## **Contextual information**

31. The Breaks for Carers of Disabled Children Regulations 2011 bring into effect Paragraph 6(1)(c) of Schedule 2 to the Children Act 1989 (inserted by section 25 of the Children and Young Persons Act 2008), requiring local authorities to provide services to assist individuals who provide care for disabled children to continue to do so, or to do so more effectively, by giving them breaks from caring.
32. The Childrens Act 1989 S17 (11) and The Breaks for Carers of Disabled Children Regulations 2011 state that “a child is disabled if he is blind, deaf or dumb or suffers from mental disorder of any kind or is substantially and permanently handicapped by illness, injury or congenital deformity or such other disability as may be prescribed”.
33. The Breaks for Carers of Disabled Children Regulations 2011 also define short breaks with the caveat that provision shall be made, in so far as is reasonable and practicable, for a range of services which are sufficient to assist carers to continue to provide care or to do so more effectively. In particular the local authority must provide, as appropriate, a range of:
  - day-time care in the homes of disabled children or elsewhere;
  - overnight care in the homes of disabled children or elsewhere;
  - educational or leisure activities for disabled children outside their homes.

## **Changes to Short Break Activities Programme**

34. Further to the public consultation on reshaping Short Break activities undertaken in Spring 2018 and the subsequent report to Decision Day in July 2018, an update report on The Commissioning Strategy for Short Break Activities report was approved by the Executive Lead Member for Children’s Services at his decision day in May 2019  
<http://democracy.hants.gov.uk/documents/s33273/Report.pdf>
35. The Commissioning Strategy recommendation to commission Short Break activities on the basis of priorities set by key stakeholders including parents/carers was approved and since July 2018, views have been sought from a range of stakeholders and multiple sources of data have been analysed to inform priority activities for future Short Break Activities funding.
36. Grants were awarded for the period 1 April 2019 – 30 September 2019 and these are detailed in the 17 January 2019 Decision Day report. This shorter grant period was to allow more time to develop the priority led approach with relevant stakeholders.
37. Feedback from the public consultation, stakeholder workshop findings, a targeted parent/carer survey, grant monitoring and Gateway Card holder data and feedback from providers via providers forums has been taken into account to set the priorities.

38. Based on the analysis undertaken and outlined in the Short Break Activities Commissioning Strategy, it is proposed to prioritise funding for the following three types of activity from October 2019:
- Holiday clubs;
  - Weekend activity club;
  - Youth clubs.
39. By focusing on these priorities, a viable county wide offer can be commissioned within the funding available.

### **Criteria of grant**

40. The purpose of the short break activity grants programme is to support the County Council's duty under the Breaks for Carers of Disabled Children Regulations 2011 described in paragraphs 27-29.
41. Short Breaks grants are awarded to a range of organisations providing safe, fun and interesting activities for disabled children and young people aged 0-17 years, who live in the Hampshire County Council authority area. These activities take place outside of school time (for school-aged children); during evenings, weekends, and holidays. Further information about eligibility to apply for short breaks grants is available at the Hampshire grants webpages: [www.hants.gov.uk/grants/childrens-services-grants.htm](http://www.hants.gov.uk/grants/childrens-services-grants.htm).
42. Grant applications for 1 October 2019 – 31 March 2021 have been invited against the priorities which were identified as important through stakeholder engagement:
- Holiday clubs;
  - Weekend clubs;
  - Youth clubs.

### **Exceptions Fund**

43. Further applications have been invited for the Exceptions Fund. Providers had to demonstrate via an application form, why their application should be considered as an exception and why they do not meet the priorities set out in paragraph 40 above.
44. Providers will be able to apply throughout the funding period for this funding and applications will be considered on a termly basis.
45. It is recommended that the Executive Lead Member for Children's Services and Young People delegates approval for these applications to the Director of Children's Services to approve grants for 2019-2021 in

consultation with the Executive Lead Member, up to the value of £136,759.38.

### **Evaluation**

46. Grant applications were evaluated by a parent and service user representative from Hampshire Parent Carer Network as well as Hampshire County Council Children's Services officers.
47. The decision making process was challenging for this grant round as the value of grant applications exceeded the available budget for short breaks.
48. The evaluation framework used by the evaluation panel to award grants included:
  - Evidence of demand from children, young people and their parents/carers, including uptake of current activities and their feedback and provided a short break for parents/carers;
  - Ensuring a mix of specialist and inclusive mainstream activities;
  - Coverage for different age groups within areas, and for different disabilities and levels of support needs;
  - Value for money including evidence of other income sources and parental charges;
  - A proportionate geographical spread of activities throughout Hampshire and within local areas as set out in Appendix 1.
49. An Equality Impact Statement has been completed for Short Breaks (see Integral Appendix B) and the Short breaks Activities programme proactively supports access to a range of activities and opportunities for disabled children and young people.

### **Other considerations**

50. It is recognised that the recommended grant to Disability Challengers totalling £704,192.40 is a considerable award to one provider. Hampshire County Council will work closely with the Chief Executive of Disability Challengers to undertake additional due diligence to ensure that appropriate safeguards and contingency are in place as part of their grant terms and conditions. It is important to note that the funding request to Hampshire represents 53% of the total service delivery costs. The provider has secured the balance in additional income from other sources.

### **Finance**

51. The grants referred to in this report are proposed as part of the whole range of provision for children with disabilities short breaks services (including specialist tier 4 services such as overnight breaks). The range

of services is described in the County Council's Short Breaks Service statement:

<http://documents.hants.gov.uk/childrens-services/2014-03-26CWDSSBMJShortBreaksServiceStatementupdated2014.pdf>

52. A balance of £135,993.38 remains for any further exceptions fund applications. Approval is sought for authority to be delegated to the Director of Children's Services in consultation with the Executive Lead Member to approve requests for appropriate use of this exceptions funding.
53. The distribution model used for Short Break Activities funding across the eleven districts of Hampshire is calculated using data from the new Gateway Card application system. Analysis considered the number of applications which have been received and are currently being processed and the number approved for each district as a measure of potential demand. This new data has provided accurate information on where there is the highest need for provision.
54. There are eight applications from eight organisations where additional clarifications is being sought by Council Officers to ensure that costs are fully understood prior to funds being released. These applications are identified with an asterisk (\*) in appendix 1 and the recommended grant awards for these orgs represent the maximum level of funding to be provided. Clarifications may result in the recommended grant award being reduced.
55. There is a balance of £94,338.70 in the Short Break activity grant budget which has been ringfenced to ensure that provision can be funded in areas where gaps have been identified. This has been necessary due to a shortfall in applications for Basingstoke and Havant areas. A separate grant round will be held to receive applications for this ringfenced grant funding. Approval is sought for authority to be delegated to the Director of Children's Services to approve grant funding requests from this ringfenced amount in consultation with the Executive Lead Member.

### **Gateway Card and Performance**

56. The implementation of the new Gateway Card system was completed in May 2019 which has enabled the County Council to have up to date information on all registered holders and their attendance at short break activities.
57. This information will enable accurate monitoring of attendance which can be cross referenced with the original grant application in respect of the number of children benefitting from the activity. Where appropriate, further payments of any agreed grant funding will be suspended, or funding will be reclaimed should the benefits or level of access be less than planned, thus ensuring the most effective use of public funds.

## **Consultation and Equalities**

58. A public consultation on reshaping Short Break activities was undertaken in Spring 2018. At the subsequent Decision Day 12 July 2018, the Executive Lead Member for Children Services approved the recommendation to commission Short Break activities on the basis of priorities set by key stakeholders including parents/carers.
59. Since July 2018, views have been sought from a range of stakeholders and multiple sources of data have been analysed to inform priority activities for future Short Break Activities funding;
60. A stakeholder group was established consisting of representatives from:
- Hampshire Parent Carer Network;
  - Supporting Families;
  - Family Support Service;
  - Local Children's Partnerships;
  - Services for Young Children;
  - Disabled Children's Teams;
  - Special Schools via Special School Executive Committee;
  - Voluntary Sector organisations.
61. In order to seek broader feedback from a wider range of parents/carers, a survey was also issued to parents and carers via Disabled Children's Teams and via Short Break Activity providers in February 2019. 212 parents and carers completed this Short Break Activity questionnaire.
62. Hampshire Parent Carer Network participated in the evaluation of grant applications.

## **Future direction**

63. Exception Funding is available to ensure any applications which do not meet the priorities set out in paragraph four, can still be considered for funding.
64. A progress update on the implementation to the changes to the Short Break Activities Programme will be presented to Children and Young People's Select Committee on 17 January 2020.
