Recommendation

2. That the Hampshire Health and Wellbeing Board:

Approves the 2019 refresh of the Children and Young People's Mental Health and Emotional Wellbeing Local Transformation Plan

Contextual Information

3. All CCGs are required to develop Local Transformation Plans (LTPs) to outline how they will improve the emotional wellbeing and mental health of children and young people through implementing the recommendations of Future in Mind (FiM). Hampshire's original LTP was published in September 2015 and set out the journey to 2020. This 2019 refresh is the first joint Hampshire and Isle of Wight plan.

It sets out how partners will continue to improve mental health and emotional wellbeing support for all children, young people, families and carers across

Hampshire and the Isle of Wight building on the Emotional Wellbeing and Mental Health Strategy 2019-2022, which has recently been developed in partnership with a wide range of professionals and young people.

Finance

4. A financial overview is provided within the LTP document.

Performance

5. Governance and performance are outlined in the LTP document.

Consultation and Equalities

6. Priorities in the LTP have been shaped by engagement with children, young people, parents, carers and professionals across the county. The LTP document describes how this has taken place.

EQUALITIES IMPACT ASSESSMENT:

1. Equality Duty

The County Council has a duty under Section 149 of the Equality Act 2010 ('the Act') to have due regard in the exercise of its functions to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited by or under the Act with regard to the protected characteristics as set out in section 4 of the Act (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation);
- Advance equality of opportunity between persons who share a relevant protected characteristic within section 149(7) of the Act (age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation) and those who do not share it;
- Foster good relations between persons who share a relevant protected characteristic within section 149(7) of the Act (see above) and persons who do not share it.

Due regard in this context involves having due regard in particular to:

- The need to remove or minimise disadvantages suffered by persons sharing a relevant protected characteristic that are connected to that characteristic;
- Take steps to meet the needs of persons sharing a relevant protected characteristic that are different from the needs of persons who do not share it;
- Encourage persons sharing a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

2. Equalities Impact Assessment:

This is a covering report for an item from the NHS. It does not therefore make any proposals which will impact on groups with protected characteristics. The Local Transformation Plan contains analysis of the population needs and outlines interventions that will positively impact on mental ill health.
