2018, up from 48% at the start of the year. In 2018/19 12,869 properties in Hampshire were given access to superfast broadband, exceeding the year's target of 11,779. The programme is reaching communities that have been left out of national broadband plans.
- 4.5. A more extensive list of key performance achievements is included in **Appendix Two**.
- 4.6. **Performance risks** for 2018/19 included one measure reported as high risk: the **emergency hospital admissions for intentional self-harm**. Self-harm is the single biggest indicator of suicide risk.
- 4.7. Despite the rate of admissions in Hampshire reducing from 223.1 per 100,000 population in 2016/17 to 218.7 per 100,000 population in 2017/18 (the most recent data available), the rate was significantly higher than the England average (185.5 per 100,000 population in 2017/18). There are a number of factors influencing this indicator, including NHS policies and procedures which

¹ Lepe, River Hamble, Queen Elizabeth, Royal Victoria and Staunton country parks

can influence a person's care and the rate of admissions. These are outside of the County Council's direct control. Mitigating steps were being taken including a review of the self-harm pathway for adults and young people, to improve assessment and the identification of people at risk of self-harm, and a pilot to develop an effective model of support and care. Additional funding has been secured for the Hampshire and Isle of Wight Sustainability and Transformation Partnership area from the NHS England Review to support this work.

5. Diversifying sources of performance feedback

- 5.1. As agreed by Cabinet in June 2017, the County Council has sought to place increasing reliance on the outcomes of external assessment and feedback in judging the organisation's performance and areas for improvement. Complementing this approach, over the last 12 months effort has been made to extend this to County Council staff through a series of employee surveys which, through positive engagement, have the potential to enhance organisational performance.
- 5.2. The first survey was undertaken in May 2018 on the topic of inclusion and diversity. This was followed in January 2019 by a further survey exploring employee health and wellbeing. Key headlines from each exercise are summarised below.

Inclusion and diversity staff survey

- 5.3. 5,017 employees participated in the inclusion and diversity survey – 39% of all employees (excluding schools). The survey was available as an online questionnaire and paper Response Form. Results indicated that the County Council has a supportive and inclusive culture and is a place where the majority of people from different backgrounds can work together effectively and feel they are treated fairly.
- 5.4. Areas highlighted for further improvement included: ensuring that policies are applied consistently and transparently, raising the profile of the County Council's employee networks and continuing to make sure that any experiences of harassment, bullying, discrimination and abuse are handled consistently as and when they arise. Survey results were communicated to staff and used to inform the County Council's overarching improvement plan for inclusion and diversity (see equality update below).

Health and Wellbeing staff survey

- 5.5. 5,340 responses were received to the second staff survey on health and wellbeing - representing 42% of all employees (excluding schools). Similarly, the survey was available online and via a paper Response Form. Feedback suggested the County Council's culture was supportive with positive relations amongst employees and between staff and their Line Managers. Generally, respondents felt that Managers took an interest and engaged in regular conversations about work and wider wellbeing matters.
- 5.6. Areas identified for improvement included introducing measures to support employees to 'switch off' from work when they are not working, and to have a

more manageable workload. Suggestions included reducing workloads or meetings and providing greater opportunities for flexible working. The need to increase staff awareness of how to access health and wellbeing support offered by the County Council was also highlighted.

- 5.7. Survey findings were communicated to staff, and action plans are being developed at a corporate and departmental level to address issues raised.
- 5.8. Following the success of these initial surveys, survey feedback is being built into the County Council's ongoing programme of employee engagement.

6. Equality update

- 6.1. The Equality Act 2010 places a duty on local authorities to prepare and publish one or more measurable and specific equality objective(s). As reported to Cabinet in June last year, when the County Council's Strategic Plan was refreshed in 2017/18, the equality objectives were also revisited. The objectives were kept under review as work was undertaken to update the council-wide inclusion and diversity work programme in response to staff survey feedback and the results of external assessment. This work was completed, and the equality objectives were updated and finalised as follows:

The County Council is committed to ensuring that all people in Hampshire enjoy being part of strong, inclusive communities, and that it continues to be a diverse and inclusive employer.

In particular, the County Council will support the aims of the Equality Duty by seeking to:

- ensure that services are inclusive and diverse, proactively increasing understanding between and within communities;
- attract and retain a diverse workforce, with equal opportunities for career progression; and
- ensure zero tolerance of harassment, discrimination, bullying and abuse, dealing effectively with incidents when they occur.

- 6.2. Specific activities aligned to these objectives during 2018-19 include:

- participating in Inclusive Employers' National Inclusion Standard pilot (2018). As part of the pilot, work to promote inclusion and diversity was independently assessed against six core pillars. The County Council was awarded *Bronze* - achieving second place when ranked against the other nine participating organisations - and was praised for demonstrating a 'comprehensive foundation to its inclusion work'.
- strengthening existing **employee networks** by investing in leadership capacity and re-established a new BME network. Actions were taken to raise the visibility of networks and encourage participation including, for example, through a Networks Event for staff on 8th May;

- putting in place a detailed programme of activity to become a **Disability Confident Level 2** employer, as awarded by the Department of Work and Pensions, by 31st March 2020;
- creating **new internal webpages** making information on inclusion and diversity more consistent and easier to access, whilst reducing duplication;
- presenting evidence to the Hampshire 2050 Commission of Inquiry on **deprivation**.

7. Local Government and Social Care Ombudsman determinations 2018/19

- 7.1. There is a duty on the monitoring office to report to the Authority / Executive on matters including maladministration or injustice under Section 5 and Section 5A of the Local Government and Housing Act 1989 (LGHA).
- 7.2. Where complainants have exhausted the County Council's complaints processes and remain dissatisfied, reference can be made to the Local Government and Social Care Ombudsman (LGO). Complaints to the Ombudsman can be made regarding the exercise of the County Council's administrative functions (maladministration), and/or its service provision (injustice in consequence of maladministration). Upon receipt of a complaint the Ombudsman makes a determination whether or not to investigate. Cases are only investigated where the Ombudsman has jurisdiction to do so, and where the Ombudsman considers it appropriate to investigate under the LGO Assessment Code.
- 7.3. In 2018/19 (April 2018 – March 2019), 24 determinations were received from the LGO. In 20 cases the LGO determined that there had been maladministration/injustice. In four cases the LGO determined that there had not been maladministration/injustice. More details of individual decisions are provided at Appendix 3. It should however be noted that this represents only a very limited number of references to the LGO. The overwhelming majority of complaints made to the LGO regarding the County Council are not investigated, and the County Council therefore only receives notification of those references to the LGO which the LGO determines he will investigate.
- 7.4. An annual report is published by the LGO in July each year with assessment decisions, including those complaints received by the LGO, but not investigated by him. In 2017/18, being the latest year for which statistics from the LGO are available, 126 references were made to the LGO, of which the LGO determined that 21 (17%) required investigation. In 2017/18 the number of references to the LGO rose to 126 from 92 in 2016/17, an increase of 37%. In contrast, the number of complaints upheld by the LGO in 2017/18 reduced by 55% compared with the previous year, from 20 to 11.

7.5. Comparison with LGO published statistics with other large County Councils in the region demonstrates that the LGO receives fewer complaints regarding Hampshire County Council than other Councils, (around 21%), and on average finds fault in half as many cases.

8. Conclusion

8.1. This report and its supporting appendices demonstrate that the County Council continued to perform well in the delivery of core public services during 2018/19.

8.2. Good progress has been made to gather employee feedback through various mechanisms, including two staff surveys, with strategies and plans in place to act on the results. Building on staff feedback, the County Council has continued to take positive action to advance inclusion and diversity.

8.3. The County Council continues to perform well in handling of complaints, with less complaints made to the Local Government and Social Care Ombudsman, and fewer faults found in those cases that are referred.

IMPACT ASSESSMENTS:

1. Equality Duty

1.1. The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited under the Act;
- Advance equality of opportunity between persons who share a relevant protected characteristic (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, gender and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

1.2. **Due regard in this context involves having due regard in particular to:**

- The need to remove or minimise disadvantages suffered by persons sharing a relevant characteristic connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Impact on Crime and Disorder:

2.1. The *Serving Hampshire* Plan supports reduced crime and disorder through priority 2 – *People in Hampshire live safe, healthy and independent lives*.

3. Climate Change:

3.1. Priority 3 within the *Serving Hampshire* Plan states that *People in Hampshire enjoy a rich and diverse environment*. This will be achieved by conserving and using natural resources efficiently, protecting and improving Hampshire's environment and quality of life, and maintaining the unique character of the county.

Appendix Two: 2018/19 key performance achievements

Serving Hampshire priority	Achievement
<p>Outcome one: Hampshire maintains strong and sustainable economic growth and prosperity</p>	<p>The County Council allocated £1.3 million to help improve quality of life and employability among specific target groups. More than 9,000 adults will be given opportunities for free learning to develop their literacy, maths, and digital skills, or improve their health and wellbeing. These subsidised courses will be offered at venues across Hampshire.</p>
	<p>The broadband programme reached over 115,000 premises, with 65,000 paying customers on the network - representing a take-up of 57% in December 2018, up from 48% at the start of the year. In 2018/19 12,869 properties in Hampshire were given access to superfast broadband, exceeding the year's target of 11,779. The programme is reaching communities that have been left out of national broadband plans.</p>
